The Brown Act (Government Code) states that Board members may not engage in discussion of issues raised during “VIII, Public Comments” except to ask clarifying questions, make a brief announcement, make a brief report on his or her own activities, or to refer the matter to staff. This Public Comment section is limited to 20 minutes. If the number of persons wishing to address the Board of Education exceeds the time limit, additional time will be provided in Section **XVI, CONTINUATION OF PUBLIC COMMENTS.**

IX. COMMUNICATIONS

The Communications section provides an opportunity for the Board of Education to hear reports from the individuals or Committee representative listed below. All reports are limited to 5 minutes or less. However, if more time is necessary, or if a report will not be presented, please notify the Board secretary eight workdays prior to the date of the meeting.

A. Student Board Member Reports – none

B. SMMCTA Update – Mr. Harry Keiley

Mr. Keiley began his report by welcoming Interim Superintendent Tim Cuneo. He commented that he hoped the board and staff would be monitoring the Intensive Intervention Summer School program during these summer months. He has spoken with Dr. Matthews regarding the Alternative Credits toward Graduation policy and the impact it might have on the union's members. He believes the concurrent enrollment, dual enrollment, and online course elements should be closely monitored. In regards to the Child Abuse policy, Mr. Keiley said the union looked forward to participating with the district in ensuring student safety. To conclude his report, Mr. Keiley said the Association sends out its prayers and thoughts to the family of Mr. Joey Lutz, a SAMOHI teacher, who recently died while on vacation in Panama.

C. S.E.I.U. Update – Ms. Keryl Cartee-McNeely – no report

D. PTA Council President Report – Rebecca Kennerly

Ms. Kennerly thanked the board for starting tonight's meeting on time. She welcomed Mr. Cuneo to the district. She then reported on Summer Adventure, the annual joint venture summer enrichment program with the Education Foundation. The PTA's Special Education Committee will be meeting on July 28th to elect chairs and discuss priorities and its Mission Statement. PTA site Presidents have been meeting to discuss the Equity Fund. The U.S. State Department's International Visitor Leadership Program of professional and cultural exchanges sent dignitaries to examine the role of non-profit organizations in the U.S. These dignitaries met with SMMUSD's current and past PTA Council President to share ideas. The Communications team is currently working on a strategy for the 2008-09 school year. The State PTA is deciding which legislation it will weigh in on for the next election. The Council will be working with site Presidents to set the stage for the fall semester. The entire PTA is committed to supporting district leadership, the Board of Education, teachers, and staff. Ms. Kennerly concluded her report by stating the PTA is looking forward to making the 2008-09 school year a strong one.

E. Financial Oversight Committee – no report

F. Measure "BB" Advisory Committee

Gleam Davis, Co-Chair of the Committee, explained that the presentation the board was about to see regarding the joint use opportunities with the City of Santa Monica was well received by the City Council and Planning Commission. She reported that the BB projects were staying within budget regarding soft costs. Ms. Davis said there has been a tremendous amount of community input and people are excited about moving forward with the projects.

6:11 pm

G. Report from City of Santa Monica – Karen Ginsberg, Assistant Director of Community and Cultural Services

Ms. Ginsberg, Assistant Director of Community and Cultural Services for the City of Santa Monica, presented to the board a study of shared use opportunities between SAMOHI and the city's Civic Auditorium campus. She commented that the presentation, which can be found under Attachments at the end of these minutes, has been presented to various city and district groups, including the Santa Monica City Council. Rikki Binder of R.L.Binder Architects presented the master plan for SAMOHI. She said the planned construction project received a positive response from council members. The city's consultant, Julie Eizenberg of Koning Eizenber Architecture, presented the findings and recommendations from the Shared Use Opportunities Study. She stressed that moving forward should be a joint effort between the city and school district.

Mr. Snell asked what scheduling issues made the idea of hosting classes for SAMOHI students at a separate learning space at the Civic Center not plausible. Ms. Eizenberg explained that SAMOHI's traditional class schedule length would most likely not allow enough time for students to travel to and from off-site classes and still leave instructional time. Mr. Snell then asked about locating a Small School being located at the Civic Center site. Ms.

