RE: AMEND CERTIFICATION OF AUTHORIZED SIGNATURES

RECOMMENDATION NO. A.11

It is recommended that the Board of Education amend the Certification of Authorized Signatures, as presented on December 8, 2005 in Recommendation No. A.16 to change the signature authority for the Superintendent and Secretary to the Board of Education to Dianne Talarico, effective August 14, 2006.

It is further recommended that the attached document "Certification of Signatures" be completed and filed with the County Superintendent of School in accordance with Education Code Section §42633. The signature will be considered valid as of August 14, 2006.

COMMENTS: With the resignation of Dr. John E. Deasy and pending the appointment of a new Superintendent, Dr. Michael D. Matthews was appointed by the Board of Education as Interim Superintendent and Secretary to the Board, with his signature authority effective as of March 2, 2006. Subsequently, Dr. Matthews resigned and the Board appointed Tim Walker as Interim Superintendent and Secretary to the Board, with his signature authority effective as of July 13, 2006. The District has now hired a new Superintendent and Secretary to the Board of Education, Ms. Dianne Talarico, effective August 14, 2006. At that time, Mr. Walker will then assume signature authority as the Assistant Superintendent, Educational Services.

Note: This does not in any way preclude the ongoing leadership role of Tim Walker during the initial transition phase of Superintendent Talarico from her previous position to that of Superintendent and Secretary to the Board of Education here at our District.

RE: ACCEPT RECEIPT OF OFFICIAL "POSITIVE" CERTIFICATION/
APPROVAL OF THE DISTRICT'S 2006-07 BUDGET FROM THE LOS
ANGELES COUNTY OFFICE OF EDUCATION (LACOE)

RECOMMENDATION NO. A.13

It is recommended that the Board of Education accept receipt of the attached letter from the Los Angeles County Office of Education (LACOE) approving the District's 2006-07 Budget with a "Positive" Certification.

COMMENTS: Attached is a letter dated August 1, 2006 from Mr. Jon London, SMMUSD's Business Services Consultant at LACOE, giving the District a "Positive" Certification on our 2006-07 Budget. In accordance with LACOE guidelines, the District is obligated to engage in limited public discussion, prior to September 8, 2006, showing how the District intends to address issues/ "Comments/ Recommendations" raised or contained within the attached document.

Given that only two (2) "Recommendations" are raised, we are then required to briefly address *Deficit Spending* and pending SMMCTA's *Labor Contract Negotiations*.

RE: APPROVAL OF PROPOSAL AND CONTRACT FOR ANALYSIS COMPARING
QUINTESSENTIAL SCHOOL SYSTEMS (QSS) TO PEOPLESOFT
FINANCIAL MANAGEMENT SYSTEM AND CORRESPONDING BUDGET
ADJUSTMENT

RECOMMENDATION NO. A.14

It is recommended that the Board of Education review the Proposal and approve the contract between the Santa Monica-Malibu Unified School District and Kerry Consulting Group, and the related budget adjustment in an amount not-to-exceed \$19,000, for the required assessment of the District's financial management system, Quintessential School Systems/Carter-Pertaine versus the exclusive use of the Los Angeles County Office of Education's (LACOE) PeopleSoft financial management system.

COMMENTS: It should be noted that SMMUSD was a LACOE beta site several years ago when the County was evaluating its use of PeopleSoft for its financial management system to comply with the Federally-mandated Standardized Account Code Structure (SACS) to be implemented by all school districts in the United States.

Prior to the utilization of the PeopleSoft System and continuing in use today, the District had in place the QSS/Carter-Pertaine system, thus, there are (2) separate financial management systems. This requires the constant, burdensome interface of balancing the (2) systems because the translation results in changing the methodologies at each budget location.

Approval of the single system, namely PeopleSoft, will likely require some training and result in some necessary/tolerable disruption of services, however, those will be offset by the increased productivity and technical efficiency of a single financial management system. Thus, enclosed is an outline of the proposed analysis and report to LACOE prior to moving to the single "system" sometime in 2007-08, a process that calls for your review and approval.

The attachments are not available in the printed Agenda but are available for public review in the Office of the Superintendent.

RE: NEW FUNDING FOR ARTS AND MUSIC BLOCK

RECOMMENDATION NO. A.15

It is recommended that the Board of Education approve the additional funds from the state for visual and performing arts programs.

