PRINCIPAL'S MESSAGE-Mar 14, 2022

Dear Webster Families,

At Webster we encourage and support our students to connect with children in the local and global community. This week Webster is partnering with Malibu Kids for Ukraine to organize a [Donation Collection For Ukraine](#). We'll be collecting winter clothing for women and children of all ages, toys, baby supplies, and non-perishable foods. Donations will be collected at drop off on TUESDAY and THURSDAY. Please note: all donations must be contained, bagged, boxed in order for us to quickly collect the items during drop off. We also encourage students to include a note with the donations. We are suggesting an illustration of a heart on one side of the paper with the note on the back.

Thank you all for your support,

Principal Daruty

Health and Safety Measures: Layers of Mitigation

Superintendent Drati sent a message to our community relaying changes to the school district's indoor masking policy. As you may recall, this policy was originally put in place to mitigate the spread of COVID-19 in our schools. Through a great deal of hard work and perseverance by our community, we are now in a place where many of the COVID safety strategies can be discontinued. Over the last month or so we have discontinued the health and temperature screenings prior to entering campus, stable groups during recess and lunch periods, outdoor masking, **and beginning this Monday, March 14th**, required indoor masking. While the requirement for indoor masking has been eliminated it is "strongly recommended" that students and staff continue to wear a mask indoors. Dr. Drati's letter clearly lays out the reasons for this, so please take a few minutes to review [his letter linked here](#).

I also want to emphasize that a student's vaccination status and the decision to wear a mask at school is a parent's choice for their child. At Webster School, we celebrate differences and have worked diligently over the years to teach our students about diversity and acceptance, being an upstander and not a bystander, and about creating bonds and not divisions.

Our staff has discussed reinforcing these lessons as we shift to more relaxed protocols. We will be attuned to our students' needs during this transition and will address any behaviors we see as being insensitive or discourteous by another student. We do not tolerate bullying of any kind. Please have a conversation with your children about this subject and what decisions you have made with regards to mask wearing. The

children and staff of Webster School are resilient and caring and I anticipate this change in masking policy will be met with respect and adherence to appropriate rules of civility and school expectations.

Spring Break may feel a long way off however, but we are already preparing for the possibility of a post Holiday COVID-19 surge. To this regard each student will bring home an at-home Antigen Test the day before Spring Break. Help your child take the test on the morning of Monday, April 18th and show the negative test result to the staff at the entry gate. Your child's proof of a negative antigen test will be their ticket to reenter campus. **Any student returning to school, regardless of vaccination status, must be free of any symptoms of illness. Please keep your student home if they are not well and alert the health office.**

Visit our **SMMUSD Covid Dashboard** that reflects all positive cases by site, updated weekly: www.smmusd.org/Dashboard and the County of LA also has information you can find by school <http://publichealth.lacounty.gov/media/Coronavirus/education/index.htm>.

Antigen Testing hubs: In order to facilitate the shortened isolation of asymptomatic COVID-positive staff and students to return to school after day five of isolation, we are providing two antigen testing hubs for students and staff to access in order to get an antigen test on day five or later. Students and staff on isolation for a COVID infection must submit the antigen result from the hub testing via email to their school site nurses and await official clearance from the nurse to qualify for the shortened isolation. Antigen tests from a testing facility, medical clinic, or health care facility will also be accepted. Home tests will not be accepted. Hubs in Santa Monica and Malibu:

- Malibu Elementary School (for Malibu staff and students): Monday-Friday 8:30 a.m.- 1:30p.m.. Please do not enter the school office. Testing is in the parking lot. Registration is on-site.

Masking:

- Staff: All staff will now be required to wear medical-grade masks (surgical or KN 95). The District is providing a supply of these masks.
- Students: The LACDPH highly recommends that all students do so as well, as these higher quality masks can greatly reduce risk of transmission. LACDPH masking information: [English](#) / [Spanish](#).
- Parents: Please do your part to follow our district's masking policy. All students, parents and staff must be masked when on school premises, regardless of whether outdoors or your vaccination status. We ask that you model this policy for our students and support keeping our students safe and in school. **This includes during drop-off and pick-up when you may be near other children.**

Illness Reporting: If your child is ill, please take the following actions. Keep your child home, report the absence and symptoms to our school nurse hdabiranzohori@smmusd.org Also please report the absence to Attendance Officer Michael Ward michaele.ward@smmusd.org
