VIII PUBLIC COMMENTS

Public Comments is the time when members of the audience may address the Board of Education on items not scheduled on the meeting's agenda. All speakers are limited to three (3) minutes. The Brown Act (Government Code) states that Board members may not engage in discussion of issues raised during "VIII, Public Comments" except to ask clarifying questions, make a brief announcement, make a brief report on his or her own activities, or to refer the matter to staff.

- Clara Sturak addressed the Board regarding the Special Education Strategic Plan. She expressed concerns that recommendations included in the Committee's report will not be implemented in time for the start of school in September. She also expressed concerns about a staff handbook being compiled and stated that programming needs should be developed for September before a handbook is developed.

IX COMMUNICATIONS - No Reports Scheduled for this meeting.

The Communications section provides an opportunity for the Board of Education to hear reports from the individuals or Committee representative listed below. All reports are limited to 5 minutes or less. However, if more time is necessary, or if a report will not be presented, please notify the Board secretary eight work days prior to the date of the meeting.

X SUPERINTENDENT'S REPORT

No Report

MAJOR and DISCUSSION Items

As a general rule, items under MAJOR and DISCUSSION will be listed in order of importance as determined by the President, Vice President and Superintendent. Individual Board members may move to request a change in the order prior to consideration of any Major item. The Board may also move any of these items out of order to be heard immediately following PUBLIC COMMENTS if it appears that there is special interest by the public or as a courtesy to staff members making presentations to the Board.

XI MAJOR ITEMS

These items are considered to be of major interest and/or importance and are presented for **ACTION (A)** or **INFORMATION (I)** at this time. Many have been reviewed by the Board at a previous meeting under the Discussion Items section of the agenda.

XIV BOARD MEMBER ITEMS

These items are submitted by individual Board members for information or discussion, as per Board Policy 8320(b).

XV REQUESTS BY MEMBERS OF THE PUBLIC OR DISTRICT ADVISORY COMMITTEES TO ADDRESS THE BOARD OF EDUCATION

These items are submitted by members of the public to address the Board of Education on a matter within the jurisdiction of the Board, as per Board Policy 8320(c). Requests must be submitted to the Superintendent in writing ten days before the Board meeting or prior to agenda planning, in accordance with the established agenda planning schedule, whichever is less. The written request will not exceed 500 words and will include, as an attachment, brief background information and the reason for the request.

XVI CONTINUATION OF PUBLIC COMMENTS

A continuation of Section VIII, as needed.

XVII BOARD MEMBER COMMENTS

Board Member Comments is the section where a Board member may make a brief announcement or make a brief report on his or her own activities relative to Board business. There can be no discussion under "BOARD MEMBER COMMENTS".

XVIII FUTURE AGENDA ITEMS

Items for future consideration will be listed with the projected date of consideration. The Board of Education will be given any backup information available at this time.

- **Brown Act - Review - (date to be determined)**

XIX CLOSED SESSION

The Board of Education will adjourn to CLOSED SESSION to complete discussion on items listed for CLOSED SESSION following the regular business meeting.

XX ADJOURNMENT

This meeting adjourned at 9:10 p.m. on a motion made by Ms. Leon-Vazquez, seconded by Mr. de la Torre and voted 4/0.

The next regular meeting is scheduled to be held on Thursday, August 19, 2004, at 7 p.m. in Board Room of the District Offices, 1651 16th Street, Santa Monica, CA.

COMMENT: The Southern California Air Quality Management Division (SCAQMD) has inspected boilers throughout the District. Twelve (12) boilers will be out of compliance with new regulations under Rule 1146.2 for emissions, which require them to be 84% thermal efficient and have lower than 30-PPM NOx. All of the boilers must meet this standard by January 2005. Of the twelve boilers not meeting this standard, eight (8) will be replaced, two (2) will be retro-fit and (2) will be spot checked and tuned. Once the units have been installed and inspected, rebates will be available through Southern California Edison. Six (6) contractors were invited to bid, four (4) attended the job walk, two (2) submitted bids. The alternate bid has been chosen due to space and heating element requirements. Bid results are as follows:

RE: AWARD OF VENDING SERVICES - BID #5.03

RECOMMENDATION NO. A.13

It is recommended that the Board of Education award the vending machine contract to _____.

