Olympic High (Continuation)

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2010-11)

This section provides information about the school, its programs and its goals.

DISTRICT VISION:

As a community of learners, the Santa Monica-Malibu Unified School District works together in a nurturing environment to help students be visionary, versatile thinkers; resourceful, life-long learners; effective, multilingual communicators and global citizens. We are a richly varied community that values the contributions of all its members. We exist to prepare all students in their pursuit of academic achievement and personal health and to support and encourage them in their development of intellectual, artistic, technological, physical and social expression.

ABOUT OLYMPIC:

Olympic High School opened in 1966 as the continuation school for the Santa Monica Malibu Unified School District (SMMUSD) and was awarded a full six-year term of WASC accreditation in June of 2010. In January 2011, the school was awarded Model Continuation High School status by the California Department of Education.

Olympic provides a small school environment for students who are behind in academic credits. Students are provided individualized educational programs with a strong emphasis on curriculum, intensive guidance, and counseling. Olympic High is unique among the state's continuation high schools in providing an array of elective course offerings designed to engage students in a program area of interest; in recognition of this effort it has received an Exemplary Program Award from the California Continuation Education Association.

Opportunities for Parental Involvement (School Year 2010-11)

This section provides information about opportunities for parents to become involved with school activities.

Contact Person Name: Flory Vila

Contact Person Phone Number: (310) 392-2494 X66214

Parents are frequently on campus to visit and confer about student progress. We invite active participation in the Site Governance Council and in any area in which a parent would like to volunteer. Parent meetings are held once a month focused on topics of interest requested by parents. All meetings are conducted in both Spanish and English to assist parents in support of their students.

Student Enrollment by Grade Level (School Year 2010-11)

III. School Climate

School Safety Plan (School Year 2010-11)

This section provides information about the school's comprehensive safety plan.

Our campus is home to Olympic High School, the Off Campus Learning Center, the Independent Study Program, the Adult Education Program, and the Pine Street Preschool. The School Safety Plan for these programs is included in an overall Site Plan, which identifies Crisis and Disaster Team members and steps to be followed in the event of a crisis and/or disaster. The Team has practiced movement and communication for campus sweeps, management of a control center, reunion locations, site security, first aid, and general emergency procedures. The strategies to be employed in the event of a lock down, earthquake, fire, or the presence of an unknown intruder are all covered in our Safety Plan. However, the absence of a public address system does hinder the process. The campus is well managed and supervised by staff and security making it safe for students before, during, and after school. Visitors must sign-in and/or show ID.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

IV. School Facilities

School Facility Conditions

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

Remodeling has occurred to improve the electrical, heating and alarm systems of the entire site. Handicapped access has been brought up to code. All classrooms and workspaces are equipped with telephone and data lines. All classrooms also have multiple computers for student learning with internet access connected to our server. Custodial service is provided from 6:00 am to 7:30 pm to insure that school facilities are maintained as programs operate from 8:15 am to 9:00 pm. The administrator and security personnel routinely inspect school grounds. Potential problems or hazards are reported to the district maintenance department for repair. Olympic celebrated its 45th birthday this year. The facility is well maintained. We are proud that our school district takes great efforts to ensure that our school is clean, safe, and functional.

Planned Improvements (School Year 2011-2012)

The district continues to keep its Deferred Maintenance fund open, however flexibility provided by the State has allowed us to use balances in this fund to relieve the General Fund, due to shortages in State funding. This flexibility was used during the 2010-11 fiscal year and is expected to be used in 2011-12. The district did not transfer any of the fund balance back to the General Fund, but has not made new contributions in the past two years. The balances in the Deferred Maintenance fund are still being used on approved maintenance projects. The district is carefully deciding which projects to move forward, as we do not expect to contribute additional funds from the district or receive new state Deferred Maintenance any time soon.

Core Academic Classes Taught by No Child Left Behind Compliant Teachers (School Year 2010-11)

This table displays the percent of classes in core academic subjects taught by No Child Left Behind (NCLB) compliant and non-NCLB compliant teachers in the school, in all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. High poverty schools are defined as those schools with student participation of approximately 75 percent or more in the free and reduced price meals program. Low poverty schools are those with student participation of approximately 25 percent or less in the free and reduced price meals program. More information on teacher qualifications required under NCLB can be found on the CDE Improving Teacher and Principal Quality Web page at <http://www.cde.ca.gov/nclb/sr/tq/>.

