Report on the Schedule of Revenues and Expenditures

We have audited the accompanying Measure "R" Schedule of Revenues and Expenditures of Santa Monica-Malibu Unified School District for the year ended June 30, 2013, and the related notes to the schedule.

Management's Responsibility for the Schedule of Revenues and Expenditures

Management is responsible for the preparation and fair presentation of the schedule of revenues and expenditures in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of schedules that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the schedule of revenues and expenditures based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedule of revenues and expenditures is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts in the schedule of revenues and expenditures. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the schedule of revenues and expenditures, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the schedule of revenues and expenditures in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedule of revenues and expenditures. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedule is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts in the schedule. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the schedule. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the schedule presents only the revenues and expenditures specific to the Santa Monica-Malibu Unified School District's Quality Education Funding Renewal Measure, as approved by the voters on February 5, 2008, and is not intended to present fairly the financial position and results of operations of the Santa Monica-Malibu Unified School District in conformity with generally accepted accounting principles.

Opinion

In our opinion, the schedule of revenues and expenditures referred to above present fairly, in all material respects, the respective financial information of Santa Monica-Malibu Unified School District's Quality Education Funding Renewal Measure "R" for the year ended June 30, 2013 in accordance with accounting principles generally accepted in the United States of America.
