**XII. GENERAL PUBLIC COMMENTS**

Public Comments is the time when members of the audience may address the Board of Education on items not scheduled on the meeting’s agenda (the following rules apply to both general public comments as well as comments about a specific agenda item). The Brown Act (Government Code) states that Board members may not engage in discussion of issues raised during Public Comments, except to ask clarifying questions, make a brief announcement, make a brief report on his or her own activities, or to refer the matter to staff. Individual members of the public who submit a public speaking card prior to the Board hearing an agenda item or general public comments shall be allowed three (3) minutes to address the Board on each agenda or nonagenda item, depending on the number of speakers. If there are ten or more speakers on an agenda or nonagenda item, the Board shall limit the allowed time to two (2) minutes per speaker. Individual speakers who submit a public speaking card after the Board begins to hear an agenda item or general public comments shall be allowed one (1) minute to address the Board. A public speaker may yield his/her time to another speaker, but must be present when his/her name is called. The donor would then give up his/her opportunity to speak. The public speaker who receives the donated minutes shall speak for no more than four (4) minutes maximum. The president may take a poll of speakers for or against a particular issue and may ask that additional persons speak only if they have something new to add. Individuals represented by a common point of view may be asked to select one individual to speak for the group. The president may, at his/her discretion, allow five (5) minutes for those who are serving as a spokesperson for a group or organization.

**XIII. BOARD MEMBER ITEMS**

These items are submitted by individual board members for information or discussion, as per Board Policy 9322.

**XIV. REQUESTS BY MEMBERS OF THE PUBLIC OR DISTRICT ADVISORY COMMITTEES TO ADDRESS THE BOARD OF EDUCATION**

A member of the public may request that a matter within the jurisdiction of the board be placed on the agenda of a regular meeting, as per Board Policy 9322. The request shall be in writing and be submitted to the superintendent or designee with supporting documents and information, if any, at least one week before the scheduled meeting date. Items submitted less than a week before the scheduled meeting date may be postponed to a later meeting in order to allow sufficient time for consideration and research of the issue. The board president and superintendent shall decide whether a request is within the subject matter jurisdiction of the board. Items not within the subject matter jurisdiction of the board may not be placed on the agenda. In addition, the board president and superintendent shall determine if the item is merely a request for information or whether the issue is covered by an existing policy or administrative regulation before placing the item on the agenda.

**XV. BOARD MEMBER COMMENTS**

A Board member may make a brief announcement or report on his/her own activities relative to Board business. There can be no discussion under "BOARD MEMBER COMMENTS."

**XVI. FUTURE AGENDA ITEMS**

Items for future consideration will be listed with the projected date of consideration. The Board of Education will be given any backup information available at this time.

**XVII. CONTINUATION OF CLOSED SESSION**

The Board of Education will, if appropriate, adjourn to Closed Session to complete discussion on items listed under Section III (Closed Session) following the regular business meeting.

**XVIII. ADJOURNMENT**

It was moved by Mr. de la Torre, seconded by Mr. Foster, and voted 5/0 (Drs. Escarce and Tahvildaran-Jesswein were absent) to adjourn the meeting at 9:42 p.m. The next meeting is a special closed session scheduled for 4:00 p.m. on **October 4, 2016**, at the **District Office**: 1651 16<sup>th</sup> St., Santa Monica, CA. The next regular meeting is scheduled for 5:30 p.m. on **Thursday, October 6, 2016**, in the **Malibu City Council Chambers**: 23825 Stuart Ranch Road, Malibu, CA.

RE: CONSOLIDATED APPLICATION

RECOMMENDATION NO. A.06

It is recommended that the Board of Education approve the submission of the Consolidated Application to the State of California.

