RE: EQUITY AND ACCESS FOR STUDENT SUCCESS: THE AVID AND
YOUNG COLLEGIANS PROGRAM

STUDY SESSION ITEM NO. S.01

This report presents information on two District initiatives that are implemented to increase the achievement of underserved populations in SMMUSD, *Advancement Via Individual Determination* (AVID), and *The Young Collegians*. AVID is currently offered at John Adams and Lincoln Middle Schools, and Santa Monica High School. The Young Collegians Program has participants from Malibu and Santa Monica High Schools.

COMMENT: AVID is a highly regarded secondary college-preparatory program created for low-income, underserved students. It is designed to prepare first generation college-going students for eligibility for admission to a four-year university. It is estimated that the program reaches more than 250,000 students in approximately 3,500 U.S. schools in 45 states. AVID is also implemented in Canada, and 15 other countries.

The Young Collegians is the product of a partnership between SMMUSD and Santa Monica College. In its sixth year of implementation, this unique program supports non-AVID first generation college-going students develop a college-going identity as they accrue dual enrollment units through SMC.

Ms. Serratorre's and Ms. Harris' presentation can be found under Attachments at the end of these minutes.

Ms. Harris responded to Dr. Escarce regarding a mechanism of tracking Young Collegians that were now in college particularly students who attend SMC and whether they transfer to a 4 year university. There is no formal follow up system aside from email with staff. Mr. de la Torre asked about the scores on SMC placement tests of those graduating class at SAMOHI and for staff to quantify that. Mr. Mechur asked staff to track those students who were part of the program and those who were not. Ms. Lieberman suggested that community and university college students be asked to come back as part of a diverse group panel to speak to the high school students.

AVID students are not tracked once they go to college. Similar to Young Collegians, there is personal knowledge but not institutional or system knowledge of where the students are. Dr. Deloria stated that the students could be given an exit survey with questions for the purpose of collecting data should they leave college. Mr. de la Torre suggested alumni outreach to nurture those relationships, nonprofit organizations, and peer to peer tutoring and mentoring program in addition to the continuation of workshops for parent involvement.

Graduating student Logan Henderson spoke about his experience as a Young Collegian while Mia Nunez from Malibu shared her college experience and how college changed the way she viewed work, giving her own motivational will.

COMMENT: According to the Education Code SEC.21 Section 56342, prior to recommending a new or continued placement in a non-public, non-sectarian school, the Individualized Education Program (IEP) Team must submit the proposed recommendation to the local governing board for its review and recommendation regarding the cost of such placement.

The recommendations for these severely handicapped students are made by the District IEP Teams in accordance with State and Federal laws. The mandates of IDEA require non-public school services be provided at no expense to parents if there is not an appropriate public school program available. Funding to come from a SELPA-wide non-public school/non-public agency reserve account.

Desired Results Program Action Plan – Reflection on Action Steps

Contractor Name Santa Monica-Malibu Unified School District

Planning Date October 2012	Lead Planner's Name and Position Reham Dabash, Assistant Director
Follow-up Date(s) January 2013, April 2013, June 2013	Lead Planner's Name and Position Reham Dabash, Assistant Director

This form can be expanded and is not limited to a single page.

Reflection: Review each Program Action Plan (CD 4001A) submitted in the FY 2011–12 Program Self-Evaluation Report. Below, provide a narrative summarizing the outcome of each action step. Record how each action step was successfully accomplished. If there were modifications or revisions to the action steps, reflect on and record the outcome of those changes.

Based on the key developmental profiles findings and educational goals from 2011-2012 several action steps were implemented during the current school year. The 2012-2013 Staff Development Plan was developed and implemented based on specific goals to increase overall developmental levels on Phonological Awareness and Emergent Writing DRDP measures.

Phonological Awareness: Per the action steps, three staff development opportunities that focused on *Guided Language Acquisition Design (GLAD)* were provided during the school year. These trainings included an opportunity for teachers to share successful strategies they've implemented in their classrooms. In addition to GLAD, focusing on strategies that promote phonological awareness was also included in the action steps. Teachers and Teacher Assistants also received training on CLASS implementation strategies in the Instructional Support domain. In addition, the program reviewed *Alpha Friends* supplemental curriculum tools and took inventory of items that need to be replaced or purchased. Assistant Directors continue to monitor lesson plans to ensure activities, materials and lessons are focused on Language and Literacy Development, including phonological awareness. The final DRDP-PS 2010 assessment results will be analyzed in May 2013 to determine if the developed phonological awareness goals were met this school year for both 3 and 4 year olds.

Emergent Writing: Per the action steps, Handwriting Without Tears workbooks were purchased and distributed to classrooms along with recently revised teacher manuals. In October 2012 staff development was conducted on utilizing the tool and providing developmentally appropriate activities to supplement the curriculum. Monitoring of the booklets continue throughout the school year as the individual booklets are a part of student portfolios. The action steps also included examples of activities that promote emergent writing skills, such as ensuring a print rich environment and including writing centers that include a variety of writing materials, books, etc... Final DRDP-PS 2010 assessment results will be analyzed in May 2013 to determine that the set goals were accomplished for Emergent Writing.

Reflection: Review each Program Action Plan (CD 4001A) submitted in the FY 2011–12 Program Self-Evaluation Report. Below, provide a narrative summarizing the outcome of each action step. Record how each action step was successfully accomplished. If there were modifications or revisions to the action steps, reflect on and record the outcome of those changes.

After reviewing the findings for the 2012- 2013 school year, I decided that it would be beneficial to have the SAMOHI Infant / Toddler Center staff (teachers and assistants) dedicate a portion of their monthly hour staff meeting to reading the Infant/ Toddler Learning & Development Foundations and Infant / Toddler Curriculum Framework books provided by the CA Department of Education. Each month prior to the staff meeting, the teachers and assistants were assigned a chapter/s to read and to be ready to discuss the literature and possible ways to implement the literature into activities to be included in the classroom/s..

One goal for the staff was to observe the students interactions and to continue to model and encourage appropriate language. Instead of telling children to "Use your words", they were instructed to give the students the words they needed to communicate. "More milk, I don't like it when you ..., Help me, etc.. Also, we worked on wait time when observing and interacting with students (stop and pause).

In September 2012 we reviewed the findings from the June 2012 report to ensure that our weekly lesson plans included activities that addressed the findings. Our lesson plans included open ended questions, scaffolding and individualization. The toddler teacher also kept a daily log on each student to track their language and development. The teacher also uses this information when conferencing with the parent. Note- for the 2012 – 2013 school year we did not have any CCTR infant students until April 2013.