COMMENT: Bid #5.03 will open on July 19, 2004 at 2:00 p.m. at the District Office. Complete information will be made available at the Board Meeting.

There is no fiscal impact from this contract as all vending machines create revenue for the District. Bids were sent to six (6) vendors. Four (4) attended the job walk, _____ responded with bids. Bid award is based on percent of profit paid back to the District based on net sales. Vending machines and associated products are to adhere to Senate Bills 19 and 677 and to all District policies, including BP 3555 and the Nutrition and Physical Activity Policy adopted on November 20, 2003. All vending machines and associated products will be reviewed prior to their placement into the machines. Bids were as follows:

Vendor	Snacks	Soft Drinks 12 oz.	Soft Drinks 20 oz.

RE: 2004-2005 DECLARATION OF NEED FOR FULLY QUALIFIED
EDUCATORS

RECOMMENDATION NO. A.14

It is recommended that the District adopt the 2004-2005 Declaration of Need for Fully Qualified Educators.

COMMENT: Based on prior year data, the following Declaration stipulates those areas and numbers of emergency permit holders Santa Monica-Malibu anticipates for the 2004-2005 school year. With Board approval, the Declaration will be sent to the Commission on Teacher Credentialing (CTC) thereby establishing the District's need areas for 2004-2005.

Under Education Code 44300 and Senate Bill 322, the Declaration enables the District to streamline its approach to obtaining emergency credentials by establishing the statement of need once rather than on a person-by-person basis. Therefore, as the District finds it necessary to employ teachers under emergency permits, the application process and approval will be more quickly completed.

This declaration may be revised with Board approval as hiring needs change during the school year.

The Board has received a copy of the Declaration of Need for Fully Qualified Educators and supporting documentation under separate cover. These documents are on file in the Office of Human Resources and will be included with the permanent minutes of the meeting.

RE: SANTA MONICA COLLEGE - CAPITAL FACILITIES BOND

DISCUSSION ITEM NO. D.1

Attached on the following pages is the superintendent's rationale and recommendation with regard to the district's partnership with Santa Monica College and Cities of Santa Monica and Malibu for a \$175 million facilities bond measure, proposed for the November 2004 election.

This item provides the Board of Education it's first opportunity to discuss this matter brought forward by Dr. Piedad Robertson at the Board of Education meeting of June 14, 2004.

Public Comment

Denny Zane

Don Girard, SMC was present in the audience. He was asked clarifying questions by the Board of Education.

Following discussion of the item, the Board indicated it supported the Superintendent's third recommendation (see attached) to acknowledge the benefits of the measure, but not partner with SMC at this time. Mr. Girard indicated that this would be acceptable at this time and that the District did not need to rush into a partnership now, but could do so at a later date should there be compelling reasons to do so.

MEMORANDUM

TO: Board of Education

FROM: John E. Deasy, Ph.D.
Superintendent of Schools

DATE: July 15, 2004

RE: SMC Facilities Bond

At your request staff has analyzed the potential for partnerships with Santa Monica College (SMC) in their proposed facilities bond. Please be aware that this briefing has been created in a very short timeframe. This truncated period of time may well affect the overall quality of this document in its ability to be comprehensive. However, staff has worked diligently and quickly to provide you with options, considerations, and a recommendation for your consideration. SMC has proposed a facilities bond to be placed on the November 2004 general election ballot for a number of proposed capital projects. A unique feature to this proposed measure is the concept of partnerships with other local public agencies, specifically the cities of Malibu, Santa Monica, and the Unified School District. The College has sketched out a number of partnerships which can be found in documents prepared by SMC and offered for public information. Among them have been proposed partnerships with the Unified School District around pre-school and daycare. While all of these projects are not detailed in any way yet, some of the 'flesh on the bone' has been presented at the recent Liaison meeting. And the College presented an extensive overview to the Financial Oversight Committee at their recent special meeting. As a result of the Liaison meeting we have scheduled a School Board meeting for July 22, 2004 to accomplish at least three things with respect to this matter:

- 1.) A discussion of the implication(s) of this proposed bond on the school district
- 2.) Receipt of any direction the Board may give to staff with respect to this bond/partnership
- 3.) Undertake a formal and appropriately noticed discussion in the venue accustomed by the public for your deliberations on such matters

In keeping with this direction, this briefing's goals are as follows:

- Provide an analysis of this issue
- Identify project(s) that could serve as substance for partnership(s) with SMC
- Offer a recommendation(s) from staff with respect to this work

This bond represents a new form of opportunity embedded within a traditional capital facilities measure. The standards for a facilities measure are well known to all and this project follows in kind. In essence, should the proposed measure pass, the bonding authority of the College would allow them to borrow up to \$175 Million over 10 years to meet the capital needs of SMC as identified in their extensive facilities assessment plan. The new idea proposed in this measure is the concept that these projects (many to be specifically determined), would serve multiple purposes. Of course, each must be a primary and substantial benefit to the College but many can be a benefit to the community or other agencies. Provisions for the community to benefit and thus support a wide range of opportunities is at the heart of this type of proposed arrangement. The joint use of facilities/land is a way that provides numerous constituencies multiple benefits, while simultaneously being a primary benefit to the College would be the litmus test of such a partnered-project.

Staff and I support this idea. It follows the exact model of our past and currently revised JUA with the City of Santa Monica. It should be noted that the College has completed an extensive and well constructed master facilities assessment and plan. Their work to bring the bond forward to the community comes from this plan

The timing of the proposal and the discourse around all the ideas has been a concern identified by some members of the Board. The College has suggested that the timing was intentionally made so that this set of proposals did not interfere or disrupt our recent work with the City of Santa Monica. This is appreciated. However, it should be noted that the College has worked on these ideas for some time. The downside to the current timeline has been the inability for you, as a Board, to have public discussions on the bond and its implications, thus the July 22 Board meeting.

Staff must make it absolutely clear that the District is not in the same position as the College with respect to a facilities master plan. We have just closed out the "Proposition X" facilities program. As you know we did this on time and under budget. This is certainly something to be proud of and a very good thing for the community, but we are just about to propose that a master facilities assessment and plan be undertaken. This work is scheduled to start in October. Given these circumstances, staff has been very hesitant to suggest specific projects that would serve as a point of partnership with the College. Any proposed project would come from the opinion and knowledge of staff and not from a well developed master facilities plan. This is a potential barrier in this current situation.

A second and more significant concern is that preliminary discussions with legal council suggests that in order for you as the Board to specifically and technically engage as a partner with another independent public agency in any capital project, you should have in place a well crafted JUA. (Similar to the one we have with the City of Santa Monica, except it must include carefully crafted language about facilities construction) Staff is clearly concerned about the amount of time needed to construct a suitable document and the appropriate public process required for this document to be approved by the Board. We feel the timeframe is simply not doable.

It should be noted that the draft language of the measure (in full) proposed by the College does keep open possible partnerships further down the road. In short, should an idea emerge in the years to come that would prove synergistic to a partnership, we could take advantage of the idea, at the invitation of the College.

Staff has suggested a number of facilities projects that emerge as top facilities needs. Please be advised that this list is presented absent the normal public process we have used in all previous construction plans. They include:

- 1.) Several parking upgrades and new parking construction at SAMOHI
- 2.) Football field upgrade at SAMOHI
- 3.) The upgrade of the old technology building at SAMOHI
- 4.) Construction and renovation of the Washington West site
- 5.) Renovation and expansion of the Adult Ed and Olympic sites
- 6.) JAMS athletic fields upgrades
- 7.) The development and possible construction of any additional opportunities or new options for high school age students in small schools as an alternative to SAMOHI.

This is not comprehensive and only represents some ideas in Santa Monica. It does not detail suggestions in Malibu. Staff would be glad to investigate these and present them to you at a later date. It appears to me that only a few of these rise to the level of a primary benefit to the College and a mutual benefit to the school and community simultaneously. However, staff is prepared to move forward with an investigation of any and/or all of the suggestions if so requested by the Board.