COMMENT: The Consolidated Application must be submitted to the California Department of Education in order for the district to receive state and federal categorical program funding. The application is submitted in several parts each school year, following Board approval. This submission indicates that Santa Monica-Malibu Unified School District requests participation in federal programs including: Title I Part A Basic Grant (low income/low achieving students), Title II, Part A (Teacher and Principal Training and Recruiting), Title III Part A Immigrant, and Title III Part A Limited English Proficient Students. Other state programs, previously part of the Consolidated Application, are now subsumed within the Local Control Funding Formula and no longer flow through the Consolidated Application.

**Federal Program Descriptions:**

Title I Part A – Helping Disadvantaged Children:

This is a federal program to ensure that all children have a fair, equal, and significant opportunity to obtain a high-quality education and reach, at a minimum, proficiency on challenging state academic achievement standards and state academic assessments.

Title II Part A – Teacher Quality:

This is a federal program that increases student academic achievement through professional development and strategies for improving teacher and principal quality.

Title III – Limited English Proficient Students:

This is a federal program that provides supplementary programs and services to limited-English-proficient (LEP) students (known as English learners in California). The purpose of the program is to assist LEP students to acquire English and achieve grade-level and graduation standards.

Federal guidelines also allow local non-profit private schools to participate with the public school district in federal programs. Those participating private schools are identified in the application.

An additional submission of the Consolidated Application, which includes budget information, will be submitted to CDE in the winter after district funding entitlements are confirmed. This second submission will indicate the number of pupil participants and funding allocations for each school site participating in Title I Part A.

Each school site is required to have a comprehensive school plan known as the Single Plan for Student Achievement describing the strategies and activities to

improve student achievement and meet district adopted standards through the supplementary services provided by these categorical programs.

Schools utilize highly qualified teachers, instructional aides, scientifically research-based intervention programs, tutoring assistance, materials and equipment, professional development, district provided training, conferences and workshop attendance, expert consultants, and parent/community involvement activities to meet the needs of their students.

Each school site council is required to provide input and recommend to the Board the approval of planned program activities and budgets as part of the Single Plan for Student Achievement. The Director of Assessment, Research and Evaluation reviews program guidelines with all school administrators to insure appropriate implementation and compliance for each categorical program.

RE: ACCEPTANCE OF GIFTS – 2016/2017

RECOMMENDATION NO. A.08

It is recommended that the Board of Education accept, with gratitude, checks totaling **\$9,413.92** presented to the Santa Monica-Malibu Unified School District.

It is further recommended that the Fiscal/Business Services Office, in accordance with Educational Code §42602, be authorized to increase the 2016-2017 income and appropriations by **\$9,413.92** as described on the attached listing.

This report details only cash gifts. It includes all contributions made by individuals or companies and some of the contributions made by our PTA's. Contributions made by a PTA in the form of a commitment and then billed are reported in a different resource. A final report that compiles all gift and PTA contributions is prepared and available annually.

COMMENT: The value of all non-cash gifts has been determined by the donors.

NOTE: The list of gifts is available on the District's website, [www.smmusd.org](http://www.smmusd.org).

Friday Memo: 09/16/16

COMMENTS: Architectural services are required because a 3-Year comprehensive qualified Storm Developer / Qualified Storm Practitioner (QSD & QSP) Services and Storm Water Pollution Prevention Plan (SWPPP) implementation is required for the MMHS Campus Improvement project.

Architectural design services are required for the installation of a new septic tank to increase the septic tank capacity at Juan Cabrillo Elementary. Currently, there are four separate septic tanks that are installed at the Juan Cabrillo Elementary School. Due to the addition of the new restrooms associated with the new portable classrooms at the school the current septic system does not have adequate capacity to sustain the extra restroom.

Finally, architectural design services are required for the revised Interim Housing Part 2 layout comprised of 3 Classrooms, Toilet Room and Resource Center at Malibu Middle and High School.

