RE: ADOPTION OF RESOLUTION NUMBER 02-20: IN SUPPORT OF VISUAL AND PERFORMING ARTS

RECOMMENDATION NO. A.6

It is recommended that the Board of Education approve the attached Resolution Number 02-20: In Support of Visual and Performing Arts.

COMMENT: The LAEP (Local Arts Education Partnership) grant is a grant funded by the sale of the California "Arts Lover" License plates. It is a 3-year grant designed to fund projects that partner local non-profit arts organizations with school districts. The 18th Street Arts Complex is applying for the grant with the Santa Monica-Malibu Unified School District in the form of a partnership. The grant will essentially continue and expand the current partnership that already exists between the 18th Street Arts Complex and the SMMUSD. This program connects local artists with elementary classroom teachers and works to incorporate all four arts disciplines into the curriculum. If funded, the first year would provide \$20,000 for development. The second and third years would provide \$30,000 each year with a possibility of even more funding depending upon the sale of license plates. The districts only commitment is a matching \$10,000 the first year and \$20,000 for each of the next two years. The district's contribution will be met by listing these amounts as part of the Fine Arts Coordinators position. Therefore these funds will be listed as "in-kind".

In Santa Monica, there is a rich variety of arts opportunities for our schools to take advantage of. This grant will allow the SMMUSD and 18th Street Arts Complex to bring these opportunities to our students...where they belong.

RE: AUTHORIZATION TO INCREASE BID LIMITS

RECOMMENDATION NO. A.10

It is recommended that the Board of Education increase the legal bid limit for equipment, materials, supplies and repairs, based on the direction of the State of California, to \$59,600.

COMMENT: Public Contract Code (PCC) 20111(d) & 20651(d) stipulates that the State will annually adjust bid limits. The bid limits for 2001 were set at \$56,900 for the purchase of equipment, materials, or supplies to be furnished, sold or leased to the district; services, except construction services; and repairs including maintenance. Annual increases to the bid limit are based on the average value of the Implicit Price Deflator for state and local government purchases as published by the United States Department of Commerce. The adjustment amount issued by the State of California is calculated by dividing the average of index values for the four quarters of the prior year by the average of index values for the four quarters of the second prior fiscal year. This years increase is 1.184%, which changes the bid limit from \$58,900 to \$59,600, as of January 1, 2003.

The \$15,000 threshold on Public Works (construction contracts) specified in Section 20111(b) is not subject to annual adjustments.

RE: AUTHORIZATION FOR AN INCREASE IN BUDGET LIMITATION
AGREEMENT #11, AMENDMENT 15.1, MALIBU UNDERGROUND
UTILITIES

RECOMMENDATION NO. A.13

It is recommended that the Board of Education approve an **increase** in Budget Limitation Agreement #11 from \$727,648 to \$744,627 in the form of Contract Amendment 15.1 with an amount equal to \$16,979, for modernization work attributed to differing site conditions and added scope of work.

Funding Information:

Source: Proposition X - General Obligation Bonds
State New Construction Funds
State Modernization Funds
Developer Fees

Fund: 30-00000-0-92000-85000-6200-010-2600

Comments: During the course of construction of the underground utility work at Malibu High School, certain added work was performed by Jacobs' subcontractors attributed to either differing site conditions or added work requested by the District. In addition, certain work specified by design, but not required under field conditions was deleted. Additionally, original funding for certain overtime work was not used and is being returned to the District.

Jacobs has negotiated eight change orders and will execute a ninth with its subcontractor, A-1 Electric, to perform the necessary work as set forth in the attached proposed Contract Amendment #15.1. The change order amount is \$22,454. Funds returned and not used by A-1 Electric are \$6,586 and the Jacobs Facilities Program construction management fee is **\$1,111**. Funding for the work will come from the unallocated budget for Santa Monica Schools. The following page is a summary of the cost associated with Budget Limitation Agreement #11, including this proposed amendment.

The Proposition X Oversight Committee has reviewed this item and recommends approval.

Subject: SMMUSD Modernization; Bid Pack 3A.5, Malibu High School
Underground Utilities
BLA 11, Proposed Final Amendment 15.1.

Dear Mr. Berriman:

Having completed the reconciliation of changes for BLA 11, Bid Pack 3A.5, Malibu High School Underground Utilities, I have prepared and enclosed the proposed final amendment for **\$16,979**. Enclosed are a draft board action memo, draft Amendment 15.1, supporting spreadsheets, change order documentation and agreements. A net fee of 7% has been incorporated as agreed between you and Scott Cram.

This amendment is submitted as a final amendment to this BLA. There are no WTBD funds involved. The available contingency was completely used. All OCIP-related insurance premiums have been assessed and refunded (one small credit change order is still pending with A-1 Electric but will not impact this amendment). All changes to be paid by the district have been mutually agreed to. And there is a small amount set aside in the allowances that had not been used to be returned.

I have also enclosed a copy of the applicable pages of our most recent change order log which constitutes our final accounting of funds for this BLA.

Sincerely,

W. Scott Harral, P.E.
Senior Program Manager

CONTRACT AMENDMENT **NO. 15.1**

This document (hereinafter as "Amendment") dated January 20, 2003, will serve as Contract Amendment Number 15.1 to the Agreement for Program Management Services ("PM Agreement") dated August 12, 1999, **and** is between the Santa Monica-Malibu Unified School District ("Owner") and Jacobs Facilities, Inc. ("**Jacobs**"). This Amendment supplements Contract Amendment 15. All terms and conditions used herein shall reflect the original language as stated in the PM Agreement or any subsequent amendments as currently approved.

In consideration of the mutual covenants and agreements set forth below, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by the parties hereto, the Owner and Jacobs hereby amend and supplement the PM Agreement as follows:

SCOPE

Scope adjustments within this Amendment cover work associated with Bid Package 3A.5, Malibu High School Underground Utilities, as identified in the attached nine change order documents issued to A-1 Electric performing work under contract with Jacobs.

Additionally, funds set aside in Amendment 15 to compensate A-1 Electric for certain overtime work were not used and are returned to the Owner.

