Juan Cabrillo Elementary

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2007-08)

This section provides information about the school, its programs and its goals.

The mission at Juan Cabrillo is to provide the highest quality education possible for all students, one that allows each child to meet his or her potential in a safe and beautiful environment. We appreciate and acknowledge the uniqueness of each student and family in our school and welcome all as partners in our community. We believe in the importance of positive self-esteem and of instilling in children the desire to be life-long learners and visionary thinkers who see themselves as global citizens.

Juan Cabrillo is a beautiful school with an exceptionally clean campus and beautifully decorated and well kept classrooms. Gardens of flowers and fruit trees are outside each classroom with vistas to the Pacific Ocean in front of us and the Santa Monica Mountains just behind the playground. The campus features impressive, professionally painted murals depicting the history of Malibu and the heritage of the Chumash Indians, who are a part of our local history. We are located on more than 15 acres of land with a large, grassy playground and a separate playground for kindergarten children. A remarkable environment supports an equally impressive educational program.

Opportunities for Parental Involvement (School Year 2007-08)

This section provides information about opportunities for parents to become involved with school activities.

Contact Person Name: Christine Hinds

Contact Person Phone Number: (310) 457-0360

It is the spirit of cooperation and mutual support that makes our school exceptional. We encourage and welcome parent involvement in all aspects of school life. We pride ourselves in our ability to provide a safe and supportive learning environment for our students. Juan Cabrillo's parents are encouraged to participate in the PTA, Site Governance and volunteer in the classrooms and on the playground. Parents may also work in the office or help maintain our beautiful gardens and library. Juan Cabrillo welcomes and encourages parent participation at all levels. A major contributing factor to the success of our school is the active involvement of our parent community. Parents support the school with time, money and enthusiasm. This is truly a family school where everyone is welcome.

III. School Climate

School Safety Plan (School Year 2007-08)

This section provides information about the school's comprehensive safety plan.

Annual staff review of the school's safety plan was conducted on January 7, 2008, and staff of Juan Cabrillo Elementary insure that all students are safe on school grounds before, during and after school. The teachers and staff members monitor and supervise students before, during and after school. Parent volunteers help teachers supervise students during the school day and during lunch. Parents also volunteer to help with dismissal procedures at the end of each school day. During the school day there is no unauthorized access to the school campus. Only one entrance is open during school hours.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

IV. School Facilities

School Facility Conditions

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

Juan Cabrillo is an exceptionally clean and attractive campus in excellent condition overall, with beautifully decorated and well maintained classrooms. The school opened in September, 1954, with five classrooms. Over the years the number of classrooms has grown to 25 along with the addition of a library and multipurpose room. Gardens of grass, flowers and fruit trees are outside each classroom with vistas of the Pacific Ocean to the south and west and the Santa Monica Mountains, encircling the playground on the east and north. The campus features impressive, professionally created murals, depicting the history of Malibu and the heritage of the Chumash Indians, who are an important part of our local history. We are located on more than 15 acres of land, with a large, grassy playground for grades 1-5 and a separate playground for the kindergarten children. Classrooms at Juan Cabrillo are clean and comfortable and are maintained on a daily basis by two full-time custodians on AM and PM shifts. There is ample classroom space for students. In addition, our campus has state of the art SmartBoard technology in every classroom, a library, multipurpose room, conference rooms, psychologist's office, reading tutorial rooms, vocal music room, art cottage, after-school Child Development Center, computer lab, science lab, special education resource rooms, nurse's office, Community Liaison office, teacher workroom, teacher lounge, outdoor and indoor cafeteria eating areas, track and field, two playground areas, outdoor reading areas, PE office, and Principal's office. Our perimeter fencing provides security for the campus and the outside gates are locked each morning following the final bell. Visitors are required to check-in at the office before entering the campus and must wear a visitor's badge or district I.D. while on campus. The staff is trained to challenge anyone not wearing a badge.

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. For the 2008-09 school year, the district budgeted \$500,000 for the deferred maintenance program. This represents 0.4 percent of the district's general fund budget.

Planned Improvement

The completion of several deferred maintenance projects have brought us roofing improvements, new rain gutters, septic system upgrades, perimeter fence replacement, parking lot improvements, restroom and electrical upgrades and safety striping in the hallways and stairways. Future improvements, through Measure BB funding, will include the replacement of 4 bungalows with permanent buildings and a new kindergarten playground.