RE: DIRECT DISTRICT STAFF TO WORK WITH CITY OF SANTA MONICA IN EXPLORING A TWO-YEAR PILOT PROGRAM OFFERING EXTREMELY REDUCED-COST BIG BLUE BUS PASSES FOR SMMUSD STUDENTS

RECOMMENDATION NO. A.23

Board Member Foster recommends that the Board of Education instruct district staff to fully cooperate with Santa Monica City staff and work to find mutually satisfactory solutions in Santa Monica City's exploration of a "two-year pilot program offering extremely reduced-cost Big Blue Bus passes for SMMUSD students, as part of [the city's] ongoing GoSaMo Program, in pursuit of the council's adopted Top-five Priority of Mobility, and with hopes of increasing safety and reducing individual private vehicular traffic near schools," as described in the Santa Monica City Council's September 22, 2016, meeting agenda item 13.C.

RE: UPDATE FROM THE MALIBU UNIFICATION NEGOTIATIONS COMMITTEE

Members from the Santa Monica team of the Malibu Unification Negotiates Committee will update the Board of Education on the work addressed thus far by the committee as well as next steps. The last update to the board was presented on June 29, 2016 (Item No. D.01).

**BACKGROUND:**

At its meeting on December 17, 2015, the Board of Education established the processes by which the Santa Monica-Malibu USD Board of Education and representatives of a potential Malibu USD could engage in negotiations in an effort to resolve financial concerns raised in the FOC updated report in November 2015. On January 21, 2016, the board ratified the six-member committee (three representatives from Santa Monica and three from Malibu). The committee has met nearly twenty times since it was established.

RE: PROPOSED EXCELLENCE THROUGH EQUITY ACTION PLAN

STUDY SESSION ITEM NO. S.01

The purpose of this study session is for the board to consider adopting a 2016-2017 action plan that responds to key elements of the Noguera Report. The action plan builds upon the priorities adopted by the Santa Monica-Malibu School Board to put into place a coherent set of actions that will lead to *excellence through equity* among the diverse student populations represented in the district.

Public Comments:

- *Liliana Palma, Rocio Garcia, Sofia Ramirez, Gloria Garcia, Apolinal Garcia, Darya Jones, Lee Jones, Robbie Jones, Berenice Onofre, Irma Carranza, and Cecilia Palma-Santos addressed the board regarding this item.*

*Dr. Rousseau’s presentation can be found under Attachments at the end of these minutes.*

*Throughout the presentation, Dr. Rousseau called on board members, staff, and the public to provide their thoughts on the topics addressed in the slides, specifically academic English, academic discourse, metacognitive thinking, and culturally responsive curriculum. She explained that the next task is to set benchmarks and metrics.*

RE: 2015-16 DISTRICT LEVEL CAASPP RESULTS

DISCUSSION ITEM NO. D.01

The official results of the 2015-16 California Assessment of Student Performance and Progress (CAASPP) were released to the public on August 24, 2016, and Individual Student Reports were delivered to SMMUSD families in early September. This is the second administration of the Smarter Balanced Assessment for English Language Arts (ELA) and Math. The results for this year compared to last will provide significant data points for the district's equity goals.

In this first of two Board presentations, Ed Services staff will provide an overview of district-level student achievement in Math and ELA by grade span, including disaggregated results of significant sub-populations, including English Learners, Socio-Economically Disadvantaged students, and Special Education students.

RE: SERVICE EMPLOYEES INTERNATIONAL UNION, LOCAL 99 (SEIU)  
SUNSHINE PROPOSAL TO RE-OPEN NEGOTIATIONS WITH THE SANTA  
MONICA-MALIBU UNIFIED SCHOOL DISTRICT FOR THE COLLECTIVE  
BARGAINING AGREEMENT

INFORMATION ITEM NO. I.01

This is to inform the Board of Education that the Service Employees International Union, Local 99 (SEIU) intends to re-open negotiations with the District regarding the collective bargaining agreement.

The Rodda Act requires parties negotiating a collective bargaining agreement to sunshine their proposals at a public meeting. By “sunshining” proposals in this fashion, SEIU is announcing their intent to negotiate.