COST

Costs **as stated in** the current contract as **amended** will be modified in accordance with the attached summary. **A fixed price** amount of \$16,979, to compensate Jacobs and its subcontractor, is added to BLA 11 accordingly.

SCHEDULE

The work described herein has been performed and, therefore, impacts to schedule, if any, have been incurred. Jacobs agrees to waive any claim for extended performance and consequent impact damages provided that the Owner does not assess liquidated damages against this BLA. All work was substantially complete within the specified completion date.

This Amendment applies only after it has been fully executed by both parties.

IN WITNESS WHEREOF, the Owner and Jacobs have executed this Amendment as of the date written above.

RE: AUTHORIZATION FOR AN INCREASE IN BUDGET LIMITATION
AGREEMENT #3 FOR ADDITIONAL WORK AT BARNUM HALL

RECOMMENDATION NO. A.14

It is recommended that the Board of Education approve an increase in Budget Limitation Agreement #3 from \$5,192,023 to \$5,272,023 in the form of Contract Amendment 4.5 in an amount equal to \$80,000 to compensate Jacobs Facilities, Inc. in accordance with the Agreement for Program Management Services for additional fees paid to WLC Architects.

Funding Information:

Source: State Modernization
Proposition X - General Obligation Bonds
Fund: 30-00000-0-93000-85000-6200-015-2600

Comments: As a result of the extended performance of work at Barnum Hall, the period of performance for construction administrative services by the Architect of Record was comparably extended. In accordance with the terms of the Agreement for Program Management Services, the District is required to compensate Jacobs Facilities, Inc., for the additional WLC construction administrative services. Assessed liquidated damages will cover this additional expense.

The Proposition X Oversight Committee has reviewed this item and recommends approval.

RE: ADOPT RESOLUTION NUMBER 02-19: ALLOCATION OF FUNDS TO QUALIFY FOR MATCHING PRESERVE L.A. GRANT FROM THE J. PAUL GETTY TRUST TO CLEAN AND RESTORE THE FIRE CURTAIN MURAL IN SANTA MONICA HIGH SCHOOL'S BARNUM HALL

RECOMMENDATION NO. A.21

It is recommended that the Board of Education adopt Resolution Number 02-19: Allocation of Matching Funds with J. Paul Getty Trust to clean and restore the Barnum Hall fire curtain mural at Santa Monica High School.

COMMENTS: The District has received a \$47,000 grant from the J. Paul Getty Trust, with the stipulation that the District match that amount, to clean and restore the fire curtain mural at Santa Monica High School.

The mural was created by artist Stanton MacDonald-Wright and is considered a valuable resource from the Works Progress Administration (W.P.A.) during the 1930's.

Resolution Number 02- 19

Allocation of Funds to Qualify for Matching Preserve L.A. Grant From the J. Paul Getty Trust to Clean and Restore the Fire Curtain Mural in Santa Monica High School's Barnum Hall

WHEREAS, The 20-foot by 40-foot mural, *Entry of the Gods into Valhalla*, painted in 1938 on Barnum Hall's fire curtain, is a significant and valuable work of W.P.A. art by preeminent modernist Stanton MacDonald-Wright; and

WHEREAS, The mural is covered with dust, cobwebs, and paint is flaking off in many places; and

WHEREAS, The District, through the Restore Barnum Hall committee, commissioned a study by a local art conservator to produce a restoration plan for the mural and submitted the plan as part of an application to the J. Paul Getty Trust's Preserve L.A. Grant Program; and

WHEREAS, The Getty Grant Program has awarded the District a \$47,000 matching grant, which is half the projected cost of \$94,000 for cleaning and restoring the mural; and

WHEREAS, Receipt of the Getty funding is contingent upon the District's allocating \$47,000 of its own funds to the project; and

WHEREAS, Funds are available in the District's Restore Barnum Hall account:
01-91150-0-00000-00000-8699-015-0000

NOW, THEREFORE, BE IT RESOLVED by the Board of Education of the Santa Monica-Malibu Unified School District, that \$47,000 from the District's Restore Barnum Hall account be allocated to be used in conjunction with the grant from the J. Paul Getty Trust to clean and restore the Stanton MacDonald-Wright mural on the fire curtain in Santa Monica High School's Barnum Hall.

RE: APPROVAL OF LEASE WITH BOYS AND GIRLS CLUB OF SANTA
MONICA

RECOMMENDATION NO. A.24

It is recommended that the Board of Education approve a lease at John Adams Middle School between the Boys and Girls Club of Santa Monica and the School District.

COMMENTS: The Boys and Girls Club of Santa Monica would like to lease space at the John Adams Middle School site to provide various after-school, weekend and summer programs for girls and boys living in the Santa Monica area and/or attending Santa Monica schools. The term of the lease is 10 years initially, with subsequent lease renewals every 5 years.

Staff recommends approval of the lease.

RE: RENEWAL OF THE MORATORIUM ON THE DISTRICT'S PERMIT
POLICY FOR THE 2003-2004 SCHOOL YEAR

RECOMMENDATION NO. A.25

It is recommended that the Board of Education renew its moratorium on the District Permit Policy for the 2003-2004 school year.

BACKGROUND: In August, 2002, the Board of Education adopted a moratorium on the district permit policy for the 2002-2003 school year, with the direction that the Board would review the moratorium in February, 2003.

COMMENT: In light of the State budget deficit and proposed district plan to reduce staff and increase class size, maintaining the moratorium would prevent further increase in class.

INTERDISTRICT ATTENDANCE POLICY

- A. Although students generally must attend school in the district and school where their residence has been established, the Santa Monica-Malibu School District Governing Board recognizes justifiable reasons for interdistrict permits. Upon request, the Superintendent or designee may accept students from other districts and may allow students who live within the District to transfer to another school within the District or out of the District
 - A.1 Involuntary loss of housing should not interfere with a child completing his/her education in the Santa Monica-Malibu Unified School District.

- B. Permits of this type are to be initiated by the student's parent or guardian who attests to the fact or shows evidence that the permit would be in the student's best interests. Cancellation of the permit shall occur if certain provisions are not adhered to by the student or parent/guardian, or if overcrowding should occur at the school of acceptance.

