Public Comments is the time when members of the audience may address the Board of Education on items not scheduled on the meeting’s agenda (the following rules apply to both general public comments as well as comments about a specific agenda item). The Brown Act (Government Code) states that Board members may not engage in discussion of issues raised during Public Comments, except to ask clarifying questions, make a brief announcement, make a brief report on his or her own activities, or to refer the matter to staff. Individual members of the public who submit a public speaking card prior to the Board hearing an agenda item or general public comments shall be allowed three (3) minutes to address the Board on each agenda or nonagenda item, depending on the number of speakers. If there are ten or more speakers on an agenda or nonagenda item, the Board shall limit the allowed time to two (2) minutes per speaker. Individual speakers who submit a public speaking card after the Board begins to hear an agenda item or general public comments shall be allowed one (1) minute to address the Board. A public speaker may yield his/her time to another speaker, but must be present when his/her name is called. The donor would then give up his/her opportunity to speak. The public speaker who receives the donated minutes shall speak for no more than four (4) minutes maximum. The president may take a poll of speakers for or against a particular issue and may ask that additional persons speak only if they have something new to add. Individuals represented by a common point of view may be asked to select one individual to speak for the group. The president may, at his/her discretion, allow five (5) minutes for those who are serving as a spokesperson for a group or organization. The Board may limit the total time for public input on each item to thirty (30) minutes. If the number of persons wishing to address the Board of Education exceeds the time limit, additional time will be provided in **Section XVI. CONTINUATION OF PUBLIC COMMENTS.**

COMMENT: According to the Education Code SEC.21 Section 56342, prior to recommending a new or continued placement in a non-public, non-sectarian school, the Individualized Education Program (IEP) Team must submit the proposed recommendation to the local governing board for its review and recommendation regarding the cost of such placement.

The recommendations for these severely handicapped students are made by the District IEP Teams in accordance with State and Federal laws. The mandates of IDEA require non-public school services be provided at no expense to parents if there is not an appropriate public school program available. Funding to come from a SELPA-wide non-public school/non-public agency reserve account.

RE: AWARD OF RFP #16.08 – DISTRICTWIDE VENDING MACHINES
TO FIRST CLASS VENDING – YEAR ONE OF A FIVE-YEAR SERVICE
CONTRACT

RECOMMENDATION NO. A.09

It is recommended that the Board of Education award RFP#16.08 – for Districtwide Vending Machines to First Class Vending. This is year one (1) of a five (5)-year service contract.

Funding Information

There is no fiscal impact from this contract as all vending machines create revenue for the district

COMMENTS: Vending machines and their associated products meet the requirements of Smart Snacks in Schools, SB12, SB965 and District Wellness Policy 5030. All vending machines and their associated products will be reviewed and approved by District staff prior to their placement into the machines.

Vending machines are Energy Star rated, accept cash or cashless payment methods and include a DEX (Digital Exchange) electronic information retrieval system for real time reporting of sales.

Bids were sent to six (6) vendors. A mandatory job walk was held on June 1, 2015 with four (4) vendors in attendance. Two (2) vendors submitted proposals with a suggested list of available snacks and beverages, along with suggested selling prices and proposed commission rate. Evaluation of proposals was based on commission rate, suggested selling prices, snack and beverage selection, operation of company, equipment, reporting structure. Commissions are based on a formula of (Gross Sales) – (Sales tax) – (CRV). Commission example follows based on a selling cost of \$1.25 for pastry and \$1.00 for a 20 oz. bottled water:

Vendor	Snack Commission	Value	Beverage Commission	Value
First Class Vending	32%	\$0.36	30%	\$0.26
Vending Plus*	21%	\$0.24	21%	\$0.18

*Vending Plus proposed a second option based on higher selling prices and a 30% commission which was not considered.

COMMENT: The Board of Education approved the budget for Measure ES-2 Technology purchases during the Board meeting of October 16, 2014 (Item A.23). This included upgrades to school site computer labs. The above mentioned school sites will receive mobile computer labs as part of their allotment. The increase shown below reflects the addition of mobile device management software utilized to support maintenance of these mobile devices.