The SEIU proposal is attached. The District will “sunshine” its proposal at a future board meeting, and the public will be invited to comment on both proposals at a public hearing to be scheduled at that time.

## School Board Leading the Way

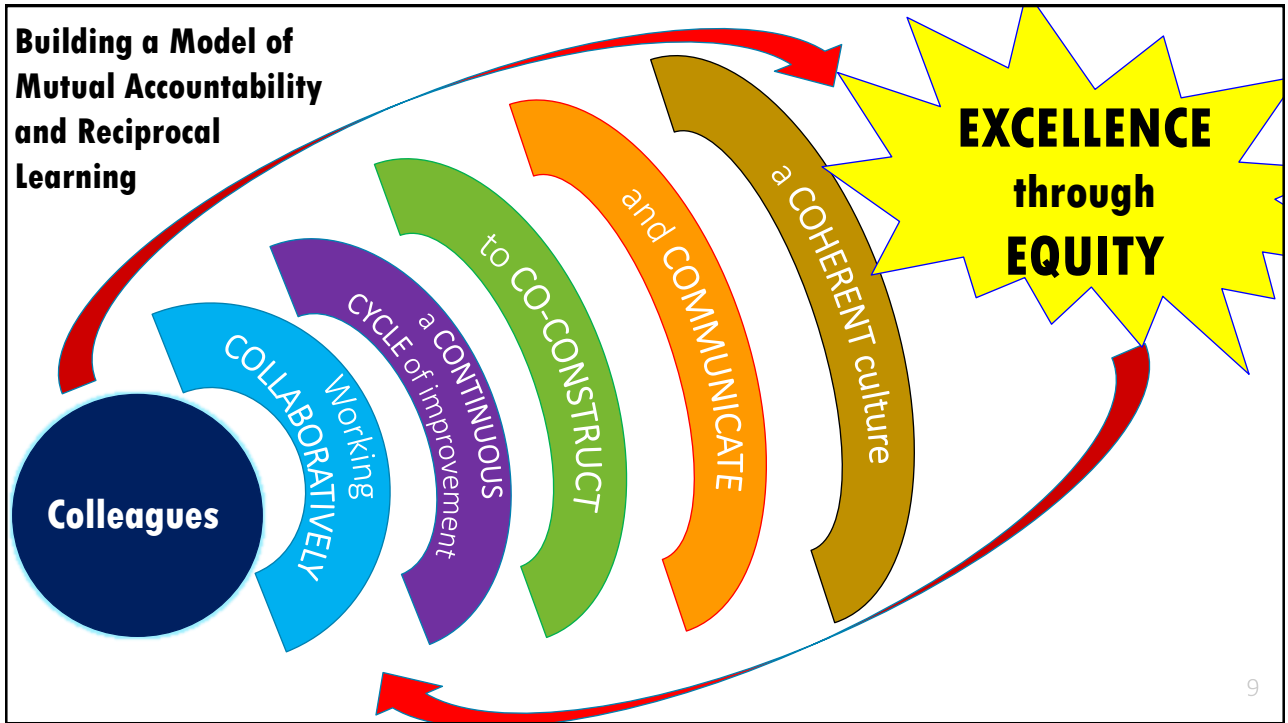

## Shared Values: Engagement

- We engage students in meaningful, rigorous and relevant educational experiences where they are inspired, supported, challenged and motivated.
  - Align our curriculum to the California Standards
  - Integrate College and Career Readiness, Technology and 21<sup>st</sup> Century Skills throughout the curriculum
  - Implement an ethnic studies/American culture curriculum such that all high school students have a common academic experience prior to graduation