- C. The Board is committed to providing a quality education for all District students legally enrolled and will provide fair and consistent treatment for students and parent/guardians regardless of their residence or permit status. All applications for a permit will be treated in a fair and consistent manner.

- D. Final approval of permits for all students, including student needing specialized programs, such as GATE, special education, ELL, etc., shall rest at the District and shall be contingent upon space availability. The District will not pay excess costs to provide specialized services to students on permit.

- E. Except for the conditions listed below, effective September 2002, there will be a moratorium on the receipt of all new interdistrict attendance permits. The moratorium will be reviewed in February, 2003. Exceptions to the moratorium are as follows:
 - 1. All students currently attending on an interdistrict permit will be allowed to remain in the District until they leave or graduate, assuming that they uphold appropriate standards of behavior and attendance.

2. Guidelines previously applied to SMASH, Edison, including the immersion program through Grade 8, and our preschools will remain in effect.

Requests for permits will be received (granted) in the following order:

1. Intradistrict permits allowing children who are residents of the cities of Santa Monica and/or Malibu to attend a school other than their neighborhood school;
 - 1.a the District guarantees same-school placement
2. Interdistrict permits for children of employees of the Santa Monica-Malibu Unified School District [certificated, classified, management, full and part-time (a minimum of 15 hours per week)];
 - 2.a the district guarantees a seat in a district school to all children of district employees who have requested a new interdistrict permit; staff will do its best to accommodate requests for a specific school but will not guarantee requested placement. On-going permit holders are not effected and will continue in the home school being currently attended.
3. If space and budget permit, staff will do its best to accommodate requests for placement for siblings (of current interdistrict permit holders) who will be entering Kindergarten, 1st, 6th or 9th Grade. If a permit is received (granted) there is no guarantee of same-school placement. On-going permit holders are not effected and will continue in the home school being currently attended.
 - 3.a Siblings of recent [within the last three (3) years] graduates of the Santa Monica-Malibu Unified School District who attended on interdistrict permits will be allowed to enroll under this section, under the same provisions
4. Interdistrict permits for children of employees of the cities of Malibu or Santa Monica.

RE: APPROVAL OF REVISED GRADUATION REQUIREMENTS

RECOMMENDATION NO. A. 26

At its meeting of January 23, 2003, the Board of Education received a report from the Redesign Team at Santa Monica High School. One of the requests included in that report was to revise high school graduation requirements to meet more the rigorous academic expectations and the resultant environment that will take place at the "new" Samohi.

Because any such revision of high school graduation requirements would have district-wide effect, staff was directed to bring recommendations to the Board for discussion. Following discussion at its meeting of February 6, 2003, staff was directed to bring the recommendations to the Board for action.

RE: High School Graduation Requirements

On January 23, 2003 the administrative staff from Santa Monica High School presented recommendations on behalf of both SAMOHI and Malibu High, that the Board strongly consider modification of the minimum requirements for high school graduation.

Specifically, staff recommends:

- A. Increase the current mathematics requirement from two (2) to three (3) years, and
- B. Modify the current foreign language/arts requirement to require one (1) year of foreign language and one (1) year of a visual or performing art. At present, students are required to take one (1) year of either visual or performing arts, speech, debate, foreign language or American Sign Language.

With respect to the above staff recommendations concerning adding an additional year of mathematics to the current requirement, the first grade level to be impacted would be the Class of 2007 (current 8th graders). This recommendation therefore, would not go into implementation until the 2005-06 school year.

With respect to the second recommendation, requiring all students to take a full year of foreign language would require immediate additional staffing for the 2003-04 school year. The number of additional FTE required could be as high as five (5), but would likely be lower given we are currently staffed to accommodate those students who would have taken a foreign language anyway.

My recommendation at this time is that we increase the mathematics requirement from two (2) to three (3) years effective with the 2005-06 school year. With respect to the foreign language/visual and performing arts requirement, I recommend we hold on implementation until such time that the district's financial resources will allow us to properly implement it.

RE: ADOPTION OF RESOLUTION NUMBER 02-13: REDUCTION OR DISCONTINUANCE OF PARTICULAR KINDS OF SERVICE (CSR)

RECOMMENDATION NO. A.27.a.3

It is recommended that the Board of Education adopt Resolution Number 02-13: REDUCTION OR DISCONTINUANCE OF PARTICULAR KINDS OF SERVICE

COMMENT: The Superintendent is recommending to the Board of Education that it discuss and take action on this proposed resolution reducing or discontinuing particular kinds of certificated services.

In order to meet notification deadlines for certificated personnel, the Board must act to direct the Superintendent or designee to determine which employees are to receive notice of layoff as a result of the reduction or discontinuance of particular kinds of service(s). The Superintendent or designee will follow applicable Education Codes and Board Policies in issuing appropriate notices to specific personnel on or before March 15, 2003.

This Resolution relates to the reduction or discontinuance of teaching services provided at the elementary, middle and high school levels throughout the district and is the result of increasing class sizes at specific levels. Staffing ratios for purposes of reducing or discontinuing these services are as follows:

	Current 2002-03	2003-04
K-2	20:1	20:1
3rd	20:1	30:1
4-5	30:1	30:1

RESOLUTION NUMBER 02-13

REDUCTION OR DISCONTINUANCE OF PARTICULAR KINDS OF SERVICE

WHEREAS, pursuant to Education Code Section 44955, it is the opinion of this Board that it has become necessary to reduce or discontinue particular kinds of services; and

WHEREAS, this Board does not desire to reduce the services of permanent certificated employees based upon a reduction of average daily attendance during the past two years; and

WHEREAS, it is the opinion of this Board that the following particular kinds of services be reduced or discontinued for the 2003-2004 school year (**NOTE: specific reductions will be brought forward to the meeting of March 6, 2003**):

1. Reduce Kindergarten through Fifth Grade Classroom Teaching Services - 20 FTE
2. Reduce Sixth through Twelfth Grade Classroom teaching Services - 45 FTE
(NOTE: specific subject areas will be delineated at the meeting of March 6, 2003)

WHEREAS, it is the opinion of this Board that it is necessary by reason of the aforementioned reductions and discontinuances of service to decrease the number of certificated employees by the equivalent of 65.0 FTE employees for the 2003-2004 school year.

