3. What part of the Lesson LinkSM cycle was **less valuable** for your participants?
4. **Why** was this part of the cycle not as valuable for them?
5. How do you think the Lesson LinkSM cycle could be **improved** in the next round?
6. What were the factors that **contributed to the success** of your Lesson LinkSM team?

7. What would have helped your Lesson LinkSM team to **function more effectively**?

8. What **dilemmas arose** for you in your role of facilitator?

9. What would you **do differently as a facilitator** in the next Lesson LinkSM cycle?

10. What additional support or training would you need to make the next Lesson LinkSM cycle more effective?
