

# School Accountability Report Card

Reported for School Year 2008-09

Published During 2009-10

## Webster Elementary

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

## I. Data and Access

### DataQuest

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## II. About This School

### Contact Information (School Year 2009-10)

This section provides the school's contact information.

## School Description and Mission Statement (School Year 2008-09)

This section provides information about the school, its programs and its goals.

At Webster School, staff, parents, and community members work together to create a joyous and caring learning environment in which all students are supported, challenged, and successful. Webster students master California State standards, develop higher level thinking skills, and connect their learning to the real world in all areas of academic study, the arts, technology, and character development.

Webster Elementary School in Malibu is a kindergarten-5th grade school serving 400 students. The students are approximately 85% White, 6% Asian, 1% African American, and 8% Hispanic. There are 18 regular education classrooms as well as instructors for Special Education students and English Language Learners. The program for students identified as Gifted and Talented (GATE) begins in 4th grade and includes about 40 students. Webster serves a predominantly middle to upper middle class community and enjoys a high level of parent involvement and community support.

Webster is distinguished by a highly professional staff of talented, creative teachers, tremendous parent involvement and support, and a highly supportive community in which our school enjoys a very positive reputation. Our students' test scores rank in the top 10% in California, with an API of 941. Children experience an exciting, stimulating curriculum that begins with high academic expectations. Webster students learn to connect their school experiences to the real world through field trips, community service projects, and guest speakers. Regular art, music, gardening, and technology lessons enrich every child's education. Character education is woven throughout the instructional program. Most important, every child is welcomed into our classrooms and valued for his/her unique gifts. Our students will tell you that school and learning are fun and that they know that the adults at Webster truly care about them.

## Opportunities for Parental Involvement (School Year 2008-09)

This section provides information about opportunities for parents to become involved with school activities.

**Contact Person Name:** Holly Kinyon

**Contact Person Phone Number:** (310) 456-6494 X313

Parents are deeply involved in every aspect of Webster School's effort to provide a rich educational experience for every student. Parents raise significant sums of money to fund such programs as classroom instructional aides, vocal music, art, gardening, technology, and field trips. Well over 100 parents work every week as volunteer classroom assistants. Parents and community members contribute their talents, knowledge, and experience as classroom speakers. Parents organize and participate with their children in a variety of community service learning projects. Parents help to supervise the playground and direct traffic. All of these activities and many others are coordinated through the Webster PTA.

## Student Enrollment by Grade Level (School Year 2008-09)

This table displays the number of students enrolled in each grade level at the school.

Grade Level	Number of Students	Grade Level	Number of Students
Kindergarten	59	Grade 8	0
Grade 1	67	Ungraded Elementary	0
Grade 2	55	Grade 9	0
Grade 3	73	Grade 10	0
Grade 4	62	Grade 11	0
Grade 5	87	Grade 12	0
Grade 6	0	Ungraded Secondary	0
Grade 7	0	<b>Total Enrollment</b>	403

## Student Enrollment by Group (School Year 2008-09)

This table displays the percent of students enrolled at the school who are identified as being in a particular group.

Group	Percent of Total Enrollment	Group	Percent of Total Enrollment
African American	0.74%	White (not Hispanic)	82.88%
American Indian or Alaska Native	0.25%	Multiple or No Response	1.24%
Asian	5.46%	Socioeconomically Disadvantaged	6.00%
Filipino	0.00%	English Learners	6.00%
Hispanic or Latino	8.19%	Students with Disabilities	9.00%
Pacific Islander	1.24%	n/a	--

## III. School Climate

### School Safety Plan (School Year 2008-09)

This section provides information about the school's comprehensive safety plan.

Annual staff review of the school's safety plan was conducted in September, 2008. Students are supervised by school staff at all times while on the Webster campus. School grounds are open thirty minutes before school begins. Traffic, parking, and drop-off procedures have been developed in consultation with local law enforcement and the Webster PTA. Parent volunteers direct traffic and assist students as they are dropped off by parents. During the school day, all recesses are supervised by teachers and other school staff. Parents and guardians must sign students out of the office if they are picking them up during the school day. Physical education teachers, office staff, and teachers receive training in various areas related to student safety, including First Aid and CPR. After school, all students are required to be enrolled in supervised programs if they remain at school, such as child care, homework club, and school-sponsored enrichment classes. During the school day there is no unauthorized access to the school campus. All visitors must enter through the main office, sign in, and get a visitor's badge to be worn while on campus. Students are only released to parents or their designees.

### Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District		
	2006-07	2007-08	2008-09	2006-07	2007-08	2008-09
Suspensions	0.0	0.8	0.0	2.9	5.3	4.4
Expulsions	0.0	0.0	0.0	0.1	0.1	0.1

Date School Safety Plan last reviewed: September, 2009

## IV. School Facilities

### School Facility Conditions

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

Webster school was built in 1949. Two major reconstruction projects in the past 17 years have resulted in all new plumbing, heating, electrical, and roofing systems. Major improvements in seismic safety and accessibility are in place. All classrooms, the office, and the library are connected to the internet through a high speed internet connection. A new library and computer lab were completed in 2001. The playground includes two grass play fields and a recently constructed play structure. Students are regularly expected to assist school and District staff in keeping the grounds free of litter. Gardens and murals make the campus an especially beautiful and welcoming learning environment. The physical plant is well-maintained and is in well-functioning condition.

Each of our 18 classroom teachers has a dedicated classroom. All 3rd, 4th, and 5th grade classrooms have an interactive SmartBoard for the teacher and students to use. Our new library is beautiful and spacious. Our computer lab provides 25 iMac desktop computers, all on line. There is a classroom provided for our after school child care program so no regular classrooms have to be shared for this purpose. There are many outside garden areas and patios regularly used for small group activities and special projects and events. Our cafeteria/auditorium was recently remodeled with a new stage curtain, sound system, and lighting.

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. For the 2008-09 school year, the district budgeted \$500,000 for the deferred maintenance program. This represents 0.4 percent of the district's general fund budget. Needed maintenance includes routine roof maintenance to keep warranties in effect, and deferred maintenance projects include flooring replacement, interior and exterior painting, and some light asphalt repairs. We are proud that our school district makes the necessary efforts to ensure that our school is clean, safe, and functional. There are no emergency needs as defined by the Office of Public School Construction.

### Planned Improvements (School Year 2009-2010)

Proposition BB is a reconstruction bond passed by the voters in our school district. These funds will be used at Webster for the following:

1. Significantly upgrade the technology infrastructure throughout the school, including the installation of a high-speed internet connection for all computers throughout the site.
2. Design and build a formal parking lot on an existing dirt lot at the south end of the campus, adjacent to Civic Center Way. This will greatly improve traffic and parking and create a much safer environment.
3. Redesign the parking and drop-off areas at the front of the school to improve traffic and accessibility, including the construction of a safe pedestrian sidewalk on Winter Canyon Road.
4. Improve security and safety by redesigning and constructing new perimeter fences and barricades that are architecturally consistent with the existing design of the school.

## V. Teachers

### Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence. Detailed information about teacher qualifications can be found on the DataQuest Web page at <http://dq.cde.ca.gov/dataquest/>.

Teachers	School			District
	2006-07	2007-08	2008-09	2008-09
<b>With Full Credential</b>	21	20	20	568
<b>Without Full Credential</b>	0	0	0	14
<b>Teaching Outside Subject Area of Competence</b>	0	0	0	n/a

### Teacher Misassignments and Vacant Teacher Positions

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester). Note: Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Indicator	2007-08	2008-09	2009-10
<b>Misassignments of Teachers of English Learners</b>	4	2	0
<b>Vacant Teacher Positions</b>	0	0	0
<b>Total Teacher Misassignments</b>	4	2	0

### Core Academic Classes Taught by No Child Left Behind Compliant Teachers (School Year 2008-09)

This table displays the percent of classes in core academic subjects taught by No Child Left Behind (NCLB) compliant and non-NCLB compliant teachers in the school, in all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. High poverty schools are defined as those schools with student participation of approximately 75 percent or more in the free and reduced price meals program. Low poverty schools are those with student participation of approximately 25 percent or less in the free and reduced price meals program. More information on teacher qualifications required under NCLB can be found on the CDE Improving Teacher and Principal Quality Web page at <http://www.cde.ca.gov/nclb/sr/tq/>.