WHEREAS, in determining the service to be reduced, the Board of Education has considered all assured and/or attrition known as of this time;

WHEREAS, the Education Code required that various actions be taken and notices be forwarded no later than March 15th of each school year regarding layoffs of certificated personnel resulting from reductions of particular kinds of service;

NOW, THEREFORE, BE IT RESOLVED, by the Board of Education of the Santa Monica-Malibu Unified School District, that for the 2003-2004 school year, the particular kinds of services to be provided by said District shall be and hereby are reduced to the extent hereinabove set forth.

BE IT FURTHER RESOLVED, that due to the reduction or discontinuance of particular kinds of services, the legal number of employees of the District, pursuant to Education Code Section 44955, not be reemployed for the 2003-2004 school year.

BE IT FURTHER RESOLVED that the Superintendent, or her designee, is directed to give Notice of Recommendation Not to Reemploy, in accordance with the provisions of Section 44949 and 44955 of the Education Code, to the number of certificated employees allowed pursuant to Education Code Section 44955.

BE IT FURTHER RESOLVED that the Superintendent, or his designee, is delegated the authority to take all actions necessary and proper to the accomplishment of the purposes of this Resolution.

ITEM NO. A.27.a.5

It is recommended that the Board of Education adopt Resolution Number 02-15: REDUCTION OR DISCONTINUANCE OF PARTICULAR KINDS OF SERVICE

COMMENT: The Superintendent is recommending to the Board of Education that it discuss and take action on this proposed resolution reducing or discontinuing particular kinds of certificated services.

In order to meet notification deadlines for certificated personnel, the Board must act to direct the Superintendent or designee to determine which employees are to receive notice of layoff as a result of the reduction or discontinuance of particular kinds of service(s). The Superintendent or designee will follow applicable Education Codes and Board Policies in issuing appropriate notices to specific personnel on or before March 15, 2003.

This Resolution relates to the reduction or discontinuance of particular kinds of services in categorical programs (excluding special education and child development). Up through this year, funding for categorical programs was provided separately for each program. The Governor's budget for 2003-04 now combines all categorical funding into one "block grant". The State is consequently giving Boards of Education the flexibility and authority to allocate funds among the various programs, as each Governing Board deems appropriate for their particular district.

Because we do not yet know how these funds will be allocated or which categorical programs the district will retain or modify, it is recommended as a precautionary measure that the Board authorize preparation for reduction or discontinuance of particular kinds of categorical services as may be determined at a later date.

RE: ADOPTION OF RESOLUTION NUMBER 02-16: DETERMINATION OF SENIORITY AMONG CERTIFICATED EMPLOYEES WITH THE SAME SENIORITY DATE ("Tie Breaker Resolution")

RECOMMENDATION NO. A.27.a.6

It is recommended that the Board of Education adopt Resolution Number 02-16: Determination of Seniority Among Certificated Employees with the Same Seniority Date (Tie Breaker Resolution).

COMMENT: As the District prepares to implement the reduction or discontinuance of particular kinds of services, it is a requirement to have Board direction regarding the determination of seniority among certificated employees with the same first date of paid service in probationary status. Consequently, the Board must act to direct staff as to the specific criteria to be used in making these determinations as necessary.

**DETERMINATION OF SENIORITY AMONG CERTIFICATED EMPLOYEES WITH THE
SAME SENIORITY DATE ("Tie-Breaker Resolution")**

WHEREAS, pursuant to Education Code Section 44955, the Board is required, as between employees who first rendered paid service to the District on the same date, to determine the order of termination solely on the basis of the needs of the District and its students; and

WHEREAS, Education Code Section 44955 requires that upon the request of any employee whose order of termination is determined as stated above, the governing board shall furnish in writing no later than five (5) days prior to the commencement of the hearing held in accordance with Section 44949, a statement of the specific criteria used in determining the order of termination and the application of the criteria in ranking each employee relative to the other employees in the group.

NOW, THEREFORE, BE IT RESOLVED, as follows:

1. That this Board determines that the needs of the District and the students of this District are best served by resolving seniority ties within the meaning of Education Code Sections 44955, subdivision (b) (third paragraph) and Section 44846, by applying the criteria set forth in paragraphs 4 through 14 below;
2. That as between employees who first rendered paid service to the District in a probationary post on the same date, the order of termination of said employees shall be determined by reference to the criteria which follow and the application thereof to each employee;
3. That the criteria set forth in paragraphs 4 through 14 below are listed in priority order and each criterion shall be used only if the preceding criteria do not delineate the order of termination;
4. As between certificated employees possessing the same seniority date as defined in Education Code Section 44845, and who possess a currently valid, non-emergency BCLAD and a professional clear credential, a preliminary credential (or their equivalent, if any, under previous provisions of law), or internship credential these employees, will be regarded as having greater seniority for purposes of determining seniority order;

5. Assuming that the preceding paragraph does not resolve all ties between employees having the same seniority date, then employees possessing a currently valid, non-emergency CLAD (or its equivalent under previous provisions of law, or other document permitting the instruction of English Language Learners) and a professional clear credential, a preliminary credential (or their equivalent, if any, under previous provisions of law) or an internship credential will be regarded as having greater seniority for purposes of determining seniority order;
6. Assuming that the preceding paragraphs do not resolve all ties between employees having the same seniority date, then certificated employees currently holding a valid professional clear credential (or its equivalent under previous provisions of law) with the broader scope of K-12 services, as defined by supplementary authorizations or majors, as the case may be, will be regarded as having greater seniority purposes of determining seniority order;
7. Assuming that the preceding paragraphs do not resolve all ties between employees having the same seniority date, the certificated employees holding a preliminary credential with the broader scope of K-12 services, as defined by supplementary authorizations or majors, as the case may be, will be regarded as having greater seniority for purposes of determining seniority order;
8. Assuming that the preceding paragraphs do not resolve all ties between employees having the same seniority date, the certificated employees holding a professional clear credential with no supplementary authorizations or majors will be regarded as having greater seniority for purposes of determining seniority order;
9. Assuming that the preceding paragraphs do not resolve all ties between employees having the same seniority date, the certificated employees holding a preliminary credential, with no supplementary authorizations or majors, will be regarded as having greater seniority for purposes of determining seniority order;
10. Assuming that the preceding paragraphs do not resolve all ties between employees having the same seniority date, then certificated employees currently holding an internship credential will be regarded as having greater seniority for purposes of determining seniority order;
11. Assuming that the preceding paragraphs do not resolve all ties between employees having the same seniority date, then as between certificated employees holding the same credential the employee having the greater amount of

teaching experience, shall be given preference for purposes of determining seniority order. Teaching experience shall be evaluated in the following priority order:

- a) previous complete school years of K-12 teaching experience in SMMUSD;
 - b) previous complete school years of K-12 teaching experience outside SMMUSD;
12. Assuming that the preceding paragraphs do not resolve all ties between employees having the same seniority date, the certificated employee with the earliest original hire date within this District will be regarded as having greater seniority for purposes of determining seniority order;
13. Assuming that the preceding paragraphs do not resolve all ties between employees having the same seniority date, the certificated employee with a Master's Degree or higher will be regarded as having greater seniority for purposes of determining seniority order;
14. Assuming that the preceding paragraphs do not resolve all ties between employees having the same seniority date, the winner shall be the certificated employee with the highest undergraduate grade point average.

Such criteria shall be applied to rank the order of individuals for purpose of layoff and reemployment, subject to exceptions allowed by law;

RE: PROPOSED BUDGET REDUCTIONS

DISCUSSION
02-20-03

ITEM NO. A.27.b.1

Governor Gray Davis' fifth State Budget announcement was sober and shocking. His proposed budget calls for major budget reductions and tax increases to address a \$34.6 billion State Budget shortfall. For the second year in a row, schools are facing a mid-year budget cut, current year cut of \$2.7 billion. The proposed 2003-04 State Budget would bring to \$4.8 billion, the amount that schools would lose in revenue over an 18-month period.

The specifics of the Governor's Budget proposals are:

,	2002-03 Revenue Limit reductions	2.15%
,	2002-03 categorical reductions	3.66%
,	2002-03 additional categorical cut	7.46%
,	2003-04 additional categorical cut	1.28%
,	A Block Grant proposal, combining 64 categoricals into one unrestricted grant	
,	Suspension of reimbursements for Mandated Cost Claims	

The effects of the Governor's Proposed Budget reduction and the current condition of our own financials leads us to believe that the District is facing a \$12 million shortfall for 2003-04. As a result, staff is proposing a similar amount of budget cuts for the Board's consideration. The recommendation is to make the following cuts:

,	Administrative Staff	12.00 FTEs	\$ 1,372,519
,	Certificated Staff	102.87 FTEs	\$ 6,721,663
,	Classified Staff	56.17 FTEs	\$ 3,242,522
,	Program & Service Reductions	35.73 FTEs	\$ 1,421,496
,	Contracted Services		<u>\$ 998,259</u>
	Total:	206.77 FTEs	\$13,756,459

In addition to these proposed cuts, the District has already implemented a freeze in hiring and a freeze on purchasing. Supplemental salaries have been curtailed and special service contracts are being reviewed to see which can be terminated or not renewed. Fees have been increased for both transportation and food service. Energy conservation is encouraged and the District's energy conservation plan is being implemented.

Capital expenditure outlays have been deferred.

As we prepare for the implementation of the proposed State Budget reductions, there are still other preparations that need to be made:

- A. Prepare for a campaign for a Parcel Tax election
- B. Prepare for layoffs and establish a seniority list
- C. Prepare to negotiate the conditions of a layoff
- D. Plan to increase class sizes
- E. Develop school site staffing ratios
- F. Review categorical program budgets
- G. Complete analysis of all budgets that require Local General Fund Contribution (LGFC)
- H. Reorganize Educational Services Department
- I. Investigate retirement incentives
- J. Do a re-enrollment for Health Benefits
- K. Review efficiency of operations

Changes to these proposals are inevitable as our plan will be effected directly by legislative action. We hope for more flexibility by having the legislature change Education Code requirements by easing the General Fund Reserve for Economic Uncertainties requirements, easing the cap on K-3 class size reduction, easing the expenditure requirements for the restricted maintenance account, eliminating supplemental retirement contribution and removing the requirements of unfunded mandates. These options would give us more flexibility to develop a balanced budget for 2003-04.

RE: DECISION MAKING PROCESS FOR REDUCTION OF SERVICES 2003-04
SCHOOL

As you begin to undertake the difficult task of making decisions to cut District services for the 2003-04 school year in response to the nearly twelve million dollar budgetary shortfall, it is clear that an explicit process that guides decision making is necessary. I believe that a well-conceived comprehensive plan enables you as the custodians of the District to be as *systematic and just* as is humanly possible, given the immensity of the responsibility that lies before you. In the September 2002 message that I published on the District's web page, I referenced how we as a country actually grew stronger after having confronted our individual and collective fears in the aftermath of the events of 9/11. Likewise, it is my hope that we as a District are able to face our fears and emerge stronger and more committed to those fundamental ideals we hold at the core of our institution as we work through the decision making process. In order to accomplish this work I propose the following:

1. The Board utilizes its expressed commitment to extraordinary achievement for all, closing the achievement gap, and equity and access as the organizing principles through which all decisions are screened. The many programs and services that the District currently offer each have constituents and each possess desirability and value to some students and families. However given the scarcity of financial resources, I propose that it is our obligation as a District to first protect those services that promote the core work of the District.

II. The Board listens to the community to obtain extensive input.

Invariably the decisions related to cuts will impact every family in the District. Therefore, the opportunity for the public to share with you information related to those cuts is a vital component of your ability to make fully informed decisions. Additionally, such an opportunity, coupled with the wide spread understanding of the process, has the

potential of engendering in the community a sense of credibility and fairness in the decision making process.