Eizenberg remarked that given the size of the Civic Auditorium Campus (approximately 7 acres), locating an independent small school would a challenge, and that the site size and configuration better lends itself to enrichment activities for both students and adults. Mr. Mechur suggested that a humanities space at SAMOHI could serve as a cultural facility. Ms. Eizenberg replied that should be considered. Additionally, she mentioned that community members also raised ideas for considering incorporating the following types of uses on the Civic Auditorium Campus: a black box theatre, a museum, broadcasting opportunities, classes, and artists working onsite. Mr. de la Torre inquired about safety and the 4th Street crosswalk and whether a bridge had been considered. Ms. Eizenberg explained that there had been discussion regarding the merits of a bridge and the merits of an at-grade cross walk. The consultants recommend a crosswalk because it adds pedestrian activity on the street. Mr. de la Torre said he supports the idea of possible space on city property for SAMOHI intramural sports.

X. SUPERINTENDENT'S REPORT

6:00 pm

Mr. Cuneo began his report by thanking staff, especially Dr. Chou and the Pupil Services Department, for providing professional support for staff and students who have been affected by the passing of SAMOHI teacher Joey Lutz.

Mr. Cuneo then announced that the SAMOHI SAGE Team and their advisor have begun their international competition in Nigeria. They are posting updates on their blog so everyone can keep up to date on their progress. He reported that representatives from the Mandarin Chinese Language Program were honored at a dinner last night and at a meeting this morning at Lincoln Middle School. Mr. Cuneo believes learning the Chinese languages allows our students to be more competitive in a global society. He reported that he has met with the Santa Monica City Manger and Police Chief, the President of SMC, board members of different agencies, and will be meeting with the City Manger from Malibu. He said he is getting a better feel for the communities. Having already witnessed the board and staff working together to do positive things for the children, Mr. Cuneo concluded that SMMUSD is a strong school system. He is excited to be a part of the team. In regards to the Joint Use Opportunities presentation, he said it was a wonderful concept for the City of Santa Monica to work with the district to improve SAMOHI and create common-use spaces. Mr. Cuneo added that these activities would not be possible without a strong district staff that is committed to doing great work. He remarked that SMMUSD has an excellent senior cabinet with complementary leadership skills. Mr. de la Torre expressed his appreciation that Mr. Cuneo is hitting the ground running.

COMMENT: According to the Education Code SEC.21 Section 56342, prior to recommending a new or continued placement in a non-public, non-sectarian school, the Individualized Education Program (IEP) Team must submit the proposed recommendation to the local governing board for its review and recommendation regarding the cost of such placement.

The recommendations for these severely handicapped students are made by the District IEP Teams in accordance with State and Federal laws. The mandates of IDEA require non-public school services be provided at no expense to parents if there is not an appropriate public school program available. Funding to come from a SELPA-wide non-public school/non-public agency reserve account.

RE: ADOPT RESOLUTION NO. 08-01 - IDENTIFYING DISTRICT
REPRESENTATIVES AUTHORIZED TO ACT AS LIAISONS WITH THE
STATE ALLOCATION BOARD

RECOMMENDATION NO. A.10

It is recommended that the Board of Education adopt Resolution No. 08-01 - Identifying District Representatives authorized to act as Liaisons with the State Allocation Board.

COMMENTS: In order to submit applications and other official documentation to the State Allocation Board (SAB), the School Board must adopt a Resolution that identifies authorized signers of that documentation. The SAB approves distribution of funds through the Office of Public School Construction (OPSC). Examples of funds a district might receive include: State Matching Funds, New Construction or Modernization Funds and Deferred Maintenance Funds. Those employees who will most likely submit these applications are Janece L. Maez, Assistant Superintendent, Business and Fiscal Services/Chief Financial Officer and Virginia I. Hyatt, Director of Purchasing and Warehouse. Dr. Michael D. Matthews has been added as an alternative signer in the event that Ms. Maez and/or Ms. Hyatt are not available.

RE: AWARD OF BID #8.18R - ROOFING REPAIRS, MALIBU AND SANTA MONICA HIGH SCHOOLS - TO STONE ROOFING

RECOMMENDATION NO. A.11

It is recommended that the Board of Education award Bid #8.18R Roofing Repairs, Malibu and Santa Monica High Schools to Stone Roofing, in an amount not to exceed \$421,130.