Location of Classes	Percent of Classes In Core Academic Subjects	
	Taught by NCLB Compliant Teachers	Taught by Non-NCLB Compliant Teachers
<b>This School</b>	100.0%	0.0%
<b>All Schools in District</b>	90.3%	9.7%
<b>High-Poverty Schools in District</b>	--	--
<b>Low-Poverty Schools in District</b>	89.6%	10.4%

## VI. Support Staff

### Academic Counselors and Other Support Staff (School Year 2008-09)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Title	Number of FTE Assigned to School	Average Number of Students per Academic Counselor
Academic Counselor	--	--
Library Media Teacher (Librarian)	--	--
Library Media Services Staff (paraprofessional)	1.0	--
Psychologist	0.3	--
Social Worker	--	--
Nurse	0.6	--
Speech/Language/Hearing Specialist	0.3	--
Resource Specialist (non-teaching)	0.8	--
Other	--	--

## VII. Curriculum and Instructional Materials

### Quality, Currency, and Availability of Textbooks and Instructional Materials (School Year 2009-10)

#### Textbook Information

This section provides information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school, and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

All students at Webster have access to state-approved and district adopted textbooks and instructional materials in all core academic areas. The district follows the state guidelines and cycles for textbook adoptions with new science materials purchased and implemented in the 2007-08 school year and new math texts in 2008-09. The district is currently in the process of adopting new English Language Arts materials for implementation in the 2010-11 school year. All students, including English Learners, have their own copy of textbooks, except in the case where "Big Books" are used for the entire classroom at the early primary level. Textbooks and instructional materials are recommended for Board approval through a comprehensive process by a district-wide committee of teachers and administrators. Members of the public are invited to review recommended materials and make comments prior to Board approval.

# School Accountability Report Card

Reported for School Year 2008-09

Published During 2009-10

This section provides information if any insufficiency exists, and the reason that each pupil does not have sufficient textbooks or instructional materials.

## Textbook Availability

Textbooks and instructional materials used in the district in the core subject areas of English-Language Arts, Mathematics, Science, and History-Social Science

Subject Area	Textbook Title and/or Publisher	Year of Adoption
English-Language Arts	Houghton Mifflin Reading	2003
History-Social Science	California Reflections/Harcourt	2006
Mathematics	enVision Math/Scott Foresman	2008
Science	Harcourt Science	2007

## Percent of Pupils Who Lack Their Own Assigned Textbooks and Instructional Materials

This table displays information about the percent of pupils who lack their own assigned textbooks and instructional materials

Core Curriculum Area	Percent of Pupils Who Lack Their Own Assigned Textbooks and Instructional Materials
Reading/Language Arts	0%
Mathematics	0%
Science	0%
History-Social Science	0%
Foreign Language	0%
Health	0%
Visual and Performing Arts	0%

## VIII. School Finances

### Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2007-08)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures can be found at the Current Expense of Education Web page at <http://www.cde.ca.gov/ds/fd/ec/> and teacher salaries can be found on the Certificated Salaries and Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Subject Area	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental)	Expenditures Per Pupil (Basic)	Average Teacher Salary
School	\$6,149.05	\$1,165.12	\$4,938.93	\$69,455.00
District	n/a	n/a	\$6,650.05	\$67,842.00
Percent Difference – School Site and District	--	--	34.6%	2.3%
State	n/a	n/a	\$5,512.00	\$65,905.00
Percent Difference – School Site and State	--	--	11.6%	5.1%

### Types of Services Funded (Fiscal Year 2008-09)

This section provides information about the programs and supplemental services that are available at the school and funded through either categorical or other sources.

Webster allocates the majority of the School and Library Improvement categorical funds it receives from the State of California to provide special reading teachers to support struggling students in grades 1st-5th. Webster's share of the Equity Fund is also used for this purpose. A portion of School and Library Improvement funding is used to provide staff development and to purchase books for the library. GATE funds are used to provide classroom instructional materials to support differentiated instruction in 4th and 5th grade classrooms. GATE funds also make it possible for Webster to offer a Math Club, the Jr. Great Books program, and advanced technology classes for identified 4th and 5th grade students. The Webster PTA provides instructional aides for every teacher, supplemental funding for classroom instructional materials, field trips, arts assemblies, and programs in the areas of art, music, gardening, and technology.

