The California Constitution requires that a School Accountability Report Card (SARC) be prepared annually for each school. The Education Code states that the SARC "shall provide data by which parents can make meaningful comparisons between public schools enabling them to make informed decisions on which school to enroll their children." We believe that information contained in this report will enable you, the reader, to gain an accurate and realistic picture of Olympic High School.

Vision Statement

As a community of learners, the Santa Monica-Malibu Unified School District works together in a nurturing environment to help students be visionary, versatile thinkers; resourceful, life-long learners; effective, multi-lingual communicators and global citizens. We are a richly varied community that values the contributions of all its members. We exist to prepare all students in their pursuit of academic achievement and personal health and to support and encourage them in their development of intellectual, artistic, technological, physical and social expression.

Principal's Message

Olympic High School students reflect a richly diverse population visibly engaged in a personalized academic environment supported by a devoted staff of instructors, counselor, and support personnel. Olympic builds on student strengths as we assist each student in achieving academic success through a respectful and supportive process. Students participate in a wide variety of elective programs while moving toward the completion of their high school diploma.

Olympic is fortunate to have courses provided through grants, and partnerships with the City of Santa Monica, the Santa Monica Police Department, neighborhood volunteers, and local health care providers. These courses include Guitar instruction, Documentary Film production, Criminal Justice, 20th Century Film, Dance, Sober Living, Police Activities League/PAL Fitness, Sound Art (digital music composition and recording), and a variety of on-going group and individual counseling services. In June 2006 sixty-six students received an Olympic High School diploma. An additional eight students regained credits at Olympic High and returned to their home school to complete the last semester of their senior year.

The Olympic High Student Council continues to provide leadership within the school and works to generate support for, and awareness of, community and worldwide issues. We are strongly committed to community involvement and community service, connecting students to the resources and opportunities within the surrounding area. Students are prepared to make a choice among a variety of options in post-secondary education and programs, to ensure productive and successful lives.

Janie Gates, Principal

School Description

Olympic High School is the only continuation school in the Santa Monica Malibu Unified School District (SMMUSD). Enrolled are 140 students who are behind in academic credits, who thrive in a smaller learning environment, benefiting from a diverse delivery of curriculum and programs. Students are provided individualized educational programs with a strong emphasis on curriculum, intensive guidance, and counseling.

Opportunities for Parent Involvement

Parents are frequently on campus to visit and confer about student progress. We invite active participation in the Site Governance Council and in any area in which a parent would like to volunteer. Parent meetings are held four times a year with topics of interest selected by parents. In addition, a bi-monthly meeting is conducted in Spanish to assist parents in supporting their students. Our community liaison, Tere Viramontes, can be reached at 310/392-2494.

School Mission Statement

Olympic High School provides effective, alternative educational opportunities. We increase student potential by teaching the building blocks necessary for life-long learning and success.

School Safety, Discipline & Climate for Learning

Our campus is home to Olympic High School, the district Adult School, Pine Street Preschool, and the Special Education Preschool Program at Pine Street. The School Safety Plan for these programs is included in an overall Site Plan, which identifies Crisis and Disaster Team members and steps to be followed in the event of a crisis and/or disaster. The Team has practiced movement and communication for campus sweeps, management of a control center, reunion locations, site security, first aid, and general emergency procedures. The strategies to be employed in the event of a lockdown, earthquake, fire or the presence of an unknown intruder are all covered in our Site Plan. However, the absence of a public address system does hinder the process. The campus is well managed and supervised by staff and security making it safe for students before, during, and after school. Four entrances are open during school hours and are monitored by part-time security staff. Visitors must sign-in and/or show ID. Remodeling has occurred to improve the electrical, heating and alarm systems of the entire site, however flooding occurs in classrooms and hallways on a regular basis interfering with instruction during the rainy season. Water seepage has damaged flooring and ceiling tiles. Handicapped access has been brought up to code. All classrooms and workspaces are equipped with telephone and data lines. All classrooms also have multiple computers for student learning with internet access connected to our server. The site is limited and lacks space needed for a library, a science lab, and private counseling sessions. Custodial service is provided from 6:00 am to 9:00 pm to ensure that school facilities are maintained as programs operate from 8:30 am to 9:00 pm. The administrators and security personnel routinely inspect school grounds. Potential problems or hazards are reported to the district's maintenance department for repair.