Funding Information

Budgeted: Yes

Fund: 14

Source: Deferred Maintenance

Account Number: 14-00000-0-00000-81100-5640-XXX-2600

COMMENTS: The roofing projects were broken into two sections to allow for flexibility in bidding by the contractors. Section A (Malibu High) was held on May 21, 2008, with eight (8) contractors and two (2) roof disposal vendors attending the job walk. Section B (Santa Monica High) was held on May 22, 2008, with seven (7) contractors attending the job walk. Bids were sent to fourteen (14) contractors. Due to the confusion of using the California Multiple Award Schedule (CMAS) for materials being purchased by the district, the bids were redone to include roofing materials. Only bidders who submitted bids under Bid #8.18 were allowed to submit bids for #8.18R. Bid results are as follows:

	Reycrest	Best Contracting	Solar Integrated	Stone Roofing
Malibu Gym	\$231,261	\$302,025	\$266,000	\$255,490

RECOMMENDATION NO. A.12

It is recommended that the Board of Education award Bid #9.01 for the Santa Monica Boys and Girls Club Facility located on the John Adams Middle School campus to Dreyfuss Construction, in an amount not exceed \$2,318,742.

Funding Information

Budgeted: Yes
Fund: 21
Source: State School Building Fund
Account Number: 21-90100-0-00000-85000-~~5802~~6200-011-1500
Description: Consultant Services

HISTORY: February 20, 2003 - Item A. 24 - Approval of Lease with Boys and Girls Club

May 13, 2005 - Item A. 21 - Approval of construction of the facility and allocation of \$300,000 from district's Fund 25.

April 19, 2007 - Item D.04 - Discussion of CDE grant proposal authorizing Joint Use Agreement.

COMMENTS: The total construction budget for the project is anticipated to be approximately \$3M dollars, with funding from a CDE Joint Use grant, City of Santa Monica HUD grant, and district funds, with the balance coming from the Boy's and Girl's Club.

The district will have contracts with consultants such as inspectors, construction managers, testing labs, lead abatement contractors, and other consulting firms as required, and will charge these expenses to the \$300,000 budget allocation. As these funds are depleted, the Boys and Girls Club will pick up the expenses (an escrow account is being set up for this purpose).

Bids were sent to thirteen (13) contractors, six (6) contractors attended the mandatory job walk on June 3, 2007, two (2) bidders submitted bids as follows:

Recently, the Secondary Classroom Technology Working Group was formed to review and comment on the proposed standards, prior to their implementation at the Measure BB projects. The Working Group is comprised of principals and teachers from the five secondary schools

will be selected on the quality of their proposed plan to integrate technology into the curriculum, as well as their commitment to undertake professional development and to share their experiences with other teachers, District technology team and the Measure BB program.

RE: ADOPT RESOLUTION NO. 08-02 - IN SUPPORT OF THE SANTA
MONICA COLLEGE SAFETY AND MODERNIZATION BALLOT MEASURE

RECOMMENDATION NO. A.37

It is recommended that the Board of Education adopt Resolution No. 08-02 in support of the Santa Monica College Safety and Modernization Ballot Measure scheduled to be presented to voters at the November 4, 2008, General Election.

COMMENTS: Santa Monica Malibu Unified School District and Santa Monica College have a successful record of working cooperatively in many areas. Most recently, an educational collaborative between the two agencies is working to strengthen ties and open up more college opportunities for high school students.

The agencies also have a history of collaboration in the area of facilities and facility management. The Board of Education supported a previous college bond in November of 2004. At that time the District underwent a review of the unique provisions of the bond language that allowed inclusion of construction, renovation or modernization of joint use facilities. It was determined that it was appropriate to expend voter-approved funds in this way. The current renovation and upgrading of the field at John Adams Middle School is an example of these efforts.

The language of this new bond includes similar provisions, opening the door to continued discussions between the two agencies.

Mr. Don Girard, Senior Director of Government Relations and Institutional Communications at Santa Monica College ~~Marketing Manager~~, will briefly address the Resolution and be available to answer questions from the Board.

Trustee Quiñones-Perez and Mr. Dennis Zane thanked the board for their support of SMC's Modernization Bond. Mr. Don Girard summarized the collaborative history of SMMUSD and SMC.

The board agreed that having SMC help fund future SMMUSD facilities would be beneficial for both institutions.