Gizelle Graves our Cal-SAFE Parenting teacher included in her yearly curriculum a section on Early Literacy Education including Language Development and also brought in a Language Therapist as a guest speaker. The parents were also required to come and observe the teachers in the classrooms several times throughout school year. Each parent was also given a Reading Log to complete throughout the year of all the books they have read to their child.

Both the infant and toddler teacher used a portion of the Fall and Spring Allocations to purchase additional age appropriate books for their classrooms.

Reflection: Review each Program Action Plan (CD 4001A) submitted in the FY 2011–12 Program Self-Evaluation Report. Below, provide a narrative summarizing the outcome of each action step. Record how each action step was successfully accomplished. If there were modifications or revisions to the action steps, reflect on and record the outcome of those changes.

After reviewing the findings for the 2012- 2013 school year, I decided that it would be beneficial to have the SAMOHI Infant / Toddler Center staff (teachers and assistants) dedicate a portion of their monthly hour staff meeting to reading the Infant/ Toddler Learning & Development Foundations and Infant / Toddler Curriculum Framework books provided by the CA Department of Education. Each month prior to the staff meeting, the teachers and assistants were assigned a chapter/s to read and to be ready to discuss the literature and possible ways to implement the literature into activities to be included in the classroom/s..

One goal for the staff was to move from one step to two step requests with the children. Another goal was to foster independence and self-help skills with the children. The teachers encouraged the older infants and toddlers to help clean up after meals and throughout the day (inside and outside) Our third goal focused on the staff's wait time when observing and interacting with students. They were reminded to "Stop and Pause" before reacting or trying to help. These goals were all enforced in the literature.

In September 2012 we reviewed the findings from the June 2012 report to ensure that our weekly lesson plans included activities that addressed the findings. Our lesson plans included open ended questions, scaffolding and individualization. The toddler teacher also kept a daily log on each student to track their language and development. The teacher also uses this information when conferencing

with the parent. Note- for the 2012 – 2013 school year we did not have any CCTR infant students until April 2013.

Gizelle Graves our Cal-SAFE Parenting teacher included in her yearly curriculum a section on Early Literacy Education including Language Development and also brought in a Language Therapist as a guest speaker. The parents were also required to come and observe the teachers in the classrooms several times throughout school year. Each parent was also given a Reading Log to complete throughout the year of all the books they have read to their child.

Both the infant and toddler teacher used a portion of the Fall and Spring Allocations to purchase additional age appropriate books for their classrooms.

RE: ACCEPTANCE OF GIFTS – 2012/2013

RECOMMENDATION NO. A.08

It is recommended that the Board of Education accept, with gratitude, checks and gifts totaling **\$20,642.53** presented to the Santa Monica-Malibu Unified School District.

It is further recommended that the Fiscal/Business Services Office, in accordance with Educational Code §42602, be authorized to increase the 2012-2013 income and appropriations by **\$20,642.53** as described on the attached listing.

This report details only gifts of cash or non-cash items. It includes all contributions made by individuals or companies and some of the contributions made by our PTA's. Contributions made by a PTA in the form of a commitment and then billed are reported in a different resource. A final report that compiles all gift, PTA and Equity Fund contributions is prepared and available annually.

COMMENT: The value of all non-cash gifts has been determined by the donors.

NOTE: The list of gifts is available on the District's website, www.smmusd.org.

Friday Memo: 5/10/13

COMMENT: Mobile Modular has had a long-standing business relationship with the District and currently provides temporary building facilities for various campuses. They have been providing the temporary units during the construction project at Edison Language Academy.

On 11/18/10, the Board of Education approved an agreement with Mobile Modular for (2) classroom buildings for the duration of thirty (30) months for Edison Language Academy. The original contract was to serve the Edison Language Academy DSA Compliance (Close Out) Project. This proposed contract extension, four (4) months, will serve through completion of building construction for the Edison Language Academy DSA Compliance (Close Out) Project.

The four (4) month contract extension is for the lease of (2) 24'x40' classroom relocatable trailers. It is recommended that the Board of Education approve contract extension for \$3,224.

Friday Memo: 05/10/2013

COMMENTS: California Testing and Inspection, Inc. is providing Testing and Special Inspection Services for the Santa Monica High School Science and Technology Building and Site Improvement Project. A contract was approved on December 15, 2011 for an amount of \$461,072 for this scope. Contract Amendment #01 was approved on June 27, 2012 for an amount for \$44,155.00. Contract Amendment #02 was approved on April 18, 2013. The original proposal did not include costs that are summarized as follows:

- Out-of-state charges and overtime charges, which will ultimately be paid by the Developer/Contractor in accordance with the language of the lease-leaseback agreement.
- The size of the steel fabricator's site and the use of multiple fabrication sites, which led to the need for more inspectors than originally anticipated by CTI, Inc.
- Field welding (instead of shop welding) of reinforcing steel to column base plates. Field welding, in a less controlled environment, takes much more time than shop welding in a controlled environment.
- The need to revise welding details at certain locations that changed inspection requirements from periodic inspection to continuous inspection. Steel had been fabricated within specified tolerances.

Contract Amendment #03 is for the continuing scope described above which have necessitated significant additional welding inspections for the project.

(continued on next page)

There are sufficient funds in the Soft Cost/Inspections line item to cover this request. Staff anticipates further amendments to complete the project.

DISCUSSION

FROM: SANDRA LYON / TERRY DELORIA / SARA WOOLVERTON

RE: SPECIAL EDUCATION PROGRAM UPDATE

DISCUSSION ITEM NO. D.01

The District offers many educational programs to best serve the needs of students with disabilities. Dr. Woolverton will review each program's components, target population(s), and location(s).

Dr. Woolverton's presentation can be found under Attachments at the end of these minutes.

Flyers about the free assessments offered to children from 2 years 9 months through 5 years of age are distributed at doctor offices and community groups. About 150 children are assessed each year. In response to Mr. Mechur regarding changes in funding that may impact the District similar to the change in funding of mental health services, Dr. Woolverton stated that DMH was biggest impact and do not see future major change. Programs and services have improved and provided mandate training for all teachers in the district such as social skills program that have become popular. Number of non-public school reduced from 50 to 30 from 2009. Sequester and reduction of federal funds have already impacted program of about \$500M (combination of federal and state funds) for 2013-14.

Reporting capacity is standardized test scores but to determine whether students are meeting goals is looking for database evidence and how successful students are integrating. Students are eligible until age 22 or when they earn a diploma. In response to Dr. de la Torres, if a student identifies a plan, they are eligible for a grant that allows them to obtain funding for classes through the Department of Rehabilitation and Workability program. Mr. Allen asked for data on student success and thanked the Special Education staff for all the work they do.

