Franklin Elementary

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2010-11)

This section provides information about the school, its programs and its goals.

District Vision:

As a community of learners, the Santa Monica-Malibu Unified School District works together in a nurturing environment to help students be visionary, versatile thinkers; resourceful, life-long learners; effective, multilingual communicators and global citizens. We are a richly varied community that values the contributions of all its members. We exist to prepare all students in their pursuit of academic achievement and personal health and to support and encourage them in their development of intellectual, artistic, technological, physical and social expression.

Franklin Mission Statement:

Franklin's Site Governance Council (SGC) adopted a school vision statement that has been approved by the faculty. The faculty and the SGC review the school vision statement each year. Franklin School is committed to providing students with exemplary instruction designed to educate the whole child so that he/she may become a productive member of the community. We guarantee for every child the right to learn, work, and play in a safe environment, and foster an appreciation for the value of diversity. We nurture intellectual curiosity, collaborative and critical thinking, and effective communication. Instruction is aimed at supporting each student's ability to achieve at the highest levels. We encourage all members of the community to contribute to the support of student learning and to act as collaborative partners in the education of our children. Students are guided in the exploration of their intellectual, artistic, technological skills, physical, social, and character development. Our rigorous, standards-based instructional program is geared toward enabling all students to meet the challenges of the future with confidence and compassion.

About Franklin:

Franklin Elementary School is located on Montana Avenue in Santa Monica. We are a public elementary school serving 775 students in Grades K-5th. Franklin also has 4 pre-school classes (2 general ed. and 2 special ed.). Our kindergarten through 3rd grade classes have 25-27 students each, and our 4th and 5th grade classes have an average of 30-32 students each. In addition to our regular education program, we offer classes for Special Education, O.T., English as a Second Language (ESL), Specialized Academic Instruction (SAI), and Speech. Special Services for students as interventions during SST process include social skills groups, as well as group and individual counseling. After school and during school reading intervention programs are provided for struggling readers. For students struggling in Math, an after-school math intervention program is offered as well. Gifted and Talented (GATE) or high achieving students are served within the regular classroom through differentiated instruction supplemented by an enriched fine arts and science program.

Franklin School maintains a staff of 32 credentialed teachers. This highly qualified group of educators also includes 15 instructional assistants, a nurse (.6 FTE), a school psychologist, speech pathologist, occupational therapist, eight noon activity leaders, a computer lab technician, and a physical education specialist with two assistants. Our classified staff includes office, a library specialist, a nurse's aide, and custodial and cafeteria workers. In addition we offer, in conjunction with the City of Santa Monica, a before and after-school child care program (CREST) and we also offer STAR Enrichment after-school classes.

Franklin School has an active PTA as well as an enthusiastic volunteer program. We have 100% teacher membership and over 900 PTA memberships. Parents support every aspect of our educational program and provide generous funding for many school wide enhancements. Our Site Governance Council meets regularly with a membership that includes 24 parents, teachers and support staff.

The Franklin PTA supports a variety of committees that parents volunteer to serve on. Several examples include our annual Halloween Carnival, Family Fun Nights, a Multicultural Fair, Science Club, Technology, Direct Investment, and School Climate Committees. The School Climate Committee is broad-based and focuses on values, safety, anti-bullying programs, educational game supervision, and community service. Our parents also volunteer in classrooms, the library, and assist with lunch supervision. Parents' active roles include a Parent Education group, serving as room parents, Kindergarten Round-up, new parent tours, the Franklin store, our annual Silent Auction, scrip sales, Gardening Angels, disaster preparation, partnering with the community on charitable fundraising efforts, Red Ribbon Week, and Lost and Found, just to name a few. Parents and the community are informed about all Franklin School events through the weekly newspaper, The Almanack, which is published by the PTA. Weekly e-mail informational email blasts, Blackboard connect, and our new electronic school marquee are all used to facilitate effective communication.

III. School Climate

School Safety Plan (School Year 2010-11)

This section provides information about the school's comprehensive safety plan.

