## John Adams Middle

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

## I. Data and Access

### DataQuest

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## School Description and Mission Statement (School Year 2007-08)

This section provides information about the school, its programs and its goals.

The mission of John Adams Middle School is to provide a dynamic, multifaceted education that allows each student to maximize his/her academic, social, emotional, and physical potential. The program is based on shared decision-making by interested community members, parents, teachers, and administrators to meet the unique needs of our diversified, early adolescent population. Our school motto is: What you are to be, you are now becoming.

John Adams is a diverse middle school. We seek to provide students opportunities to learn what their strengths and weaknesses are, how to capitalize on their strengths and neutralize their weaknesses. We stress the importance of reading, writing, questioning, and problem solving. These are skills and competencies that will allow them to succeed in high school, college and life. We have a Spanish/English immersion program, a science magnet program, and an excellent music and art program. We have a number of clubs and sports teams to allow our diverse population to serve their school community, have fun, and grow in their understanding of themselves and their peers.

John Adams Middle School is one of three middle schools in the Santa Monica-Malibu Unified School District and includes grades six, seven, and eight. Approximate enrollment is 1,000 students, with a staff of 100. One of our primary goals is to provide a smooth transition between the elementary and high school years. The three-year program offers ample opportunity for students to grow both academically and socially.

## Opportunities for Parental Involvement (School Year 2007-08)

This section provides information about opportunities for parents to become involved with school activities.

Contact Person Name: Nancy Gutierrez

Contact Person Phone Number: (310) 452-2326 ext. 222

There are many opportunities for parents to become involved at John Adams. Parents staff our student store which is open both at nutrition and lunch. Parents serve on our site governance committee, our PTSA Science Magnet Board and help with all music concerts and off campus events. Parents also help with special activities on campus such as our annual jog-a-thon and career day. They accompany students on science magnet trips and field trips to a variety of locations in the city.

Liaisons are involved with the Parent Teacher Student Association and the students and parents of Latino and African American students. There are parent advisory groups that meet monthly in the evening. These opportunities are described on the school's web site: <http://www.adams.smmusd.org>. Or contact:

## III. School Climate

### School Safety Plan (School Year 2007-08)

This section provides information about the school's comprehensive safety plan.

Our school is prepared for all emergencies with drills held during each calendar month. Supplies are readily available for emergencies in and out of classrooms. Due to the increased safety awareness of our students and staff, an organized program of fire and safety drills, and an Earthquake Disaster Exercise are conducted during the year. Two campus security officers are on duty and provide coverage from 7:30 a.m. until 6:00 p.m. Monday through Friday. During the school day there is no unauthorized access to the school campus. Only one entrance is open during school hours. Visitors must sign in and/or show ID when they arrive in the main office.

### Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District		
	2005-06	2006-07	2007-08	2005-06	2006-07	2007-08

## IV. School Facilities

### School Facility Conditions

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

John Adams celebrated its 90th birthday this year. The sixteen-acre campus utilizes every classroom. Our playing fields are shared with Santa Monica Parks and Recreation and Santa Monica College. The safety of our students is a primary concern to all staff members. Regular inspections of school buildings, grounds, and equipment are conducted to identify any possible safety hazards. Classrooms are all connected to the internet. Two computer labs provide teachers with research centers to support student learning. Classes are designed to facilitate learning and are stocked with materials, supplies, and texts to enrich learning for every child, students are also able to continue their class work with teacher support in the library from Monday through Thursday. The facility is well maintained to promote a clean, safe environment. The District is required to comply with new federal and state mandates regarding safety and school facilities. In many instances, District funds are used for the implementation of these mandates.

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. For the 2008-09 school year, the district budgeted \$500,000 for the deferred maintenance program. This represents 0.4 percent of the district's general fund budget. The facility which supports our school is well-maintained and is in well-functioning condition. Needed maintenance includes routine roof maintenance to keep warranties in effect, and deferred maintenance projects include flooring replacement, interior and exterior painting, and some light asphalt repairs. We are proud that our school district takes great efforts to ensure that our school is clean, safe, and functional. There are no emergency needs as defined by the Office of Public School Construction.

## Planned Improvement

At the beginning of 2010 Measure BB will provide major upgrades to the John Adams site including a new entrance, a new attendance office, and upgraded main office and art room. In addition, there will be three new classroom buildings with three classrooms in each with state of the art technology. Our whole school will be upgraded to a wireless facility. In 2009 our field was upgrade through a bond measure through SMC. The lunch area and adjacent landscaping will also be upgraded.

## School Facility Good Repair Status (School Year 2008-09)

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

## VII. Curriculum and Instructional Materials

### Quality, Currency, and Availability of Textbooks and Instructional Materials (School Year 2008-09)

#### Textbook Information

This section provides information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school, and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

All students at John Adams have access to state-approved and district adopted textbooks and instructional materials in all core academic areas. The district follows the state guidelines and cycles for textbook adoptions with new science materials purchased and implemented in the 2007-08 school year and new math materials for 2008-09. All students, including English Learners, have their own copy of textbooks. Textbooks and instructional materials are recommended for Board approval through a comprehensive process by a district-wide committee of teachers and administrators. Members of the public are invited to review recommended materials and make comments prior to Board approval.