School Enrollment & Demographic Information

Student Enrollment by Group

This table displays the percent of students enrolled at the school who are identified as being in a particular group.

Racial / Ethnic Category	Percent of Total Enrollment
African-American	13.4
American Indian or Alaska Native	0.0
Asian	0.7
Filipino	0.0
Hispanic or Latino	59.0
Pacific Islander	0.7
White (Not Hispanic)	26.1
Multiple or No Response	0.0
Socioeconomically Disadvantaged	6.0
English Learners	9.0
Students with Disabilities	13.0

Student Enrollment by Grade Level

This table displays the number of students enrolled in each grade level at the school.

Grade Level	Number of Students
Grade 9	2
Grade 10	7
Grade 11	29
Grade 12	96
Total Enrollment	134

Suspensions & Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

	School			District		
	2003-04	2004-05	2005-06	2003-04	2004-05	2005-06
Number of Suspensions	26	35	35	687	890	829
Rate of Suspensions	0.1793	0.2917	0.2612	0.0534	0.0709	0.0680
Number of Expulsions	0	0	0	4	10	9
Rate of Expulsions	0	0	0	0.0003	0.0008	0.0007

School Facilities

Olympic shares a campus with a preschool, special education preschool and the adult education center. Remodeling has occurred to improve the electrical, heating and alarm systems of the entire site. Handicapped access has been brought up to code. All classrooms and workspaces are equipped with telephone and data lines. All classrooms also have multiple computers for student learning with internet access connected to our server. Custodial service is provided from 6:00 am to 9:00 pm to insure that school facilities are maintained as programs operate from 8:20 am to 9:00 pm. The administrators and security personnel routinely inspect school grounds. Potential problems or hazards are reported to the district's maintenance department for repair. Olympic celebrated its 40th birthday this year. The facility is well maintained. We are proud that our school district takes great efforts to ensure that our school is clean, safe, and functional. There are no emergency needs as defined by the Office of Public School Construction.

For more information please visit <http://www.cde.ca.gov/ta/ac/sa/sarcnews040005.asp>

School Facility Conditions - Results of Inspection & Evaluation

Evaluation Part	Facility in Good Repair?	Person Certifying	Date Certified	Deficiency and Remedial Actions Taken or Planned	Date Action Taken or Planned

How old is this school?	1923				
Deferred Maintenance Projects at this site?	No				
Modernization Projects?	No				

California Standards Tests (CST)

The California Standards Tests (CST) show how well students are doing in relation to the state content standards. The CSTs include English-language arts and mathematics in grades 2 through 11; science in grades 4, 8, 9, 10, and 11; and history-social science in grades 8, 10, and 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and proficiency level, including the percent of students not tested, can be found at the CDE Web site at <http://star.cde.ca.gov>. Note: To protect student privacy, scores are not shown when the number of students tested is 10 or less.

The California Standards Tests in English-language arts, mathematics, science, and history-social science are administered only to students in California public schools. Except for a writing component that is administered as part of the grade four and seven English-language arts tests, all questions are multiple choice. These tests were developed specifically to assess students' knowledge of the California content standards. The State Board of Education adopted these standards that specify what all California children are expected to know and be able to do in each grade or course. The 2006 CSTs were required for students who were enrolled in the following grades/courses at the time of testing or who had completed a course during the 2005–06 school year, including 2005 summer school.

All Students in Grades 2 – 11	English-Language Arts
All Students in Grades 2 – 9	Mathematics
All Students in Grades 5, 8, and 10	Science
Grade 8 – 11 students who completed	Algebra I, Geometry, Algebra II, or Integrated Mathematics 1, 2, or 3
Grade 8 and 9 students who did not complete one of the above math courses during the school year	General Mathematics
Grade 9 and 10 students who completed Algebra II or Integrated Mathematics 3 during the previous grade and grade 11 students who completed Algebra II or Integrated Mathematics 3 anytime before 2006 testing began, including students taking higher mathematics courses or no mathematics course	Summative High School Mathematics
All Students in Grades 8, 10, and 11	History-Social Science
Grade 9 – 11 students who completed	Earth Science, Biology, Chemistry, Physics, or Integrated/Coordinated Science 1, 2, 3, or 4

CST scores are reported as one of five performance levels from advanced to far below basic. The scores are used for calculating each school's Academic Performance Index (API). Only the results of the California English-Language Arts and Mathematics Standards Tests are used to determine the progress elementary and middle schools are making toward meeting the federal No Child Left Behind (NCLB) Act of 2001 adequate yearly progress (AYP) requirement of having all students score at proficient or above on these tests.