## Teacher and Administrative Salaries (Fiscal Year 2007-08)

This table displays district salaries for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found on the Certificated Salaries and Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Range	District	State Average For Districts In Same Category
<b>Beginning Teacher Salary</b>	\$44,341.00	\$40,786.00
<b>Mid-Range Teacher Salary</b>	\$66,205.00	\$65,726.00
<b>Highest Teacher Salary</b>	\$89,135.00	\$85,230.00
<b>Average Principal Salary (Elementary)</b>	\$112,623.00	\$106,548.00
<b>Average Principal Salary (Middle)</b>	\$115,538.00	\$112,237.00
<b>Average Principal Salary (High)</b>	\$133,042.00	\$121,617.00
<b>Superintendent Salary</b>	\$193,090.00	\$191,155.00
<b>Percent of Budget for Teacher Salaries</b>	40.9%	40.6%
<b>Percent of Budget for Administrative Salaries</b>	6.5%	5.3%

## IX. Student Performance

### Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The CSTs show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and ten through eleven. The CAPA includes ELA, mathematics, and science in grades two through eleven, and for science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CMA includes ELA and mathematics for grades three through eight and science in grade five and is an alternate assessment that is based on modified achievement standards. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations. Student scores are reported as performance levels. Detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, can be found on the CDE Standardized Testing and Reporting (STAR) Results Web site at <http://star.cde.ca.gov>. Program information regarding the STAR Program can be found in the Explaining 2008 STAR Program Summary Results to the Public guide at <http://www.cde.ca.gov/ta/tg/sr/documents/starpkt5intrpts.pdf>. Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

### Standardized Testing and Reporting Results for All Students – Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

Subject	School			District			State		
	2006-07	2007-08	2008-09	2006-07	2007-08	2008-09	2006-07	2007-08	2008-09

Students with Disabilities	61%	80%	--	--
Students Receiving Migrant Education Services	--	--	--	--

## California Physical Fitness Test Results (School Year 2007-08)

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students meeting the healthy fitness zone on all six fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found at the Physical Fitness Testing Web page at <http://www.cde.ca.gov/ta/tg/pf/>. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	1.20%	8.30%	90.50%
7	0.00%	0.00%	0.00%
9	0.00%	0.00%	0.00%

# School Accountability Report Card

Reported for School Year 2008-09

Published During 2009-10

## National Assessment of Educational Progress

The National Assessment of Educational Progress (NAEP) is a nationally representative assessment of what America's students know and can do in various subject areas. Assessments are conducted periodically in mathematics, reading, science, writing, the arts, civics, economics, geography, and U.S. history. Student scores for reading and mathematics are reported as performance levels (i.e., basic, proficient, and advanced) and the participation of students with disabilities (SD) and English language learners (ELL) is reported based on three levels (identified, excluded, and assessed). Detailed information regarding the NAEP results for each grade, performance level, and participation rate can be found on the National Assessment of Educational Progress Web page at <http://nces.ed.gov/nationsreportcard/>.

Note: Only a sample group of California's schools and districts participate in the NAEP testing cycle. Therefore, students in any particular school or district may not be included in these results. The NAEP reflects state test results and is not reflective of either the LEA or the individual school. Comparisons of student performance on the NAEP and student performance on the Standardized Testing and Reporting (STAR) Program assessments cannot be made without an understanding of the key differences between the two assessment programs. For example, the NAEP only assesses grades four, eight and twelve and for long-term trends assesses grades nine, thirteen, and seventeen. Additionally, the NAEP only provides state test results for grades four and eight. The California Standards Tests (CSTs) are based on a different set of standards than the NAEP assessments. For example, the NAEP is not aligned with California academic content and achievement standards and, therefore, does not necessarily reflect the curriculum and instruction to which students are exposed in the classroom. The NAEP assesses reading and writing separately, while the CSTs assess English-language arts (ELA), encompassing reading as well as writing conventions, spelling, and grammar. Scores on the CSTs and other assessments are not directly comparable to those on NAEP. The averages and percentages presented are estimates based on samples of students rather than on entire populations. Finally, the questions students respond to are only a sample of the knowledge and skills covered by the NAEP frameworks. Information on the differences between NAEP and CST can be found on the CDE National Assessment of Educational Progress (NAEP) Web page at <http://www.cde.ca.gov/ta/tg/nr/>.

## National Assessment of Educational Progress Reading and Mathematics Results by Grade Level – All Students

This table displays the scale scores and achievement levels on the National Assessment of Educational Progress Results for reading (2007) and mathematics (2009) for grades four and eight.

Subject and Grade Level	Average Scale Score		Percent at Achievement Level		
	State	National	Basic	Proficient	Advanced
Reading 2007, Grade 4	209	220	30	18	5
Reading 2007, Grade 8	251	261	41	20	2
Mathematics 2009, Grade 4	232	239	41	25	5
Mathematics 2009, Grade 8	270	282	36	18	5

## National Assessment of Educational Progress Reading and Mathematics Results for Students with Disabilities and/or English Language Learners by Grade Level – All Students

This table displays the state and national participation rates on the National Assessment of Educational Progress for reading (2007) and mathematics (2009) for students with disabilities and/or English language learners for grades four and eight.

