McKinley Elementary

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2007-08)

This section provides information about the school, its programs and its goals.

As a community of learners, the Santa Monica-Malibu Unified School District works together in a nurturing environment to help students be visionary, versatile thinkers; resourceful, life-long learners; effective, multilingual communicators and global citizens. We are a richly varied community that values the contributions of all its members. We exist to prepare all students in their pursuit of academic achievement and personal health and to support and encourage them in their development of intellectual, artistic, technological, physical and social expression.

We are McKinley's P.R.I.D.E.

At McKinley School, staff, parents, and community members work together to create a Peaceful and Respectful learning environment. We believe that ALL students are Intelligent and are capable of high levels of achievement. We celebrate and value our Diversity. We promote an Enthusiasm towards learning so that ALL students are successful throughout their years at McKinley School and beyond.

McKinley Elementary is a beautiful, mission style public school in Santa Monica serving approximately 400 students in K-5th grade. With its small classes, outstanding educators, our Fine Arts programs, lush gardens and large play areas, McKinley is one of SMMUSD best kept secrets. Our Child Development Program includes four preschool classes, with approximately 80 students. Our current class size is 20 students in K-3rd grade and up to 30 students in 4th & 5th grade. In addition to our regular program, there are specialized support services through Special Education to serve identified students. The curriculum is differentiated to meet the needs of ALL students. For example, students identified as Gifted and Talented Education (GATE) and students learning English as a Second Language, are served within the regular classes with additional support. All students receive instruction in visual arts through the P.S. Arts program. General music is provided to students in grades K-3 with students in 4th & 5th grade also receiving instrumental music instruction. In addition to our teaching staff, our staff includes instructional assistants in K-3 classrooms, part-time nurse, school psychologist, speech pathologist, and two physical activities specialists; classified staff includes office staff, custodial and cafeteria workers. We provide child-care before and after school in partnership with the City of Santa Monica as well as after school enrichment classes and sports.

Opportunities for Parental Involvement (School Year 2007-08)

This section provides information about opportunities for parents to become involved with school activities.

Parent involvement is always encouraged and positively impacts the success of our school. There are numerous volunteer as well as committee opportunities. These include our Parent Teacher Association (PTA), English Language Advisory Committee (ELAC), and our School Site Governance Council. Our Community Liaison provides access and information to our parents enabling them to become partners in their children's education. Coffee with the Principal offers parents opportunities to share thoughts and ideas and to learn more about McKinley. Our extensive parent email list allows for regular communication in addition to paper, web site and telephone communications

III. School Climate

School Safety Plan (School Year 2007-08)

This section provides information about the school's comprehensive safety plan.

Annual staff review of the school safety plan was conducted in September 2008. As indicated in the plan, McKinley staff and students regularly participate in fire, earthquake and other safety related drills.

School grounds are open at 7:00 am for morning childcare, and close at 6:00 pm when childcare ends their program. Breakfast is served at 7:45am in the cafeteria with supervision. The playground opens for all students at 8:10 am. Playground supervision is available before school beginning at 8:10 am, after school for students enrolled in childcare or after school programs, at recess and for the lunch periods.

To insure a safe learning environment, only one gate is open after the start of classes. The perimeter gates are locked during the regular school day with one rear gate and the main gate to the office area being the only gates open at the end of the school day. All visitors on campus must sign in at the main office and receive a Visitors Badge which must be worn while they are on campus.

McKinley provides a variety of before and after-school programs for our parents and their students. The Santa Monica-Malibu School district in a joint venture with the City of Santa Monica provides childcare for our students. Lower Crest Program (Grades K-3) is operated and funded by SMMUSD. Upper CREST Program (Grades 4 & 5) and Homework Club is operated and funded by the City of Santa Monica. Both programs provide for before and after school programs, homework assistance, playground access, arts enrichment programs, activities, and presenters. McKinley also provides in school and/or after school academic intervention programs for students needing assistance with reading, language arts, and mathematics.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

IV. School Facilities

School Facility Conditions

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

McKinley Elementary School has dedicated classroom space used for teaching and learning. Our playground areas are ample, with a separate playground for our youngest students. The beautiful outside garden area is regularly used for small group activities, special projects and events. The auditorium was recently remodeled with a new curtain for the stage, paint and blinds. To celebrate the 100th anniversary, murals were added around the school to reflect our McKinley P.R.I.D.E. Our school cafeteria and the entire exterior of the school were also recently painted.

McKinley Elementary School has a full time day custodian and a full time night custodian. Both custodians have ample time to clean and maintain the school as needed; cleaning schedules are periodically reviewed to assure cleanliness. We occasionally receive additional assistance to deep clean areas during holidays. We also receive the service of two gardeners one day per week (Thursday), lawns are mowed and edged, plants are pruned, trimmed, and maintained as needed. This facility which supports our school is well maintained and in well functioning condition.

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. For the 2008-09 school year, the district budgeted \$500,000 for the deferred maintenance program. This represents 0.4 percent of the district's general fund budget. Needed maintenance includes routine roof maintenance to keep warranties in effect, and deferred maintenance projects include flooring replacement, interior and exterior painting, and some light asphalt repairs. We are proud that our school district takes great efforts to ensure that our school is clean, safe, and functional. There are no emergency needs as defined by the Office of Public School Construction.

Planned Improvement

The SMMUSD Measure BB Advisory Committee recently recommended an additional project at McKinley School to enhance perimeter control and will improve student facilities. This project will include reconfiguration of the main office, entrance gates and student bathrooms. In the future, there are plans to replace all relocatable classrooms with a new two-story building. McKinley community members will continue to collaborate with the district Measure BB committee during the design phase.