COMMENT: The 2006-07 Budget includes \$105 million Proposition 98 General Fund for an annual Arts and Music Block Grant program. These funds will be distributed on an ongoing basis to school districts, charter schools and county offices of education to support standards aligned instruction in grades K-12. The funds will be available for hiring additional staff and staff development. The funding will be allocated at an equal amount per pupil.

Santa Monica-Malibu Unified School District will be allocated approximately \$203,762 based on \$17/pupil funding. This funding will allow us to hire five full-time and part-time music staff for the elementary music program. It will allow ALL fourth and fifth graders to experience either vocal or instrumental music and ALL second and third graders to experience general music in 2006-07.

COMMENT: According to the Education Code SEC.21 Section 56342, prior to recommending a new or continued placement in a non-public, non-sectarian school, the Individualized Education Program (IEP) Team must submit the proposed recommendation to the local governing board for its review and recommendation regarding the cost of such placement.

The recommendation for these severely handicapped students are made by the District IEP Teams in accordance with State and Federal laws. The mandates of IDEA require non-public school services be provided at no expense to parents if there is not an appropriate public school program available. Funding to come from a SELPA-wide non-public school/non-public agency reserve account.

RE: NOMINATIONS FOR MEMBERSHIP - LOS ANGELES COUNTY
COMMITTEE ON SCHOOL DISTRICT ORGANIZATION

RECOMMENDATION NO. A.18

It is recommended that the Board of Education consider nominating candidates for the Los Angeles County Committee on School District Organization in the First and Fourth Supervisorial District.

COMMENT: In October 2006, the four-year terms of office for two County Committee members will expire:

Mr. Frank Ogaz (First Supervisorial District)

Mr. Owen Griffith (Fourth Supervisorial District)

The County Committee is requesting that the governing board of each school and community college district submit nominations for membership on the County Committee to fill these two seats.

Nominees must be available to serve the term of office, which will begin on the date of election in October 2006, and expire on the date of the election in 2010. Nominees must reside within the supervisorial districts in which specific vacancies will exist. All nominees must be registered voters. Area maps for the First and Fourth Supervisorial Districts are attached.

Employees of school and community college districts and the Los Angeles County Office of Education are excluded from membership on the County Committee.

Nominations, including a biographical sketch not exceeding 200 words must be received by LACOE by August 18.

DISCUSSION

FROM: TIM WALKER/LAUREL SCHMIDT

RE: REVISION OF BP 3290-ACCEPTANCE OF GIFTS

DISCUSSION ITEM NO. D.1

It is recommended that the Administrative Regulations for BP 3290 *Acceptance of Gifts* be revised to include guidelines regarding the timely submission of yearly plans, procedures for redistributing unused funds, and the dissemination of information regarding the outcomes of the intervention plans.

Background:

On July 27, 2006 the board discussed changes suggested by the Equity Fund Oversight to strengthen the implementation of Equity funding to district schools for intervention programs. In discussion, board members made the following recommendations:

- C That all language regarding timelines and unspent funds be placed in the Administrative Regulations.
- C That language be added to the Administrative Regulations providing more flexibility in the spending timeline and a procedure for justifying unspent funds.
- C That the board be presented with a list of proposed district-wide initiatives earlier than June of each year. The month has been changed to March.
- C That staff plan for dissemination of information regarding the outcomes of the intervention plans.

Attached is a copy of Board Policy 3290. Since the language regarding timelines and unspent funds was moved to the Administrative Regulations, the policy has reverted to the language that was approved on June 2, 2005. Therefore, the policy has not been revised and does not require a vote by the board.

Attached is a copy of the Administrative Regulations containing the new language suggested by the board. Administrative Regulations do not require a vote by the board.

Philosophy

The Board of Education acknowledges that education is a fundamental right. Every child has a right to an education that will prepare him or her to be a skilled and productive member of our society. The goal of the Board of Education is to provide equitable and high quality educational opportunities for all students in Santa Monica-Malibu Unified School District.

The Board recognizes that the needs of students require various learning opportunities, and it is the responsibility of the board to identify and remove barriers that contribute to gaps in achievement for different groups of students. It is the intent of the Board that gifts accepted by the District provide equitable access to educational opportunities to meet the needs of all students. The board recognizes the community's desire to participate in promoting excellence in our schools through fundraising and gifts. While greatly appreciating acceptable donations, the Board discourages any gifts which may directly or indirectly impair its commitment to providing equal educational opportunities for all district students.