Annual staff review of the school's safety plan was conducted on September 14, 2011. Daily supervision begins at 8:15 a.m., gates are locked by 8:40 a.m., and unlocked after 2:45 p.m. During the school day the only access to the campus is through the front door. All visitors are required to sign in, be buzzed through our security door, and wear a badge while on campus. Safety is a priority at Franklin, and for the past five years our school has been recognized by the National PTA and received their National Award for Safety, First Place or Honorable Mention. There is yard supervision at all recesses and lunch breaks. Yard supervisors wear bright colored orange vest for increased visibility by the students. Franklin implements the Olweus Bullying Prevention Program school-wide. During the school day the Physical Education assistants are on the playground. After-school the playground is supervised by the city's CREST program. During the school day there is no unauthorized access to the school campus. Franklin is the largest elementary school in SMMUSD. We have four preschool classes, 30 regular education classes and two special day classes. In addition we have two SAI classes, a speech program, school library clerk, a part-time ELL coach, four part-time physical education assistants, a part-time occupational therapist, a full-time school psychologist, three part-time counselors, a school nurse, and an assistant principal. Each of these individuals has a dedicated space for his or her program or services. We also have a teachers' lounge, a cafeteria (used as a cafeteria and an auditorium), a multipurpose room (a double open classroom) two computer labs, a coaches' office/ball box, a conference/parent room, a workroom, three childcare rooms, and shared space for an instrumental music program. We have a large and small primary yard dedicated for the Kindergarten/preschool children and a large playground with a grass field and running track for the students in grades 1-5.

IV. School Facilities

School Facility Conditions

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

Franklin School is a safe, clean and modern learning environment. Our school's facilities adequately support the largest number of elementary students and teaching staff in the District. Our technology is supported by computers in every classroom, and two computer labs. Every 1st-5th grade classroom is equipped with a Smart Board. Our Technology Committee receives funding from our dedicated PTA. We take pride in the cleanliness and appearance of our campus maintained by an outstanding custodial staff and the cooperative effort of the students. Franklin celebrated its 83rd birthday this year. The facility is well-maintained and is in well-functioning condition.

Planned Improvements (School Year 2011-2012)

The district continues to keep its Deferred Maintenance fund open, however flexibility provided by the State has allowed us to use balances in this fund to relieve the General Fund, due to shortages in State funding. This flexibility was used during the 2010-11 fiscal year and is expected to be used in 2011-12. The district did not transfer any of the fund balance back to the General Fund, but has not made new contributions in the past two years. The balances in the Deferred Maintenance fund are still being used on approved maintenance projects. The district is carefully deciding which projects to move forward, as we do not expect to contribute additional funds from the district or receive new state Deferred Maintenance any time soon.

School Facility Good Repair Status (School Year 2011-12)

Core Academic Classes Taught by No Child Left Behind Compliant Teachers (School Year 2010-11)

This table displays the percent of classes in core academic subjects taught by No Child Left Behind (NCLB) compliant and non-NCLB compliant teachers in the school, in all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. High poverty schools are defined as those schools with student participation of approximately 75 percent or more in the free and reduced price meals program. Low poverty schools are those with student participation of approximately 25 percent or less in the free and reduced price meals program. More information on teacher qualifications required under NCLB can be found on the CDE Improving Teacher and Principal Quality Web page at <http://www.cde.ca.gov/nclb/sr/tq/>.

VII. Curriculum and Instructional Materials

Quality, Currency, and Availability of Textbooks and Instructional Materials (School Year 2011-12)

Textbook Information

This section provides information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school, and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

All students at Franklin have access to state-approved and district adopted textbooks and instructional materials in all core academic areas. The district follows the state guidelines and cycles for textbook adoptions with new science materials purchased and implemented in the 2007-08 school year and new math materials in 2008-09. With the textbook adoption process frozen due to budget constraints at the state level, the district is currently in the process of refreshing the English Language Arts curriculum, using the existing texts. All students, including English Learners, have their own copy of textbooks, except in the case where "Big Books" are used for the entire classroom at the early primary level. Textbooks and instructional materials are recommended for Board approval through a comprehensive process by a district-wide committee of teachers and administrators. Members of the public are invited to review recommended materials and make comments prior to Board approval.

Types of Services Funded (Fiscal Year 2010-11)

This section provides information about the programs and supplemental services that are available at the school and funded through either categorical or other sources.