**RECOMMENDATION NO.08-02 - ENDORSEMENT OF SANTA MONICA COLLEGE
SAFETY AND MODERNIZATION BALLOT MEASURE
NOVEMBER 4, 2008 ELECTION**

WHEREAS, Santa Monica College is among the top community colleges in the nation and has earned accreditation from the Western Association of Schools and Colleges, and

WHEREAS, a survey of Santa Monica and Malibu residents taken earlier this year shows that SMC is highly regarded and is well used by the community, with 94 percent reporting that the College is an important part of the community and 58 percent reporting that they or someone in their immediate family have attended the college, and

WHEREAS, about one-third of the graduating seniors of the Santa Monica-Malibu Unified School District begin their freshman year of studies at Santa Monica College, and

WHEREAS, the College and the School District have established an educational collaborative to strengthen ties and open up more college opportunities for high school students, leading to new initiatives such as an expanded offering of college courses at SMC and at the high schools based on individual school site needs; a collaboration on the development and expansion of career and technical education programs, including fields such as logistics; early start pathway programs in fields such as education and early childhood education; and developing a high school transfer academy – The Young Collegians, and

WHEREAS, the Board of Trustees of Santa Monica College, recognizing the need to modernize training opportunities at the college, improve sustainability, and make needed safety improvements, has voted unanimously to place the Santa Monica College Safety and Modernization Bond Measure on the November 4, 2008 ballot for consideration by the voters of the Santa Monica Community College District, and

WHEREAS, if passed, the Safety and Modernization Bond Measure will authorize Santa Monica College to issue bonds up to \$295 million to fund capital projects designed to improve the teaching of science, nursing, math, technology, media, and emerging high tech fields, and

WHEREAS, Santa Monica College proposes to use the proceeds of the bond to:

- Provide a replacement Math and new Science Wing on the main campus, as the math department currently operates in a temporary facility that is nearing the end of its life cycle and there are insufficient science lab classrooms to offer needed course sections for the allied health and nursing programs,
- Provide a Media and Technology-Driven Programs Complex at the Academy Campus that would replace 1950s era buildings that cannot support the modern infrastructure necessary for digital and online programs,
- Provide a new Career Opportunity and Job Training Building on the Bundy Campus to meet the training needs of SMC's Office of Workforce and Economic Development, considered one of the most successful programs in California, and to support the career training provided by city, county, and other agencies,
- Provide needed improvements to the Pico Boulevard frontage of the Main Campus, creating a more welcoming and organized face to the community, and adding a new bus shelter and bus pull-out on Pico to help reduce traffic congestion,
- Provide for community classroom and facility projects to be developed potentially as joint use projects with other agencies, using as an example the successful collaboration of the college and the school district in retrofitting the fields at John Adams Middle School,

- Provide for educational improvement and enhancement and contributing to the funding of a joint use library at Malibu High School to benefit SMC students in that area who may find it difficult to commute to Santa Monica, and to support Malibu High School students and local residents, and
- Provide for environmental performance upgrades to achieve energy or resource use efficiency; improve community use facilities on the main campus; complete seismic repairs; provide for fire safety; and provide upgrades to the electrical, security, telecommunications, and safety systems on the SMC campuses.

WHEREAS, all local communities are supporting or planning to support their colleges with bond programs at about the same level, including Long Beach, El Camino, and each of the nine Los Angeles community colleges, and

WHEREAS, all of the bond funds raised if this measure passes will be spent in Santa Monica and Malibu and none of this money can be taken away by the State, and

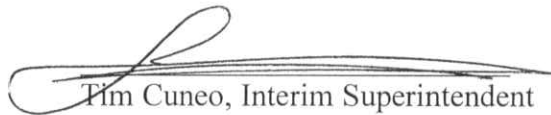

WHEREAS, the Santa Monica College Safety and Modernization Bond Measure has garnered broad community support from educators, parents, local business and leaders throughout the community,

NOW, THEREFORE, BE IT RESOLVED, that the Santa Monica-Malibu Unified School District Board of Education endorses the Santa Monica College Safety and Modernization Bond Measure on the November 4, 2008 ballot, and authorizes the campaign committee to include the District's endorsement where deemed appropriate.

2007-2008

RECOMMENDATION NO. A.38

It is recommended that the Board of Education formally complete the evaluation of Superintendent Dianne Talarico for 2007-08 and award a 5% bonus of her base salary, to accommodate the finding reached at the Board Meeting of July 10, 2008.

COMMENT: In Closed Session at the Board of Education meeting of July 10, 2008, the board completed its evaluation of Superintendent Dianne Talarico for 2007-08, using a wide variety of information sources in developing its evaluation.

