

GETTING ITEM ANALYSIS and STUDENT PERFORMANCE ON CALIFORNIA CONTENT STANDARDS: A Step-by-Step Guide

TO SEE HOW YOUR STUDENTS DID ON SUBTESTS AND California Content STANDARDS:

1. From the SMMUSD website, click on **DataDirector**.
2. Log on to *DataDirector* with your Username and Password (same as the one used for completing report cards).
3. Click **EXAMS** at the top of *DataDirector*.
4. Scroll down to find your desired exam—(e.g., 1st grade teachers look for the 1st grade exam). **Click** on it.
 - a. The name of the exam will be in this format: ****2006-2007 Math Formative Midyear Gr. 1 Exam (Jan 2007)**
5. About the middle of the page, under **Reports**, click on the **Classroom Performance Summary Report**. This is similar to the Excel spreadsheets (ketchup and mustard sheets) that you used to get in hard copy (see below).
6. All of your student data will be displayed. First, the report lists how each student did on each California Standard that was tested. **Scroll over to the right** and you will find the **Subtest** (Cluster) information you are used to seeing on the ketchup and mustard sheets.

TO SEE **ITEM ANALYSIS** FOR YOUR STUDENTS:

1. If you want to see **ITEM ANALYSIS** for your class, click on **Classroom Exam Report (Response Matrix)**.
2. You will see the Answer Key on the top row, and **how each student responded to each question** on the entire test.
3. At the bottom of each column, there will be a percentage. That is the percent of your class that got that particular question correct. This is a great way to spot which questions were of particular difficulty to your class.

WANT THE **BIG PICTURE** FOR YOUR CLASS?

Click on **Classroom Exam Report**. This will show you the **class overview** in terms of proficiency and how your class did as a whole for each Standard.

If you click on any of the **Student Exam Responses** buttons, you will get information on just one student at a time.

WANT TO PRINT OUT THIS INFORMATION?

Click on the PDF icon and wait for the image to come up. Then print as you normally would.

WANT TO MOVE THE DATA TO EXCEL?

Click on the Excel icon and save the data with a new name. Then go to Excel and open the file you saved.

ARE YOU STUCK?