COMMENT: This change order represents additional cabling, conduits, installation and taxes required for Districtwide cabling and wireless deployment. Initially, existing pathways and conduits were to be reused for the project. A complete design and cable management plan could not be fully scoped until field conditions were evaluated along with the existing infrastructure and modified to meet the required network upgrades. This change order is based on field surveys, unforeseen site conditions and the need for additional pathways into IDF closets from access point locations. Every effort has been made to provide technically sound, yet economical solution for the infrastructure design.

SANTA MONICA-MALIBU UNIFIED SCHOOL DISTRICT
BOARD OF EDUCATION

EMERGENCY RESOLUTION NO. 15-01
FOR AWARDING

“Hazardous Material Removal at Malibu High and Cabrillo Elementary Schools”
WITHOUT ADVERTISING

Action taken by the members of the Board of Education of the Santa Monica-Malibu Unified School District at a regular meeting held August 12, 2015.

BE IT UNANIMOUSLY RESOLVED by this Board that an emergency exists wherein certain repairs, alterations, work and improvements are necessary to permit the continuance of existing school classes, or to avoid danger to health, life or property, to wit:

As outlined in the Comprehensive PCB-Related Building Materials Inspection, Management and Removal Plan for the Santa Monica-Malibu Unified School District, as prepared by Environ, environmental consultants, the District must take immediate action to address environmental concerns at Malibu High and Cabrillo Elementary Schools. The replacement of Light Fixtures is one of several contracts the District has implemented for completion this summer at both sites. The plan was developed due to a directive given to the District by Region IX of the Environmental Protection Agency (EPA). Since the project has a limited time frame to perform the work, the District has had to extend the existing contract with NRC Environmental Services Inc. without bidding, to enable the contractor to continue the removal and replacement of fixtures within the scheduled timelines at both facilities by August 8, 2015.

This emergency procedure will enable the District to correct this condition by August 8, 2015, at Malibu High and Cabrillo Elementary Schools.

The job is estimated to cost of \$ 156,089.20.

BE IT FURTHER RESOLVED that this Board makes contracts in writing on behalf of the District, without advertising for bids or inviting of bids for the performance of labor and furnishing of materials and supplies for such repairs, alterations, work and improvements.

BE IT FURTHER RESOLVED that before entering into such contracts, that the approval of the County Superintendent of Schools be secured to this resolution and to the proposed contracts.

RE: ADOPT RESOLUTION NO 15-02 – AUTHORIZING AN AGREEMENT WITH THE STATE OF CALIFORNIA AND DESIGNATION OF A DISTRICT REPRESENTATIVE TO SIGN AGREEMENT AND AMENDMENTS FOR DROUGHT RESPONSE OUTREACH PROGRAM FOR SCHOOLS (DROPS) – WILL ROGERS LEARNING COMMUNITY STORM WATER CAPTURE, WATER QUALITY IMPROVEMENT AND WATERSHED EDUCATION PROJECT

RECOMMENDATION NO. A.14

It is recommended that the Board of Education adopt Resolution No. 15-02, authorizing the District's Purchasing Director the authority to enter into an agreement with the State of California's Water Resources Control Board for the Will Rogers Learning Community Storm Water Capture and Water Quality Project through the DROPS application and award process.

Funding Information

Per the contract agreement, the Grantee is required to provide a funding match through direct administration; planning, engineering and design; permitting; environmental documentation and mitigation; project implementation; project monitoring; and education and outreach. Due to the project size, the District will be required to provide a 15% match. The District has identified resurfacing of the asphalt parking lot, staff time and educational components as its match to the grant, with local support received by Will Roger's PTA, Heal the Bay and the City of Santa Monica. The total grant award is \$621,256, plus \$213,070 of District match, for a total project estimate of \$834,326.