The evaluation encompassed both a summative assessment of the Superintendent's general performance and an assessment of her achievement of three specific performance targets. The board chose the targets to focus the Superintendent's efforts on specific areas for development and established benchmarks and standards as indicators and milestones for exceptional performance.

The Superintendent may receive up to 10% of her base salary in the form of a bonus. The Board of Education agreed on three targets for the 2007-08 school year.

RECOMMENDATION NO. A.39

It is recommended that the Board of Education revise board policy 6146.11 - Alternative Credits toward Graduation.

COMMENT: The revised policy had been discussed during the board meeting on June 26, 2008. The revised policy was reviewed again by the ad hoc High School Task Force members.

- Board Policy 6146.11 - Alternative Credits toward Graduation
- Administrative Regulation 6146.11 - Alternative Credits toward Graduation

Board Members de la Torre and Wisnicki expressed their concern for moving forward with this policy without more data regarding online classes. Dr. Wisnicki expressed further concern regarding assessment and implementation.

Ms. Leon Vazquez supported approving the policy, with specifics regarding implementation to be addressed in the administrative regulation.

Mr. Cuneo explained that the district currently does not have a policy addressing online courses, leading to inconsistent practice across the district. Approving this policy allows the district to reduce those inconsistencies.

Dr. Wisnicki MOVED to postpone the item, it was SECONDED by Mr. Mechur, with 3 AYE votes (Mr. de la Torre, Dr. Wisnicki, and Mr. Mechur) and 2 NO votes (Mr. Snell and Ms. Leon-Vazquez). Mr. Cuneo asked the board members to email him the specific information they are looking for so the item can return later for approval.

Concurrent/Dual enrollment means enrollment in any non-SMMUSD course during the school year or during the summer by a regularly enrolled SMMUSD student. Concurrent/Dual enrollment is an alternative means by which students may obtain credit toward graduation while being simultaneously enrolled in both the school district and another approved educational program. Students must obtain signed pre-approval for any concurrent/dual enrollment course or program from the school principal or designee.

Concurrent/Dual enrollment may be approved for "make-up", "acceleration", and/or "enrichment" purposes.

Students must obtain signed pre-approval for any online course or program from the school principal or designee.

The principal shall evaluate the quality and effectiveness of online course offerings and determine which online courses shall be accepted for high school credit. DETAIL

Alternative means specified by the district for completing the prescribed course of study shall be made available to students, parents/guardians, and the public. (Education Code 51225.3)

Definitions

A semester period is one period of 40 to 60 minutes of instructional time per week throughout one semester of at least 17 weeks, or a minimum of 12 clock hours of instructional time provided during the academic year or in summer school. While the content to be covered is planned within these time frames, a student may be granted one semester period of credit even though the student spends less than the aforementioned amount of time in completing the necessary work. (5 CCR 1600)

Supervised Work Experience Education

A student shall be granted up to 40 semester periods of credit for work experience education of one or more of the following types: (Education Code 51760.3; 5 CCR 1635)

1. For exploratory work experience education, the student may earn 10 semester periods for each semester, with a maximum of 20 semester periods earned in two semesters.
2. For general work experience education, the student may earn 10 semester periods for each semester, with a maximum of 40 semester periods.
3. For vocational work experience education, the student may earn 10 semester periods for each semester, with a maximum of 40 semester periods.

To receive credit, the student must satisfy eligibility requirements and receive at least the minimum period of instruction or counseling pursuant to Education Code 51760.3.

(cf. 6178.1 - Work Experience Education)

College Courses

To receive high school credit for coursework completed at a community college or four-year college, the student or parent/guardian shall submit a written request and a transcript showing successful completion of the course. The course shall be one that satisfies college entrance requirements, applies toward college-level general education requirements, or is part of a vocational or career technical education course leading to a degree or certificate.

For students attending community college as special part-time students, credit shall be at a level jointly determined by the Governing Board and the community college governing board.
(Education Code 48800)

(cf. 6172 - Gifted and Talented Student Program)

Private Instruction

A student who is regularly enrolled and in attendance at a high school shall receive credit toward high school graduation for private instruction under the following conditions: (5 CCR 1631)

1. The instruction entails fields and subjects included in the high school's courses of study and curricula.
2. The student demonstrates his/her capabilities at the beginning and at the end of the period of private instruction by examinations given under the school's supervision, thereby showing that he/she has made progress in learning satisfactory to the school.

