Distance Learning Plus activities for our middle and high school students will be held next week on Wednesday, March 24th and Thursday, March 25th. The sessions will be held from 1:30pm-3:00pm while students complete remote learning from home in the morning. See schedule [here](#). Teachers have prepared activities and students will have the opportunity to sign up for one session. The [link to the sign-up genius](#) was sent to students smmk12 accounts this morning and is also linked above. Due to social distancing, sessions are limited in the number of students who can sign up. Sign Ups will close on Tuesday, March 23 at 4:00 so teachers can prepare for their session.

Please make sure that your student only signs up for one session (either on Wednesday or Thursday) and please make sure they do not sign up unless they are 100% sure they can attend, as spaces are limited. It is important to note, that this Distance Learning Plus opportunity prior to spring break is a first step, largely to provide an optional enrichment activity on campus to meet a socialization and physical activity need. This enrichment activity is not part of the students' classes and is not required. Please note, the Distance Learning Plus activities structure and model can adjust and increase after spring break. Additionally, a possible hybrid model in place of Distance Learning Plus is being explored.

There are safety/health guidelines, pick up/drop off procedures and pre-screening procedures that we will need all students and parents to follow which we have compiled in this [presentation](#). Please review the presentation and familiarize yourself with the protocols. Our teachers will review this presentation with all students during their 2nd period class on Tuesday, March 23rd.

We can't wait to see students on campus next week!

Stay together Malibu,

Melisa Andino, MMS Principal  
Patrick Miller, MHS Principal