CST Results for All Students -- Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

Subject	School			District			State		
	2004	2005	2006	2004	2005	2006	2004	2005	2006
English-Language Arts	8	14	0	56	61	64	36	40	42
Mathematics		*		48	51	53	34	38	40
History-Social Science	5	6	0	46	49	54	29	32	33

CST Results by Student Group - Most Recent Year

This table displays the percent of students, by group, achieving at the Proficient or Advanced level (meeting or exceeding the state standards) for the most recent testing period.

Group	Percent of Students Scoring at Proficient or Advanced			
	English-Language Arts	Mathematics	Science	History - Social Science
African American	*			*
American Indian or Alaska Native				
Asian				
Filipino				
Hispanic or Latino	0			0
White (Not Hispanic)	*			*
Male	0			0
Female	0			0
Economically Disadvantaged	0			0
English Learners	8			*
Students with Disabilities				

Non-Referenced Test (NRT)

The norm-referenced test (NRT), currently the California Achievement Test, Sixth Edition (CAT/6), shows how well students are doing compared to students nationally in reading, language, spelling, and mathematics in grades 3 and 7 only. The results are reported as the percent of tested students scoring at or above the national average (the 50th percentile). Detailed information regarding NRT results for each grade level can be found at the CDE Web site at <http://star.cde.ca.gov/>. Note: Scores are not shown when the number of students tested is 10 or less.

NRT Results for All Students -- Three Year Comparison

This table displays the percent of students scoring at or above the national average (the 50th percentile) in reading and mathematics.

Subject	School			District			State		
	2004	2005	2006	2004	2005	2006	2004	2005	2006
Reading	14			61	63	60	43	41	42
Mathematics	14			67	68	68	51	52	53

NRT Results by Student Group -- Most Recent Year

This table displays the percent of students, by group, scoring at or above the national average (the 50th percentile) in reading and mathematics for the most recent testing period.

Group	Percent of Students Scoring at or Above the National Average	
	Reading	Mathematics
African American		
Asian		
Hispanic or Latino		
White (not Hispanic)		
Male		
Female		
Economically Disadvantaged		
English Learners		
Students with Disabilities		

California Physical Fitness Test Results

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students meeting fitness standards (scoring in the healthy fitness zone on all six fitness standards) for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found at the CDE Web site at <http://www.cde.ca.gov/ta/tg/pf/>. Note: To protect student privacy, scores are not shown when the number of students tested is 10 or less.

For more information regarding Physical Fitness Tasks, please see: http://data1.cde.ca.gov/dataquest/PhysFitness/gls_pft_tasks.asp

HFZ: The "Healthy Fitness Zone" The Fitnessgram uses criterion-referenced standards to evaluate fitness performance. The standards were established by the Cooper Institute for Aerobics Research to represent a level of fitness that offers some degree of protection against diseases that result from sedentary living. Findings from current research based on the United States national norms have been used as the basis for establishing the Fitnessgram standards. Performance is classified into two general areas: "in the healthy fitness zone (HFZ)" and "needs improvement." For a list of the standards for the HFZ, see [Fitnessgram Standards for Healthy Fitness Zone](#). All students should strive to achieve a score within the HFZ. It is possible that some students score above the HFZ. For the purpose of this report, scores are reported as meeting the standard (falling in the fitness zone) or not meeting the standard (falling lower than the HFZ).

Physical Fitness Tasks	Grade 9		
	Total Tested	% in HFZ	% Not in HFZ
Aerobic Capacity			
Body Composition			
Abdominal Strength			
Trunk Extension Strength			
Upper Body Strength			
Flexibility			
Number of fitness standards achieved	Grade 9		
	Number	Percent	Cum. Percent
6 of 6 fitness standards			
5 of 6 fitness standards			
4 of 6 fitness standards			
3 of 6 fitness standards			
2 of 6 fitness standards			
1 of 6 fitness standards			
0 of 6 fitness standards			
Total tested			

Academic Performance Index (API)

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ap/>.

