RE: HEAD START BUDGET ADJUSTMENT – DIRECTOR'S POSITION T-13-06

RECOMMENDATION NO. A.05

It is recommended that the Board of Education approve a Head Start budget adjustment to merge the Director and Coordinator positions at the Child Development Programs.

COMMENT: The proposed change is based on the reorganization of the Department Administration. As a part of their responsibilities, the main role of the proposed Director position will be to function as the Head Start Director. The merge will have no impact in the budget. The decrease from 0.75 FTE to 0.50 FTE will be equal to the increase in monthly salary to the proposed Director position.

RE: FEE INCREASE FOR PART-DAY STATE PRESCHOOL PROGRAM

RECOMMENDATION NO. A.06

It is recommended that the Board of Education approve a fee increase for non-subsidized parents in the part-day preschool Child Development Programs effective March 1, 2013.

COMMENT: It is a condition of the Funding Terms and State and Federal Programs that parents' fees in the non-subsidized program cannot be less than the daily/monthly reimbursement rate for subsidized families receiving the same services.

The Child Care and Development Advisory Committee agreed by a consensus on the adjustment of this schedule.

Proposed Fee Schedule:

COMMENT: According to the Education Code SEC.21 Section 56342, prior to recommending a new or continued placement in a non-public, non-sectarian school, the Individualized Education Program (IEP) Team must submit the proposed recommendation to the local governing board for its review and recommendation regarding the cost of such placement.

The recommendations for these severely handicapped students are made by the District IEP Teams in accordance with State and Federal laws. The mandates of IDEA require non-public school services be provided at no expense to parents if there is not an appropriate public school program available. Funding to come from a SELPA-wide non-public school/non-public agency reserve account.

Description: Soft Costs / Traffic & Parking Demand Feasibility

Friday Memo: 12/7/2012

COMMENT: Improvements at the Malibu High School campus will increase the on-site parking supply. A parking study is needed to determine the specific need for additional on-site parking after 3:30pm. The intent is to determine the quantity of parking spaces requiring lighting.

Task 1 – Parking Inventory and Utilization – The consultant will arrange for parking inventory and occupancy surveys to be conducted. Surveyed facilities will include parking lots on the campus of Malibu High School and Cabrillo Elementary School and on the proximate segments of Morning View Drive, Merritt Drive and Via Cabrillo. The specific dates with evening events such as sporting events, performances, or assemblies will be selected following consultation with school administrators. Dates with the largest attendance expected will be targeted. To identify a baseline level of on-street parking utilization, spot observations will be made on the surrounding streets. For each survey date, information on attendance at the special events on the campus and their duration will be obtained from school administrators.

Task 2 – Technical Memorandum – The data collected under Task 1 will be analyzed to determine the peak parking demand for the school events. The results of the parking utilization study will be summarized in a technical memorandum and submitted to SMMUSD for review. One round of revision is anticipated following SMMUSD review.

Friday Memo: 12/07/12

COMMENTS: On 06/06/09, the Board of Education approved Simplex Grinnell (BOE Item A.28) for the Fire Alarm devices because all existing District wide systems are manufactured by the sole source manufacturer.

The Board of Education further approved on 10/21/10 the GSA contract which allows for fire alarm, security, and emergency disaster equipment purchases and all services necessary to install the equipment from design to start-up, including maintenance and training at the lowest offered pricing. The Los Angeles County Department of Education allows Districts to “piggy back” off of the GSA contracts with no restriction other than standard Public Works contracting requirements.

The Lincoln Middle School Replacement of Classroom Building C & Site Improvement Project (Package 2) will contract with Simplex Grinnell, for a contract amount of \$945,371.25, through this piggy-back contract.

This project will be funded through the project Construction Budget which will be increased by \$40,000. The \$40,000 adjustment is made through the reallocation of project soft allocations.

Friday Memo: 12/07/12

COMMENTS: AC Pros Inc.'s original contract is for general electrical work on the Washington South Project. BOE approval for that contract was on 11/01/12. Selection of AC Pros Inc. was via informal bidding with total contract amount not-to-exceed \$175,000. Seven (7) contractors submitted proposals for bidding. Selection was based on bidders qualifications, required bid documents and lowest competitive bid.

On December 13, 2012, Change Order #1 (Item A.23) for the amount of \$13,850 was presented to the Board of Education.

Change Order No 2 is to prepare for the underground pathways for utilities from the Washington South power source to the Washington-CDS building. Work includes trenching, coring of concrete walls, and moving three (3) storage sheds.

1. \$9,990 – trenching, coring of concrete walls, and moving three (3) storage sheds.