Correspondence Instruction

The district shall grant credit for correspondence instruction under the following conditions: (Education Code 51740; 5 CCR 1633)

1. The correspondence instruction is provided by the University of California, or other university or college in California accredited for teacher training, in subjects included within or related to the student's course of study.
2. The student is, for good reason, unable to take the course of study offered in the school.
3. The Board determines the number of semester periods to be

credited for successful completion of a particular correspondence course.

4. No more than 40 semester periods of correspondence instruction are credited to a student towards graduation.

Foreign Language Instruction

The district shall grant credit for foreign language studies successfully completed in a private school and shall apply the credit toward meeting any foreign language requirement prescribed for grades 9-12, provided that all of the following conditions are met: (Education Code 51243-51245; 5 CCR 1632)

1. The courses are in languages designated in Education Code 51244.
2. The student is regularly enrolled or applying to the district in grades 9-12.
3. The student or parent/guardian applies in writing for the credit, specifies the private school attended and the amount and level of credit requested, and submits a transcript or other documents from the private school showing that the student successfully completed the course.
4. The amount of credit sought equals at least one semester's work.
5. The principal or designee determines that the student's achievement is equivalent to that expected of a student of comparable ability taking the same or similar instruction in district schools. This determination shall be based upon the private school's report of a test developed by the private school in cooperation with the district or, if the private school is located outside the district, the principal or designee may use a test given by a public school or other evidence which he/she deems appropriate.

Online Course Instruction

In order to provide students with online educational opportunities, the following are guidelines for implementation of online courses:

1. All online courses may be offered in a blended learning model that includes both face-to-face and online delivery.
2. The online courses shall meet the academic rigor of the California State standards and meet the CSU/UC "a-g" requirements with the exception of a limited number of non-"g" elective courses approved by the District/School.

3. The Principal or designee shall ensure student-testing integrity for online classrooms and ensure the accountability of active engagement of students participating in the courses provided via the Internet.
4. Students participating will strictly adhere to the policies and procedures set forth by the entity offering the online courses.
5. **The Principal or designee shall seek guidance from District staff to evaluate the quality and effectiveness of online course offerings.**
6. Teachers/Counselors/Advisors shall be trained in the facilitation of online learning and shall participate in e-learning training.
7. Students enrolling in the online courses shall follow the same process as concurrent enrollment at the community colleges, District's alternative educational setting, or a four-year college/university.
8. The high schools, in accordance with the District's policies, shall grant credits earned.
9. Students shall follow the guidelines established by the District including obtaining prior approval from site administration before enrolling in the program to receive credits.
10. No students shall be denied the opportunity of taking an online course due to financial hardship as determined by free and reduced lunch eligibility, or enrollment in home bound/home study program.

Access to technology utilized by online courses imposes certain responsibilities and obligations for both students and teachers:

1. The appropriate use of the online learning opportunity is both ethical and honest, and demonstrates respect for physical and intellectual property, system security protocols, course provider procedures, an individual's right to privacy and to freedom from intimidation, harassment, and unwarranted annoyance.
2. The students utilizing online courses shall adhere to the District's Acceptable Use Policy.
3. All policies relating to academic honesty, participation, and attendance shall be applied to online learning.

Public Comments:

- *Craig Hamilton, Claudia Landis, Lee Jones, Marina Riajendia, and Ken Haker, members of the community, addressed the board regarding the district's response to the SEDAC End-of-Year Report. Mr. Cuneo remarked to the board that these are examples of issues the Special Education Design Team could address. He said he would be meeting with the Claros consulting group that worked with San Ramon Valley USD, bringing a list of next steps back to the board in September, and examining the composition of the Design Team and its charges. He clarified for Ms. Leon-Vazquez that the Special Education Parent Handbook was being reviewed by staff. Mr. Cuneo added that the district's legal team would need to review the handbook as well. He concluded by saying that he would review the district's response to the SEDAC's End-of-Year report and bring back a modified response if necessary.*
- *Pat Nolan, a member of the community, addressed the board regarding the district's response to the Health & Safety DAC End-of-Year Report.*

**District Response to the Childcare and Development District
Advisory Committee End of the Year Annual Report
July 2008**

The CDS DAC presented five items of focus for the 2008-09 school year:

Continue work to increase the number of full time preschool children served. Open a new full day classroom at Washington West in September 2008.