API Ranks -- Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2003-04	2004-05	2005-06
Statewide			B
Similar Schools			B

API Changes by Student Group -- Three Year Comparison

This table displays, by student group, the actual API changes in points added or lost for the past three years, and the most recent API score. Note: * means that the student group is not numerically significant. "A" means the subgroup scored at or above the interim statewide performance target of 800.

Group	Actual API Change			API Score
	2003-04	2004-05	2005-06	2006
All Students at the School		B	174	640
African American				
Asian				
Hispanic or Latino				
White (not Hispanic)				
Socioeconomically Disadvantaged				
English Learners	--	--		
Students with Disabilities	--	--		

State Award & Intervention Programs

No schools in the Santa Monica-Malibu Unified School District qualified for the Immediate Intervention Underperforming Schools Program (II/USP). Although state award programs are currently in the California Education Code, the programs were not funded for the period addressed by this report. Therefore, there are currently no data available to report. Two Title I elementary schools in SMMUSD, Edison Language Academy and McKinley Elementary School received the Academic Achievement Award from the state.

Federal Intervention Programs

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/>.

Indicator	School	District
Program Improvement Status	n/a	0
First Year of Program Improvement Implementation	n/a	0
Year in Program Improvement	n/a	0
Number of Schools Currently in Program Improvement	0	0
Percent of Schools Currently in Program Improvement	0.0	0.0

Adequate Yearly Progress (AYP)

The federal NCLB act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/>.

AYP Overall & by Criteria

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	Yes	Yes
Participation Rate - English-Language Arts	Yes	Yes
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	Yes	Yes
Percent Proficient - Mathematics	Yes	Yes
API	Yes	Yes
Graduation Rate	Yes	Yes

Local Assessment

The district began development of local, secondary common assessments during the 2004-2005 academic year. Courses in English Language Arts, History/Social Science, Science and Mathematics engaged in limited pilot testing during the 2005-2006 academic year. Data from the implementation of the 2006-2007 local, secondary common assessments will be reported in the 2007-2008 School Accountability Report Cards.

Quality of School Instruction & Leadership

The goals enumerated in Olympic High's school improvement plan for 2005-2006 were:

1. Increase overall academic achievement for ALL students in English Language Arts.
2. Increase student passage rate of the California High School Exit Exam/CAHSEE.

Olympic High is committed to providing each student with a rich and rigorous curriculum that is aligned with the State's content standards and frameworks for literacy, mathematics, science and social studies. Textbooks and supplemental materials are aligned with the content standards. Staff members work diligently reviewing and refining the instructional program through collaborative planning in weekly banked time meetings. It is our intention to provide access to the core curriculum for all students at the school.

Classrooms reflect clear expectations, academic rigor in a thinking curriculum, and accountable talk. Staff members participate in Learning Walks – organized visits through the school's learning areas – using the Principles of Learning to focus on areas of success and areas in need of improvement. Other strategies staff members are using to strengthen teaching and learning include: staff analysis of data on student performance; grade level curriculum and assessment planning; classroom visitations, including Learning Walks; review and analysis of student work; and targeted professional development based on observed needs. Leadership at Olympic High is distributed. The principal involves staff members and parents in decision-making through the site's leadership team, governance, and parent meetings. The schoolwide leadership team examines data and plans organizational and instructional changes based on evident data.

Olympic's Student Council is comprised of eight students who impact change within the school and throughout the outside community. Students identified as academically low achieving are provided with increased learning opportunities with special emphasis on expanded learning experiences. All students are provided with Saturday and summer school programs as well as a daily class period devoted to CAHSEE preparation and intervention. In addition, to ensure equal access to the core curriculum, special needs students and English Learners receive appropriate supports and/or accommodations that correspond to their specific needs within the least restrictive learning environment. Student progress in mastering state standards is regularly monitored through daily classroom work, classroom and grade level assessments, district formative assessments, and participation in state mandated testing. The school's instructional staff use much of their meeting time to review student behavioral status, work and assessment data, and to plan modifications to instruction to meet identified student needs.

Quality, Availability & Currency of Textbooks

The following is information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school, and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials. This information was presented in a public hearing on Oct. 27, 2005 at 5:30 pm in the District Board room.

Malibu Middle and High School:

No students have insufficient textbooks and/or instructional materials in the following areas of study: Mathematics, Social Studies, Science, Foreign Language, and Health.

For students in K-8, the instructional materials were purchased from an approved standards-aligned state adoption list as required by CCR, Title 5, and Section 9531.

