School Plan for Student Achievement (SPSA) Template

Instructions and requirements for completing the SPSA template may be found in the SPSA Template Instructions.

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Malibu Middle School	19-64980-0139311		December 10, 2020

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

The 2020-2021 identified SPSA goals align with the identified current district LCAP goals. The SPSA and LCAP goals are mapped to the 8 state priority areas. The district LCAP goals are:

Goal 1: All graduates are socially just and ready for college and careers (1,2, 4, 7,8)

Goal 2: English Learners will become proficient in English while engaging in a rigorous, culturally and linguistically responsive standards-aligned core curriculum (1, 2, 4, 7, 8)

Goal 3: All students and families engage in safe, well-maintained schools that are culturally responsive and conducive to 21st century learning(1,3, 5, 6)

Malibu Middle School does not receive Title 1 funds.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

The OLWEUS student perception survey on school climate and bullying behaviors was not administered in the 2018-2019 or 2019-2020 school year due to school closures. However, results from the 2017-2018 and the 2016-2017 school year were reviewed. The survey summary data includes students in grades 6-12 with 42.2% of students reporting liking school or liking school very much in February 2018. 9% of students reported having 1 or fewer friends. 73% of students report never having been bullied with an additional 17.5% stating once or twice. The most prevalent (31.2%) place where bullying occurs is in class with teacher present. 88% of students say they have never bullied others with an additional 8.2% saying once or twice.

The CA Healthy Kids Survey was administered to students in grades 7 and to parents in grade 6-8 in 2019-2020. However, sites have only received information from the parent and staff survey and not the student survey as of this time.

Parents (sample size 71) results showed:

With regards to parental involvement- 79% of parents agreed or strongly agreed that the school encourages me to be an active partner with the school in educating their child; 83% agree or strongly agree that the school staff treats parents with respect; 82% agree or strongly agree that school staff are helpful to parents; and 97% of parents have attended a general school meeting; 83% agree or strongly agree that the school keeps them well informed about school activities.

With regards to student learning environment- 82% of parents agree or strongly agree that the school has adults who really care about students; 83% of parents agree or strongly agree that school is a safe place for students

Staff (sample size 19) results showed:

With regards to student learning environment- 100% of staff agree or strongly agree that the school is a supportive and inviting place for students to learn; 86% agree or strongly agree that the school promotes academic success for all students; 93% of staff agree or strongly agree that the school sets high standards for academic performance for all students

The summary from the 2018-2019 student administration of key indicators in Grade 7 shows 67% agree/strongly agree in regards to school connectedness, 73% in regards to academic motivation, 3% chronically truant, 67% caring adult relationships, 75% high expectations, 29% meaningful participation, 29% facilities upkeep, and 48% parental involvement. 66% perceive school as safe, 23% experienced harassment or bullying, 39% had mean rumors or lies spread, 10% been afraid to be beaten up, 16% been in physical fight and 4% seen weapon on campus. 3% report current alcohol use in last 30 days, 0% marijuana use, 0% binge drinking in last 30 days. 0% report being drunk or high at school 7 or more times ever and 0% at least once. 0% report cigarette use in last 30 days, and 0% report e-cigarette use. 33% have experience chronic sadness/hopelessness and 10% considered suicide.

An English Learner Parent Survey was administered during the 2018-2019 school year. 83% of EL parents knew where to find info about school beliefs, policies, procedures for ELS, but only 71% understood EL core beliefs. 92% know how child identified, 69% reported being familiar with reclassification process. Only 65% agreed or strongly agreed they understand what their child needs to do to become fluent English proficient. No similar survey was administered in 2019-2020.

A school climate survey was administered during the 2018-2019 school year by staff soliciting feedback on academic support, student support, school leadership, faculty relations and supports, family involvement, safety and behaviors. 100% of staff report there is an adult kids can go to for help with a personal item. 97% report the same for a school item. 93% feel students are challenged by their schoolwork. 93% feel families are informed and encouraged to attend school sponsored activities. However, only 40% are aware of safety and security procedures, 34% say the school offers a variety of activities and courses, 33% say administrators are available if they have a concern, 33% report administrators

communicate the schools mission and vision, and 33% say administrators provide useful feedback about their work. No similar survey was administered in 2019-2020.