Staff concurs with this plan and will work with facilities staff and with State Licensing to prepare the new classroom at Washington West.

Implement a database enrollment system.

The Head Start database, CRIS, is now in use. Staff will work with Information Services to identify the options for a database system that will include all CDS student programs.

Use the summer months to create special transition programs to prepare 4 yr olds for kindergarten. Involve families in the transition activities. Enroll kindergarten children whose families want childcare as early as possible to assist in their transition to kindergarten before and after school programs.

Staff concurs with this plan and will plan to have a program for transitioning preschool children next summer. LA Universal Preschool has cut their funding levels causing a delay in implementation of the planned summer program. CDS staff will determine costs for a summer program without LAUP funding for next year.

Work with Ed Services to provide opportunities for CDS and kindergarten teachers to interact and cross train.

CDS is working with Ed Services to bring preschool and kindergarten teachers together to discuss options for transitioning. A professional development activity brought nearly 50 preschool teachers and assistants together with Center X and district kindergarten trainers during the last week in June 08 to discuss kindergarten standards and math.

Continue to work with site facility planning committees at each CDS site.

CDS staff will work closely with Prop BB architects to ensure appropriate planning for the needs of preschool and after school programming.

Additional item from the CDS DAC

Work with the Special Education DAC to establish communication between the DACs and to participate in planning for Special Education preschool and CDS preschool programs to enhance inclusion opportunities. Staff concurs with this plan.

**District Response to the Visual and Performing Arts District
Advisory Committee End of the Year Annual Report
July 2008**

The board would like to extend its thanks and gratitude for the on-going work of the District Advisory Committee on the Visual and Performing Arts. The thought and attention committee members put into the written report and presentation on May 1, 2008, is yet another indication of your continued support for and dedication to arts education in the Santa Monica-Malibu Unified School District. The board and senior leadership are very proud of the numerous accomplishments and accolades achieved by the students and teachers in our Visual and Performing Arts classes.

We recognize that many of the highlights referred to in the report are the result of the combined efforts of district staff, parent and community members, and committee members and are reflective of previous years' committee recommendations.

The board has reinstated the elementary music teacher position to ensure the success of our elementary music program for all students in grades 3, 4, and 5.

In regard to facilities concerns, Tom Whaley will visit the Malibu High School art room and band room with the principal and assess what can be done to improve the ventilation in the visual art kiln room as well as the music practice rooms. In addition, the Samohi orchestra parents association has purchased new lockers for the orchestra room. The elementary music's use of school facilities should be improved this year by splitting the original one time slot for all 4th and 5th graders into two separate time slots. This will allow 4th and 5th graders access to appropriate spaces like the auditorium, MPR, library and other large spaces to lessen the use of classrooms for instruction.

The current definition of dance as PE is "one in which students use music and dance for exercise and recreation." And the teacher must be credentialed in PE in order for students to receive PE credits. In addition, the state is reviewing the development of a Dance credential. Samohi is currently interviewing candidates to teach three ROP funded dance classes for the Fall of 2008. This plan would be offered to all 10th - 12th graders and will hopefully grow in the future to five periods of dance at Samohi due to two more potential classes in dance being offered through the dual enrollment program with Santa Monica College.

Due to declining enrollment and the resulting budget constraints, recommendations for additional staffing cannot be met at this time. The committee's recommendations, however, will be considered as we look for additional funding from either categorical or foundation grants.

Again, we thank the committee for its fine work and continued efforts on behalf of our students and staff.

**District Response to the Special Education District Advisory
Committee End of the Year Annual Report
July 2008**

The District Special Education Administrative staff recognizes and appreciates the achievements of the Special Education District Advisory Committee (SEDAC). In their year-end report, the SEDAC identified accomplishments and highlights of their work during the 2007-2008 school year. Additionally, the SEDAC provided two recommendations regarding the direction for the 2008 - 2009 school year. The response from the District Special Education Administrative staff to these recommendations is as follows:

1. Update the SEDAC Strategic Plan for use by the District - The District Special Education Administrative staff agrees that the SEDAC Strategic Plan should be reviewed. It is fact that a majority of the plan has already been implemented. However, much of the remaining information, particularly dealing with the area of autism, is out-dated. It is the recommendation of the District Special Education Administrative staff that any unimplemented portions of the plan be reviewed and updated by District staff and a committee of SEDAC members. Following this, it is recommended that any rewritten sections of the Special Education Strategic Plan be incorporated into the District's overall Strategic Plan.
2. Assist the Superintendent in implementing her goals, especially as they pertain to autism programs and RtI - The District Special Education Administrative staff agrees that the SEDAC members play an important role in supporting the forward movement of the District. It is the recommendation of the District Special Education Administrative staff that the SEDAC, in collaboration with District staff, continue to support programs and policies as identified by the new Superintendent during the 2008-2009 school year.

