RE: FIRST LEVEL OF RESTORATIONS RESULTING FROM MEASURE "S"

INFORMATIONAL ITEM NO. I.2

In looking at balancing the 2003-04 budget, staff presented the Board an extensive list of budget reductions for consideration. Staff recommended and the Board approved all the reductions which totaled \$13.7 million. The recommended reductions represented an equitable application as possible to all programs and services.

At its meetings of March 6 and 19, 2003, the Board established guidelines that would be used to restore budget cuts as additional revenue became available. It was acknowledged at that time that the Board may not be able to restore all the proposed reductions, but an attempt was made to develop a list of programs and services that would be restored by the successful passage of the School Funding Measure, additional ongoing support (from the Cities), and the hopeful restoration of State and Federal categorical programs.

As a result of the successful passing of Measure "S", staff will begin to implement the first level of restorations as determined by the Board guidelines developed in March, 2003. The process of rescinding layoff notices and rehiring has begun.