III. The Board examines all proposed cuts and reductions and creates prioritized lists for both elimination, and in the event of available funding, restoration of services.

Once the Board has screened all proposed cuts and established the items' connection to the organizing principles, it is important to determine an order or ranking of the items' relationship to the principles. This is an extremely necessary step when attempting to systematically distribute finite fiscal resources. To aid in that process the following guiding questions may be useful:

- How directly does this service impact our ability to accomplish the core work expressed in the organizing principles of extraordinary achievement, closing the achievement gap, and equity and access? (Directly, indirectly, not at all)
- Will there be other resources available to fill in the services provided by this proposed cut? (Complete coverage, partial coverage, no coverage)
- Which populations are most impacted by this cut?
- Are there contractual concessions that could be made to ameliorate or lessen this cut?

Based on analyzing each proposed cut in this manner, it is possible to make prioritized lists for reduction and, it is hoped, restoration in a systematic way that reflects our beliefs as a District.

Following is a matrix that can be utilized in your deliberations:

	Degree of Impact			Other Resources			Population Most Impacted	Contractual Concessions Needed *
	Directly	Indirectly	Not At All	Complete Coverage	Partial Coverage	No Coverage	(fill-in)	(fill-in)
Proposed Cut 1								
Proposed Cut 2								
Proposed Cut 3								
Etc.								

* e.g., An adjustment in the teachers contract that would allow Kdgn teachers to work in 3rd grade classrooms at the end of their instructional day, should grade 3 class size increase.

I strongly recommend that you adopt this process, and that it be communicated widely to the public. Establishing a sense of trust and confidence in the Board to be systematic and fair is imperative as you embark on the upcoming phase of cutbacks.

RE: Reduction or Discontinuance of Particular Kinds of
Certificated Services ("Layoff")

As a result of the current fiscal situation in California, school districts throughout our State are coming to face the reality that reductions in existing staff will need to occur for 2003-04. In our own case, the prospect of 2003-04 budget reductions in excess of \$11 million leaves us with no alternative but to find ways to significantly reduce our existing workforce. With respect to certificated employees, we have prepared a series of Resolutions for the Board meeting of January 30, 2003, which will begin the process of reducing or discontinuing particular kinds of certificated services ("layoff") effective next school year. The purpose of this memo is to brief you on this process.

First, please be aware that the process of conducting layoffs is not only psychologically and emotionally difficult, but technically, legally and procedurally complex. With respect to the technical aspects of the process, staff is working closely with our legal counsel throughout each step. At the same time, the very real and human aspects of conducting a layoff of this magnitude are coming sharply into focus. Our Human Resources Department has made it the highest priority to treat each individual with the utmost care, respect and dignity.

The legal phrase used to describe "layoff" is "reduction or discontinuance of particular kinds of certificated services". In that regard, we are placing before you three separate Resolutions pertaining to certificated (non-management) employees, which each have a separate and distinct approach to the reduction or discontinuance of services.

The first Resolution involves a reduction of teaching services at all levels, which is made possible by increasing the ratios at which certain grades and/or levels are staffed. Specifically, we will be recommending the following:

1. Increase in class sizes at 3rd grade from 20:1 to 30:1. The result of this increase is that we estimate a reduction of approximately 20 FTE from our overall elementary teacher workforce.
2. At the middle school level, we are recommending an increase in the staffing ratio from 30:1 to 35:1. We are also recommending the elimination of 8th grade class size reduction in English and math. The result will be an overall reduction in teaching staff of approximately 25 FTE at the middle school level.
3. Finally, at the high school level we are recommending an increase in staffing ratio from 30:1 at Malibu HS and 33:1 at SAMOHI, to 37:1 at both sites. We are also recommending elimination of 9th grade class size reduction in English and math. The result will be an overall reduction in teaching staff of approximately 20 FTE at the high school level.

In all, we estimate a certificated staffing reduction of approximately 65 teachers as a result of increasing student/teacher ratios in various grades and/or levels.

The second Resolution on the January 30th agenda deals specifically with the reduction or discontinuance of particular kinds of services which are not associated with increases in class sizes. These are reductions or eliminations of direct services provided to students by specialized support and/or instructional staff. Specifically, we are recommending the following:

1. Reduction of school nursing services from the current level of 10.7 FTE to 5.5 FTE. Total reduction in nursing services would be 5.2 FTE.
2. Discontinuance of the elementary instrumental music program, which would be a reduction of 6.67 FTE.

In total, this Resolution would reduce certificated services by 11.87 FTE.

The third and final Resolution on the January 30th agenda will involve a potential reduction of services in categorically funded programs (excluding special ed and CDS). This Resolution is the result of our State's new funding structure around it's 64 categorical programs which up through this year, each have separate funding as well as separate rules, regulations and procedures. For 2003-04 and beyond, the Governor is proposing that all funding for categorical programs be bundled ("blocked")

together and distributed to school districts in the form of a single "block grant". The concept is to allow Boards of Education to determine how funds are to be allocated among their existing categorical programs. Since we do not yet know how we will elect to allocate the funds among categorical programs in SMMUSD, we are preparing to reduce or discontinue all categorical programs as strictly a precautionary measure. In all, we could reduce categorical services by up to 30.4667 FTE.

In total, we are recommending a maximum reduction of certificated staffing that totals just over 97 FTE. Of that, nearly 72 FTE (73.8%) comes from the general fund.

Once you have taken action with respect to the three Resolutions, staff must begin the process of translating FTEs into people. That process is very technically involved but must be completed by March 15th. First, staff will reduce the target number of FTEs by identifying those employees who have been hired on temporary contracts. Temporary employees serve at the "will of the board" and have each signed contracts that clearly indicate their services to the district will end on the last day of school in June. Next, we will identify those probationary teachers who are being recommended for non re-election. These would be probationary teachers in their first or second year, whose principals have recommended for non re-election during 2003-04. Finally, staff will reduce the target FTEs by a factor which takes into consideration the natural attrition of employees. In past years we have experienced teacher turnover well above 80 teachers per year. Though we do not anticipate such a large number in the current job market, there will be some natural turnover. We will calculate a conservative figure for attrition and use that to further reduce our target FTEs.

