WEBSTER WEEKLY

Archived Webster Weekly Newsletters

PRINCIPAL'S MESSAGE- Oct 25, 2021

Dear Webster Families-

This week will be a Spooktacular one, with lots of opportunity to be a spirited Webster Whale.

We held an amazing PTA sponsored BMX Assembly last week to kick-off Red Ribbon Week! This week our student Council has put together a week of Red Ribbon Spirit Days. Red Ribbon Week is a healthy choices awareness campaign observed annually in October in the United States. We hope everyone joins in the fun and educational opportunities to teach our students about making safe, smart choices.

- Monday: "Wake up drug free." Pajama Day! Please wear shoes not slippers! It will likely rain.
- Tuesday: "Lei off Junk Food Day"- Hawaiian Wear.
- Wednesday: "Peace Out Bullies!"- 70's Clothing and Tie Die
- Thursday: "Team Up Against Bullies" - Sports T-Shirt or Jersey Day!
- Friday: TRUNK or TREAT! Wear your Halloween Costume!!

On Friday, we will have our annual HALLOWEEN PARADE with an added TRUNK and TREAT! Thank you to our wonderful PTA for sponsoring this event for our students! Extra special thank you to the 2 volunteers for each classroom and Laura and Candice for chairing the event! The students have enjoyed the Halloween decorations our amazing parents put up around campus. Parent Joel Dunn is our amazing DJ for the event. We can't wait to enjoy music throughout our Friday Pizza lunch! Students and parents are invited to wear their costumes. The event will include a Halloween parade to share their costumes, a special Trunk and Treat followed by a yummy pizza lunch. Please reach out to your room parents to offer your support in donating your time, car and goodies for each classroom's trunk and treat!

Given current COVID restrictions this event will now allow for a restricted "Parent Viewing Section." This will allow parents to be spectators, but not participants. You will enter at the white gate adjacent to the drive-thru lane. Park in the lower lot and walk up the sidewalk. There will be a temperature check and health screening table. Parents will only have access to this section of the event. Come take pictures and observe outdoors. The Parade portion of the event will begin the first 20 minutes of your child's grade level timeslot. We appreciate your cooperation in wearing a mask and remaining in the designated

Also, last week we launched the Webster Water Bottle fundraiser - it will run 10/1-10/29.

- Parents will be able to order custom water bottles (or coffee tumblers) for \$35 (Webster will earn roughly \$17 per bottle sold).
- It's *engraved* with the Webster logo and they can add a name and a personalized message.
- They can either have them shipped to them (it's about \$8 in shipping) or the company will drop ship to us for free and we'll have them at the school for pickup by November 5th.

Here is the link in case anyone here wants to order in advance - I ordered and had it shipped to me and they're awesome. <https://www.studentbottles.com/79> Visit our PTA website <https://websterpta.com/>.

Please see all the important fundraising and children's events that are coming up! Webster is a great school but we cannot be an AMAZING school without Parent Involvement. Please [join the PTA](#) and please support the [Annual Giving Campaign](#). Membership is just \$15 and allows you to vote at meetings, but more importantly is a symbol of unity between teachers and parents. The Annual Giving Campaign website will show you where your voluntary donation goes. The services on this list are so important and allow our school to move from good to great. Thank you for your consideration! Lastly, the PTA website lists many local parent and child resources they have gathered. I cannot thank the PTA strongly enough. Our PTA is helping all of us stay connected and helping our school to be great.

Health and Safety Measures: Layers of Mitigation

LINTELOO HEALTH SCREENING TOOL - USE EVERY DAY. It is provided to SMMUSD through a company called Company Nurse. It is easy to use and it is now ready to use! If your account is on hold or you have questions about the app, please reach out to the school office!

Steps to follow:

- All students and staff can start **NOW** by registering themselves. Click the links below to register and then scroll through to your location. If you are on a laptop, you need to hold the left mouse down while scrolling down. If you are on a cell phone it works easier because you just scroll to your location.
- The day after you register you will start receiving a screening link via email the very next morning after you registered at 5 am. The link will come from LINTELIO, so, please use the name Lintelio when discussing the new link with student, staff, and parent community. This link is unique to you and your name every day, and unique to that particular date so please only complete your link, for the current day, and don't share it with anyone else to complete.
- Click on the link you receive every morning at 5 am to complete the screening. You will need to show your green screen prior to entering any district facility. Your green screen will last for 15 hours.
- If you get a red screen STAY HOME and contact your administrator and/or school nurse for further instructions.

John L. Webster Elementary School

3602 Winter Canyon Road Malibu, CA 90265

- If you receive a red screen, you will not be able to complete further screenings on subsequent days until a school nurse or administrator clears your hold in the system and allows you to screen again.

Students can start now registering as users via the following link:

<https://smmusdstudentcovidscreen.lintelio.com/>

Staff can now start registering as users via the following link:

<https://smmusdStaffcovidscreen.lintelio.com>

District Covid Information Website: <https://www.smmusd.org/coronavirus>

Illness Reporting: If your child is ill, please take the following actions. Keep your child home, report the absence and symptoms to Health Office Specialist Yoliee Hernandez yhernandez@smmusd.org. Also please report the absence to Attendance Officer Michael Ward michael.ward@smmusd.org

ADULT MASKING: Please do your part to follow our district's masking policy. All students, parents and staff must be masked when on school premises, regardless of whether outdoors or your vaccination status. We ask that you model this policy for our students and support keeping our students safe and in school.

Masks: Masks should be clean and form fitting. Daily replacement or washing of masks is key to good health. Masks may be removed to eat or drink outdoors. Masks may also be removed briefly if breathing becomes difficult; in this case the student steps away and removes their mask with two hands a few inches from their face. Fresh child-sized masks are always available from staff. Masks with one-way valves, bandanas and gators are not permitted. Alternative protective strategies may be adopted to accommodate students who are on Individualized Education or 504 Plan. Please contact Ms. Daruty to discuss. Students who present appropriate documentation demonstrating a disability or condition that does not allow them to safely wear a mask can wear a face shield with drape. Students with documented conditions that do not accommodate the face shield and drape may request a reasonable accommodation from the school or district.

The California Department of Public Health issued new [Guidance for K-12 Schools on July 12, 2021](#). The new guidance applies to the 2021-22 school year. Since the beginning of the pandemic, SMMUSD has

John L. Webster Elementary School

3602 Winter Canyon Road Malibu, CA 90265

implemented multiple layers of mitigation to protect our students and employees. We continuously update our health and safety measures based on guidelines from the California and Los Angeles County Public Health Departments.

Webster will continue with the following current health and safety protocols include:

- Masks and physical distancing according to Public Health guidelines.
- Daily health screening.
- Frequent hand washing.
- Cleaning and disinfecting protocols.
- MERV-13 and HEPA filters in all classrooms and workspaces.
- Regular weekly asymptomatic testing.
- Quarantine, isolation, contact tracing, and notification protocols.
- Masks continue to be required for all children and adults while indoors and outdoors, regardless of vaccination status.