Ms. Maez responded to Mr. Allen that there is no special education in the Governors LCFF and there are no significant changes in the funding model for special education. There is a main component in the May Revise with the Governor using one time money to augment because there is an impact with federal sequestration. The allocation is not reduction of state funding. SELPA is the entity that receives the state funding and allocates to the members on an agreed upon allocation formula. The distribution to individual districts will be impacted.

The RTI program will offer a positive result with scores rising. It is a continuing success when it is systematically implemented across the district. Over time, students will be successful.

RE: NEW COMMON CORE MATH SEQUENCING FOR SECONDARY SCHOOLS

DISCUSSION ITEM NO. D.02

The Common Core State Standards in Math (CCSSM) include grade-level content standards that represent a balance of problem-solving, conceptual understanding and skills. Based on the NCTM Process Standards, CCSSM's Standards for Mathematical Practice describe the characteristics of mathematically proficient students, providing educators with guidelines for effective instructional pedagogy. The coherence of the standards within a grade and the progressions from grade to grade make the connections among mathematical ideas explicit. Mathematics should no longer be experienced as a series of procedures or tricks. With fewer and more focused standards, teachers can finally move away from “covering” material to giving students ample time to reason and make sense of the mathematics they are learning.

These CCSSM are not intended to be new names for old ways of doing business. High school students continue to face major challenges in their mathematics preparation. They lag behind students from other industrial countries in basic mathematical literacy—the knowledge and skills that prepare them to apply mathematics in a variety of contexts, and most are not prepared to face the economic and workforce challenges of an increasingly global, technological society. This inadequate preparation contributes to the increasing number of high school graduates who are insufficiently prepared for entry-level courses in college and workforce training programs. To address these issues, the CCSSM reflect major changes in content knowledge, not only in elementary curriculum but in the college-preparatory courses. To continue teaching math from a traditional perspective—using the same pedagogy with the same content—will do little to close achievement gaps in math and college and career readiness.

In this presentation, staff will provide:

1. An overview of the CCSSM and the eight mathematical practices
2. Examples of significant content changes between existing and new high school courses
3. Examples of significant assessment changes (using middle school math and algebra)
4. A visual representation of math course sequencing for middle and high school students, beginning in the 2013-14 school year
5. Challenges staff expects to encounter and a corresponding remedy plan

DISCUSSION
05/16/13

DISCUSSION ITEM NO. D.03

As the District receives information regarding the State budget, as it relates to the development of our budget, Staff will regularly update the Board. These updates will be scheduled at each regular meeting of the Board until the District budget is adopted in June. These updates may include: new statewide projections, proposed changes to the district budget, enrollment projections, staffing ratios, and other budget-related details.

RE: AMENDMENT TO RIGHT OF ENTRY AND CONSTRUCTION PERMIT
AGREEMENT BETWEEN THE SANTA MONICA-MALIBU UNIFIED SCHOOL
DISTRICT AND SKANSKA-RADOS EXPO 2 JOINT VENTURE

RECOMMENDATION NO. A.21

It is recommended that the Board of Education approve an amendment to Right of Entry and Construction Permit Agreement between the District and Skanska-Rados EXPO 2 Joint Venture.

COMMENT: At the Board meeting of February 21, 2013, the Board received information regarding a proposed easement on the property owned by the District at 902 Colorado Blvd. Representatives from Exposition Metro Line Construction Authority (EXPO) presented information regarding the light rail coming to Santa Monica and how the construction of this system is disrupting the current utilities located in the middle of Colorado Blvd., forcing the infrastructure to be relocated to the perimeter. This relocation of utility services will necessitate the granting of an easement on property owned by the District.

District staff outlined a timeline for granting of a temporary Right of Entry and Construction Permit agreement and the two step process for finalizing the actual easement. In order to allow EXPO and Southern California Edison to continue the project without delay, the Board approved the right of entry to allow entry and construction on District property at the March 5, 2013 Board Meeting.

At the time of the Board's approval in March, the District had been informed that no part of the proposed vault would be placed on or beneath our property line and the Right of Entry Agreement reflected that assumption. Since the Board's approval, the District was informed by EXPO that there will now be a 10" intrusion of the proposed vault onto our property. This change requires an amended right of entry to be approved. The attached document reflects the changes needed to allow for this adjustment.

RIGHT OF ENTRY AGREEMENT

THIS RIGHT OF ENTRY AGREEMENT ("Agreement") is made and entered into effective as of May 16, 2013, by and between the SANTA MONICA - MALIBU UNIFIED SCHOOL DISTRICT ("OWNER") and the SKANSKA-RADOS EXPO 2 JOINT VENTURE ("PERMITTEE").

RECITALS

A. OWNER is the owner of property located at 902 Colorado, Santa Monica, California, also designated as Assessor's Parcel Nos. 44283-001-900 and 4283-002-901 ("Property") and identified in Exhibit "A" attached hereto and incorporated herein by this reference.

B. Exposition Metro Line Construction Authority ("Expo") has entered into a contract with PERMITTEE for utility relocation / installation and roadway demolition and improvements necessary for completing the Exposition LRT Project Phase 2 (the "Project").

C. In connection with the construction of the Project, temporary access is required to certain portions of the Property by PERMITTEE, its contractors, employees, agents.

D. OWNER is willing to grant to PERMITTEE, its contractors, employees, agents, and PERMITTEE is willing to accept, a right of entry and construction permit (collectively, the "Permit") for the following purposes:

- (1) Utility installation / relocation and related roadway / driveway and sidewalk improvements all to be installed within the adjacent right of way except for 10" intrusion of proposed vault.
- (2) Ingress and egress over, through, and across the Property by persons on foot and by vehicles for the purpose of installing the improvements described in (1) above;
- (3) Installation of temporary fencing within or along the Property during construction; and
- (4) Storage of construction equipment and material on the Property for the purpose of installing the improvements described in (1) above.