A student engagement survey was administered during the 2019-2020 school year to grade 6 (109 students participated) and grade 8 (90 students participated). 62% of students reported that generally they like school almost always, always, or often. This is up from 55% in 2018-2019 and 57% in 2017-2018. 87% of students agree or strongly agree that they try their best in school. Overall engagement score which factors in all engagement questions for 2019-2020 reported 80%. 78% of students feel accepted in the school. Highest ranking indicators are I am nice to my teachers at 99% and I am nice to my classmates at 98%. The lowest ranking indicators were I share my ideas to make this school better at 68% and I encourage other students to get involved in school and activities at 61%.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Teachers are observed by administrators during the formal observation process. Additional informal observations are conducted by administrators throughout the year. SLT funds can be used for sub days to allow for peer observation and collaboration. Additionally, during the 2019-2020 school year, pathway SLT observations were facilitated by Innovate Ed and included the pathway principals.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

2018 CAASPP Data:

58% of all students met/exceeded standard in mathematics
42% did not meet or nearly met standard in mathematics.

72% of all students met or exceed standard in English Language Arts
28% did not meet or nearly met standard in ELA

This data was reviewed with staff in August of 2019.

CAASPP was not administered in 2019-2020.

Interim assessments in ELA and Math are administered.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

State assessment data has continued to show that while MMS performs well overall in CAASPP, there is still a need to address the gap between ELA and math performance, as well as an achievement gap among our subgroups (Socio-economically disadvantaged, special education, and Hispanic/Latino).

Malibu Middle School created an SLT (separate from the high school for the first time) in 2019-2020. Using data and survey results, our focus was determined to be:

Using data to drive instruction and decisions, we will address the needs of all students by supporting the development of effective communication and reasoning skills so students will be able to use academic language to justify their claims in completing cross curricular PBL/Deep Learning projects.

For the 2019-2020 school year, the SLT team determined that the focus would shift to all Distance Learning and integrating technology across all classrooms.

SMART GOALS:

SPSA Goal 1: College/Career Readiness

Goal 1: 65% of students meet/exceed state standards as measured by CAASPP Math (No data in 19-20) (58% in 18-19)

Goal 2: 80% of students meet/exceed state standards as measured by CAASPP ELA (No data in 19-20) (72% 18-19)

SPSA Goal 2: English Language Development

Goal 1: 50% of EL students will improve 1 or more levels as measured by ELPAC overall

Goal 2: 33% (5/15 students) will be redesignated as English Fluent Proficient based on multiple measures to include CAASPP, ELPAC, Course Grades, Teacher Input, and Parent Input.

School Goal 3: School Climate

Goal 1: 65% of students will report either liking school or liking school very much as measured by student perception surveys (Student Engagement) (19-20 62%, 18-19 55%, 6-12 42.2 in 17-18, 42.6% in 16-17)

Goal 2: Less than 10% of middle school students will be chronically absent as measured by A2A. (17.8% in 19-20, 12.7% in 18-19)

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

All staff at Malibu Middle School are ESEA highly qualified. We have no teachers working out of assignment.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

All teachers are credentialed in the area of their instruction according to analysis of the master schedule. Teacher professional development this school year will be focused on alignment with district initiatives through the MMS PLCs. The school leadership team (SLT) and grade level core PLC teams will co-design Project based learning and cross-curricular projects. However, for the 2019-2020 school year, the SLT team determined that the focus would shift to all Distance Learning and integrating technology across all classrooms during the time of distance learning.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Staff development and goals of PLC time are focused on appropriate instructional strategies and school wide actions identified through an ongoing process of reviewing a variety of lead and lag data. The SLT teams meet quarterly and throughout the school year to monitor the effectiveness of staff development and revise as needed.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

In addition to site level work, there are district provided opportunities for departments to work with content experts. The district also facilitates ongoing PD cohorts. On site, we have a 0.4 literacy coach to support the middle school.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teachers collaborate on campus through a core grade level PLC structure. These meetings are scheduled on Fridays, where the student release time is 12:35 pm, allowing for common planning and meeting from 1:00 pm-2:30 pm weekly. The PD calendar rotation is developed collaboratively with the SLT and is reviewed and adjusted throughout the year based on need.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Curriculum is aligned to the content standards. During the 2019-2020 and 2020-2021 school years, science teachers continue to participate in the selection of the new Science adoption for SMMUSD. Recent adoptions include English and History.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