Instructional Minutes/Minimum Days

The California Education Code establishes a required number of minutes per year for each grade. The table below compares the number of instructional minutes offered at the school level to the state requirement for each grade. Each site considers these requirements when scheduling minimum days to insure that standards are maintained or exceeded.

The table below shows the number of minimum days for this school. These days allow teachers and administrators to collaborate on curriculum and instructional issues, to review school goals and progress in meeting those goals. Minimum days also provide school staff the opportunity to prepare for educational programs, parent conferences and school and District sponsored events.

The California Education Code establishes the required number of instructional minutes per year for each grade. Data reported compares the number of instructional minutes offered at the school level to the state requirement for each grade.

Grade Level	Number of Minimum Days	Total Instructional Minutes	Required by State
9, 10, 11, 12	38	50,760	32,400

Use of Technology

The school district embarked on a number of technology projects that are having great success and address a broad spectrum of students and teachers across the district.

The district received an EETT (Enhancing Education Through Technology) grant which targets grades 4-8 at John Adams Middle School and its pathway schools Edison, Grant, Muir, Rogers, and additionally McKinley. The grant focuses on mathematics using Riverdeep's award winning Destination Math software in conjunction with SmartBoards. Over 40 SmartBoards were purchased and installed with over 150 laptop and desktop computers. Extensive training and support are included in the grant. Other schools not included in the grant have also joined in the project ordering the software and SmartBoards for their schools as well. The math software is accessible for students and parents from outside the school via home, public libraries, or other public access locations.

Another important project has been the implementation of broad data access tool called DataDirector from Achieve Data Solutions. This system provides access via the web for all teachers and administrators to over 5 years of demographic and assessment data for all our students with powerful tools for disaggregation and analysis. The new system also includes a new elementary standards based report card.

The district's library system was upgraded to the latest versions which allow greater flexibility in terms of accessing library and textbook resources throughout the district. It is primarily web based for students and is accessible from outside of school as well. All library and textbooks are barcoded and tracked efficiently through this system. Along with the district library system, all school libraries offer a wide variety of online commercial databases and research resources.

The Special Education department moved to new software for tracking students and providing state reporting for all special education students. The new system is entirely web based and serves the entire Tri-City SELPA including Santa Monica-Malibu, Beverly Hills and Culver City. The new system includes online IEPs that teachers and special education staff can use from anywhere they have Internet access.

School	# of Computers	# of Students per Computer	# of Classrooms with Internet
Olympic High School	45	3	8
District Total:	2,970	4.1	604
County Total:	383,792	4.5	79,482
State Totals:	1,389,805	4.5	320,997

School Completion & Post Secondary Preparation

Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found at the CDE Web site at <http://dq.cde.ca.gov/dataquest/>.

Indicator	School			District			State		
	2002-03	2003-04	2004-05	2002-03	2003-04	2004-05	2002-03	2003-04	2004-05
Dropout Rate (1-year)	5.5	0.0	5.0	0.6	0.7	0.5	3.2	3.3	3.1
Graduation Rate	80.0	98.0	90.7	97.4	98.5	97.9	86.7	85.3	84.9

Completion of High School Graduation Requirements

Beginning with the graduating class of 2006, students in California public schools must pass both the English-language arts and mathematics portions of the California High School Exit Examination (CAHSEE) to receive a high school diploma. For students who began the 2005-06 school year in the 12th grade, this table displays by student group the percent of students who met all state and local graduation requirements for grade 12 completion, including having passed both portions of the CAHSEE or received a local waiver or state exemption. Due to the state's collection schedule for high school completion data, state level data for this reporting element will not be available for report cards published in the 2006-07 school year. Detailed information about the CAHSEE can be found at the CDE Web site at <http://www.cde.ca.gov/ta/tg/hs/>. Note: "N/A" means that the student group is not numerically significant.

Group	Graduating Class of 2006		
	School	District	State
All Students	39	858	---
African American	6	78	---
American Indian or Alaska Native	0	0	---
Asian	1	69	---
Filipino	0	2	---
Hispanic or Latino	16	204	---
Pacific Islander	0	3	---
White (not Hispanic)	16	502	---
Socioeconomically Disadvantaged	0	7	---
English Learners	6	54	---
Students with Disabilities	0	8	---

Courses for University of California and/or California State University Admission

This table displays for the most recent year two measures related to the school's courses that are required for University of California (UC) and/or California State University (CSU) admission. Detailed information about student enrollment and completion of courses required for UC/CSU admission can be found at the CDE Web site at <http://dq.cde.ca.gov/dataquest/>.