VII. Curriculum and Instructional Materials

Quality, Currency, and Availability of Textbooks and Instructional Materials (School Year 2008-09)

Textbook Information

This section provides information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school, and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

All students at Cabrillo have access to state-approved and district adopted textbooks and instructional materials in all core academic areas. The district follows the state guidelines and cycles for textbook adoptions with new science materials purchased and implemented in the 2007-08 school year and new math materials for 2008-09. All students, including English Learners, have their own copy of textbooks, except in the case where "Big Books" are used for the entire classroom at the early primary level. Textbooks and instructional materials are recommended for Board approval through a comprehensive process by a district-wide committee of teachers and administrators. Members of the public are invited to review recommended materials and make comments prior to Board approval.

This section provides information if any insufficiency exists, and the reason that each pupil does not have sufficient textbooks or instructional materials.

Types of Services Funded (Fiscal Year 2007-08)

This section provides information about the programs and supplemental services that are available at the school and funded through either categorical or other sources.

Funds from PTA provide a PE assistant, classroom aides, art specialist, science specialist, vocal music specialist, computer lab specialist and a reading specialist. GATE funding is used for a newspaper club, science club, reading club and Singapore math club. Equity funds are used to provide before-school tutoring in the areas of reading, writing and math for students scoring below or far below basic on standardized testing in addition to an after-school homework club three days/week.

Teacher and Administrative Salaries (Fiscal Year 2006-07)

This table displays district salaries for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found on the Certificated Salaries and Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

IX. Student Performance

California Standards Tests

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades 2 through 11; science in grades 5, 8, and 9 through 11; and history-social science in grades 8, and 10 through 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found on the Standardized Testing and Reporting (STAR) Results Web page at <http://star.cde.ca.gov>. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web page <http://www.cde.ca.gov/ta/ac/ay/>.

Federal Intervention Program (School Year 2008-09)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

XI. Instructional Planning and Scheduling

Professional Development

This section provides information on how teachers and staff are trained for instructional improvement.

School Accountability Report Card

Reported for School Year 2007-08

Published During 2008-09

All teachers and staff at school sites participate in ongoing professional development and curriculum and instructional improvement efforts through banked time, a total of 90 minutes of meeting and professional development time each week at each site. In addition, there are three days set aside in our academic calendar for intensive professional development and planning. One of these days is a district-wide focused professional development; the other two are developed by and conducted at individual school sites.

Areas of district-wide focus for teacher and administrator professional development are determined by a needs assessment conducted by Educational Services. The needs assessment consisted of a review of summative and formative data from all school sites and the collection of input from teachers and administrators. Among the primary focus areas for professional development in the SMMUSD schools are the following:

- * The Principles of Learning -- with special focus on Academic Rigor in a Thinking Curriculum, Clear Expectations, and Accountable Talk
- *Lesson Link -- teachers work together to co-plan, teach, revise and publish lessons with one another
- *Academic Conferences -- teachers review data, discuss options and select additional areas of instructional focus
- *Literacy and Mathematics -- standards based curriculum and instructional delivery
- *Using data to improve classroom instruction
- *Culturally relevant and responsive pedagogy
- *Supporting students with special needs
- *Safe schools and healthy students
- *Character education
- *Frontloading instruction for English Language Learners
- *Differentiated Instruction for all students

A variety of methodologies are used to provide professional development. It is a goal for the SMMUSD to provide coaching to teachers through a variety of mechanisms. Coaching and mentoring occur through several programs such as BTSA, National Boards, literacy and ELD coaching, teacher leadership, and such specialized programs as Cotsen Fellows and Mentors and Lesson Link. Additionally, professional development occurs through workshop series during banked time or after school opportunities. Teachers may also attend workshops or conferences that are relevant to their instructional focus. Teachers have the opportunity to attend full-day professional development activities offered by our own staff or appropriately selected consultants. The District has worked closely with the Writing Workshop program of Teachers College, Columbia University as well as the Six Traits of Writing out of Great Source programs.

Each August, all teachers new to Santa Monica-Malibu are invited to participate in Teacher Academy, a three-day professional development and orientation to district wide curriculum and instructional initiatives. All eligible new teachers are encouraged to participate in BTSA. Teachers interested in applying for National Board Certification may participate in the process and can elect to be supported by teachers who have already achieved National Board Certification.

In addition, each year, at individual school sites, teachers and administrators review data, discuss options and select additional areas of focus for the staff as a whole as well as for departments and/or grade level teams as appropriate.
