**Superintendent's Message:
Saturday Vaccination Clinics - Jan. 15 and 22 in Santa Monica
and Thursday, Jan. 20 in Malibu**

Dear Parents, Guardians, Staff, Students and Community Members,

Three additional vaccination clinics have been scheduled on Saturday, Jan. 15 and 22, at McKinley Elementary School and Thursday, Jan. 20 in Malibu. We seek to raise our vaccination rates for everyone aged five and up and provide opportunities for boosters for those who are eligible. To date our vaccination clinic partner, The Safe Set, has provided more than 2,400 vaccinations at our clinics. This is fantastic!

We join health care providers and our guiding health agencies in encouraging vaccinations for everyone aged five and up. Our upcoming clinics offer both Moderna and Pfizer vaccines. Students, parents, staff, community members may register. Parents will need to fill out a form linked here for vaccines for children: [English](#) / [Spanish](#). It is best to bring along with you, if possible, to your appointment for your child to reduce wait time.

Please see the codes / links below or attached to register. Registration is now open for all three dates / locations. Anyone can register for either the Santa Monica or Malibu location.

Vaccinated students who are exposed to a positive case, but asymptomatic may attend school. Unvaccinated students may not. This is a Los Angeles County Department of Public Health protocol we are following. [English](#) / [Spanish](#)

Fully vaccinated includes the booster shot when eligible, which is five months following the initial series of two Pfizer shots for students aged 12 to 17. We understand that 12-15 has just been made available. Please have your student boosted as soon as eligible.

Sincerely,
Dr. Ben Drati, Superintendent

Vaccination Clinic at McKinley Elementary School

2401 Santa Monica Blvd., parking lot off Chelsea.
