FOR IMMEDIATE RELEASE
February 24, 2021

**Lincoln and John Adams Middle School Fields
Now Open for Community Use**

The Santa Monica-Malibu Unified School and City of Santa Monica have reopened fields at Lincoln Middle School and John Adams Middle School for community use during specific times and when fields are not reserved by permit users.

All health and safety protocols displayed on signage at the sites are in effect and must be followed for the health and safety of all users.

“We are pleased to continue to make outdoor campus space available to the community during this challenging time,” Superintendent Dr. Ben Drati said. “Our partnership with the City of Santa Monica provides all families and residents the opportunity to enjoy exercise and recreation on our campuses when not in use.”

The track, blacktop and field at both schools will be open on Monday, Wednesday and Friday from 4-7 p.m. and Saturday and Sunday from 3-5 p.m.

Permit users have priority for use therefore if in use by a permit holder, community users may not interfere or use the designated space.

“As a parent, I know the importance of open space for our families, particularly over the past year,” Interim City Manager Lane Dilg said. “One of the best parts of living in Santa Monica is time spent outside, enjoying beautiful weather and open space. We are excited that this expanded field access will offer our community even more space to walk, run, and play.”