The Board recognizes that there are differences among various communities in their ability to contribute additional funds for programs and services at their local schools, and these differences perpetuate inequalities in educational opportunities from one district school to another. Therefore, the Board may not accept gifts by individuals, groups or organizations to specific schools intended to replace personnel, programs or services cut by the Board in the process of budget reduction, unless sufficient funds are received to restore those programs, services or personnel at all sites from which they were cut.

To achieve a greater level of equalization, the Board will establish an Equity Fund, which will be administered by an external organization of the Boards choosing. Contributions to this fund and distributions from this fund will be made in accordance with Administrative Regulations 3290. The purpose of the Equity Fund grants will be to improve the achievement of ALL students while simultaneously closing the achievement gap by mitigating the effects of the unequalized enrichment of schools.

Before accepting a gift, the Board shall consider whether the gift:

1. Has a purpose consistent with the district's vision and philosophy
2. Begins a program which the Board would be unable to continue when the donated funds are exhausted
3. Entails undesirable or excessive costs
4. Implies endorsement of any business or product

The Board shall carefully evaluate any conditions or restrictions imposed by the donor in light of district philosophy and operations. If the Board feels the district will be unable to fully satisfy the donor's conditions, the gift shall not be accepted.

Gift books and instructional materials shall be accepted only if they meet regular district criteria. All gifts, grants and bequests shall become district property. At the Superintendent or designee's discretion, a gift may be used at a particular school.

DETAIL

I. PROCEDURES

A. ACCEPTANCE PROCEDURES

1. Gifts will be donated to the school District but can be designated for a particular school.
2. A needs assessment will be conducted by a committee at each school composed of parents, teachers and the principal. This committee will develop a prioritized list of needs for each school.
3. The committee and the principal of the school must approve the disposition of all gifts, which should be in accordance with the school's identified needs, before a request for acceptance is submitted to the Board of Education.

B. CRITERIA FOR ACCEPTING GIFTS

All gifts and donations will be formally accepted by the Board of Education in accordance with administrative procedures subject to the following criteria:

1. Gifts are of direct or closely related instructional value and will not cause the instructional program of the school in which the gift is used to differ from established district curriculum. If a gift is offered that does not appear on the prioritized list of needs or is not of direct institutional value, the committee and the principal will evaluate the gift and make a commendation regarding acceptance.
2. Gifts of money for personnel will be used for instruction, consulting services, assemblies, aides to assist in the instructional program, for supervision of students (i.e., noon aides) or clerical help. Certificated personnel will be hourly only; however, classified personnel may be hourly, part time or full time. All personnel whose services are paid for with gift funds must be hired through the Personnel Office.
3. The Business Services Division must approve all gifts requiring installation and maintenance, and appropriate money must accompany requests for acceptance of these gifts. If gift items require an ongoing maintenance contract, the money for that contract must accompany the gift.
4. Gift funds allocated to a school shall be placed in a specifically designated program account. Any funds remaining in this program at the end of the fiscal year shall carry forward into the ensuing fiscal year.
5. The foregoing rules also apply to gifts from student body organizations or any on-campus improvement projects not financed or processed through normal requisitioning procedures.

6. With gifts of opportunity, the Superintendent/designee is authorized to accept gifts on behalf of the Board of Education where a delay until the next Board of Education meeting will cause the gift offer to be retracted.
7. Schools will be allowed to establish a revolving cash fund created by gift money. The fund shall not exceed \$100 per teacher per semester.
8. Gifts given by individuals not in conjunction with fund raising under a value of \$100 do not need Board approval.

C. THE EQUITY FUND

To provide equitable and high quality educational opportunities for all students in Santa Monica-Malibu Unified School District, the Board will establish an Equity Fund, which will be administered by the Santa Monica Malibu Education Foundation. The Equity Fund will, annually, distribute block grants to all schools to address district and local school goals and mitigate the effects of the unequalized enrichment of schools.

The Board of Education will also annually distribute funds from the Equity Fund to address district-wide goals and programs in order to mitigate the effects of unequalized enrichment and opportunity for students.

The District will establish two categories of contributions to the Equity Fund: mandatory contributions as described in this policy, and voluntary contributions.

1. Contributions and Collection Mechanisms: Contributions to the mandatory fund will be collected from the following sources:
 - a. Fifteen percent of all cash gifts to either the District or any department or organization thereof, or individual schools, donated during a school year will be placed in the Equity Fund.
 - b. Grants and Gifts

There are four (4) types of revenue sources to the district in the area of grants and gifts:

- (1) Gifts to the district
- (2) Grants to the district
- (3) Gifts to a site/school
- (4) Grants to a site/school

It is not the intent of this policy to discourage grants from private or public philanthropy.

