**PRINCIPAL'S MESSAGE- Oct 18, 2021**

Dear Webster Families,

I hope you had a beautiful weekend. Thank you so much for those who came to school on Saturday to help out with our WEBSTER BEAUTIFICATION DAY: It was a success. Parents, siblings and students offered service in the sun! It was a wonderful event with many parents, siblings, middle schoolers and community partners lending a hand. We will likely host monthly days like this, especially as we start to re-imagine our garden. We cleaned up the PTA room, power washed the front entrance to school, cleaned and weeded our garden, reorganized and inventoried our Webster Wear, and much more!

This Thursday, Webster will participate in the CA Great Shakeout earthquake drill. The purpose of this drill is to train our staff and familiarize our students with the proper knowledge of what to do in the event of an earthquake. If this were a real emergency requiring reunification of students and parents the reunification process on or off campus would require the following:

1. Students will only be released to parents or individuals listed on a student's emergency card.
2. Parents or individuals listed on the student's emergency card that are not recognized by staff will be required to show picture identification.
3. After proper identification, parents or individuals listed on the student's emergency card will be required to sign out their student(s). The REQUEST gate is the lower bus parking lot gate.
4. Next destination of the student(s) will be requested in case the other parent/guardian arrives later to sign out the student(s) and is unable to communicate with the first parent/guardian.
5. THE REUNION ( location to receive your student) is adjacent to the soccer field in the drive-thru lane.

Email Ms. Daruty if you would be willing to practice the request/reunion procedure this Thursday at 9:30 a.m. I am looking for 5 parents to help us practice this procedure.

Your proud principal,

Ms. Daruty

wear their costumes to school. The event will include a Halloween parade to share their costumes, a special Trunk and Treat followed by a yummy pizza lunch. We are asking for two volunteers for each class to run the trunk n' treat. We need your support in donating your time, car and goodies for each classroom's trunk and treat!

**UPDATE:** Given current COVID restrictions this event **will now allow** for a restricted "Parent Viewing Section." This will allow parents to be spectators, but not participants. You will enter on the lower yard, and only have access to a section of the event. Come take pictures and observe outdoors. The Parade portion of the event will begin the first 20 minutes of your child's grade level timeslot. We appreciate your cooperation in wearing a mask and remaining in the designated parent viewing area.

PreK/TK/K/1<sup>st</sup> 9:00- 9:45

4<sup>th</sup> and 5<sup>th</sup> 11:00 - 11:45

We encourage everyone to have fun and be creative while still being safe, respectful and responsible. As a reminder regarding costumes:

**Students may wear costumes that adhere to the following guidelines:**

- o Nothing unduly revealing
- o Age/school inappropriate content
- o Be mindful to avoid costumes that may promote cultural *appropriation*. At Webster we celebrate diversity and are protective and respectful of all cultures.
- o Masks or face coverings can only be worn during the parade and NOT during the school day.
- o Face paint is allowed.
- o No toy weapons or props that may be used as weapons are allowed.
- o Please avoid oversized or inflatable costumes that may make navigating the classroom and school day a challenge.

*\*Students not dressed appropriately may be provided with loaner clothing or we will request parents to bring more appropriate clothing.*

**WEBSTER WEAR FRIDAYS-** Encourage your child to wear their Webster Wear every Friday! The classroom with the most students wearing Webster Wear will care for *Webster the Whale* in their classroom. Congratulations to **room 20**, who won this week!

**VOLUNTEERS:** At this time we are not allowing parent volunteers. Once we are able to get several weeks of testing for our staff and students under our belt and ensure that all staff are vaccinated by the Oct. 1st deadline, we will slowly begin to allow vaccinated, parent volunteers on campus. We are hopeful to allow parent volunteers near the end of October. Our first volunteer opportunity will be to assist with the annual Halloween Parade on Friday, October 29th. This involves attendance at a volunteer training (every four years), and a valid TB test or waiver, and proof of vaccination. Please contact the office if you are unsure of your status. Please plan on attending if you would like to volunteer in your child's classroom, for field trips or special events once we are permitting volunteers. We love and need volunteers at Webster!