Indicator	Percent
Students Enrolled in Courses Required for UC/CSU Admission	49.4
Graduates Who Completed All Courses Required for UC/CSU Admission	0.0

Career Technical Education Programs

Students with Individual Education Programs/IEP's are provided appropriate learning settings to prepare them to enter the workforce and to connect them to workplace experiences through the Workability program. Students at Olympic High also have access to the SMMUSD ROP program, housed on the Santa Monica High School campus. ROP places students into working environments in conjunction with classroom learning.

Career Technical Education Participation

This table displays information about participation in the school's CTE programs.

Measure	CTE Program Participation
Number of Pupils	20
Percent of pupils completing a CTE program and earning a high school diploma	100%
Percent of CTE courses sequenced or articulated between the school and institutions of postsecondary education	100%

Advanced Placement Courses

This table displays for the most recent year the number of Advanced Placement (AP) courses that the school offered by subject and the percent of the school's students enrolled in all AP courses. Detailed information about student enrollment in AP courses can be found at the CDE Web site at <http://dq.cde.ca.gov/dataquest/>.

Subject	Number of AP Courses Offered	Percent of Students In AP Courses
Computer Science		
English		
Fine and Performing Arts		
Foreign Language		
Mathematics		
Science		
Social Science		
All courses		

College Admission Test Preparation Course Program

Olympic High as a continuation high school, does not offer a college admission test preparation course nor does it provide classes to fulfill the A through G requirements of the University of California system. Santa Monica College (SMC) counselors visit on an on-going basis to recruit and enroll students at SMC. Olympic High School encourages concurrent enrollment at SMC whenever possible.

SAT Reasoning Test

This table displays the percent of the school's 12th grade students who voluntarily take the SAT Reasoning Test for college entrance, and the average verbal, math, and writing scores of those students. Detailed information regarding SAT results, and comparisons of these average scores to the district and state levels, can be found at the CDE Web site at <http://www.cde.ca.gov/ds/sp/ai/>. Note: To protect student privacy, scores are not shown when the number of students tested is 10 or less.

Indicator	2004	2005	2006
Percent of Grade 12 Students Taking the Test			
Average Verbal Score			
Average Math Score			
Average Writing Score			

Subject	2003-04			2004-05			2005-06					
	Avg. Class Size	Number of Classrooms			Avg. Class Size	Number of Classrooms			Avg. Class Size	Number of Classrooms		
		1-20	21-32	33+		1-20	21-32	33+		1-20	21-32	33+
English	20.5	3	1		14.0	4			12.8	4		
Mathematics	20.3	1	2		15.0	4			16.4	4	1	
Science	23.3	1	3		18.8	3	1		28.3	1	1	1
Social Science	24.0	1	1		16.0	2			11.0	1		

Average Class Size & Class Size Distribution

This table displays by grade level the average class size and the number of classrooms that fall into each size category (a range of total students per classroom).

Teacher Evaluations

Teacher evaluation procedures are defined in the SMMCTA-SMMUSD Bargaining Agreement. Non-permanent teachers (temporary and probationary) are formally evaluated at least two times a year. Tenured teachers are evaluated every two years, and they have an option of a formal (2-year) professional growth cycle every other evaluation. The district, in cooperation with the Santa Monica-Malibu Classroom Teachers Association (SMMCTA), has developed and implemented a new standards-based evaluation system, which is being phased in for all classroom teachers, based on their hire date in the district. This system evaluates teachers based on the California Standards for the Teaching Profession (CSTP). All evaluations are confidential. Teachers may receive final ratings of satisfactory, needs improvement, or unsatisfactory.

Staff Education Level & Service Report for Certificated Staff

School	Gender	Education Level							Total Staff	Years of Service	
		Doctorate	Master's Degree +30	Master's Degree	Bachelor's Degree +30	Bachelor's Degree	Less than Bachelor's	None Reported		Avg. Years of Ed. Service	Avg. Years in the District
Olympic High School	Female	0 (0.0 %)	1 (20.0 %)	2 (40.0 %)	1 (20.0 %)	1 (20.0 %)	0 (0.0 %)	0 (0.0 %)	5	16.8	12.4

Availability of Substitutes

Substitute teachers are available and easily accessed through the District's automated system. Substitute teachers are screened at the District level for appropriate qualifications and skills. Olympic has well-qualified substitute teachers.

Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence. Detailed information about teacher qualifications can be found at the CDE Web site at <http://dq.cde.ca.gov/dataquest/>.

Teachers	School			District
	2003-04	2004-05	2005-06	2005-06
With Full Credential	6	5	8	602
Without Full Credential	2	2	0	27
Teaching Outside Subject Area of Competence	0	5	4	---

Teacher Misassignments & Vacant Teacher Positions

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester). Note: Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Indicator	2004-05	2005-06	2006-07
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments	1	0	0
Vacant Teacher Positions	0	0	0

Core Academic Courses Taught by NCLB Compliant Teachers

This table displays the percent of classes in core academic subjects taught by No Child Left Behind (NCLB) compliant and non-NCLB compliant teachers at the school, at all schools in the district, at high-poverty schools in the district, and at low-poverty schools in the district. More information on teacher qualifications required under NCLB can be found at <http://www.cde.ca.gov/nclb/sr/tq/>.

Location of Classes	Percent of Classes in Core Academic Subjects	
	Taught by NCLB Compliant Teachers	Taught by Non-NCLB Compliant Teachers
This School	87.5	12.5
All Schools in District	93.0	7.0
High-Poverty Schools in District	0.0	0.0
Low-Poverty Schools in District	94.0	6.0

Professional Development

All teachers and staff at each of our school sites participate in ongoing professional development and curriculum and instructional improvement efforts through “banked time,” 90 minutes of meeting and professional development time each week at each site. In addition, there are three days set aside in our calendar for intensive professional development and planning. One of these days is a district-wide day, the other two are developed by, and conducted at, individual sites.

Areas of district-wide focus for teacher and administrator professional development are determined by a needs assessment conducted by Educational Services. The needs assessment consisted of a review of summative and formative data from all school sites and the collection of input from teachers and administrators. Among the primary focus areas for professional development in SMMUSD schools are the following:

- The Principles of Learning, especially Academic Rigor in a Thinking Curriculum, Clear Expectations, and Accountable Talk
- Lesson Link where teachers work together to co-plan, teach, revise and publish lessons for one another
- Academic Conferences where teachers review data, discuss options and select additional areas of focus for instructing students in their classes
- Literacy and Mathematics
- Using data to improve classroom instruction
- Culturally Relevant Pedagogy
- Supporting students with special needs
- Safe schools and healthy students
- Character education
- Frontloading instruction for English Language Learners
- Differentiated Instruction

At individual school sites, teachers and administrators review data, discuss options and select additional areas of focus for the staff as a whole as well as for departments and/or grade level teams as appropriate.

A variety of methodologies are used to provide professional development. It is a goal for the SMMUSD to provide coaching to teachers through a variety of mechanisms. Coaching and mentoring occur through several programs – BTSa, National Boards, literacy and ELD coaching, teacher leadership, and such specialized programs as Cotsen Fellows and Mentors and Lesson Link. Additionally, professional development occurs through workshop series during banked time or as after school opportunities. Teachers may also attend workshops or conferences as school improvement and grant funding permit. Occasionally, teachers will attend a full-day professional development opportunity offered by our own staff or appropriately selected consultants. We have worked closely with the Writing Workshop program out of Teachers College of Columbia as well as the Six Traits of Writing out of Great Source programs.

Each August, all teachers new to Santa Monica-Malibu are invited to participate in Teacher Academy – three days of professional development and orientation to district wide curriculum and instructional initiatives. All eligible new teachers are encouraged to participate in BTSa. Teachers interested in applying for National Board Certification may participate in the process and can elect to be supported by teachers who have already achieved National Board Certification.

Academic Counselors & Other Support Staff

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Title	Number of FTE Assigned to School	Average Number of Students per Academic Counselor
Academic Counselor	1.0	134.0
Library Media Teacher (Librarian)	0.0	--
Library Media Services Staff (paraprofessional)	0.0	--
Psychologist	0.0	--
Social Worker	0.0	--
Nurse	1.0	--
Speech/Language/Hearing Specialist	0.0	--
Resource Specialist (non-teaching)	0.0	--
Other	0.0	--

Teacher & Administrative Salaries (Fiscal Year 2004-05)

This table displays district-level salary information for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries can be found at the CDE Web site at <http://www.cde.ca.gov/ds/fd/cs/> and <http://www.cde.ca.gov/ta/ac/sa/salaries0405.asp>.