In addition to differentiation of instruction in the regular education classroom, Franklin has a supplemental GATE (Gifted and Talented pupils) enrichment program. Students identified as GATE are invited to participate in two 6 week enrichment classes. Math, Science, Technology, Fine Arts and Humanities are all represented in the enrichment class choices. Examples of classes GATE students have participated in the past include Lego Robotics, Forensic Science, Flash Animation, Movie Making Mysteries, Game Design, Shakespeare, Brain Blitzers, Egyptology, Public Speaking & Debate, Architectural Adventures, Rockets/ Robots/ Rovers; and Story to Screen. GATE students also have participated in GATE family nights as well as GATE field trips. This enrichment program is multi-funded by the state, Franklin PTA, and Tier III funds. Franklin offers a Lexia reading intervention program 2 days a week for 1st-5th grade students struggling with attaining proficiency in Reading. This intervention is funded by the Equity Funds in conjunction with PTA funds. For students needing assistance in Reading in grades 3-5, Franklin employs two part-time Reading Specialists that work with students twice a week. This is funded by the district. For students needing assistance in Math, Franklin offers a Success Maker Math intervention program 2 days a week for 1st-5th grade students. This is also funded by the Equity Fund in conjunction with PTA funds. Franklin employs a Science Specialist for 4th and 5th grade. The Specialists work with each one of our 4th and 5th grade classes for 12 weeks. They focus on hands-on experiments and explorations that further enhance their understanding and mastery of the State Science standards for 4th and 5th grade. This program is multi-funded by PTA and Tier III funds.

IX. Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The CSTs show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and ten through eleven. The CAPA includes ELA, mathematics, and science in grades two through eleven, and for science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CMA includes ELA and mathematics for grades three through eight and science in grade five and is an alternate assessment that is based on modified achievement standards. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations. Student scores are reported as performance levels. Detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, can be found on the CDE Standardized Testing and Reporting (STAR) Results Web site at <http://star.cde.ca.gov>

California Physical Fitness Test Results (School Year 2010-11)

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students meeting the healthy fitness zone on all six fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found at the Physical Fitness Testing Web page at <http://www.cde.ca.gov/ta/tg/pf/>. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web page <http://www.cde.ca.gov/ta/ac/ay/>.

AYP Overall and by Criteria (School Year 2010-11)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	Yes	No
Participation Rate - English-Language Arts	Yes	Yes
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	Yes	No
Percent Proficient - Mathematics	Yes	No
API	Yes	Yes
Graduation Rate	n/a	Yes

Federal Intervention Program (School Year 2011-12)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Indicator	School	District

All teachers and staff at school sites participate in ongoing professional development and curriculum and instructional improvement efforts through banked time, a total of 90 minutes of meeting and professional development time each week at each site.

Areas of district-wide focus for teacher and administrator professional development are determined by a needs assessment conducted by Educational Services. The needs assessment consisted of a review of summative and formative data from all school sites and the collection of input from teachers and administrators. Among the primary focus areas for professional development in the SMMUSD schools are the following:

- *Developing Instructional Leadership Teams and Professional Learning Communities through Lesson Link, Academic Conferences and Learning Walks
- *Literacy and Mathematics -- standards based curriculum and instructional delivery
- *Using data to improve classroom instruction
- *Culturally relevant and responsive pedagogy
- *Supporting students with special needs
- *Differentiated Instruction for all students, including English Learners
- *Technology integration

A variety of methodologies are used to provide professional development. It is a goal for the SMMUSD to provide coaching to teachers through a variety of mechanisms. Coaching and mentoring occur through several programs such as BTSA, National Boards, literacy and ELD coaching, teacher leadership, and such specialized programs as Cotsen Fellows and Mentors and Lesson Link. Additionally, professional development occurs through workshop series during banked time or after school opportunities. Teachers may also attend workshops or conferences that are relevant to their instructional focus. In addition, teachers have the opportunity to attend full-day professional development activities offered by our own staff or appropriately selected consultants. Franklin has two math coaches and five National Board Certified teachers.

Each August, all teachers new to Santa Monica-Malibu are invited to participate in Teacher Academy, a three-day professional development and orientation to district wide curriculum and instructional initiatives. All eligible new teachers are encouraged to participate in BTSA. Teachers interested in applying for National Board Certification may participate in the process and can elect to be supported by teachers who have already achieved National Board Certification. In addition, each year, at individual school sites, teachers and administrators review data, discuss options and select additional areas of focus for the staff as a whole as well as for departments and/or grade level teams as appropriate.

Professional Development Focus Areas at Franklin over the last few years:

2008-2009

- *Differentiation of Instruction
- *Mathematics and Cognitively Guided Instruction
- *Obtaining National Board Certification

2009-2012

Teachers choose a workshop based on individual needs. Choices are:

- *Beginning Writer's Workshop
- *Advanced Writer's Workshop
- *Reader's/Writer's Workshop combined
- *Technology use in the classroom (developing classroom websites, how to integrate the Smart board, Lexia Reading, Success Maker Math, Google Apps, imovie, iphoto, Garageband, Power Point etc.)
- *Pictorial Math/Cognitively Guided Instruction
- *Strategies for Students with Autism
- *Thinking Maps