VI. Support Staff

Academic Counselors and Other Support Staff (School Year 2010-11)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Title	Number of FTE Assigned to School	Average Number of Students per Academic Counselor
Academic Counselor	1.00	130
Counselor (Social/Behavioral or Career Development)	0.00	--

VII. Curriculum and Instructional Materials

Quality, Currency, and Availability of Textbooks and Instructional Materials (School Year 2011-12)

Textbook Information

This section provides information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school, and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

All students at Olympic High have access to district adopted textbooks and instructional materials in all core academic areas. All students, including English Learners, have their own copy of textbooks. Texts and alternative instructional materials for Olympic students are carefully mapped to standards and designed to meet the needs of continuation students. The materials are reviewed by a school site committee and submitted for review and approval by the School Board. Members of the public are invited to review recommended materials and make comments prior to Board approval.

IX. Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The CSTs show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and ten through eleven. The CAPA includes ELA, mathematics, and science in grades two through eleven, and for science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CMA includes ELA and mathematics for grades three through eight and science in grade five and is an alternate assessment that is based on modified achievement standards. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations. Student scores are reported as performance levels. Detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, can be found on the CDE Standardized Testing and Reporting (STAR) Results Web site at <http://star.cde.ca.gov>

California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade 10 results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics in order to compute Adequate Yearly Progress (AYP) designations as required by the federal NCLB Act of 2001. Detailed information regarding CAHSEE results can be found at the CAHSEE Web site at <http://cahsee.cde.ca.gov>. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

California Physical Fitness Test Results (School Year 2010-11)

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students meeting the healthy fitness zone on all six fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found at the Physical Fitness Testing Web page at <http://www.cde.ca.gov/ta/tg/pf/>. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2008	2009	2010
Statewide	--	B	B
Similar Schools	--	B	B

B means the school did not have a valid Base API and will not have any growth or target information.

Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web page <http://www.cde.ca.gov/ta/ac/ay/>.

AYP Overall and by Criteria (School Year 2010-11)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	Yes	No
Participation Rate - English-Language Arts	Yes	Yes
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	Yes	No
Percent Proficient - Mathematics	Yes	No
API	n/a	Yes
Graduation Rate	Yes	Yes

Federal Intervention Program (School Year 2011-12)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Indicator	School	District

XI. School Completion and Postsecondary Preparation

Admission Requirements for California Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements please visit the University of California Web site at <http://www.universityofcalifornia.edu/admissions/general.html>.

California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the California State University Web page at <http://www.calstate.edu/SAS/admreq.shtml>.

Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period for which data is available. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found on the DataQuest Web page at <http://dq.cde.ca.gov/dataquest/>.

XII. Instructional Planning and Scheduling

Professional Development

This section provides information on how teachers and staff are trained for instructional improvement.

All teachers and staff in SMMUSD participate in ongoing professional development through banked time, a total of 90 minutes of meeting and professional development time each week at each site. Areas of district-wide focus for teacher and administrator professional development include implementation of curriculum guides and other areas that are determined by a review of summative and formative data from all school sites and the collection of input from teachers and administrators. Among the primary focus areas for professional development in SMMUSD are the following:

- *Developing Instructional Leadership Teams and Professional Learning Communities through Lesson Link, Academic Conferences and Learning Walks
- *Literacy and Mathematics – standards-based curriculum and instructional delivery
- *Using data to improve classroom instruction
- *Culturally relevant and responsive pedagogy
- *Supporting students with special needs
- *Differentiated instruction for all students, including English learners
- *Technology integration

A variety of methodologies are used to provide professional development, including coaching and mentoring. SMMUSD provides coaching through several programs such as BTSA, National Boards, literacy and ELD coaching, Instructional Leadership Teams, and such specialized programs as Cotsen Fellows and EETT Mentor/Coaches. Additionally, professional development occurs through workshop series during banked time and/or after school opportunities.

Each August, all teachers new to Santa Monica-Malibu are invited to participate in Teacher Academy, a professional development and orientation to district wide curriculum and instructional initiatives. All eligible new teachers are encouraged to participate in BTSA. Teachers interested in applying for National Board Certification may participate in the process and can elect to be supported by teachers who have already achieved National Board Certification.

At Olympic, professional development topics have included Fullan's capacity building, special education, APEX Learning, NEFE High School Financial Planning Program, Dealing with Trauma, WASC preparation, and Sexual Harassment. The staff will engage in ongoing trainings this year focused on vocabulary building and writing skill enhancement for students.

Professional Development Days

This table displays information on the annual number of school days dedicated to staff development for the most recent three-year period.