NOW, THEREFORE, in consideration of the above recitals, which are incorporated into this Agreement, and of the covenants contained herein, OWNER hereby agrees to grant to PERMITTEE the Permit in and to the Property upon the following conditions:

AGREEMENT

1. The Permit is granted to PERMITTEE for the purposes described in Section D (1)-(4) of the Recitals above only; and such Recitals in full are incorporated into this Agreement by this reference.
2. The Permit applies to that portion of the Property described and shown as "Temporary ROE Area" on "Exhibit A" to this Agreement. The Permit authorizes and permits only excavation for the purpose of temporary shoring, temporary removal and replacement of landscaping / irrigation, and short term staging and material storage / material storage area for the purpose of installing the improvements within the adjacent right of way (collectively, the "Work").
3. The Permit shall commence five (5) days from the date that PERMITTEE provides written Notice to OWNER of the proposed commencement of the Work and shall terminate one year later for the Temporary ROE Area.
4. While the Permit is in effect, the PERMITTEE and its or their contractors and sub-contractors shall, at their sole cost and expense, obtain and maintain in full force and effect, throughout the term of the Permit, insurance in the amount and with the coverages specified on Exhibit "C" attached hereto and incorporated herein by this reference and, as set forth in said Exhibit "C", naming OWNER, ground lessee, and any lenders as an additional insured. Insurance certificates are required to be on file with OWNER prior to entry onto the Property.
5. During the term of the Permit, PERMITTEE shall indemnify, defend and hold OWNER, its board, commissioners, officials, employees, agents, tenants, subtenants and volunteers (collectively, the "Indemnitees"), harmless against any and all claims (including mechanics' liens), liabilities, penalties, liens, suits, judgments, damages, costs and expenses, including without limitation attorneys' fees and costs, caused by or arising out of the activities of PERMITTEE and its agents, employees and contractors on or about the Property, except to the extent such claims, liabilities, costs and expenses are caused or contributed to by the willful misconduct of the Indemnitees or any of them. The indemnity shall include any claim by the ground lessee, including, without limitation, any claim by the ground lessee that this Agreement or the Permit is not permitted under the ground lease, and any breach by PERMITTEE of this Agreement. The indemnity shall survive termination or expiration of this Agreement.
6. PERMITTEE shall return the Property to OWNER in a similar condition as existed on the date that access by PERMITTEE under or pursuant to the Permit first commenced.
7. Notices to OWNER shall be given as follows:

Santa Monica - Malibu Unified School District (SM-MUSD)
1651 Sixteenth Street
Santa Monica, CA 90404
Attn: Janece Maez

Notices to LESSEE shall be given as follows:

STG Asset Management, Inc.
STG Three Properties, LLC
1260 N. Dutton Avenue, Suite 270
Santa Rosa, CA 95401

Notices to PERMITTEE shall be given as follows:

Skanska-Rados Expo 2 Joint Venture
444 South Flower Street, Suite 2200
Los Angeles, CA 90071
Attn: Brian T. Freund

All written notices shall be deposited in the United States mail, postage prepaid or delivered personally or by overnight courier.

8. OWNER represents, warrants, covenants and agrees to and for the benefit of PERMITTEE that OWNER has the power, right, and authority to enter into this Agreement and grant the Permit. OWNER shall notify any other occupants of the Property, as well as any future owners, of the temporary use of the Property for the Work as contemplated by this Agreement, including the Permit, if the Property is subject to, or made available for, lease or sale during the period covered by this Agreement, including the term of the Permit. OWNER has provided PERMITTEE with a copy of the ground lease to which the Property is subject, and, notwithstanding the foregoing, (a) OWNER makes no representation or warranty regarding the need to obtain the ground lessee's consent to this Agreement and/or the Permit, (b) PERMITTEE shall independently assess whether ground lessee's consent is required for this Agreement and the Permit and shall comply with the terms and provisions of the ground lease in exercising the Permit and its rights under this Agreement, (c) OWNER shall have no liability to PERMITTEE if ground lessee's consent for this Agreement or the Permit is required, and (d) this Agreement and the Permit is subject and subordinate to the rights of the ground lessee under the ground lease.

9. PERMITTEE, in its sole and absolute discretion, may terminate the Permit by providing not less than five (5) days prior written notice to OWNER. OWNER may terminate the Permit for cause in the event of default by PERMITTEE under this Agreement by providing not less than thirty (30) days prior written notice to PERMITTEE (other than the failure to comply with the insurance provisions of this Agreement for which there shall be no cure period or to remediate a circumstance which could create a default under the ground lease, for which the cure period shall be zero (0) days if there is no cure period under the ground lease or the date which is ten (10) days prior to the date that such circumstance would constitute a default under the ground lease); provided, however, that such notice shall include a description of the alleged default and, in the event that any default that is the subject of such a notice is cured prior to the permitted effective date of the termination, then the term of the Permit shall continue and the notice of termination shall be of no further force or effect. In exercising its rights under this Agreement and the Permit, PERMITTEE shall comply with all applicable laws and proceed with diligence and in a safe and workmanlike manner. PERMITTEE shall

immediately discharge any lien which may be filed against the Property as a result of PERMITTEE'S acts or omissions. OWNER is not making any representation or warranty with respect to the Property. In the event of a dispute under this Agreement, the prevailing party shall be entitled to recover its reasonable attorneys' fees and costs from the other party to this Agreement. OWNER may enter the Property from time to time to assess PERMITTEE'S compliance with this Agreement. PERMITTEE shall fence, screen and secure the Property. OWNER'S liability under this Agreement is limited to its interest in the Property and no other recourse may be had against OWNER'S other assets.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date first set forth above.

INSURANCE REQUIREMENTS

ATTACHED

INSURANCE REQUIREMENTS

1.1 PERMITTEE'S INSURANCE

1.1.1 Prior to commencing the Work, PERMITTEE shall procure and maintain, at PERMITTEE's own cost and expense, insurance as provided in this Exhibit "C" against claims for injuries to persons or damages to property which may arise out of or result from the performance of the Work by PERMITTEE, its subPERMITTEEs or sub-subPERMITTEEs (that is, its contractors and subcontractors), by anyone directly or indirectly employed by any of them, or by anyone for whose acts any of them may be liable.

1.1.2 Unless otherwise required by the Agreement of which this Exhibit "C" is a part (sometimes hereinafter, this "Agreement"), PERMITTEE shall obtain insurance of the types and in the amounts described below:

.1 Commercial General and Umbrella Liability Insurance: PERMITTEE shall maintain commercial general liability (CGL) and, if necessary, commercial umbrella insurance with a limit of not less than \$3,000,000 each occurrence / \$3,000,000 in the annual aggregate. Limits may be provided in a "layered" program, by means of primary and umbrella policies.

.2 Business Auto and Umbrella Liability Insurance: PERMITTEE shall maintain business auto liability and, if necessary, commercial umbrella liability insurance with a limit of not less than \$1,000,000 each accident. Limits may be provided in a "layered" program, by means of primary and umbrella policies.

.3 Workers' Compensation and Employer's Liability Insurance: PERMITTEE shall maintain workers' compensation insurance as required by the State of California and Employer's Liability Insurance in the amount of \$1,000,000 per accident for bodily injury or disease.