The middle school range exceed the minimum number of instructional minutes required by the State of California. During distance learning, the TLC district committee and site administration have ensured compliance with the 240 minute daily requirement of combined synchronous and asynchronous instruction.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

All students at MMS have access to a support class and can travel between classes depending on the type (subject area) of support needed. We have also built in an academic tutorial class that students can be recommended for in place of an elective. The SST looks at these recommendations to determine placement of kids in this class.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

All grades and subject materials are standards-based and MMS is William's compliant.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

All courses at MMS are standards-aligned from 6-12, including materials.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

MMS is an inclusive program and provides multiple sections of support for students who are underperforming. This includes the block schedule support, as well as regularly scheduled SAI classes.

Evidence-based educational practices to raise student achievement

MMS is still looking to develop its repertoire of research-based practices as we expand our use of PLCs to meet the needs of all students and close the achievement gaps. Professional development has aligned with SMMUSD initiatives based on current educational research and in consultation with professional experts outside of SMMUSD. An Equity Review was conducted by an outside agency, to ensure that the practices at MMS and all other SMMUSD schools are sufficient to meet the needs of all students. Areas for improvement focused on student engagement which continues to be a priority.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

MMS benefits from a number of community partnerships including Malibu Boys and Girls Club, City of Malibu, Malibu Optimist Club, Malibu Rotary Club, Malibu Womens Club, LASD, NAMI, Wellness Center, and others.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

The primary channels for parental and community involvement are PTSA, SSC, ELAC, Arts Angels, and a newly formed Latin X parent group.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

After school tutoring and additional counseling services

Fiscal support (EPC)

The district provides guidance and support of the school to improve student achievement.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Malibu Middle School formed its first SSC separate from the high school during the 2019-2020 school year. The SSC elected new members to replace non-returning members in Sept 2020. A needs assessment SSC meeting was held to review data. Members of SSC were encouraged to share with additional members of the school community and changes and revisions were discussed and made up to approval. Data was also reviewed with the SLT.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

The district allocation of \$20k for SLT needs to support teacher professional development and the identified teacher strategies in the SLT plan ensure needs are met. Additional compensation for department/core collaboration will be provided through extra hourly.

A number of pull out days for participation in professional development leading to large amount of subs, covered classes without expert teacher.
Teachers want to hyperfocus on PBL and cross-curricular projects. Additional training in these areas is needed to address the schoolwide areas of growth identified.

Grade 10	153	163	
Grade 11	152	152	
Grade 12	151	157	
Total Enrollment	951	948	330

Conclusions based on this data:

1. Malibu High and Malibu Middle school separation impacts total enrollment from 18-19 to 19-20.
2. Number of incoming students coming from elementary feeder school is decreasing year after year.
3. Long-term projections from decision insight reinforce this for future years based on community demographics and factors.

Reclassified Fluent English Proficient (RFEP)	2	2	2	10.5%	18.2%	18.2%

Conclusions based on this data:

1. Of the total EL students, only a small number are beginners.
2. MMS offers a literacy class during the school day.
3. It appears programming in the elementary school is affective in helping student redesignate.

Conclusions based on this data:

1. Overall our students are doing well schoolwide.
2. Significant gap (>10%) exists between ELA and math.
3. Although not shown on this data, CAASPP data online shows a significant gap between socio-economically disadvantaged students, Hispanic/Latino students, and their same aged peers (>15%).

LEA/LCAP Goal

All graduates are socially just and ready for college and careers.

Goal 1

Site Goals:

MS Goal: 65% of students meet/exceed state standards as measured by CAASPP Math (No data in 19-20, 58% in 18-19)

MS Goal 2: 80% of students meet/exceed state standards as measured by CAASPP ELA (No data in 19-20, 72% 18-19)

Identified Need

Increase overall achievement in CAASPP ELA and Math scores.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
MS CAASPP Math	(58% in 18-19) (N/A in 19-20)	65% of students meet/exceed state standards
MS CAASPP ELA	(72% 18-19) (N/A in 19-20)	80% of students meet/exceed state standards

After school tutoring provided by math/English teachers

- During distance learning, these teachers are available via Zoom. This has presented a challenge as many students are hesitant to attend after already being on Zoom for 240 minutes that day.
- All students are encouraged to attend these tutoring sessions if needed
- The teachers are generally high school teachers which allows our middle school students the opportunity to engage with some teachers they may have in the future