VII. Curriculum and Instructional Materials

Quality, Currency, and Availability of Textbooks and Instructional Materials (School Year 2008-09)

Textbook Information

This section provides information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school, and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

All students at McKinley have access to state-approved and district adopted textbooks and instructional materials in all core academic areas. The district follows the state guidelines and cycles for textbook adoptions with new science materials purchased and implemented in the 2007-08 school year and new math texts for 2008-09. All students, including English Learners, have their own copy of textbooks, except in the case where "Big Books" are used for the entire classroom at the early primary level. Textbooks and instructional materials are recommended for Board approval through a comprehensive process by a district-wide committee of teachers and administrators. Members of the public are invited to review recommended materials and make comments prior to Board approval.

This section provides information if any insufficiency exists, and the reason that each pupil does not have sufficient textbooks or instructional materials.

Types of Services Funded (Fiscal Year 2007-08)

This section provides information about the programs and supplemental services that are available at the school and funded through either categorical or other sources.

Services provided through Title I include additional reading support delivered by a reading teacher and instructional assistants, supplemental instructional materials, professional development costs for staff and parent support from our community liaison.

GATE funds provide additional standards-based Science sessions after school for our identified GATE students. A family night is also funded through GATE.

School Improvement and Equity Funds provide support for students and families by funding Family Forums, after-school support for students, Student Council coordination, reading program and health office staffing. We are also utilizing our Equity Fund to enhance our technology across grade levels.

Teacher and Administrative Salaries (Fiscal Year 2006-07)

This table displays district salaries for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size. IX. Student Performance

California Standards Tests

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades 2 through 11; science in grades 5, 8, and 9 through 11; and history-social science in grades 8, and 10 through 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found on the Standardized Testing and Reporting (STAR) Results Web page at <http://star.cde.ca.gov>. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

| API Rank | 2005 | 2006 | 2007 |
|-----------------|------|------|------|
| Statewide | 9 | 9 | 8 |
| Similar Schools | 10 | 10 | 10 |

API Changes by Student Group – Three-Year Comparison

This table displays by student group the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

| Group | Actual API Change | | | Growth API Score 2007-08 |
|----------------------------------|-------------------|---------|---------|-----------------------------|
| | 2005-06 | 2006-07 | 2007-08 | |
| All Students at the School | 7 | -20 | -11 | 834 |
| African American | -- | -- | -- | -- |

Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web page <http://www.cde.ca.gov/ta/ac/ay/>.

AYP Overall and by Criteria (School Year 2007-08)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

| AYP Criteria | School | District |
|--|--------|----------|
| Overall | Yes | Yes |
| Participation Rate - English-Language Arts | Yes | Yes |
| Participation Rate - Mathematics | Yes | Yes |
| Percent Proficient - English-Language Arts | Yes | Yes |
| Percent Proficient - Mathematics | Yes | Yes |
| API | Yes | Yes |
| Graduation Rate | n/a | Yes |

Federal Intervention Program (School Year 2008-09)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

| Indicator | School | District |

XI. Instructional Planning and Scheduling

Professional Development

This section provides information on how teachers and staff are trained for instructional improvement.

All teachers and staff at school sites participate in ongoing professional development and curriculum and instructional improvement efforts through banked time, a total of 90 minutes of meeting and professional development time each week at each site. In addition, there are three days set aside in our academic calendar for intensive professional development and planning. One of these days is a district-wide focused professional development; the other two are developed by and conducted at individual school sites. In 2008, with the support of District's Education Services Department, elementary sites elected to pool resources and dedicated one of the site-based days. The professional development activities were conducted in several focused areas, including writers workshop, cognitively guided math instruction, and school climate.

Areas of district-wide focus for teacher and administrator professional development are determined by a needs assessment conducted by Educational Services. The needs assessment consisted of a review of summative and formative data from all school sites and the collection of input from teachers and administrators. Among the primary focus areas for professional development in the SMMUSD schools are the following:

- * The Principles of Learning -- with special focus on Accountable Talk
- *Lesson Link -- teachers work together to co-plan, teach, revise and publish lessons with one another
- *Academic Conferences -- teachers review data, discuss options and select additional areas of instructional focus
- *Literacy and Mathematics -- standards based curriculum and instructional delivery
- *Using data to improve classroom instruction
- *Supporting students with special needs
- *Safe schools and healthy students
- *Character education via Cool Tools
- *Frontloading instruction for English Language Learners
- *Differentiated Instruction for all students
- *Curriculum development and refinement in all content areas

A variety of methodologies are used to provide professional development. It is a goal for the SMMUSD to provide coaching to teachers through a variety of mechanisms. Coaching and mentoring occur through several programs such as BTSA, National Boards, literacy and ELD coaching, teacher leadership, and such specialized programs as Cotsen Fellows and Mentors and Lesson Link. Additionally, professional development occurs through workshop series during banked time or after school opportunities. Teachers may also attend workshops or conferences that are relevant to their instructional focus. In addition, teachers have the opportunity to attend a full-day professional development activities offered by our own staff or appropriately selected consultants. The District has worked closely with the Writing Workshop program of Teachers College, Columbia University as well as the Six Traits of Writing out of Great Source programs.

Each August, all teachers new to Santa Monica-Malibu are invited to participate in Teacher Academy, a three-day professional development and orientation to district wide curriculum and instructional initiatives. All eligible new teachers are encouraged to participate in BTSA. Teachers interested in applying for National Board Certification may participate in the process and can elect to be supported by teachers who have already achieved National Board Certification.

In addition, each year, at individual school sites, teachers and administrators review data, discuss options and select additional areas of focus for the staff as a whole as well as for departments and/or grade level teams as appropriate.

Professional Development Days

This table displays information on the annual number of school days dedicated to staff development for the most recent three-year period.
