

10/01/21

Parents,

Thank you to all of you who are following our expectations regarding pick up and drop off. Despite having to screen nearly 700 students and 100 staff a day, we have been keeping cars moving in the morning. Despite a challenging new design with a single driveway on an uncontrolled curve, we are making pick up work as best as we can!

School pick up and drop off is stressful and it is important for everyone to pick up and drop off in the correct locations. Today we had nearly 20 cars picking up in the church lot or near Merritt. Each car slows down the process 10-30 seconds as they turn in or out of the lot or have child enter the car from the street. As a result, these 20 cars slowed down the process for the remaining 600+ cars and 3 buses.

WE WANT CARS TO BE MOVING BETWEEN OUR DRIVEWAY AT THE CURVE AND PCH. WE DONT WANT CARS STOPPED OR SLOWING IN THIS AREA EXCEPT FOR THE RED LIGHT AT PCH. As a note, CalTrans and the city of Malibu adjusted that light on Mon-Thurs between 3:00 and 4:00 to help our process. We had been getting all students/cars out of here in around 12 minutes, which is great.