This section provides information if any insufficiency exists, and the reason that each pupil does not have sufficient textbooks or instructional materials.

### Types of Services Funded (Fiscal Year 2007-08)

This section provides information about the programs and supplemental services that are available at the school and funded through either categorical or other sources.

With Equity funds we purchased classroom libraries for English/Language arts classes, supplementary materials for science and social studies, and funded staff development.

Our GATE funds were used to enrich our social studies curriculum and PTA helped us with personnel costs for after-school interventions, LCD projectors, field trips, assemblies, and outside counseling services for students.

### Teacher and Administrative Salaries (Fiscal Year 2006-07)

This table displays district salaries for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found on the Certificated Salaries and Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

## IX. Student Performance

### California Standards Tests

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades 2 through 11; science in grades 5, 8, and 9 through 11; and history-social science in grades 8, and 10 through 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found on the Standardized Testing and Reporting (STAR) Results Web page at <http://star.cde.ca.gov>. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

### CST Results for All Students – Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

## California Physical Fitness Test Results (School Year 2007-08)

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students meeting the healthy fitness zone on all six fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found at the Physical Fitness Testing Web page at <http://www.cde.ca.gov/ta/tg/pf/>. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. ## X. Accountability

### Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

## API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2005	2006	2007
Statewide	7	7	6
Similar Schools	10	5	5

## API Changes by Student Group – Three-Year Comparison

This table displays by student group the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

Group	Actual API Change			Growth API Score 2007-08
	2005-06	2006-07	2007-08

## Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web page <http://www.cde.ca.gov/ta/ac/ay/>.

## AYP Overall and by Criteria (School Year 2007-08)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District

Participation Rate - English-Language Arts	Yes	Yes
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	Yes	Yes
Percent Proficient - Mathematics	No	Yes
API	Yes	Yes
Graduation Rate	n/a	Yes

## Federal Intervention Program (School Year 2008-09)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

### Professional Development

This section provides information on how teachers and staff are trained for instructional improvement.

# School Accountability Report Card

All teachers and staff at school sites participate in ongoing professional development and curriculum and instructional improvement efforts through banked time, a total of 90 minutes of meeting and professional development time each week at each site. In addition, there are three days set aside in our academic calendar for intensive professional development and planning. One of these days is a district-wide focused professional development; the other two are developed by and conducted at individual school sites.

Areas of district-wide focus for teacher and administrator professional development are determined by a needs assessment conducted by Educational Services. The needs assessment consisted of a review of summative and formative data from all school sites and the collection of input from teachers and administrators. Among the primary focus areas for professional development in the SMMUSD schools are the following:

- \* The Principles of Learning -- with special focus on Academic Rigor in a Thinking Curriculum, Clear Expectations, and Accountable Talk
- \*Lesson Link -- teachers work together to co-plan, teach, revise and publish lessons with one another
- \*Academic Conferences -- teachers review data, discuss options and select additional areas of instructional focus
- \*Literacy and Mathematics -- standards based curriculum and instructional delivery
- \*Using data to improve classroom instruction
- \*Culturally relevant and responsive pedagogy
- \*Supporting students with special needs
- \*Safe schools and healthy students
- \*Character education
- \*Frontloading instruction for English Language Learners
- \*Differentiated Instruction for all students
- \*Curriculum development and refinement in all content areas

A variety of methodologies are used to provide professional development. It is a goal for the SMMUSD to provide coaching to teachers through a variety of mechanisms. Coaching and mentoring occur through several programs such as BTSA, National Boards, literacy and ELD coaching, teacher leadership, and such specialized programs as Cotsen Fellows and Mentors and Lesson Link. Additionally, professional development occurs through workshop series during banked time or after school opportunities. Teachers may also attend workshops or conferences that are relevant to their instructional focus. In addition, teachers have the opportunity to attend a full-day professional development activities offered by our own staff or appropriately selected consultants. The District has worked closely with the Writing Workshop program of Teachers College, Columbia University as well as the Six Traits of Writing out of Great Source programs.

Each August, all teachers new to Santa Monica-Malibu are invited to participate in Teacher Academy, a three-day professional development and orientation to district wide curriculum and instructional initiatives. All eligible new teachers are encouraged to participate in BTSA. Teachers interested in applying for National Board Certification may participate in the process and can elect to be supported by teachers who have already achieved National Board Certification.

In addition, each year, at individual school sites, teachers and administrators review data, discuss options and select additional areas of focus for the staff as a whole as well as for departments and/or grade level teams as appropriate. At John Adams our focus for staff development has been classroom management, reading across the curriculum, writing across the curriculum, problem solving in mathematics, and differentiated instruction.