The scope of work included in Change Order No 2 (CO-02) includes all labor, materials, equipment and related overhead costs for the work associated with the additional scope requirements. This scope of work is required as part of the CDS upgrade but reduces overall expense as a result of early sequencing.

RE: 2012-2013 DECLARATION OF NEED FOR FULLY QUALIFIED EDUCATORS

RECOMMENDATION NO. A.62

It is recommended that the Board of Education adopt the 2012-2013 Declaration of Need for Fully Qualified Educators.

COMMENT: Based on prior year data, the following Declaration stipulates those areas and numbers of emergency permit holders Santa Monica-Malibu anticipates for the 2012-2013 school year. With Board approval, the Declaration will be sent to the Commission on Teacher Credentialing (CTC) thereby establishing the District's need areas for 2012-2013.

Under Education Code 44300 and Senate Bill 322, the Declaration enables the District to streamline its approach to obtaining emergency credentials by establishing the statement of need once rather than on a person-by-person basis. Therefore, as the District finds it necessary to employ teachers under emergency permits, the application process and approval will be more quickly completed.

This declaration may be revised with Board approval as hiring needs change during the school year.

The Board has received a copy of the Declaration of Need for Fully Qualified Educators and supporting documentation under separate cover. These documents are on file in the Office of Human Resources and will be included with the permanent minutes of the meeting.

COMMENTS: A press release announcing how members of the public can apply to serve on the FOC was sent on 9/24/12, with completed applications due to the Superintendent's office by 10/26/12. A total of seven (7) applications were received and considered. At the 11/29/12 FOC meeting, the FOC voted and passed a motion [Ayes (4), Noes (3), Absent (4)] to recommend Joan Krenik, Tom Larmore, Gordon Lee, DeAndre Parks, and Stuart Smith to the Board for consideration of appointment to the FOC for a three-year term ending 12/31/15.

The current statement of purpose for the FOC includes the following language with regards to filling vacancies:

*The Board will seek applications to fill vacancies on the Committee on an annual basis. Current members whose terms are set to expire may, if in good standing, be recommended for reappointment by the Committee for Board approval after an open interview process has been completed and all applicants considered. All applications received will be reviewed by the FOC, and recommendations regarding FOC members will be forwarded from the Committee to the Board. The FOC is encouraged to recommend more qualified applicants than meet the current demand of the Committee's directives. The FOC may rank the applications, if it so chooses. A subcommittee of the Board may review the applicants listed in the recommendation and make a final recommendation to the entire Board. The Board appoints members to the Committee.*

Staff recommends that a Board subcommittee be formed to consider the FOC's recommendation.

RE: APPROVAL OF THE 2012-13 FIRST INTERIM REPORT

ACTION/MAJOR  
12/13/12

RECOMMENDATION NO. A.39

It is recommended that the Board of Education approve the 2012-13 First Interim Report and the corresponding budget adjustments.

COMMENTS: Education Code (EC) Sections §35035 (g), §42130, and §42131 require the governing board of each local educational agency (LEA) to certify at least twice a year as to the LEA's ability to meet its financial obligations for the remainder for that fiscal year and for the subsequent two fiscal years.

The 2012-13 Budget was adopted by the Board of Education on June 25, 2012 and was approved by the Los Angeles County Office of Education (LACOE).

This 1<sup>st</sup> Interim Report reflects changing conditions that have necessitated adjusting the District budget. All of the expenditure and revenue changes previously approved by the Board at the meeting of November 15, 2012 are identified in the First Interim Report which is included as a part of this document.

The First Interim Report was developed based on the following Revenue and Expenditure Assumptions.

**REVENUE ASSUMPTIONS**

3.24% statutory Cost of Living Adjustment (COLA) is applied to the 2012-13 Revenue Limit funding before applying the deficit.

The Base Revenue Limit for Santa Monica-Malibu USD will be \$6,844.99 per ADA (2011-12 Revised P2 ADA – 10,926.91). A <22.272%> deficit factor is applied to the Revenue Limit, and the adjusted Based Revenue Limit will be \$5,286.16 per ADA. These per student numbers are the same as the Adopted Budget. The total Revenue Limit is \$58,884,580.

The 2012-13 District Enrollments for all students is 11,401 up from the Budget number of 11,344.

The Lottery allocation will be \$154 per annual ADA, of which \$124 is for unrestricted expenditures and the remaining \$30 is for Proposition 20 – Mandated for Instructional Materials.

The District will participate in the K-3 Class Size Reduction Program and receive \$1,071 per pupil, less the penalties for classes above the 20:1 limit. Staffing ratios for K-3 classes in 2012-13 will be: K-1 (25:1); Grade 2-3 Non-Title I (30:1); and Grade 2-3 Title I (25:1).