The remaining FTEs will need to be converted into actual certificated employee names and positions for purposes of layoff. Staff will then go through a process of identifying individual employees for layoff, using a seniority list that is sorted by the date each employee first rendered service in a probationary position. In the event two or more employees have the same date of first probationary service, we will need to apply specific criterion for "breaking the tie". A fourth Resolution has been placed on the January 30th agenda, which gives specific direction to staff relative to determining seniority in such instances.

On the final Board agenda for February (2/20/03) and the first meeting in March (3/6/03), staff will be presenting you with the list of employees recommended for layoff. By that time, each employee will also have received notice of the pending Board action. Final action with respect to layoff must take place by March 15, 2003. After that date, each individual employee who has been noticed of possible layoff will have an opportunity to schedule a hearing before an administrative law judge. The purposes of the hearing would be to verify the employee was correctly identified for layoff based on his/her place on the seniority list and to verify the employee has received timely notice. All hearings will be concluded and final decisions rendered, by May 1, 2003.

On or before May 7, 2003, the Board will need to take final action relative to layoff of certificated (non management) employees. After action has been taken, employees receive their final notification that layoff will actually occur.

It is important to remember that March 15th is a critical date with respect to this process. Once that date has passed, we will not be able to go back and add FTEs to the list for potential reduction or discontinuance of services. We can however, always reduce the number of FTEs scheduled for reduction.

After a layoff has taken place, employees go on a 39 month employment list, meaning that if a vacant position becomes available we will first try to re-hire those persons on the list who are qualified for the position vacated. Our hope is that over the next 39 months, we would be able to bring as many of our employees back as possible.

Memorandum to Board of Education
January 24, 2003
Page 5

As you can see, this will be a lengthy and complex process, with many details to address along the way. Most important however, will be our sensitivity and support for those employees who will lose their positions in the district. Our staff and community worked very hard to bring these people to us and we are deeply saddened at the prospect of losing them.

RE: TIME LINE OF ACTIVITIES RELATED TO REDUCING OR
ELIMINATING CERTIFICATED SERVICES

ITEM NO. A. 27.b.4

In order to insure that we follow all relevant Education Codes and legal guidelines and that notifications are properly adopted and served upon each employee, the Board is required to meet certain deadlines during the process to reduce or eliminate services. The information presented below summarizes activities that have already been completed and future deadlines which must be met:

Completed February 20	Board of Education approved the Superintendent's budget reduction proposal.
Completed March 6	Board adopted Resolution xx-xx-02 and accompanying Exhibit A which outlined the number of FT reductions to be made.
Completed March 7-14	Preliminary notices of recommendations not to reemploy distributed by site administrators to certificated employees.
Completed April 10-12	Notice of hearing date distributed to employees requesting hearing.
May 1-2	Hearing before Administrative Law Judge. This is the only time the hearing could be scheduled.
On or before May 7	Copy of the Administrative Law Judge's proposed decision delivered to each employee who was a respondent at the hearing.
May 8	Board meets to discuss and take action on the proposed decision and to instruct the Superintendent to notify the affected employees that their services will not be required or will be reduced for the 2003-2004 school year.
Prior to May 15	Notices of decision not to reemploy delivered to affected employees.

RE: GOVERNOR'S MID-YEAR BUDGET PROPOSAL

DISCUSSION
02-20-03

ITEM NO. A.27.b.5

The Governor's Mid-Year Budget Proposal for 2002-03 proposes a 3.66% (\$980 million) budget reduction across all State funding. In addition, the Governor has subsequently indicated that he recommends a 7.46% (\$482 million) reduction to most categorical programs.

The Governor's Budget Proposal for 2003-04 provides 0% (\$886 million) funding for a Cost of Living Adjustment (COLA) along with additional 1.28% (\$71 million) across-the-board cuts in most categorical programs. He has further proposed a suspension of payments for mandated cost claims (\$870 million). There is no recommended growth funding for most categorical programs (\$106 million).

The most significant proposal for 2003-04 is the Governor's recommendation to combine 64 categorical programs into one unrestricted Block Grant to school districts. The Block Grant apportionment would be agency specific, reflecting both the 3.66% reduction, the 7.46% reduction and the 1.28% reduction. The Governor estimates that the new Block Grant will be \$5.1 billion which will include major categoricals, such as Instructional Materials, Adult Education, R.O.P., Deferred Maintenance and Staff Development. (Please see Table 2 on the following two pages.)

By changing our current system of categorical programs to one unrestricted Block Grant, the District will be given the opportunity to redistribute the funds as are needed to cover the Local General Fund Contribution (LGFC) for K-3 Class Size Reduction, Special Education, Summer School and Home-to-School Transportation. A list of categorical funds which the District receives is shown below as Table 1.

Certain categorical programs will continue as State categoricals. These programs will receive separate entitlements from the proposed new Block Grant. These categoricals are: K-3 Class Size Reduction, Special Education, Child Development: State Preschool, Child Development: Extended Day Care, Standards-Based Math Staff Development and AB 75 Principal Training Program.

73750	Tenth Grade Counseling

The flexibility to decide the use of the new Block Grant will enable us to more fully protect the core educational programs. The specific categorical programs will sunset at the conclusion of this fiscal year.

Even with the flexibility of the new Block Grant, we still estimate that our total deficit for 2003-04 is approximately \$11 million, so further budget restructuring will be required in order for us to produce a balanced budget.

RE: ENROLLMENT PROJECTION FOR 2003-04

Item No. A. 27.b.6

In preparation for the 2003-04 school year, staff has prepared our annual enrollment projection for all schools and grades. This projection is based on a "cohort survival formula" which takes into consideration actual enrollment data for the past three school years. The census date used for projection purposes is the last week in October, which corresponds with the date in which CBEDS is taken.