Subject and Grade Level	State Participation Rate		National Participation Rate	
	Students with Disabilities	English Learners	Students with Disabilities	English Learners
Reading 2007, Grade 4	74	93	65	80
Reading 2007, Grade 8	78	92	66	77
Mathematics 2009, Grade 4	79	96	84	94
Mathematics 2009, Grade 8	85	96	78	92

## X. Accountability

### Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

### API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2006	2007	2008
Statewide	10	10	10
Similar Schools	5	6	7

## API Performance Index Growth by Student Group – Three-Year Comparison

This table displays by student group the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

Group	Actual API Change			Growth API Score
	2006-07	2007-08	2008-09	2009
All Students at the School	4	15	16	941
African American	--	--	--	--
American Indian or Alaska Native	--	--	--	--
Asian	--	--	--	--
Filipino	--	--	--	--
Hispanic or Latino	--	--	--	--
Pacific Islander	--	--	--	--
White (not Hispanic)	5	9	19	948
Socioeconomically Disadvantaged	--	--	--	--
English Learners	--	--	--	--
Students with Disabilities	--	--	--	--

## Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web page <http://www.cde.ca.gov/ta/ac/ay/>.

## AYP Overall and by Criteria (School Year 2008-09)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	Yes	No
Participation Rate - English-Language Arts	Yes	Yes
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	Yes	Yes
Percent Proficient - Mathematics	Yes	No
API	Yes	Yes
Graduation Rate	n/a	Yes

## Federal Intervention Program (School Year 2009-10)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Indicator	School	District
Program Improvement Status	Not Title I	Not In PI
First Year of Program Improvement		
Year in Program Improvement		
Number of Schools Currently in Program Improvement	--	0
Percent of Schools Currently in Program Improvement	--	0

## XI. Instructional Planning and Scheduling

### Professional Development

This section provides information on how teachers and staff are trained for instructional improvement.

All teachers and staff at school sites participate in ongoing professional development through banked time, a total of 90 minutes of meeting and professional development time each week at each site. In addition, there are up to three days set aside in our academic calendar for intensive professional development and planning.

Areas of district-wide focus for teacher and administrator professional development include implementation of newly adopted textbooks and other areas that are determined by a review of summative and formative data from all school sites and the collection of input from teachers and administrators. Among the primary focus areas for professional development in the SMMUSD schools are the following:

- \*Developing Instructional Leadership Teams and Professional Learning Communities through Lesson Link, Academic Conferences and Learning Walks
- \*Literacy and Mathematics -- standards based curriculum and instructional delivery
- \*Using data to improve classroom instruction
- \*Culturally relevant and responsive pedagogy
- \*Supporting students with special needs
- \*Safe schools and healthy students
- \*Differentiated Instruction for all students, including English Learners
- \*Technology integration

A variety of methodologies are used to provide professional development, including coaching and mentoring. SMMUSD provides coaching through several programs such as BTSA, National Boards, literacy and ELD coaching, Instructional Leadership Teams, and such specialized programs as Cotsen Fellows and EETT Mentor/Coaches. Additionally, professional development occurs through workshop series during banked time and/or after school opportunities.

Each August, all teachers new to Santa Monica-Malibu are invited to participate in Teacher Academy, a professional development and orientation to district wide curriculum and instructional initiatives. All eligible new teachers are encouraged to participate in BTSA. Teachers interested in applying for National Board Certification may participate in the process and can elect to be supported by teachers who have already achieved National Board Certification.

In addition, each year, at individual school sites, teachers and administrators review data, discuss options and select additional areas of focus for the staff as a whole as well as for departments and/or grade level teams as appropriate.

Five Webster teachers have earned National Board Certification and two more are presently involved in the certification process. The major school professional development focus is in the area of mathematics. Teachers at each grade level plan lessons together, observe one another teaching common lessons, and periodically review their students' work together. Half of Webster's teachers now have SmartBoards and they are receiving in-service training in their use.

### Professional Development Days

This table displays information on the annual number of school days dedicated to staff development for the most recent three-year period.

	Instructional Days With At Least 180 Instructional Minutes		
	2006-07	2007-08	2008-09
Annual number of school days dedicated to staff development	3	3	3