All gifts given to either a site/school or district shall be required to make the 15% established donation to the Equity Fund.

Grants to the district shall be considered on a case-by-case basis. When the Board accepts each grant (as is normally required), it would also decide if the individual grant should be subjected to the guidelines of the policy or not. A test of how equitable the grant funds are to be distributed will be a guiding principle when making this type of decision.

Grants applied for and given to individual sites/schools shall be exempted from the policy. However, no grant will be submitted or accepted unless it is reviewed by the Assistant Superintendent/ Chief Academic Officer.

2. Exemptions:

The following items are exempt from mandatory contributions to the Equity Fund:

- a. ASB activities initiated and administered by students.
- b. Operational costs of any organization contributing to the fund.
- c. Any expenditure made by any organization covered by this policy that does not provide a donation explicitly to the Santa Monica-Malibu Unified Public Schools.
- d. Field trips for students.
- e. Scholarships (either academic or to ameliorate fiscal hardship for a student in order to participate in a school sponsored activity).
- f. District approved capital programs.
- g. Grants as noted above.
- h. Non-monetary gifts: The first \$5,000 of assessed value from any donor is exempt. Any amount of value over \$5,000 is subject to the 15% portion of the policy. If a donor gives multiple gifts in a fiscal year, when totaled, the amount above \$5,000 is subject to the policy.
- i. Funds supporting copy machines, i.e. purchase, maintenance agreements, etc.

3. Distribution of Resources Acquired through the Equity Fund Monies accumulated in the Equity Fund will be distributed annually in July. The specific amount from the Equity Fund that will be made available for distribution will be determined at the sole discretion of the Board of Education. There are three categories of distribution to be considered:

- a. distribution to support districtwide initiatives to provide academic support, intervention and/or remediation in accordance with the mission of the school district;
- b. distribution of resources to school sites using the weighted-student formula; and
- c. resources to be reserved (conserved) within the fund.

Distribution to support districtwide initiatives to provide academic support, Intervention and/or remediation in accordance with the mission of the school district

The Board of Education has established that it has the right to reserve a portion of the Equity Fund as a set aside investment for targeted purposes as investments in whole district intervention, remediation and academic support. The Board of Education will be given a list of proposed districtwide initiatives with rationales and budgets at or before the first meeting in March to provide time for discussion and follow-up about each initiative's needs.

Districtwide initiatives must meet the following criteria to be eligible for consideration:

- a. There must be ambitious, feasible and measurable goals for the proposed initiative.
- b. The academic support, intervention or remediation initiative must serve a significant population (or subgroup) of students with identified academic need(s).
- c. District staff must have a plan for evaluating the efficacy of the initiative and tracking student achievement during and after the initiative.
- d. The overall budget must reflect the use of appropriate state and federal categorical, grantor other resources to support the initiative.
- e. The uses to which the equity funding requested will be put must be clear in the proposed budget and the rationale for the initiative.
- f. Equity funding will be used to support districtwide academic support, intervention and/or remediation programs that have recent evaluation or other data to support that staff responsible for the proposed initiative have engaged in a data-driven improvement planning process. An example of such a program is the elementary summer school program.

Distribution of resources to school sites using the weighted-student formula

All funds to be distributed to school sites will follow the weighted-student formula without exception. The specific amount of money from the equity fund that will be made available for distribution through the student-weighted formula is determined at the sole discretion of the Board of Education. Once this amount is determined, the entire sum is distributed to school sites through the formula. School sites can expect their check before the opening of each academic year.

School sites will be expected to submit an Equity Fund Plan in compliance with the policy as adopted in September of 2004. Each school will submit an annual plan for Equity Fund expenditures to the Superintendent's designee. The plan will be due on the last day of the first semester. If Equity Fund Plans are not submitted by the last day of the first semester, the funds allocated to the specific site(s) will be added to the total amount of funds available for distribution to all sites or the district wide intervention plan for the following year. Any approved funds not spent by the end of the second semester will be added to the total amount of funds available for distribution to the following year, unless the principal of the school has filed and received approval for an amended plan providing a written rationale for why the funds have not been spent, and how and when they will be expended.

Resources to be reserved (conserved) within the fund

Each year as part of its deliberations about the most appropriate uses for the resources that have been accumulated within the Equity Fund, the Board of Education may decide to reserve (conserve) some funding within that fund for uses in future years. There may be several reasons for this decision, including, but not limited to the following:

- knowledge of anticipated impending State budget restrictions
- local revenue disruption
- a multi-year initiative with only year one funding identified.