Strategy/Activity 5

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

Strategy/Activity

- Distance learning includes a combination of live and independent learning experiences, synchronous and asynchronous lessons and learning activities will be delivered by credentialed teachers and supported by classified staff to ensure a certain level of instruction and connection
- Teachers will provide 240 minutes of daily live instructional time, except for the compressed day. Students' experience with live instruction will vary and may consist of a combination of whole group, small group, one-on-one live instruction and independent work for students
- To ensure a guaranteed and viable curriculum is implemented district-wide, teachers will as district/site department teams identify the essential standards and critical areas in SMMUSD's curriculum guides
- To monitor student learning, teachers will use assessments at the start of the year to determine student performance levels and identify areas of need particularly in the areas of English language arts and mathematics
- Staff needs and department/schoolwide strategies may be different due to distance learning. For example, needs may include tech integration, task design, building

community virtually, assessment virtually, what data can we use to monitor student progress remotely, enrichment activities, and embedded district PD

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

PLCs were implemented and core collaboration became stronger. Each core had a PBL/cross curricular project planned. Due to school closure, projects were not able to be completed. CAASPP test was not administered.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The major difference was being a brand new school and experiencing a school closure in the same year.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Goal will remain the same since there was no CAASPP data from 19-20. New additional focus: distance learning.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

LEA/LCAP Goal

English Learners will become proficient in English while engaging in a rigorous, culturally and linguistically responsive standards-aligned core curriculum.

Goal 2

LEA/LCAP Goal: English Learners will become proficient in English while engaging in a rigorous, culturally and linguistically responsive standards-aligned core curriculum.

Goal 1: 50% of EL students will improve 1 or more levels as measured by ELPAC overall (AMAO 1)
 Goal 2: 33% (5/15 students) will be redesignated as English Fluent Proficient based on multiple measures to include CAASPP, ELPAC, Course Grades, Teacher Input, and Parent Input.

Identified Need

Have English learners obtain a level of language proficiency and perform in classroom setting and on various measurements to reclassify.

Take advantage of our small school nature to ensure that all students struggling academically, behaviorally, or social/emotionally are identified and supported.

Formalize some of our more informal processes around student support and intervention.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
ELPAC Summative	9/17 (about 53%) improved 1 or more levels	50% will improve by 1 level or more
CAASPP	1/17 eligible for reclassification	5/15 will be redesignated
Classroom Grades	Establish baseline from students 19-20 grades	Increase grades to B or higher

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All students including EL students

Strategy/Activity

- Teachers will provide differentiation for EL students through the use of small groups in content areas to accelerate learning. This will be delivered during their 80-minute instructional period and during identified support time
- Teachers will utilize small group instruction and any additional time built into the day to target academic support and accelerate learning
- Teachers will use integrated ELD strategies to support EL learners including visuals, videos, templates, sentence frames, vocab banks, and front-loading
- Standardized/supportive communication when students aren't engaging to students and parents.
- After school tutoring with Math and English teachers

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

EL Students

Strategy/Activity

Monitor EL Students including students who have been reclassified FEP in academics and attendance

- Continue trainings on ELA/ELD Framework and responsibility to provide designated and integrated ELD
- Adhere to district protocols for monitoring ELLs and students who have been reclassified FEP (i.e: academics, attendance and post-secondary goals)
- Support Latino parent group with desired trainings (i.e: Academic Language, EL Standards, A-G requirements and college and career readiness)
- Strategic use of support for ELA and ELD tied to CAASPP and ELPAC
- Encourage participation of EL students in all school activities, sports, and enrichment programs
- Formation of Middle School only ELAC committee

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Supplemental ELD class was implemented. 4/4 exiting 8th grade students scored a 4 on overall ELPAC.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No major differences.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Goals remain the same with a slight change in percentages due to distance learning.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

LEA/LCAP Goal

All students and families engage in safe, well-maintained schools that are culturally responsive and conducive to 21st century learning.

Goal 3

Site Goals:

Goal 1: 65% of students will report either liking school or liking school very much as measured by student perception surveys (Olweus/Student Engagement) (19-20 62%, 18-19 55%, 6-12 42.2 in 17-18, 42.6% in 16-17)

Goal 2: Less than 10% of middle school students will be chronically absent as measured by A2A. (17.8% in 19-20, 12.7% in 18-19)

Identified Need

Increase parent involvement and school culture and climate.

