## Malibu High

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

## I. Data and Access

### DataQuest

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## School Description and Mission Statement (School Year 2010-11)

This section provides information about the school, its programs and its goals.

### District Vision:

As a community of learners, the Santa Monica-Malibu Unified School District works together in a nurturing environment to help students be visionary, versatile thinkers; resourceful, life-long learners; effective, multilingual communicators and global citizens. We are a richly varied community that values the contributions of all its members. We exist to prepare all students in their pursuit of academic achievement and personal health and to support and encourage them in their development of intellectual, artistic, technological, physical and social expression.

### About Malibu High:

Malibu High School is a grade 6 - 12 middle and high school. In 1996, Malibu High School celebrated the graduation of its first senior class. It is the top performing high school in the Santa Monica-Malibu Unified School District and is the only public high school in Malibu. Students excel academically, as athletes, in the arts and in serving their community. The Shark, symbol of Malibu High School, is a fitting image for a school that grew out the ceaseless determination, tenacity and concerted efforts of a dedicated parents and community members.

### Malibu High School Mission Statement:

Malibu High School strives to be a collaborative community that respects individuals, sets high expectations, encourages critical thinking, and fosters a passion for learning and creative expression.

### Malibu High School students will be academic achievers who:

- Meet or exceed California State Standards.
- Demonstrate critical thinking and problem solving skills.
- Communicate effectively.
- Implement technology responsibly and effectively.
- Read avidly for multiple purposes.

### Malibu High School students will be healthy individuals who:

- Develop physical and emotional well being.
- Plan for college and career by setting priorities and achievable goals.
- Explore a variety of activities including athletics, fine arts, and school-sponsored clubs.
- Practice behaviors that are necessary for success in life.
- Demonstrate honesty and integrity.

### Malibu High School students will be socially responsible citizens who:

- Show respect for self and appreciation of our diverse society.
- Learn through service to the community.
- Demonstrate environmental responsibility.
- Participate actively in the democratic process.
- Recognize their role in the local and global community.

## III. School Climate

### School Safety Plan (School Year 2010-11)

This section provides information about the school's comprehensive safety plan.

Malibu High School is committed to ensuring a safe school defined by a respectful learning environment, balanced with appropriate standards of behavior. We offer students and parents the opportunities to engage in many activities including athletic and school-sponsored events, during and outside the school day. As a primary gathering place for young people in Malibu, administrators and campus security supervise activities ensuring that students, guests, and community feel welcomed. Working with our parents and community partners we work to ensure that all who come to our school are safe. We review and update the Malibu High School Safety Plan annually. Throughout the year, we have safety and evacuation drills for fires, earthquakes and other emergencies including campus lock-downs. Our PTSA generously provides a comprehensive reserve of supplies in the event of a significant emergency that would require us to hold our students (and members of the community) for more than a 24-hour period. We also have a relationship with the City of Malibu and the local American Red Cross agency to assist us in the event of a significant community emergency. Malibu High School is committed to a safe environment that supports teaching and learning. Visitors to the campus enter through our Attendance Office entry and must check in with the Main Office. School security staff, administrative staff, support staff and parent volunteers (Parent Eyes) work together to ensure a safe and secure campus.

### Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

## IV. School Facilities

### School Facility Conditions

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

The Malibu High facilities support the needs of comprehensive academic, co- and extra-curricular programs. The facilities include general education classrooms, science labs, visual arts classrooms, photography classroom with dark room and computer lab, instrumental and vocal music rooms with practice rooms, two computer labs, library with computer lab, swimming pool, tennis courts, baseball field, softball field, football field, auditorium, a physical education gymnasium, a competitive gymnasium, outdoor amphitheater, and an all-weather track facility. Teachers have a faculty lounge with adjacent workroom used for producing instructional materials. Classrooms meet specific square footage guidelines and are equipped with whiteboards, classroom materials, audiovisual equipment, computers, laboratory equipment, and needed support materials. Teachers structure their classroom settings to meet their program needs. Classroom environments allow students to work individually, in small groups and in whole class settings. Physical education areas, athletic field space, and aquatic settings support physical education instruction, athletic competition and other instructional activities. The school library provides print materials, reference items, technology for student use, and space for students to engage in individual and group work. We make every effort to keep our campus clean and graffiti-free; we strive to have an environment that is conducive to student learning. Our facility is well maintained and is in well-functioning condition.

## Planned Improvements (School Year 2011-2012)

The construction contract for the Fire Alarm Project was awarded to Moment Construction and began in mid July. The work includes installing an upgraded fire alarm system throughout the campus and demolishing the existing system once the upgrade has been completed. The project is approximately 50% complete.

The construction contract for the Soil Remediation Project was awarded to Innovative Construction Solutions. The work involved completely removing all contaminated soil throughout the site and replacing it with clean soil. The work took place during the Summer Break and was completed with great success in late August.

The district continues to keep its Deferred Maintenance fund open, however flexibility provided by the State has allowed us to use balances in this fund to relieve the General Fund, due to shortages in State funding. This flexibility was used during the 2010-11 fiscal year and is expected to be used in 2011-12. The district did not transfer any of the fund balance back to the General Fund, but has not made new contributions in the past two years. The balances in the Deferred Maintenance fund are still being used on approved maintenance projects. The district is carefully deciding which projects to move forward, as we do not expect to contribute additional funds from the district or receive new state Deferred Maintenance any time soon.