Category	District Amount	State Average for Districts in Same Category
Beginning Teacher Salary	\$39,805	\$37,172
Mid-Range Teacher Salary	\$59,432	\$58,436
Highest Teacher Salary	\$80,017	\$73,583
Average Principal Salary (Elementary)	\$101,500	\$93,347
Average Principal Salary (Middle)	\$106,756	\$97,873
Average Principal Salary (High)	\$117,424	\$105,556
Superintendent Salary	\$155,717	\$159,227
Percent of Budget for Teacher Salaries	41.2	42.1
Percent of Budget for Administrative Salaries	6.3	5.3

Expenditures Per Pupil & School Site Teacher Salaries (Fiscal Year 2004-05)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding salaries can be found at the CDE Web site at <http://www.cde.ca.gov/ds/fd/ec/> and <http://www.cde.ca.gov/ds/fd/cs/>.

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental)	Expenditures Per Pupil (Basic)	Average Teacher Salary
School Site	\$5,879	\$1,134	\$4,746	\$60,377
District	---	---	\$4,339	\$59,528
Percent Difference - School Site and District	---	---	8.56%	1.41%
State	---	---	\$4,743	\$57,838
Percent Difference - School Site and State	---	---	0.05%	4.21%

Districts and county offices report their revenues and expenditures to the California Department of Education (CDE) prior to the completion of their annual audit. Every effort is made by the CDE to catch errors or misinterpretations. However, the unaudited information is not changed after it has been certified and released by CDE. Therefore, this report may include some uncorrected data.

Each school district must submit its financial data to the California Department of Education (CDE) in a uniform format called Standardized Account Code Structure (SACS). Although some districts choose to track school site expenditures, the CDE does not collect that data. Districts report their revenues and expenditures to the CDE prior to the completion of their annual audit. Every effort is made by the CDE to catch errors or misinterpretations. However, the unaudited information is not changed after it has been certified and released by CDE. Therefore, the SACS financial reports may include data that districts later correct, based on their audits. For more information:

<http://www.ed-data.k12.ca.us/Navigation/fsTwoPanel.asp?bottom=%2Fprofile%2Easp%3Flevel%3D06%26reportNumber%3D16>

A school district's budget is a local spending plan that is revised throughout the year. The budget is approved at the district level and reviewed by the county office of education; it is not sent to the California Department of Education (CDE).

The financial data submitted to the CDE and presented here are unaudited actuals. These are revenues and expenditures for the entire year in the standardized account code structure (SACS) format, as reported by the school district prior to its annual audit.

Expenditures (Fiscal Year 2004-05)

Current Expense of Education per ADA (Per Education Code Section 41372) Santa Monica-Malibu Unified, 2004-05				
By law, the "current expense of education" must be calculated annually for every district; it is a measure of the cost of direct educational services to students. This figure is then matched with average daily attendance (ADA) for the district to arrive at an expenditure per pupil figure. Since the current expense figure excludes food services, facilities acquisition and construction, and certain other expenditures, the current expense per ADA amount is lower than the total expenditure per ADA shown in the table above.				
Santa Monica-Malibu Unified School District			Statewide Avg All Unified School Districts	Statewide Avg All Districts
Total Dollars	Average Daily Attendance	\$ / Student (ADA)	\$ / Student (ADA)	\$ / Student (ADA)
\$101,128,398	12,176	\$8,305	\$7,172	\$7,127

Types of Services Funded

In addition to funding for outstanding secondary education instruction – fully aligned to the State Frameworks (<http://www.smmusd.org/edservices/curriculumframeworks.html>), a wide variety of support staff and programming are available to each site. District and categorical funding supports centralized and direct services for students and teachers including: Special education programs, counseling, library services, psychologists, social work, child welfare and attendance services, literacy coaches, English language development coaches, programs for English language development, coordinators of teacher support for beginning teachers, district literacy coaches, formative assessment programs, professional development, physical education, after school intervention programs, and intensive intervention summer school programs. Contact the principal for more details on these exemplary programs.