Annual Measurable Outcomes

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Our strategies were effective as we saw in the results of the survey. We had a large percentage of parents take the survey as well. We hope to build on this momentum but know the challenges in place with distance learning this year.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Biggest change is not having the STAR program this year. We hope that LAPD will bring this program back in 21-22.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Goal remains the same with a slight change in percentages.

Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

Subtotal of state or local funds included for this school: \$179,150.00

Total of federal, state, and/or local funds for this school: \$179,150.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 3 Parent or Community Members
- 2 Secondary Students

Name of Members	Role
Melisa Andino	Principal
Julia Cheri Hoos	Classroom Teacher
Alexis Wilson	Classroom Teacher
Ari Jacobs	Classroom Teacher
Elissa Marshall	Parent or Community Member
Lise Sloan	Parent or Community Member
Michelle Geft	Parent or Community Member
Tania Jolly	Other School Staff
Sean Perl	Classroom Teacher Secondary Student
Chloe Loquet	Other School Staff Secondary Student

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 11-19-2020.

Attested:

Principal, Melisa Andino on 11-24-2020

SSC Chairperson, JuliaCheri Hoos on 12-2-2020

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Notes Advisory Committee (ELAC) 12-3-2020 @ 5:30 pm

Welcome all parents and staff.

Our ELAC Team:

President: Dinora Guillen

Vice President: Mayra Alvarez

DELAC Representative: Josey Gomez

Principal: Melisa Andino

Bilingual Liaison: Lupita Dixon

DELAC Report: Re-open Schools January 2021

Other Presentation: Ms. Andino presented a visual tour of the new building and told them that they are in the process of moving to the new Building, Ms. Andino gave details of the new building and parents had the opportunity to look the new building and ask questions all question were answered.

Also Ms. Andino tell parents during the last years we have gone through many challenges and we have to celebrate any good thing that happened around us, (example)

EL Students are doing well on the ELPAC, 8 students of 15 are in level 3 on ELPAC, 6 of 15 students remained at 4 or move up.

The 4 categories of ELPAC are; Reading, writing, Listening and speaking.

Goal 1: College/Career Readiness

Goal 1: 65% of students meet/exceed state standards as measured by CAASPP Math (No data in 19-20) (58% in 18-19)

Goal 2: 80% of students meet/exceed state standards as measured by CAASPP ELA (No data in 19-20) (72% 18-19)

Goal 2: English Language Development*

Goal 1: 50% of EL students will improve 1 or more levels as measured by ELPAC overall

Goal 2: 33% (5/15 students) will be redesignated as English Fluent Proficient based on multiple measures to include CAASPP, ELPAC, Course Grades, Teacher Input, and Parent Input.

Goal 3: School Climate

Goal 1: 65 % of students will report either liking school or liking school very much as measured by student perception surveys (Student Engagement) (19-20 62%, 18-19 55%, 6-12 42.2 in 17-18, 42.6% in 16-17)

Goal 2: Less than 10% of middle school students will be chronically absent as measured by A2A. (17.8% in 19-20, 12.7% in 18-19)

Goals approved by committee

Returning to school Kindergarten – second graders (Special needs students and English learners)

Parents ask about others grades 3rd to 6th this have to be prove by L.A. County and the California State.

Our County still on purple that means we are in a high risk of contagious of COVID 19.

Ms. Andino also let parents know that the decision of reopen all the schools is decision of the State of California and L.A. County , is not SMMUSD or Malibu City.

A parent ask to explain what is Hybrid program, Ms. Andino explain the Hybrid, HYBRID are two things, in person learning and distance learning, example AM and PM. Some students will attend AM classes or PM classes or will attend Monday and Tuesday and others students will attend Thursday and Fridays.

Parents thanked Siugen the coordinator at BGC for all the help that the families and students received with her at the club, also for interpreter this ELAC meeting.

Public Comments 3 minutes per person:

Ms. Andino reminded them to fill out the survey to Re-open schools and return it to their school this surveys are very important for the District, L. A County and the State of California this Survey will help them to make a good decision for our Children and families.

MEETING WAS OVER AT 7:30 PM.

NEXT MEETING FEBRUARY 11TH 2021