1.1.3 The minimum scope of insurance shall be as follows:

.1 CGL insurance shall be written on Insurance Services Office form CG 00 01 (or a substitute form providing equivalent coverage) and shall cover liability arising from:

- a. Premises - operations.
- b. Independent PERMITTEEs - subPERMITTEEs.
- c. Products / completed operations.
- d. Personal injury and advertising injury liability assumed under an insured contract (including the tort liability of another assumed in a business contract).
- e. Explosions, collapse and underground hazards.
- f. Broad form contractual.

g. Broad form property damage.

.2 Business Auto Insurance shall cover liability arising out of any auto (including owned, hired, and non-owned autos). Coverage shall be written on Insurance Services Office form CA 00 01, CA 00 05, CA 00 12, CA 00 20, or on a substitute form providing equivalent liability coverage. If necessary, the policy shall be endorsed to provide contractual liability coverage equivalent to that provided in the 1990 and later editions of CA 00 01.

1.1.4 Any deductibles or self-insured retentions must be declared to and approved by OWNER. Any and all deductibles for required insurance policies shall be assumed to be by and for the account of, and at the sole risk of, PERMITTEE. At the option of OWNER, either the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects OWNER, its officers, officials, employees or volunteers; or PERMITTEE shall provide a financial guarantee satisfactory to OWNER guaranteeing payment of Losses, related investigation, claim administration and defense expenses.

1.1.5 The General Liability and Automobile Liability policies shall contain, or be endorsed to contain, the following provisions:

.1 OWNER and its officers, directors, officials, employees, tenants, subtenants and volunteers, as applicable, are to be covered as additional insured, using the Insurance Services Office additional insured endorsement form CG 20 10 or a substitute providing equivalent coverage. Coverage as additional insureds includes liability for and relating to the Work to be performed by PERMITTEE; premises owned, leased, or used by PERMITTEE; or premises on which PERMITTEE is performing services on behalf of OWNER. OWNER and any other additional insureds mentioned in this provision shall not, by reason of their inclusion as additional insureds, become liable for any payment of premiums to carriers for such insurance coverage.

.2 For any claims related to the Work, PERMITTEE's insurance coverage shall be primary insurance as respects OWNER, its, officers, directors, officials, employees and volunteers. Any insurance or self-insurance maintained by OWNER, its officers, directors, officials, employees or volunteers, shall be excess of PERMITTEE's insurance and shall not contribute with it.

.3 Coverage shall not extend to any indemnity coverage for the active negligence of the additional insured in any case where an agreement to indemnify the additional insured would be invalid under the California Civil Code, Section 2782, subdivision (b).

.4 A Severability of Interest Clause stating that: The term "insured" is hereby used severally and collectively, but the inclusion herein of more than one insured shall not operate to increase the limits of the insurers' [or insurer's] liability.

.5 A Cross Liability Clause stating that: In the event of claims being made under any of the coverages of the policies referred to herein by one or more insureds hereunder for which another insured hereunder may be liable, then the policies shall cover such insureds against whom a claim is made or may be made in the manner as if separate

policies had been issued to each insured hereunder. Nothing contained herein, however, shall operate to increase the insurers' [or insurer's] limits of liability as set forth in the insuring agreements.

1.1.6 The Worker's Compensation, Employer's Liability and General Liability insurances shall include provision by which the insurer shall agree to waive all rights of subrogation against OWNER, its officers, directors, officials, employees and volunteers for losses arising from activities and operations of PERMITTEE in the performance of Work [or services] under the contract [or the Agreement and/or the Permit].

1.1.7 Cancellation Notice Requirements: All insurance policies provided under this Agreement shall be endorsed to state that coverage shall not be canceled except after thirty (30) days prior written notice to OWNER. Notice thereof shall be sent to the OWNER recipient(s) listed in Section 7 of the Agreement of which this Exhibit "C" is a part, by certified mail, return receipt requested, for all of the required insurance policies. All such notices shall name PERMITTEE and/or reference this Agreement and/or the Permit.

1.1.8 If PERMITTEE, for any reason, fails to maintain insurance coverage which is required pursuant to this Agreement, the same shall be deemed a material breach of contract. OWNER, at its sole option, may terminate this Agreement and obtain damages from PERMITTEE resulting from said breach. Alternatively, OWNER may purchase such coverage (but has no special obligation to do so) and, without further notice to PERMITTEE, OWNER may charge, bill or invoice PERMITTEE for any premium costs advanced by OWNER for such insurance.

1.1.9 Acceptability of Insurers: Insurance is to be placed with insurers with a current A.M. Best's rating of not less than A:6, unless otherwise approved by OWNER's Risk Manager.

1.1.10 Verification of Coverage: PERMITTEE shall furnish OWNER with original certificates and amendatory endorsements effecting coverage required by this Exhibit "C". The certificates and endorsements for each policy are to be signed by a person authorized by the insurer to bind coverage on its behalf. The certificates and endorsements shall be on the OWNER's insurance forms or on other forms and endorsement, provided such other forms and endorsements conform to the requirements in this Exhibit "C". All certificates and endorsements are to be received and approved by OWNER before Work commences. OWNER reserves the right to require complete, certified copies of all required insurance policies, including endorsements effectuating the coverage required by this Agreement at any time.

1.1.11 SubPERMITTEES: PERMITTEE shall include all subPERMITTEES and sub-subPERMITTEES as insureds under its policies, or shall furnish separate certificates and endorsements for each subPERMITTEE and sub-subPERMITTEES in compliance with this Exhibit "C". All coverages for subPERMITTEES and sub-subPERMITTEES shall be subject to all of the requirements stated herein.

1.1.12 At the request of OWNER, PERMITTEE shall submit to OWNER copies of the policies obtained by PERMITTEE.

PERMIT POSITIONS PURSUANT TO EDUCATION CODE SECTION 8366**

RESOLUTION NO. 12-36

WHEREAS, Education Code section 8366 authorizes a district to employ persons working in positions requiring a child development permit for the supervision and instruction of children, or in the supervision of the child development program;

WHEREAS, Education Code section 8366 provides that a district may layoff child development permit employees at any time during the school year for lack of work or lack of funds; and

WHEREAS, it is the determination of the Board of Education of the Santa Monica-Malibu Unified School District, in analyzing and balancing educational and service priorities, and based on a lack of work and/or lack of funds, that the following positions be reduced:

Reduce Child Development Permit Preschool Teachers.....6.0 FTE

Total FTE: 6.0 FTE

NOW, THEREFORE, IT IS RESOLVED AND ORDERED by this Board of Education as follows:

1. That due to a lack of funds and/or lack of work, the number of employees and the amount of service rendered as specified above shall be reduced by layoff pursuant to Education Code section 8366.
2. That the Superintendent is directed to give notice of layoff to the affected employees pursuant to the requirements of law.
3. That said layoff shall become effective on June 30, 2013.
4. That affected child development program employees shall be offered the opportunity to displace less senior child development program employees who occupy positions for which the affected employee(s) is/are qualified and appropriately credentialed.
5. That permanent employees laid off pursuant to this Resolution shall be eligible for reemployment pursuant to Education Code section 8366.