COMMENT

The Will Rogers Learning Community Stormwater Capture, Water Quality Improvement and Watershed Education Project will capture stormwater that currently creates a flood nuisance at Will Rogers Elementary School and turn it into an asset that augments the campus water supply, reduces runoff and associate pollutant loads, and enhances student and community learning. A variety of best management practices will be employed including cisterns, rain barrels, bioswales, expanded tree wells, permeable pavement and sub-surface infiltration basins. A watershed education garden will be used by students, teachers and community groups in an interactive environment. Harvested water will flow through the display, demonstrating the water cycle and allowing for student investigation of water capture, water quality, soil permeability and infiltration. Will Rogers is a joint-use school, which will expose a wide audience to the campus improvements through site visits, tours and interpretive signage.

The project must include an educational outreach component; must be maintained for at least twenty (20) years beyond the project completion (including staff training); and must be approved by the school site and the school district. The project must be completed within a four (4)-year funding cycle (March 31, 2019).

The elementary classroom standard includes the installation of dual projection systems, audio enhancement speakers with teacher and student microphones and audio/visual controllers. RE: RECOMMENDATION FROM BOARD SUBCOMMITTEE OF APPOINTMENTS
TO FILL VACANCIES ON THE BOND OVERSIGHT COMMITTEE (BOC)

RECOMMENDATION NO. A.27

It is recommended that the Board consider and appoint members on the District's Bond Oversight Committee (BOC).

COMMENTS: The Prop 39 – Citizens' Bond Oversight Committee was established, as required by law, after the successful general obligation bond election known as Measure BB. This bond measure, approved by voters on November 7, 2006, authorized the District to issue up to \$268,000,000 of bonds in order to make facility improvement throughout the District. The election was conducted under Proposition 39, therefore obligating the District to establish the oversight committee.

Another successful general obligation bond election, known as Measure ES, was approved by the voters on November 5, 2012, authorizing the District to issue up to \$385,000,000 of bonds to complete future Facility Improvements Project. This election was also conducted under Proposition 39, therefore obligating the District to establish the oversight committee.

At the February 21, 2013, Board of Education meeting, the Board established a combined committee that will serve the legal obligation created by the two bond elections.

There are currently three (3) members of the oversight committee whose term is ending on June 30, 2016. In order to fill vacancies on the committee, the Board is currently soliciting applications. A press release was published on July 7, 2015. At this time, no applications have been received for consideration.

The purpose of the BOC is to inform the public concerning the expenditure of the bond proceeds. The Committee shall engage in the following activities to carry out this purpose:

- Actively review and report on the proper expenditure of taxpayers' money for school construction;
- Advise the public as to whether the school district is in compliance with the requirement of the measure;
- Convene to provide oversight for but not limited to:
 - Ensuring that bond revenues are expended only for the construction, reconstruction, rehabilitation or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities;
 - Ensuring that no funds are used for any teacher or administrative salaries or other school operating expenses.

Education Code 15278(a) is specific as to the number of committee members that should be appointed to the BOC and even more specific as related to the length of term and number of terms permitted. Ed Code states that the Committee shall consist of at least seven (7) members to serve for a term of no more than three (3) years without compensation and for no more than two (2)

consecutive terms. The law continues to specify that the committee must include:

- One member who is active in a business organization representing the business community located within the school district;
- One member active in a senior citizens' organization;
- One member who is the parent or guardian of a child enrolled in the school district;
- One member who is both a parent or guardian of a child enrolled in the school district and active in a parent-teacher organization;
- One member who is active in a bon fide taxpayers' organization; and
- Two members at large.

It is recommended that the Board reappoint Mr. Gordon Lee and Ms. Lori Whitesell for a second term and fill the other vacancy at a later date when a sufficient number of applications are submitted. Mr. Steven Rodman has served two (2) 3-year terms and cannot be reappointed.

RE: NOMINATION FOR MEMBERSHIP ON LOS ANGELES COUNTY COMMITTEE
ON SCHOOL DISTRICT ORGANIZATION

RECOMMENDATION NO. A.29

The Los Angeles County Committee on School District Organization is requesting that the governing board of each school and community college district submit nominations for membership on the County Committee to fill three open seats. The four-year term runs from October 2015 through October 2019.

