## Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

We do not receive Title I Funding

Briefly describe the school’s plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

The goals in the LMS SPSA are in alignment with our district LCAP goals. By successfully implementing and refining our School Leadership Team (SLT) plan, our school staff works together toward the goal of greater student outcomes for all students and our subgroups that are currently not meeting outlined benchmarks.

# Comprehensive Needs Assessment Components

## Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

## Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

Olweus, Staff School Climate Survey, California Healthy Kids Survey and Student Engagement Survey - Please see survey results in the attachments.

## Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Every teacher on the evaluation cycle has two formal observations. Informal observations happen but not according to a set schedule. VAPA classes and most 6th grade classes are visited informally during our school tours from October - March. Our SSC has at least one learning walk to observe classrooms each year.

## Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

## Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

See the LMS SLT Plan in the attachments.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Our School Leadership Team (SLT) consist of teacher representatives from all departments (Math, Science, Humanities, VAPA, PE, SPED and counseling). Our aim was to have an area of focus that can support the students in our subgroups (African American, English Learners, Hispanic, Socio-Economic Disadvantaged & Special Education) that are not performing as well as others based on our CAASPP data while simultaneously stretching students who are meeting benchmarks. We determined that a focus on Academic Discourse would be most appropriate. Research shows that a focus on academic language provides support and scaffolding to those acquiring academic content language, utilizes culturally responsive teaching strategies and allows for differentiation for those who are exceeding standards. Further, it is applicable to all content areas.

Goal: Focus: Students will use precise academic language and evidence to communicate and demonstrate deep and complex understanding.

Outcome: By Spring 2020, 100% of students will produce a product (written and/or spoken) that demonstrates their understanding of a critical concept in each content area using academic language and evidence with at least a one point improvement on a 4 point rubric scale.

## Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

All staff members meet highly qualified requirements.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Staff development is focused on alignment with the CA state standards, district initiatives and supporting PLCs, which support student achievement. The SLT provides customization of professional development to meet site needs.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

We have a full-time literacy coach that supports teachers in all content areas. There is a District Tech TOSA, that supports teachers with the integration of technology into their instructional program. Three full-time administrators provide instructional coaching across content areas. Our district content experts also assist teachers with curriculum support integration of best instructional practices into their daily routines.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teachers consistently meet as grade levels to organize enrichment activities and ensure alignment with certain policies and procedures. Teachers are also organized in departmental and grade level/course Professional Learning Communities (PLCs). In PLCs teachers work through inquiry cycles focused on addressing an inquiry question about student learning that is based on lead and/or lag data. Through the cycle teachers analyze, design, implement and refine continually as they seek greater learning outcomes for students.

## Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Curriculum is aligned to the California content standards. Grades 6 through 8 adopted new aligned Math materials in 2014. During the 2015-2016 school year, ELA teachers will participate in the selection of the new English adoption for SMMUSD. History materials were piloted and adopted during the 2018-19 school year. Science teachers are currently piloting science materials for adoption.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Lincoln Middle School exceeds the minimum number of instructional minutes required by the State of California.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The master schedule provides sufficient flexibility to support periods for intervention and teachers provide support after school.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

All grades and subject materials are standards-based and LMS is William's compliant.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Appropriate materials are used.

## Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Differentiation and scaffolding is provided as part of Tier 1 instruction. All teachers have office/guided study hours to assist students needing additional support. LMS has a peer tutoring center that is open four days a week. It is supervised by counselors who work with the peer tutors and the students needing additional support. Our library is open before school and after school until 4:30pm (except Friday) and during lunch and nutrition so that students have access to a space and resources to support their learning. Many teachers provide additional support to students during the homebase period as well.

Evidence-based educational practices to raise student achievement

See SLT plan for staff practices used to raise student achievement.

## Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Counselor's provide workshops to help parents learn how to navigate LMS so they can best support their students at home. Select students are invited to participate in MSST which provides additional resources and support to the student and family.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

## Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

We do not receive categorical funding.

Fiscal support (EPC)

Stretch Grant from the Santa Monica Education Foundation, Site Formula Funds, Lottery funds, Supplemental Grant, and PTSA support.

## Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

### Involvement Process for the SPSA and Annual Review and Update

Input from staff to the SPSA is provided through our School Leadership Team (SLT) which consist of elected representatives from our faculty and our literacy coach. The SLT designs, implements and refines our school implementation plan in consultation with the principal. Our English Learners Advisory Council (ELAC) reviewed the SPSA during the September 2019 ELAC meeting. Our School Site Council (SSC) reviewed our summative CAASSP data during the September 2019 meeting and provides feedback during the October 2019 meeting. Throughout the academic year, the SSC will monitor implementation and outcomes of our SPSA through data analysis and a learning walk.