The foregoing Resolution was adopted by the Board of Education of the Santa Monica-Malibu Unified School District on the 16th day of May, 2013 by the following vote:

What is AVID?

- A **non-profit** structured **college preparatory system** working directly with schools and districts
- A **direct support** structure for first-generation college goers, grades 4-12
- A **schoolwide approach** to curriculum and rigor

The AVID Elective Student Profile

Meets one or more of the following criteria:

- First to attend college
- Historically underserved in four-year colleges
- Low income
- Special circumstances

While all criteria are considered for acceptance, no single criteria will necessarily eliminate a student from consideration.

The AVID Elective Student Profile

Has academic potential

- Average to high test scores
- 2.0-3.5 GPA
- College potential with support
- Desire and determination

AVID in SMMUSD

Lincoln Program

- 4th year of implementation
- Offered in grades 7 and 8
- 55 Students Participating
- 2 Sections offered; 1 Grade 7 and 1 Grade 8

Successes at Lincoln

- Complete program
- Enrollment increasing
- Students and Teachers note the difference in skills of AVID participants
- Field trips to SMC College Fair, USC and CSUN
- 8th Grade students participated in Junior Achievement 6 weeks entrepreneurial program, "It's My Business."

John Adams Program

- 11th year of implementation
- Offered in grades 7 and 8
- 139 Students Participating
- 4 Sections offered; 2 Grade 7 and 2 Grade 8

Successes of the JAMS AVID Program

- Many AVID students are enrolled in up to 4 rigorous classes.
- Structural changes
 - AVID students with AVID teacher for advisory period
 - Creation of an AVID rotation in the 6th exploratory for next year
- Continue to refine their recruitment practices:
 - Culturally Proficient Lens
 - More Recruitment Days

Some District Programmatic Challenges

- The roles and responsibilities of AVID coordinator continue to increase. The time commitment required to coordinate a quality program without a stipend/prep is unmanageable at many times throughout the year.
- Need for greater consistency and alignment in policies, procedures and program tools between the high school and middle school.
- Need to increase parent participation in the AVID Program.
- Withdrawal of state funding for AVID, resulting in program structural changes for the future
- Need for continued district support for sections, and participation fees.

Combined Preschool

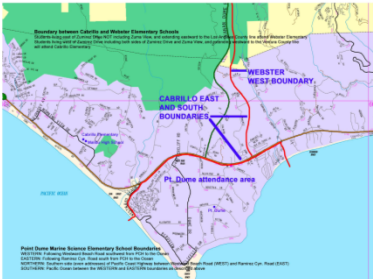

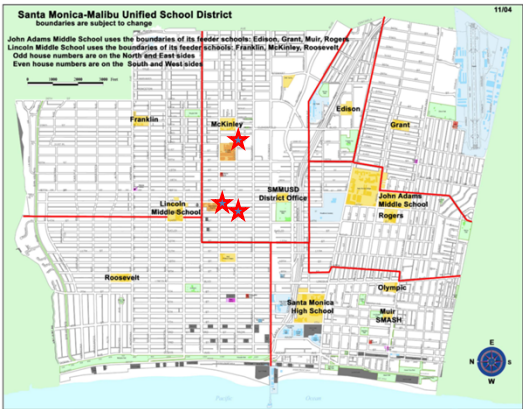

COMBINED PRESCHOOL (Including Collaborative Preschool)					
SERVICES		Special education students are educated 3 hours/day with typical peers, provided regular preschool curriculum and additional special education support in the areas of social, adaptive, pre-academic, communication and school readiness skills.			
BASIC PROGRAM STAFFING		1 Teacher 	1 Assistant 	8-10 Students 	* Two of three programs also have a general ed teacher and assistant

Specialized Academic Instruction (SAI)

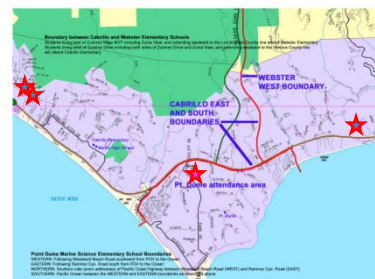

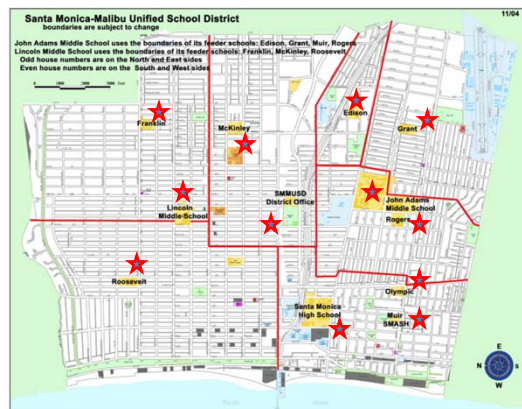

SPECIALIZED ACADEMIC INSTRUCTION (SAI)					
SERVICES		Specially designed instruction delivered by a special education teacher, primarily in academic areas. Students are instructed in small groups of similar aged peers, often in multi-grade classrooms. Most SAI students receive 30-120 minutes/day of SAI; some may receive up to 4 or 5 hours/day. Most SAI students graduate with a diploma.

SAI Intensive

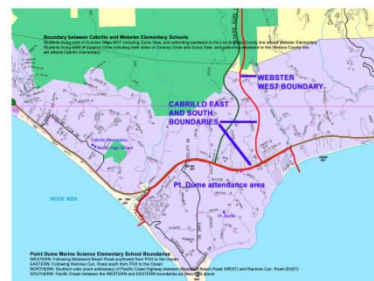

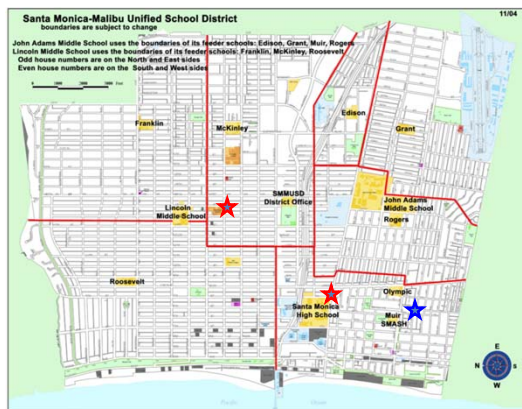

SAI – INTENSIVE (Formerly Block, Basic or SDC)					
SERVICES		Intensive specially designed instruction by a special educator, primarily in academic areas, for students who have such significant academic delays that they cannot be effectively grouped for instruction with same-aged SAI peers. These students spend more than half of their day in special education and also spend some time in general education. Most of these students will graduate with a certificate of completion.

