John Adams Middle

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available at the California Department of Education (CDE) Web site at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office. DataQuest, an online data tool at <http://data1.cde.ca.gov/dataquest/>, contains additional information about this school and comparisons of the school to the district, the county, and the state.

School Description and Mission Statement

This section provides information about the school's goals and programs.

As a community of learners, the Santa Monica-Malibu Unified School District works together in a nurturing environment to help students be visionary, versatile thinkers; resourceful, life-long learners; effective, multilingual communicators and global citizens. We are a richly varied community that values the contributions of all its members. We exist to prepare all students in their pursuit of academic achievement and personal health and to support and encourage them in their development of intellectual, artistic, technological, physical and social expression.

The mission of John Adams Middle School is to provide a dynamic, multifaceted education that allows each student to maximize his/her academic, social, emotional, and physical potential. The program is based on shared decision-making by interested community members, parents, teachers, and administrators to meet the unique needs of our diversified, early adolescent population. Our school motto is: What you are to be, you are now becoming.

John Adams Middle School is one of three middle schools in the Santa Monica-Malibu Unified School District and includes grades six, seven, and eight. Approximate enrollment is 1,000 students, with a staff of 100. One of our primary goals is to provide a smooth transition between the elementary and high school years. The three-year program offers ample opportunity for students to grow both academically and socially.

II. School Climate

School Safety Plan

This section provides information about the school's comprehensive safety plan.

Two campus security officers are on duty and provide coverage from 7:30 a.m. until 6:00 p.m. Monday through Friday. After school activities and programs are available for students' academic support and/or social development. Boys and Girls Club, Teen Center, and after school tutoring is available, as well as after school teacher support. In addition, John Adams works in partnership with the city of Santa Monica to provide after school sports programs for students. Information about these programs is available in the attendance office or through the counseling office. During the school day there is no unauthorized access to the school campus. Only one entrance is open during school hours. Visitors must sign in and/or show ID when they arrive in the main office. Classrooms are all connected to the internet and supported by a full time technology coordinator. Two computer labs provide teachers with research centers to support student learning. Classes are designed to facilitate learning and are stocked with materials, supplies, and texts to enrich learning for every child, students are also able to continue their class work with teacher support in both the computer lab and library from Monday through Thursday. The facility is well maintained to promote a clean, safe environment.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

III. School Facilities

School Facility Conditions and Improvements

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

The sixteen-acre campus utilizes every classroom. Our playing fields are shared with Santa Monica Parks and Recreation and Santa Monica College. Our school is prepared for all emergencies with drills held during each calendar month. Supplies are readily available for emergencies in and out of classrooms. The safety of our students is a primary concern to all staff members. Regular inspections of school buildings, grounds, and equipment are conducted to identify any possible safety hazards. Due to the increased safety awareness of our students and staff, an organized program of fire and safety drills, and an Earthquake Disaster Exercise is conducted during the year. The District is required to comply with new federal and state mandates regarding safety and school facilities. In many instances, District funds are used for the implementation of these mandates. John Adams celebrated its 90th birthday this year. The facility which supports our school is well-maintained and is in well-functioning condition. Needed maintenance includes routine roof maintenance to keep warranties in effect, and deferred maintenance projects include flooring replacement, interior and exterior painting, and some light asphalt repairs. We are proud that our school district takes great efforts to ensure that our school is clean, safe, and functional. There are no emergency needs as defined by the Office of Public School Construction.

VIII. Student Performance

California Standards Tests

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts and mathematics in grades 2 through 11; science in grades 5, 8, 9, 10, and 11; and history-social science in grades 8, 9, 10, and 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found at the CDE Web site at <http://star.cde.ca.gov>. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy.

CST Results for All Students – Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

Norm-Referenced Test

The norm-referenced test (NRT), currently the California Achievement Test, Sixth Edition (CAT/6), shows how well students are doing compared to students nationally in reading, language, spelling, and mathematics in grades 3 and 7 only. The results are reported as the percent of tested students scoring at or above the national average (the 50th percentile). Detailed information regarding NRT results for each grade level can be found at the CDE Web site at <http://star.cde.ca.gov/>. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy.

IX. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ap/>.

API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2004	2005	2006
Statewide	8	7	7
Similar Schools	10	10	5

API Changes by Student Group – Three-Year Comparison

This table displays by student group the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/>.

AYP Overall and by Criteria

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	No	Yes
Participation Rate - English-Language Arts	Yes	Yes
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	No	Yes
Percent Proficient - Mathematics	No	Yes
API	Yes	Yes
Graduation Rate	N/A	Yes

Federal Intervention Program

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/>.

All teachers and staff at school sites participate in ongoing professional development and curriculum and instructional improvement efforts through banked time, a total of 90 minutes of meeting and professional development time each week at each site. In addition, there are three days set aside in our academic calendar for intensive professional development and planning. One of these days is a district-wide focused professional development; the other two are developed by and conducted at individual school sites. In 2006, with the support of District's Education Services Department, elementary sites elected to pool resources and dedicated one of the site-based days. The professional development activities were conducted in several focused areas, including writers workshop, cognitively guided math instruction, and school climate.

Areas of district-wide focus for teacher and administrator professional development are determined by a needs assessment conducted by Educational Services. The needs assessment consisted of a review of summative and formative data from all school sites and the collection of input from teachers and administrators. Among the primary focus areas for professional development in the SMMUSD schools are the following:

- * The Principles of Learning -- with special focus on Academic Rigor in a Thinking Curriculum, Clear Expectations, and Accountable Talk
- *Lesson Link -- teachers work together to co-plan, teach, revise and publish lessons with one another
- *Academic Conferences -- teachers review data, discuss options and select additional areas of instructional focus
- *Literacy and Mathematics -- standards based curriculum and instructional delivery
- *Using data to improve classroom instruction
- *Culturally relevant and responsive pedagogy
- *Supporting students with special needs
- *Safe schools and healthy students
- *Character education
- *Frontloading instruction for English Language Learners
- *Differentiated Instruction for all students
- *Curriculum development and refinement in all content areas

A variety of methodologies are used to provide professional development. It is a goal for the SMMUSD to provide coaching to teachers through a variety of mechanisms. Coaching and mentoring occur through several programs such as BTSA, National Boards, literacy and ELD coaching, teacher leadership, and such specialized programs as Cotsen Fellows and Mentors and Lesson Link. Additionally, professional development occurs through workshop series during banked time or after school opportunities. Teachers may also attend workshops or conferences that are relevant to their instructional focus. In addition, teachers have the opportunity to attend a full-day professional development activities offered by our own staff or appropriately selected consultants. The District has worked closely with the Writing Workshop program of Teachers College, Columbia University as well as the Six Traits of Writing out of Great Source programs.

Each August, all teachers new to Santa Monica-Malibu are invited to participate in Teacher Academy, a three-day professional development and orientation to district wide curriculum and instructional initiatives. All eligible new teachers are encouraged to participate in BTSA. Teachers interested in applying for National Board Certification may participate in the process and can elect to be supported by teachers who have already achieved National Board Certification.

In addition, each year, at individual school sites, teachers and administrators review data, discuss options and select additional areas of focus for the staff as a whole as well as for departments and/or grade level teams as appropriate.