- Parents will be able to order custom water bottles (or coffee tumblers) for \$35 (Webster will earn roughly \$17 per bottle sold).
- It's *engraved* with the Webster logo and they can add a name and a personalized message.
- They can either have them shipped to them (it's about \$8 in shipping) or the company will drop ship to us for free and we'll have them at the school for pickup by November 5th.

Here is the link in case anyone here wants to order in advance - I ordered and had it shipped to me and they're awesome. <https://www.studentbottles.com/79> Visit our PTA website <https://websterpta.com/>.

Please see all the important fundraising and children's events that are coming up! Webster is a great school but we cannot be an AMAZING school without Parent Involvement. Please [join the PTA](#) and please support the [Annual Giving Campaign](#). Membership is just \$15 and allows you to vote at meetings, but more importantly is a symbol of unity between teachers and parents. The Annual Giving Campaign website will show you where your voluntary donation goes. The services on this list are so important and allow our school to move from good to great. Thank you for your consideration! Lastly, the PTA website lists many local parent and child resources they have gathered. I cannot thank the PTA strongly enough. Our PTA is helping all of us stay connected and helping our school to be great.

**Health and Safety Measures: Layers of Mitigation**

**LINTELIO HEALTH SCREENING TOOL** - USE EVERY DAY. It is provided to SMMUSD through a company called Company Nurse. It is easy to use and it is now ready to use! If your account is on hold or you have questions about the app, please reach out to the school office!

Steps to follow:

- All students and staff can start **NOW** by registering themselves. Click the links below to register and then scroll through to your location. If you are on a laptop, you need to hold the left mouse down while scrolling down. If you are on a cell phone it works easier because you just scroll to your location.
- The day after you register you will start receiving a screening link via email the very next morning after you registered at 5 am. The link will come from LINTELIO, so, please use the name Lintelio when discussing the new link with student, staff, and parent community. This link is unique to you and your name every day, and unique to that particular date so please only complete your link, for the current day, and don't share it with anyone else to complete.
- Click on the link you receive every morning at 5 am to complete the screening. You will need to show your green screen prior to entering any district facility. Your green screen will last for 15 hours.
- If you get a red screen STAY HOME and contact your administrator and/or school nurse for further instructions.
- If you receive a red screen, you will not be able to complete further screenings on subsequent days until a school nurse or administrator clears your hold in the system and allows you to screen again.

Students can start now registering as users via the following link:

**Illness Reporting:** If your child is ill, please take the following actions. Keep your child home, report the absence and symptoms to Health Office Specialist Yoliee Hernandez [yhernandez@smmusd.org](mailto:yhernandez@smmusd.org). Also please report the absence to Attendance Officer Michael Ward [michael.ward@smmusd.org](mailto:michael.ward@smmusd.org)

**ADULT MASKING:** Please do your part to follow our district's masking policy. All students, parents and staff must be masked when on school premises, regardless of whether outdoors or your vaccination status. We ask that you model this policy for our students and support keeping our students safe and in school.

**Masks:** Masks should be clean and form fitting. Daily replacement or washing of masks is key to good health. Masks may be removed to eat or drink outdoors. Masks may also be removed briefly if breathing becomes difficult; in this case the student steps away and removes their mask with two hands a few inches from their face. Fresh child-sized masks are always available from staff. Masks with one-way valves, bandanas and gators are not permitted. Alternative protective strategies may be adopted to accommodate students who are on Individualized Education or 504 Plan. Please contact Ms. Daruty to discuss. Students who present appropriate documentation demonstrating a disability or condition that does not allow them to safely wear a mask can wear a face shield with drape. Students with documented conditions that do not accommodate the face shield and drape may request a reasonable accommodation from the school or district.

The California Department of Public Health issued new [Guidance for K-12 Schools on July 12, 2021](#). The new guidance applies to the 2021-22 school year. Since the beginning of the pandemic, SMMUSD has implemented multiple layers of mitigation to protect our students and employees. We continuously update our health and safety measures based on guidelines from the California and Los Angeles County Public Health Departments.

**Webster will continue with the following current health and safety protocols include:**

- Masks and physical distancing according to Public Health guidelines.
- Daily health screening.
- Frequent hand washing.
- Cleaning and disinfecting protocols.
- MERV-13 and HEPA filters in all classrooms and workspaces.