SAI – Social Skills (SAI-SS)

SAI – SOCIAL SKILLS (Formerly Autism)				
SERVICES	Specially designed instruction provided by a special educator in the areas of social skills and self-regulation in a language intensive classroom. High levels of psychologist and SLP support. Intensive support during recess and lunch times to support generalization of social skills. Student time in general education varies widely according to student needs.

Positive Behavior Support Program (PBSP)

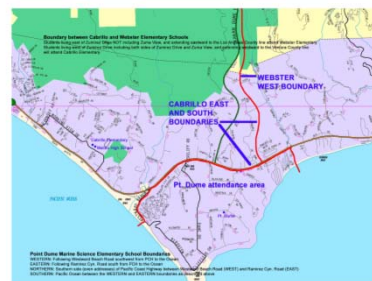

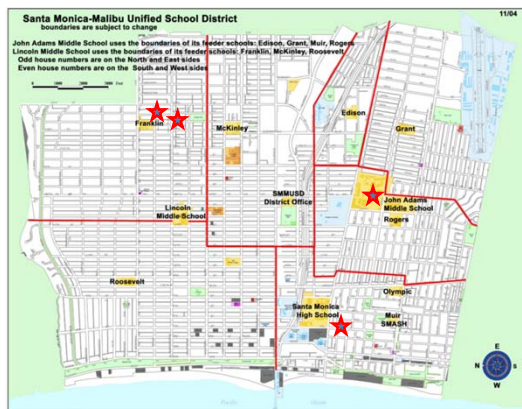

POSITIVE BEHAVIOR SUPPORT PROGRAM (PBSP – formerly ED)				
SERVICES		Specially designed instruction in social and behavioral skills, with academic skills as needed, by a special educator in a highly structured classroom with well-defined positive behavior management system. Students spend as much time in general education as appropriate for their academic and self-management skills. Many students also receive counseling

Common Core Mathematics in SMMUSD

Focus-Coherence-Rigor

SMMUSD School Board Meeting
May 16, 2013

CCSS-M's fundamental commitment

“These Standards are not intended to be new names for old ways of doing business.

They are a call to take the next steps. It is time for states to work together to build on lessons learned from two decades of standards based reforms. It is time to recognize that standards are not just promises to our children, but promises we intend to keep”

Fluency

Which has foundational fluency?

For items 1a-1c, choose Yes or No to show whether putting the number 7 in the box would make the equation true.

- 1a. $10 \times \square = 70$ ☐ Yes ☐ No
- 1b. $48 \div \square = 6$ ☐ Yes ☐ No
- 1c. $63 \div \square = 9$ ☐ Yes ☐ No

A. $37 \times 4 = 1,480 \div 10$ True False

B. $215 \times 39 = 2,487 \div 3$ True False

C. $4,086 \times 7 = 32,202$ True False

D. $9,130 \times 86 = 785,180$ True False

For items 1a – 1e, determine whether each equation is True or False.

1a.	$\sqrt{32} = 2^{\frac{5}{2}}$	True	False
1b.	$16^{\frac{3}{2}} = 8^2$	True	False
1c.	$4^{\frac{1}{2}} = \sqrt[4]{64}$	True	False
1d.	$2^8 = (\sqrt[3]{16})^6$	True	False
1e.	$(\sqrt{64})^{\frac{1}{3}} = 8^{\frac{1}{6}}$	True	False

Changes in Assessments CST vs SBAC

- 52 What is the perimeter of the figure shown below, which is not drawn to scale?

- A $5x + 33$
- B $5x^3 + 33$
- C $8x + 30$
- D $8x^4 + 30$

Part A

A town council plans to build a public parking lot. The outline below represents the proposed shape of the parking lot.

Write an expression for the area, in square feet, of this proposed parking lot. Explain the reasoning you used to find the expression.

Part B

The town council has plans to double the area of the parking lot in a few years. They create two plans to do this. The first plan increases the length of the base of the parking lot by p yards, as shown in the diagram below.

Write an expression in terms of x to represent the value of p , in feet. Explain the reasoning you used to find the value of p .

Part C

The town council's second plan to double the area changes the shape of the parking lot to a rectangle, as shown in the diagram below.

Can the value of z be represented as a polynomial with integer coefficients? Justify your reasoning.

Grades	Priorities in Support of Rich Instruction, Expectations of Fluency and Conceptual Understanding in the CCSSM
K-2	Addition and subtraction – concepts, skills and problem solving; measurement using whole number quantities
3-5	Multiplication and division of whole numbers and fractions – concepts, skills and problem solving.
6	Ratios and proportional reasoning; early expressions and equations
7	Ratios and proportional reasoning; arithmetic of rational numbers
8	Linear algebra

Grade 8 Common Core Overview

The Number System

- Know that there are numbers that are not rational, and approximate them by rational numbers.

Expressions and Equations

- Work with radicals and integer exponents.
- Understand the connection between proportional relationships, lines, and linear equations.
- Analyze and solve linear equations and pairs of simultaneous linear equations.

Functions

- Define, evaluate, and compare functions.
- Use functions to model relationships between quantities.

Geometry

- Understand congruence and similarity using physical models, transparencies, or geometry software.
- Understand and apply the Pythagorean theorem.
- Solve real-world and mathematical problems involving volume of cylinders, cones, and spheres.

Statistics and Probability

- Investigate patterns of association in bivariate data.

Mathematical Practices

1. Make sense of problems and persevere in solving them.
2. Reason abstractly and quantitatively.
3. Construct viable arguments and critique the reasoning of others.
4. Model with mathematics.
5. Use appropriate tools strategically.
6. Attend to precision.
7. Look for and make use of structure.
8. Look for and express regularity in repeated reasoning.