Monitoring compliance and implementation of the Equity Fund and Policy

The policy requires both the Board and the Education Foundation to report to all stakeholders the activity surrounding this policy each year in the form of an annual report. The annual report will be presented in March. It will contain a summary of outcomes from the previous year and a list of the initiatives currently underway. This will serve as a framework for the discussion in which the board considers the proposed district wide initiatives. The annual report will be shared with PTA Council and excerpted on the district website. This mechanism will serve to communicate information to the public. In addition, there will need to be monitoring of compliance and implementation of the policy in action to learn from, and report to, stakeholders about the impact of the policy on school improvement and student achievement.

Three levels of monitoring will occur. The data and information from these levels of monitoring can help to partially answer the important questions of how and what we are learning about the impact of a policy with social, fiscal, and educational implications. At one level, monitoring the application of the policy will help to answer questions such as: how have funds been collected, how have funds in the equity fund been distributed, how have local budgets (at schools and centrally) been impacted as a result of the policy, and how have exemptions been applied in the fundraising and collection mechanisms for the equity policy.

Monitoring to establish the degree of compliance and general tone of tolerance for the policy will also occur. This will require both fiscal and survey data to answer questions like: what do parents feel about the policy and its application, how does the Board of Education feel about the policy's implementation, and how does the public and do donors feel about the policy.

The final level of monitoring concerns the outcomes of implementing the policy. These data will help answer questions like: what effect did the "new" investments from the equity fund have at a site, has student achievement been impacted by any of the new investments, and is there support to continue or adjust the policy. Of course, monitoring will also reveal unintended consequences of this policy implementation as well.

D. ADDITIONAL CONSIDERATIONS FOR COLLECTION

A methodology to simplify the entire collection process will be to have schools/sites post a monthly update with the fiscal office on the amount of gift/donations made to or on behalf of the school during each month. The fiscal office will help schools track their ongoing gift amounts and contribution owed to the fund. Sites/schools would be responsible for 'holding aside' their required contribution. All contributions would be sent to the Equity Fund in June. The organization administering the Equity Fund would receive the donations and distribute the funds via the student-weighted formula in July. The district will provide an anticipated planning budget each year, so that sites/schools can plan accordingly for the expenditure of these funds. This would be made on the previous year's level of gift/fundraising.

E. VOLUNTARY CONTRIBUTIONS

No formula is applied to voluntary contributions to the Equity Fund. Any amount given is a 100 percent contribution.

F. EQUITY FUND ADMINISTRATION

The Board will designate the Santa Monica Malibu Education Foundation to administer the Equity Fund. The duties of this organization will include the collection and distribution of funds, and the public reporting through an annual audit. The Organization will also be responsible for the collection of all voluntary donations to the Equity Fund. A board of directors from the Education Foundation will be established to oversee the Equity Fund and its activities. The School Board should seek membership and outline responsibilities for this board. The responsibilities of the Equity Fund Board include:

1. Actively fundraise for the Fund
2. Assist sites/schools in fundraising through a cadre of experts in this area. These volunteers will be at the disposal of various schools to help with this important work
3. Support a sister site program for those who wish to participate
4. Post an annual audit of both the finances and activities of the Equity Fund.

This group of community volunteers should report to the School Board on a regular basis.

This policy will return to the Board of Education for review each year prior to October 1.

DISCUSSION

08/17/06

FROM: SUPERINTENDENT/WINSTON A. BRAHAM/VIRGINIA I. HYATT

RE: AUTHORIZATION TO IMPLEMENT MITZE PRODUCTIONS
RECOMMENDATIONS

DISCUSSION ITEM NO. D.2

It is recommended that the Board of Education authorize staff to proceed with recommendations from Mitze Productions regarding Barnum Hall. It is further recommended that the Board direct staff to proceed with other installations to create a full use venue for expanded community and commercial use.

Funding Information

Budgeted: No

COMMENT: Under the direction of Business Services, a committee, SPACE (Samohi Performing Arts Community Enterprise), was formed to review and evaluate Barnum Hall. Recognizing the potential for increased community and commercial uses of both Barnum Hall and the Greek Theater, SPACE recommended to the Board of Education that a firm be hired to evaluate both venues. Mitze Productions was hired by the Board to prepare a Facilities Use Plan during the Board meeting of February 16, 2006. Mitze Productions focused their evaluation on Barnum Hall as it has the most potential for a positive revenue stream.