No COLA for Special Education Funding. Adjusted Special Education funding is \$5,058.43 per ADA from AB602. This amount reflects a reduction in SELPA funding due to the elimination of the statewide Special Disability Adjustment. The Special Education transfer from the Revenue Limit is \$1,219,991.

The District will receive \$306,567 for Mandated Block Grant.

The Measure “R” parcel tax of \$366.45 per parcel is estimated to generate \$10,924,607 after processing the senior exemptions.

The estimated revenue from Prop Y is \$6,380,000 from the City of Santa Monica.

The District will receive \$8,128,198 from the Joint Use Agreement with the City of Santa Monica.

RE: RECOMMENDATION FROM THE INTERCULTURAL EQUITY AND  
EXCELLENCE DAC REGARDING THE VILLAGE NATION PROGRAM

PUBLIC/DAC ITEM NO. P.01

The Intercultural Equity and Excellence (IEE) DAC recommends that the Board of Education fully funds and implements The Village Nation program at Santa Monica High School for the remainder of the 2012/13 School Year.

COMMENTS: At its meeting on November 19, 2012, the IEE DAC took action to pass this recommendation. During the meeting, Fluke Fluker gave a presentation about The Village Nation program, and he and Dr. Joyce Watts fielded questions from the DAC. Several members of the DAC, as well as members of the community who spoke under "Public Comments," expressed their support of The Village Nation for a variety of reasons that included the following:

- There is concern that African American students are not receiving adequate resources and opportunities to succeed in their educational pursuits at SMMUSD schools.
- There is concern that the "Achievement Gap" is not being properly addressed, and that programs that have been implemented to address it are not receiving the full financial, administrative, and/or logistical support required from the District, dooming them to be less effective.
- There is concern that the District is trying to close the "Achievement Gap" internally, by relying on the same staff, programs and curriculum that have been tried in the past, and by relying on laudable programs initiated by Samohi students to address the problem, while resisting attempts to bring in outside experts and proven programs.
- There is concern that the one assembly that The Village Nation did provide to Samohi students was only permitted to proceed in a venue that was not conducive to the presentation and breakout group work that was required, and that there were significant issues with the audio part of the assembly, thereby crippling its ability to fully engage the students and to be as successful as it could have been.
- In the survey that was conducted after the Assembly, a vast majority of the students and all of the staff elders that participated in the Assembly indicated that they would like to participate in additional Assemblies provided by The Village Nation.
- Some felt that evaluating TVN program now, mid-year, would be premature and unfair.
- It was noted that The Village Nation has programs that address and reduce frictions between African American and Latino students that should also be implemented.
- The DAC was reminded that there has been ongoing and sustained support from many members of the community and a few organizations, for well over a year, to bring to bear the full weight of The Village Nation program at Samohi, by fully implementing it.

## Rationale

At SMMUSD, there remains a huge gap between the California Standard Test results of African American and Latino students compared to White and Asian students in both English Language Arts and Math scores. The main reason for fully funding and implementing The Village Nation program is that this program is the only program known to the DAC that has actually shown significant gains in test results of African American students, thereby closing the "Achievement Gap", at the high schools where it has been fully implemented.

Our recommendation comes now because a portion of The Village Nation program was brought to SAMOHI this Fall, and it would be a shame to lose the momentum they have gained by not moving in a timely manner to fully fund the entire program so that it's full impact can be gauged. If their contract is not extended immediately, we will never know what impact the program could have had, and we will be unable to achieve the same remarkable results that other schools experienced once they embraced The Village Nation program.

One of the additional benefits of fully implementing The Village Nation program is that African American students will become more likely to get involved in other aspects of campus life and will find more reasons to want to join and become active in campus organizations such as the Black Student Union, the African American Mentor Society and the Black Academia Movement. At least that has been the experience of other high schools that have embraced the program.

Another additional benefit of embracing The Village Nation program is its positive effect on campus climate and the interrelationships between students of various races, ethnicities and backgrounds at the schools where the program has been implemented. According to a UCLA School of Mental Health Project, "Analyses of research suggests that school and classroom climate are significantly related to matters such as student engagement, behavior, self-efficacy, achievement, and social and emotional development, principal leadership style, stages of educational reform, teacher burnout, and overall quality of school life."

The Village Nation does have an amazing record of success at other high schools and we feel that our high schools should be given the same opportunity to benefit from their unique training and assemblies.

We know this is not the solution to the "Achievement Gap", but The Village Nation program could make a huge difference in the social, emotional and academic lives of hundreds of SMMUSD's African American students. Enhancing the self-identity of these students is the key to changing the existing paradigm of low expectations in a significant way. With the full support of the District, and your commitment to an all-out assault on those causes and contributors to the "Achievement Gap" that you have the ability to affect, the gap will close and the problem will diminish year after year.