I see three possible options for your consideration.

The first is to immediately construct a JUA with the College and simultaneously propose a set of projects that meet the multiple criteria proposed in the bond measure. Staff's recommendation is that it is simply not possible to do this well given our customary process and your expectations about quality work.

The second is to immediately construct a JUA with the College and hold off on any specific projects. Staff's recommendation is that this should be done before the public obtains the full text of the measure in order to evaluate the merits of the proposed measure and vote in November. It is highly unlikely that staff or legal council can complete a process of this magnitude given the current timeframe. While staff feels this is highly desirable, it appears not to be feasible inside the current proposed timeline in front of us.

The third possibility is to acknowledge the benefits of this measure for the College, especially as they keep their facilities in good shape and the services they provide for our communities; but not to attempt a specific partnership around any project(s) at this time. A JUA could be developed with any public agency down the road if, after our master facilities plan is constructed, logical partnerships emerge in the form of projects. I recommend that we follow this course of action. We should simply pass on rushing any specific joint projects and take the time to build the necessary components needed to partner; if in the future a logical and legal synergy emerges.

I am strongly supportive of this new concept in proposing facility/land bonds for our communities that serve many members of our community while being a primary benefit for the bonding agency. This idea will serve our communities well in the future. The district is proud of our recent work on our facilities and thankful to the community for supporting these efforts. We are also proud of our ability to maneuver through the recent meltdown of the State economy and the dramatic cuts to education we all endured. Again we are grateful to our community for their support through these remarkably difficult times. We are emerging as a slimmer organization, yet delivering nearly the same total program as before the recession. This is clearly not the case for most public school districts in California. Both our operational and capital budget situations are a result of lengthy public deliberation, wise staff suggestions, and your decision making after careful analysis. Any rush to form a new partnership must be done with the same deliberateness and study. Since we are not in this position currently I, therefore, have made the suggestion to pass on this at the moment. My support for facilities improvement for all youth and the citizens of our communities is unwavering and my recommendation in this matter should not be inferred as otherwise.

As always, staff and I will make ourselves available to provide you with any additional information you desire.

RE: TENTATIVE AGREEMENT - SANTA MONICA MALIBU CLASSROOM
TEACHERS ASSOCIATION - CONTRACT

RECOMMENDATION A.20

It is recommended that the Board of Education approve the tentative agreement reached between the Santa Monica Malibu Classroom Teachers Association (SMMCTA) and the District regarding the contract which covers the period 2003-04 through 2004-2005.

COMMENT: The SMMCTA and District negotiating teams reached agreement on the contract on July 14, 2004. It is anticipated that the association will contact its membership to vote on the contract by September, 2004.

The Tentative Agreement on the contract is attached.

In introducing this item, the superintendent recommended that the Board of Education hear this item for discussion at this meeting in accordance with AB 1200 which requires the public disclosure of all provisions of all collective bargaining agreements before entering into a written agreement. The item will come back in a new format per AB 1200.

Moved by Mr. McLoud, seconded by Ms. Leon-Vazquez and voted 4/0 to change the item to discussion, with the understanding that it will come back to the Board on August 19.

The superintendent thanked the members of SMMCTA's and district's negotiating teams for a job well done. He stated that he would be pleased and proud to recommend the contract to the Board for approval when it is returned to the agenda for action.

Mr. Keiley, President of SMMCTA, also acknowledged the members of the SMMCTA bargaining team: SMMCTA: Mr. Sanschagrín (lead negotiator for SMMCTA), Sarah Braff, Larry Silvers and Cindy Ensworth (CTA Representative)

The tentative agreement will be presented to the SMMCTA membership during the period of September 16-23, 2004, with the full support of the executive committee.

Members of the district's negotiating team included, Ken Bailey, Joseph Quarles, Mike Matthews and Kathy Scott.

On behalf of the Board of Education, Ms. Brownley congratulated staff and the SMMCTA negotiating team for concluding contract talks and reaching a mutually agreeable settlement.