After having spent over \$7.5 million dollars on refurbishing the hall, there are still items that need to be considered for implementation to realize the full potential of the hall.

Recommendation #1 - Create a Theater Operations Manager position. This position would be created to facilitate the maintenance of the hall, hire technical staff as needed for productions and be responsible for the scheduling and programming in the hall. In addition, this individual would be an adjunct teacher to the Stage Craft Technology class by teaching the use of equipment and daily operations required in maintaining the hall. It is recommended that this individual be hired at range 50 on the salary schedule. It is recommended that the Board commit to a minimum of two years for this position. Annual cost: \$88,000, including benefits (This position would be fully funded by the revenue received from renting the facility).

Recommendation #2 - Implement a Stage Craft Technology class through the ROP program. This class has been approved by the State of California and is currently offered at Malibu High School. It is recommended that this class be implemented for the 2006-07 school year to enable the students to learn the equipment and operations in the hall, attaining valuable job skills. There has already been interest in the community to hire the students as they graduate, as there is a need in the community and industry for such skilled workers. Cost would depend on salary rate of teacher hired and number of classes taught. This could be implemented in the 2007-08 school year.

Recommendation #3 - Create a 501c3 (Friends of Barnum Hall), like Samohi Band Parents Organization, to raise funds to present small touring performing arts troupes for community and campus audiences as well as for residency programs (e.g. master classes), outreach programs as well as subsidized student performances, local children's concerts, and community interest programs. Drawing on the many arts-based companies in Santa Monica, such an organization could increase community involvement for Barnum Hall and the Greek Theater. No cost

Recommendation #4 - Adopt the recommended fee structure for facility use, starting 7/01/06 (attachment A).

In reviewing the site schedule of the hall for the 2006-07 school year, it is anticipated that there is potential for the hall to be rented for 100 non-school events annually. To be conservative on the first year, and to adjust to the new procedures, it is recommended that only 50 events be scheduled. By using this estimate it would bring the revenue and operational costs of the hall to a break even cost in year one.

Recommendation #5 - Expand awareness of the hall through marketing strategies, creating desirability and public awareness to local businesses. It is recommended that this awareness be expanded by creating both a website and promotional pamphlet as marketing tools to get information to the public about the hall through the Chamber of Commerce, local hotels and other areas of distribution. Cost: \$15,000.

Recommendation #6 - Cosmetic improvements - Renovate bathrooms in upstairs balcony area, replace damaged glass, improve landscaping, install marquee, create a suitable entrance to the facility. Cost: \$50,000 based on final design and cost estimates for repairs.

Recommendation #7 -Install signage, directing the public to campus parking and Barnum Hall. Cost: \$3,500.

Recommendation #8 - Install a LCD projector, podium and computer network for power point presentations. Cost: \$5,000.

Recommendation #9 - Create an annual operating budget for the hall of \$15,000.

In conclusion: It is anticipated that revenues received from the hall will break even in a fully scheduled calendar year (year one)with subsequent years showing an income to begin a replacement equipment schedule. Year one 2006-07 will need District support to operate until the hall realizes its full potential and staffing is in place. It is recommended that the Board of Education approve upgrades to Barnum Hall as identified in the above proposal in an amount of \$176,500 which include:

Theater Operations Manager	\$ 88,000
Marketing	\$ 15,000
Cosmetic Improvements	\$ 50,000
Signage	\$ 3,500
Audio/Video Equipment	\$ 5,000
Operating Budget	<u>\$ 15,000</u>

RE: RECEIPT OF REIMBURSEMENT FROM ALLIANCE OF SCHOOLS FOR
COOPERATIVE INSURANCE PROGRAMS (ASCIP) FOR SANTA MONICA
HIGH SCHOOL CLOSED CIRCUIT TELEVISION INSTALLATION

INFORMATIONAL COMMUNICATION NO. I.1

On June 2, 2006, the Board of Education adopted Board Policy 3515, *Digital Closed Circuit Television (CCTV) Video Surveillance System*, which articulates the District's and our community's expectations regarding the installation and use of Closed Circuit Television (CCTV) at selected sites on the premises of Santa Monica High School (*Samohi*).

During the discussions, one of the proposed conditions (given that this installation could potentially lead to the reduction of risks) was that staff reimbursement from our Property and Liability Insurance Carrier, ASCIP. Negotiations ensued and resulted in the reimbursement of half the total cost, or \$10,000. These funds will be deposited in the District's General Fund (Fund 01), from which the original installation costs were expended.