CA Algebra I success

- In a study of proficiency scores of **9th graders** on the CST in 2011,
 - 36% of first-time Algebra students scored proficient or above
 - 24% of re-take Algebra students scored proficient or above

(Liang et al, 2012)

Significantly Higher Rigor

- **97 Algebra I \neq CCSSM Algebra I**
- **97 Geometry \neq CCSSM Geometry**
- **97 Algebra 2 \neq CCSSM Algebra II**

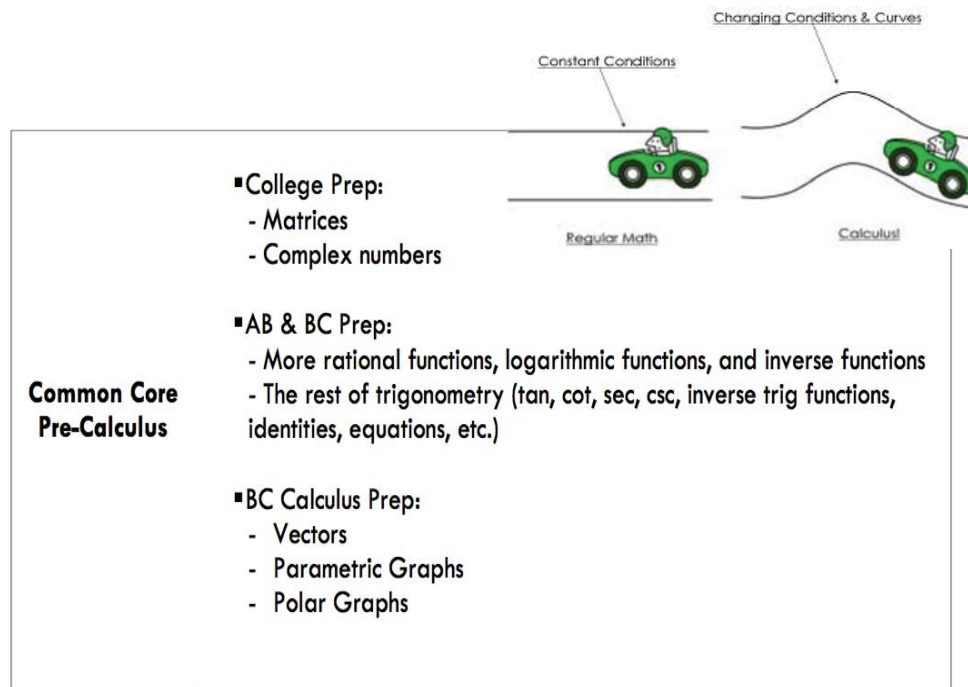

Not your mother's nor your father's Algebra I

Which pathway to success for our SMMUSD students?

To consider:

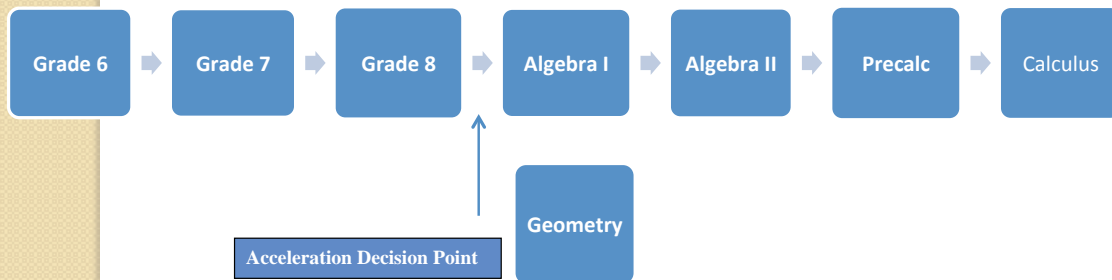

- Access to higher level mathematics
- Best time to offer acceleration and for the best reason
- Supports for students during the next few years of cross over transitions
- Staff professional development needs

Suggested pathways to help choose what is best for one's community

SANTA MONICA-MALIBU UNIFIED SCHOOL DISTRICT

2013-14 Budget
Governor's May Revision
Board of Education Presentation
Janece L. Maez, Chief Financial Officer
May 16, 2013

Agenda Item D.03.

2013-14 May Revision Highlights

- Mixture of good news and bad news
- 2012-13 State revenue \$4.5 billion is above the level projected in January
- 2013-14 revenue forecast is lower than originally estimated
- Higher levels of accountability have been added
- All Prop 98 gains are being used to buy down prior year deferrals

Prop 98 Implications

- Prop 98 is a complex series of formulas that establish a minimum level of K-12 funding
- The 2012-13 guarantee has increased by \$2.9 billion
- However, the calculation for 2013-14 results in a lower guarantee number
- 2012-13 gains are being used to:
 - Make State obligations within the QEIA settlement – no SMMUSD impact
 - Buy down deferrals (impacts cash flow only)
 - Fund Common Core standards implementation

Revenue Limits

- Revenue Limits are the historical method used to fund K-12 education on a per student basis
- The Governor's proposal eliminates this model and replaces it with the Local Control Funding Formula (LCFF)
- 2012-13 Revenue Limit calculations will be used during the LCFF implementation period until 2019-20 when LCFF should be fully implemented
- It is not clear at this point how Cost of Living Adjustments will apply under the new calculation

Local Control Funding Formula

- The LCFF proposal remains unchanged from January
- Replaces Revenue Limits with base grants per pupil, plus supplemental and concentration funding provided by percentage “weights” for English learners, students from low-income families, or in foster care
- Expected to be fully funded by 2019-20
- Base grants would receive COLAs each year – 1.565% for 2013-14

Local Control Funding Formula LCFF - continued

- The portion of the State budget allocated to implement LCFF has been increased from \$1.6 billion to \$1.9 billion
- The fiscal impact of the increase is unknown at this time
- County Offices of Education play a larger role in the oversight of LCFF
- Transportation and now ROP funding will be outside of the formula

LCFF Accountability System

- In January, the proposal eliminated most programmatic and compliance requirements
- The May Revise reversed some of that direction with a shift towards more State control again
- Includes strict expenditure requirements
 - Supplemental and Concentration grants could only be spent on students generating those funds
- Districts would be required to develop a LCFF Accountability Plan that the County would approve

Common Core Standards

- The May Revise would provide an estimated \$170/ADA in one time funds to be used for the implementation of Common Core Standards
- Possible uses of the funds include:
 - Professional Development
 - Instructional Materials
 - New Technology
- SMMUSD could receive close to \$1.8 million

Other Areas to Watch

- Adult Education – shift to Community Colleges rescinded
- Mandates – Behavioral Intervention Plan program
- Prop 39 Facility funds for energy projects
- Transportation – unchanged from January
- Child Care and State Preschools
- Special Education – possible augmentation of funds to mitigate federal sequestration (TBD)

Summary and Questions

- According to School Services of California – “the May Revision is a work in progress”
- The Governor continues to be consistent with his intent to provide more money for the most needy students and more local control for school districts
- It is now in the hands of State legislators to pass and amend provision of the proposal so that it works for all California students