In compiling this projection, the following assumptions were made:

1. It is assumed that the number of students on inter-district permit will remain constant for 2003-04 in grades 1-12.
2. It is assumed that the number of incoming K students on inter-district permit will be the same as it was for this school year.
3. It is assumed that the number of students in special day classes (SDC) and on independent study, will remain constant for 2003-04.

Note also that the projected number of incoming resident kindergarten students is based strictly on mathematical projection. It is anticipated that this number will be revised as we move closer to the end of the school year and further information from the various "round-ups" becomes available.

AGENDA

NOTE: The enrollment projection information is available on the District's website, www.smmusd.org, as a pdf file; to view it:

- 1) go to www.smmusd.org
- 2) click on "Board Meetings"
- 3) scroll to the date for this meeting

RE: INSTITUTE FOR LEARNING (IFL) PROGRESS REPORT

DISCUSSION ITEM NO. D.1

The Institute For Learning The Santa Monica Malibu Unified School District began its participation in the Institute For Learning (IFL) in July 2002. Our affiliation with IFL was made possible through a grant from the RGK Foundation. The Instructional Leadership Program of the Institute for Learning at the University of Pittsburgh is a three-year program designed to deploy leadership skills to support higher achievement for diverse student populations. Our year-one training has focused on the Institute,s Principles of Learning (POL's), which are considered theoretical statements summarizing several decades of research. The POL,s are designed to help educators analyze the quality of instruction and the opportunities they provide for rigorous learning for all students. We are also studying the role of instructional leadership and district design in creating the conditions needed to support rigorous instructional environments.

Six principals (Lise Reilly, Patty Flynn, Pat Samarge, Ilene Straus, Maureen Bradford and Wendy Wax) as well Dr. Joe Quarles and Christina Rivera attended the first week-long training session at the Institute. In January, John Deasy and Jarvis Pahl joined the same eight administrators for another three days of intensive training and planning.

The RGK Foundation and SMMUSD's Work

The grant proposal with the RGK Foundation has four goals, all of which have been greatly exceeded. They include:

- ' Five principals will be trained by IFL
- ' Five assistant principals will be trained in a delay time concept by the original 5 principals
- ' Five lead teachers will be trained by the original five principals
- ' The Superintendent will train the Superintendent, Assistant Superintendent and the Deputy Superintendent.

The IFL team consists of six principals and four district office administrators who have all attended training in Pittsburgh. This IFL team has subsequently developed and implemented one to two training sessions on the IFL content each month. This professional development effort is being implemented

through a trainer-of-trainers model and is intended to enhance the instructional leadership skills of each site,s administrators and teacher leaders. All eighteen principals meet twice a month on the first and fourth Monday of the month. Each principal attends the first Monday session with one to two teacher leaders from their schools for a total of 22 teachers. All seventeen assistant principals attend a similar training on the second Monday of the month.

To date, the training has included instruction on

- 1) The effort-based classroom
- 2) The nine Principles of Learning, and
- 3) Implementing a standards-based literacy program supported by the Principles of Learning.

The professional development on quality standards-based instruction has been focused through the lens of three of the Principles. These three Principles of **Accountable Talk, Academic Rigor** and **Clear Expectations** are also the focus at each school site. Included in your packet is a description of each of the Principles of Learning. Also included is the article "You Can't Get There From Here" by Jeff Howard referencing the implementation of an effort-based instructional system in our schools. This article was one of several used at our Monday sessions. **AGENDA NOTE:** The above-referenced article has been forwarded to the Board underseparate cover and is available for public review in the Educational Services Office. Copies will also be available at the meeting.

In the goals of the RGK grant, five teachers were to be trained by the IFL team. We have greatly exceeded this goal as each school has from 1-2 teacher leaders that attend one Monday a month. These teams have subsequently implemented similar sessions at their sites thereby extending the IFL training to every teacher in the district. As part of the training, each school has developed a replication plan, which outlines their plans and timelines for this work. Each school has also received an observation matrix detailing what one should see when the three focus Principles are integrated into daily instruction.

The three POL's have also been integrated into a set of "Look-Fors" for the newly adopted Houghton Mifflin English Language Arts Program for the elementary schools as well as in sets of instructional guidelines for each of the content areas grades K-12. Each school is conducting several school-wide and smaller grade level or department Walk Throughs focusing on the three focus Principles of Learning in Literacy/Math instruction.

Due to the District-wide training, teachers are developing a common language around rigorous standards-based instruction. We are learning that education research demonstrates that, by working hard, virtually all students, regardless of background, are capable of high achievement. We are realizing the primacy of effort, rather than following ingrained assumptions about innate aptitude. Our teachers and students are talking about "becoming smarter" by working hard at the right kind of learning tasks. Implementing the POL's is helping us create the environment and properly focused instructional strategies that help to create ability. Principals are communicating these concepts and the work around the Principles of Learning to their school community through newsletters and parent meetings.

The Future

Our affiliation with the Institute for Learning is a 3-year partnership. The IFL team will attend two sessions each year and return to replicate the training with the instructional leaders. The professional development with the leaders will subsequently be replicated at each of the sites. Future professional development will include in-depth training on the "Learning Walk," which is an event that helps schools to understand the state of teaching and learning in our schools. This knowledge will further refine and enhance our current practice of Walk Throughs being conducted at all our schools. Year three will focus on furthering our capacity to sustain the work begun in the first two years.

AGENDA

NOTE: Copies of the two-page **Principles of Learning** document are available in the printed agenda and will be available for public review at the meeting. The document is also available in the Educational Services Office.

RE: OFFER TO PRINT DISTRICT'S LEGAL ADVERTISEMENTS FREE FOR
ONE YEAR

PUBLIC REQUEST ITEM NO. PR.1

David Ganezer, Publisher of the Santa Monica Observer, will address the Board to offer printing/publishing all the District's legal notices/advertisements for one year netting a possible savings of hundreds of dollars.

MEETING

NOTE: Mr. Ganezer is a district parent as well as the publisher of the "only family with a newspaper of general circulation in Santa Monica."

He has come forward to offer this service.

It is anticipated that the Board may direct staff to calculate the estimated savings and to clarify the area of distribution, juxtaposed to areas of distribution and cost of other publications in which the district currently advertises.
