

*Career Directions for Students in
Architecture, Construction and Engineering*

ACE Mentor Program Application and Expectations for Participation

The ACE Mentor Program is a voluntary program offering students opportunities to experience the Architecture, Construction and Engineering industry first hand. The program is operated on the efforts and money donated by industry professionals interested in the future of our industry and our young adults. The following is a list of expectations the ACE program has of its student participants:

- Students are expected to attend most, if not all, meetings of their group. We look for timely attendance of at least 75% of the meetings and events as evidence of your interest in the program. We request you contact your faculty sponsors or industry mentors in advance if you must be late or miss a meeting.
- Students are expected to exhibit maturity in dress, language and behavior during all ACE meetings and events. We want you to have fun while participating, just as we do at our work places; however it must be appropriate and respectful to the circumstances.
- Students are expected to follow all safety rules while on construction sites. All persons will be required to wear hard-soled shoes (no sneakers or open-toes), safety glasses (or your own prescription glasses), and a hard hat (*safety glasses and a hard hat will be provided for you*), whenever you are on the job sites.
- Students are expected to actively participate in the program. Asking questions, discussing points of interest, cooperating with group activities, etc. are all evidence of your participation.

Your mentors and Santa Monica HS faculty sponsors are excited to be able to offer you this opportunity. Because we have limited space, we want to accept those who will benefit the most from the program. Please review the attached calendar and the above expectations before you submit your application. If you feel you can meet these expectations, please apply! You will experience our industry from the inside!

Whatever you decide, we wish you the best of luck with your future.

Sincerely,

Your Santa Monica High School ACE Mentors

After you have read through and completely filled out the attached application and health form, please return to Mrs. Hinojosa, or place in her mail box.

Deadline to return applications is Wednesday, October 21st
