RE: APPROVAL OF LICENSE AGREEMENT #LA6XC587E WITH SPRINT  
PCS FOR A TELECOMMUNICATIONS SITE AT MALIBU CANYON ROAD

RECOMMENDATION NO. A.09

It is recommendation that the Board of Education approve a license agreement with Sprint PCS to lease space at the Malibu Canyon Road site for their telecommunications equipment.

COMMENTS: At the July 31, 2003 Board Meeting, a lease proposal was made by representatives of Sprint PCS to locate a microcell facility on the District's property at Malibu Canyon Road. The Board directed staff to forward the proposal to legal counsel for review. This was brought back for further discussion at the September 4, 2003 Board Meeting.

The proposed lease is for five (5) years at \$1,500 per month, with annual increases of 3% and three additional 5-year option periods.

District's legal counsel has reviewed and revised the License Agreement on behalf of the District. Staff recommends approval of the License Agreement.

A copy of the Agreement has been forwarded to Board Members under separate cover.

RE: APPROVAL OF READING SPECIALIST FOR SPECIAL EDUCATION

RECOMMENDATION NO. A.10

It is recommended that the Board of Education approve an increase to the budget in the amount of \$11,300 to provide additional compensation for the Reading Specialist for the Learning Resource Center, who has been working beyond the teacher contract day.

COMMENTS: In order to avoid students missing school during the regular school day, there is a need for the Reading Specialist and her aide to work with most of the students either before or after school hours, on most days working from 8:00 a.m. to 5:00 p.m.

In addition, due to the intense nature of the reading interventions used at the Learning Resource Center, most students need to be seen either one-on-one or in small groups of two or three students. This means that only so many groups can be run during the school day hours, therefore overlapping into the after-school hours.

RE: APPROVE COMPREHENSIVE SCHOOL SAFETY PLANS 2003-2004

RECOMMENDATION NO. A.16

It is recommended that the Board of Education approve the Comprehensive School Safety Plans (CSSP) for all district schools pursuant to Education Code 35294.

**COMMENT:** New California legislation mandates that the governing board of the school district discuss each school's Comprehensive School Safety Plan prior to approval and adoption.

Board members must discuss how the school safety plan addresses the needs of the school and pupils within that school and how the school site council considered the three essential components. These are:

1. Assuring each pupil a safe physical environment
2. Assuring each pupil a safe, respectful, accepting and emotionally nurturing environment
3. Providing each child resiliency skills

Board members have been provided with a written statement and an Action Plan from each school summarizing how their Comprehensive School Safety Plan addresses the needs of the school and its pupils. The Action Plan is based on the assessment of safety at their site, per Education Code 35294.2.

Board members also received a checklist for each school which indicates the school's compliance with the mandated Comprehensive School Safety Plan components. Each completed Comprehensive School Safety Plan was reviewed by Pupil Services Coordinator, Marolyn Freedman. The Comprehensive School Safety Plan for each school is on file in the Superintendent's Office for review.

This item will return to the Board annually.

RE: ADVANCED PLACEMENT COURSES - PRESENTATION

DISCUSSION ITEM NO. D.1

Students pursuing the most rigorous preparation for college enroll in Advanced Placement courses offered in English, mathematics, science, history/social science, foreign language and art. Performance in these courses is measured through national examinations tied to the curriculum of each course. Scores range from a 1 to 5. Scores of 3 to 5 may be accepted by colleges and universities for course credit and generally predict superior performance during the first year of college. District participation and performance in Advanced Placement courses will be discussed for all students as well as disaggregated groups of students.

RE: NEW SAT

DISCUSSION ITEM NO. D.2

The College Board administers the SAT test used by most colleges and universities as one of their admissions criteria. The SAT assesses student reasoning based on knowledge and skills developed by the student in school coursework. Juniors (Class of 2006) will be the first class to take the new SAT for college admissions beginning with the PSAT in Fall 2004 and a new SAT in Spring 2005. The new SAT will improve the alignment of the test with current curriculum and institutional practices in high school and college. By including a third measure of skills -- writing, the new SAT will help colleges make better admissions and placement decisions and reinforce the importance of writing throughout a student's education.
