

Please contact your child's doctor or call your local pharmacy.

If you do not have health insurance or your health insurance does not cover immunizations, you may receive VFC vaccines at federally qualified health centers or local health department clinics. Children enrolled in the Healthy Families program (California's Children's Health Insurance Plan) are not VFC-eligible.

Póngase en contacto con el médico de su hijo o llame a su farmacia local.

Si usted no tiene seguro de salud o su seguro médico no cubre las vacunas, puede recibir las vacunas por el gobierno federal de VFC en los centros de salud calificados o las clínicas locales del departamento de salud. Los niños inscritos en el programa Healthy Families (para niños de California Health Insurance Plan) no son elegibles para VFC.
