TEAM FORMING NOW

Lincoln's Award-Winning Mock Trial Team

You and your teammates will take a tough case inspired by real-world headlines into a virtual courtroom. There are lots of fun roles on the team, including lawyers, witnesses, bailiffs, and timekeepers. Teams compete against students from other cities before real judges and lawyers. It's part of a tournament organized by the Constitutional Rights Foundation. Students have about two months to prepare—with an expected time commitment of 3-4 hours a week. This year, everyone—judges, scorers, students, and coaches—will be ready to participate in-person and online!
