

SAMOHI PTSA MINI GRANT EVALUATION FORM

Dear Grant Recipients,

Please write a brief 1-2 page evaluation of your grant. The Samohi PTSA would like to know the effects of its grants on individuals and the larger school community. The PTSA will use the evaluations to help determine other grants in the future. We hope the process of writing this evaluation will clarify your thinking about the benefits of your grant. Please use the answers to the following questions in your evaluation where applicable.

1. State the title of your grant. Briefly review your grant.
2. Compare your original goals to your actual outcomes. Which goals were met and which were not met and why?
3. What impact did this grant have on the individuals and/or school community? How did it make a difference?
4. Describe plans for any follow-up. Will this program continue? How will it be supported? Would you recommend other students and/or teachers start this program or purchase this material?
5. Were there any unintended benefits that resulted from this grant?
6. Why do you believe that this was a worthwhile grant?

Please return your evaluation to:

Thank you for your cooperation. These evaluations will help the Samohi PTSA become more effective in choosing which grants to support in the future. We hope you found your experiences to be valuable.