## School Facility Good Repair Status (School Year 2011-12)

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

## VII. Curriculum and Instructional Materials

### Quality, Currency, and Availability of Textbooks and Instructional Materials (School Year 2011-12)

#### Textbook Information

This section provides information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school, and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

All students at Malibu High have access to state-approved and district adopted textbooks and instructional materials in all core academic areas. The district follows the state's K - 8 guidelines and cycles for textbook adoptions with new mathematics materials purchased and implemented in the 2008-2009 school year and new English Language Arts for grades 6 - 8 adopted and implemented in the 2009-10 school year. In addition, a new math curriculum for the 8th grade Essentials for Algebra course was adopted in 2011-12. All students, including English Learners, have their own copy of textbooks. K - 8 Textbooks and instructional materials are recommended for Board approval through a comprehensive process by a district-wide committee of teachers and administrators. Texts and instructional materials for grades 9 - 12 are reviewed by a school site committee and submitted for review and approval by the School Board. Members of the public are invited to review recommended materials and make comments prior to Board approval.

### Types of Services Funded (Fiscal Year 2010-11)

This section provides information about the programs and supplemental services that are available at the school and funded through either categorical or other sources.

Malibu High School utilizes categorical and local funding to support teaching and learning. Programs include After School Library, Drop-In Tutoring, Council Program, Success through Awareness & Resistance, Family Services of Santa Monica Counseling, teacher professional development, teacher release time and Bilingual Family Counseling. Malibu High School routinely serves as an intern site for graduate students pursuing pupil services and school psychologist credentials. Categorical funding also is used to purchase curriculum, supplies and materials used to support teaching and learning.

## IX. Student Performance

### Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The CSTs show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and ten through eleven. The CAPA includes ELA, mathematics, and science in grades two through eleven, and for science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CMA includes ELA and mathematics for grades three through eight and science in grade five and is an alternate assessment that is based on modified achievement standards. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations. Student scores are reported as performance levels. Detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, can be found on the CDE Standardized Testing and Reporting (STAR) Results Web site at <http://star.cde.ca.gov>.

## California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade 10 results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics in order to compute Adequate Yearly Progress (AYP) designations as required by the federal NCLB Act of 2001. Detailed information regarding CAHSEE results can be found at the CAHSEE Web site at <http://cahsee.cde.ca.gov>. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

## California Physical Fitness Test Results (School Year 2010-11)

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students meeting the healthy fitness zone on all six fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found at the Physical Fitness Testing Web page at <http://www.cde.ca.gov/ta/tg/pf/>. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5			
7	13.10%	32.70%	36.60%
9	10.90%	24.40%	47.40%

## X. Accountability

### Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

### API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2008	2009	2010
Statewide	9	9	9
Similar Schools	2	1	1

## Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web page <http://www.cde.ca.gov/ta/ac/ay/>.

## AYP Overall and by Criteria (School Year 2010-11)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
<b>Overall</b>	Yes	No
<b>Participation Rate - English-Language Arts</b>	Yes	Yes
<b>Participation Rate - Mathematics</b>	Yes	Yes
<b>Percent Proficient - English-Language Arts</b>	Yes	No
<b>Percent Proficient - Mathematics</b>	Yes	No
<b>API</b>	Yes	Yes
<b>Graduation Rate</b>	Yes	Yes

## Federal Intervention Program (School Year 2011-12)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

## XI. School Completion and Postsecondary Preparation

### Admission Requirements for California Public Universities

#### University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements please visit the University of California Web site at <http://www.universityofcalifornia.edu/admissions/general.html>.

#### California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the California State University Web page at <http://www.calstate.edu/SAS/admreq.shtml>.

### Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period for which data is available. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found on the DataQuest Web page at <http://dq.cde.ca.gov/dataquest/>.

## XII. Instructional Planning and Scheduling

### Professional Development

This section provides information on how teachers and staff are trained for instructional improvement.

All teachers and staff in SMMUSD participate in ongoing professional development through banked time, a total of 90 minutes of meeting and professional development time each week at each site. Areas of district-wide focus for teacher and administrator professional development include implementation of curriculum guides and other areas that are determined by a review of summative and formative data from all school sites and the collection of input from teachers and administrators. Among the primary focus areas for professional development in SMMUSD are the following:

- \*Developing Instructional Leadership Teams and Professional Learning Communities through Lesson Link, Academic Conferences and Learning Walks
- \*Literacy and Mathematics – standards-based curriculum and instructional delivery
- \*Using data to improve classroom instruction
- \*Culturally relevant and responsive pedagogy
- \*Supporting students with special needs
- \*Differentiated instruction for all students, including English learners
- \*Technology integration

A variety of methodologies is used to provide professional development, including coaching and mentoring. SMMUSD provides coaching through several programs such as BTSA, National Boards, literacy and ELD coaching, Instructional Leadership Teams, and such specialized programs as Cotsen Fellows and EETT Mentor/Coaches. Additionally, professional development occurs through workshop series during banked time and/or after school opportunities.

Each August, all teachers new to Santa Monica-Malibu are invited to participate in Teacher Academy, a professional development and orientation to district wide curriculum and instructional initiatives. All eligible new teachers are encouraged to participate in BTSA. Teachers interested in applying for National Board Certification may participate in the process and can elect to be supported by teachers who have already achieved National Board Certification.

Malibu High School's professional development activities are both schoolwide and departmentally based. Focus areas includes:

- \*To increase student achievement in mathematics by engaging department members in a self-study process of assessment norming and academic conferencing.
- \*To strengthen support and services to middle school students and families by examining and utilizing the findings from our middle school survey.
- \*To strengthen discipline-specific literacy by engaging high school teachers in multi-disciplinary learning teams in a study of reading and vocabulary development strategies.
- \*To strengthen teaching of higher-order thinking and critical thinking by engaging high school teachers in a study of thinking strategies.
