

SANTA MONICA - MALIBU UNIFIED SCHOOL DISTRICT

September 2020

Superintendent's Message: Importance of Attendance

Dear parents and guardians,

While September is Attendance Awareness Month, our district's pledge is to create a culture of attending school every day of every month, including while in distance learning. We know that achievement and student success are inextricably linked to attendance. The leadership and staff at SMMUSD are dedicated to ongoing communication, support and encouragement around the importance of attendance.

The **most** important thing we can do for our children to be successful in life is to ensure they are ready for learning, on time, every day. Here's why:

- In the elementary years, children who miss school are more likely to struggle academically and in later years, to dropout entirely
- In the secondary years, attendance is the No. 1 predictor of dropout and graduation rates
- Attendance is a top indicator of being on track for graduation and for college and career readiness
- Nearly 67% of course failures were attributed to absenteeism

Every year, thanks to our innovative partnerships, we are seeing continuous attendance improvements. With you and your family on our team, we are recovering valuable learning time for our students.

Thank you for your dedication all year long—together we are making a difference!

Sincerely,

Dr. Ben Drati Superintendent