**District Response to the Community Health and Safety District
Advisory Committee End of the Year Annual Report
July 2008**

Chair: Pat Nolan

Staff Liaison: Marolyn Freedman

DAC-Community Health and Safety Recommendation #1

Continue to monitor Wellness Policy compliance and other health & safety issues pertinent to students.

Staff will continue to work with administration and staff to support them in compliance with Wellness Policy and other health and safety issues pertinent to students.

DAC-Community Health and Safety Recommendation #2

High School traffic and congestion is a concern. DAC recommends a holistic approach including physical design through Prop BB campus modification and a proposed "Safe Routes to School" program to encourage environmentally-conscious modes of transport.

District staff has been working closely with Proposition BB committee on issues related to physical design and traffic and pedestrian safety at each school. This also includes studying the open outdoor space vehicular, bike and pedestrian circulation leading to great campus security at Samohi and Malibu High. District staff will continue to work with Proposition BB committee, Santa Monica Police Department and staff at high schools on school traffic congestion and safe school routes.

DAC-Community Health and Safety Recommendation #3

Work collaboratively w PTA Council on Emergency Preparedness.

Staff will continue to work with district staff, PTA Council and community partners on Emergency Preparedness. A Health and Safety DAC member will attend PTA Council meetings and a PTA Council member will attend Health and Safety DAC meetings in order to enhance collaboration on emergency preparedness.

**District Response to the English Learners Advisory Committee End
of the Year Annual Report
July 2008**

1) Continue to offer high quality English Language Development secondary (ELD) at the secondary level:

The achievement level of SMMUSD's Reclassified Fluent English proficient students as measured by performance on standardized measures such as CST and CAHSEE has historically been remarkable. Parents and staff feel that this directly attributable to the comprehensive services that English Learners receive in district programs. A fundamental component of these services are ELD classes that are targeted, utilize high quality materials and instructional methodologies, and sequentially provide for the linguistic needs of students acquiring English. There is a need to continue to provide the current scope, sequence and structure of District ELD programs.

Staff Response:

The English Learner Coordinator will continue to work with the secondary site ELD Coordinator and Principal to determine the ELD classes needed for the following school year. This will assure that we are in compliance and students are receiving appropriate support in their acquisition of the English Language.

2) Continue offering Sheltered content classes at the secondary level:

Sheltered content classes provide grade level academic instruction that gives English Learners access to the core curriculum while teaching English vocabulary and English grammatical structures. Secondary sites need to evaluate the need of providing their ELs with access in the various content areas and create sheltered classes offerings according to the identified need. Currently offered at JAMS and Samohi.

Staff Response:

The EL Coordinator will continue to work with the secondary site ELD Coordinator and Principal to determine the Sheltered Content classes needed for the following school year. These classes are required in order to be in compliance and to provide English Learners with access to the core curriculum.

3) Continue appropriate placement of English Learners:

The district's design for delivering services to ELs requires that ELs be grouped in classrooms according to their English proficiency levels. Grouping ELs of no more than 2 contiguous English proficiency levels facilitates the

delivery of appropriate instructional services in the elementary classrooms.

Staff Response:

EL Coordinator will work with principals regarding the appropriate grouping/placement for elementary ELs. The site ELD Coach will work directly with site staff to configure classes in a manner that helps accelerate the ELs' acquisition of English and access to the core curriculum.

4) Continue ELD summer school and intervention classes:

Summer and intervention programs are seen as one of the best ways to support student learning. They especially give ELs the opportunity to receive additional support needed in their acquisition of English and accessing the core curriculum which leads to academic achievement.

Staff Response:

EL Coordinator will work with the Summer School Administrative staff to ensure that ELs who need intervention support and summer school classes are identified, informed and enrolled in these programs.