COMMENT: The Los Angeles County Committee on School District Organization (County Committee) is an 11-member body charged by the legislature with responsibilities in the area of school district organization, unification, formation, boundary changes, the manner in which governing board members are elected, and the establishment and abolition of trustee areas. The County Committee is comprised of two members representing each of the five Supervisorial districts, plus one member elected at-large.

In October 2015, the following four-year terms of office on the County Committee will be filled by election, and the candidates will serve through October 2019:

- Ms. Joan Jakubowski (Second Supervisorial District);
- Ms. Nicole Drapkin (Third Supervisorial District);
- Ms. Suzan Solomon (Fifth Supervisorial District);
- Dr. Ted Edmiston (At-Large Representative)

SMMUSD is in the third supervisorial district.

NOMINEE REQUIREMENTS

- Any nominee must be available to serve the term of office, which will begin on the date of election in October 2015, and expire on the date of election in October 2019.
- All nominees for the seats in the Second, Third, and Fifth Supervisorial Districts must reside in those districts.
- All nominees must be registered voters.
- Employees of school and community college districts, and county offices of education, are excluded from membership on the County Committee.
- A member of a school or community college district governing board, who is otherwise eligible, may simultaneously serve as a member of the County Committee.
- To ensure representation that is balanced and diverse, the County Committee encourages school and community college districts to additionally consider nominating non-school district community leaders/individuals to serve on the County Committee.
- The County Committee members whose terms are expiring this year are eligible to be nominated to serve another term of office, as there is no limit on the number of terms a County Committee member may serve.

NOMINATION PROCESS

- A governing board may submit more than one nomination.
- A governing board may nominate an individual who resides outside their district.
- A governing board wishing to submit a nomination(s) must send the name(s) of the nominee(s), accompanied by a biographical sketch not to exceed 200 words, to LACOE by August 21, 2015.

ELECTION PROCESS

- The election of members to the County Committee will take place at an annual meeting of the voting representatives of the governing boards of school and community college districts called for that purpose.
- The annual meeting will be held in conjunction with the fall meeting of the Los Angeles County School Trustees Association. Information concerning the date, time, and location of this meeting will be distributed as soon as it is available. It will most likely be held during October of 2015.
- The election is an at-large election. The voting representative from each district governing board will cast a vote for each vacant position. It is not necessary for a district to fall within the boundaries of a Supervisorial district where a vacancy exists in order to make a nomination or to cast a vote.
- The person from your district entitled to vote at the annual meeting is the person selected by your board pursuant to EC §35023 (K-12 school districts), or EC §72403 (community college districts). **Mr. Craig Foster is the voting representative from SMMUSD's Board of Education.**
- The voting representative may opt to vote by using an absentee ballot in lieu of casting a vote at the annual meeting. The use of an absentee ballot is the preferred method.

“It is our moral obligation to give every child the very best education possible.”

“We didn’t struggle in order just to change the complexion of those who sit in the Union buildings; it was to change the quality of our community and society. – Blankstein & Noguera, 2015

BIG IDEA 4:

District and sites work as a system so that all students flourish through the shared adoption of the “win-win paradigm.”

“...when the term *equity* is raised, it often evokes a zero-sum scenario; a perception that if we do more for this e who are disadvantaged, it will mean there will be less for the advantaged.” (p.3)

“...it is our common interest to ensure that all young people receive an education that allows them to cultivate their talent and potential.” “...adopting the **win-win paradigm** based on the pursuit of excellence through equity can lead to better outcomes for *every* student.” (p.7)

Tea Party Pre-Reading Activity: “Excellence Through Equity”

- “Equity in education is the principal that aims at guaranteeing high quality education for all in different places and circumstances.”
- “If schools try to achieve excellence without minding equity, the attempt is doomed to fail.”
- “The curriculum that used to be for “the best” is now the “best curriculum for all.”
- “The tracking system resulted in separate and unequal educational experiences for students.”