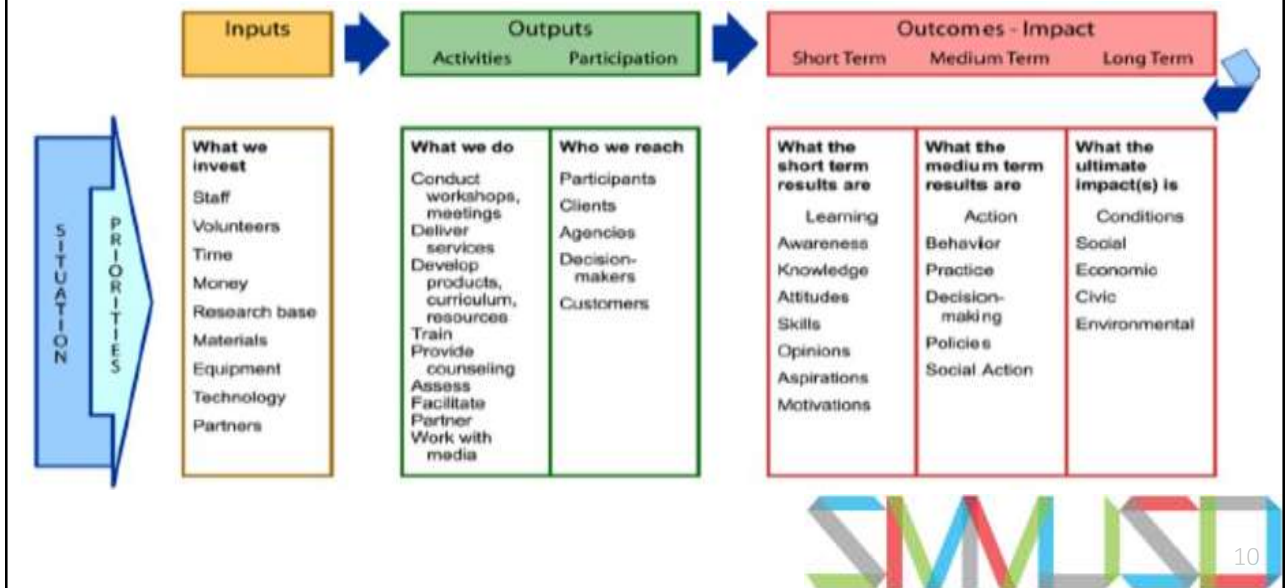

7

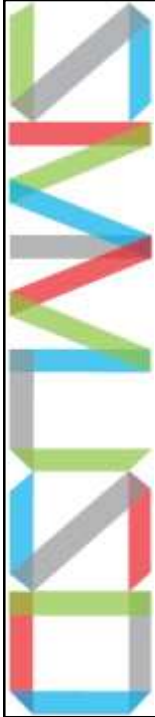

8

## A Logic Model Template to Use

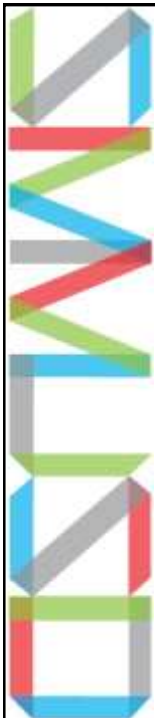

## Situation

- Despite its excellent track record, SMMUSD schools are characterized by **wide and persistent disparities** in academic achievement and long-term academic outcomes.
- Specifically, while **White and Asian American students have on average performed at relatively high levels**, African American and Latino students have historically performed at much lower levels.

11

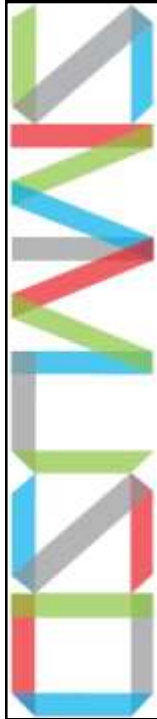

## Rationale for Student Engagement

- Researchers have reported positive correlations between active student learning and student achievement and have concluded that student engagement is frequently the key determinant of student achievement.
- Administrative and operational changes will have little effect if students perceive the curriculum to be irrelevant, meaningless, and unconnected to real life.

12

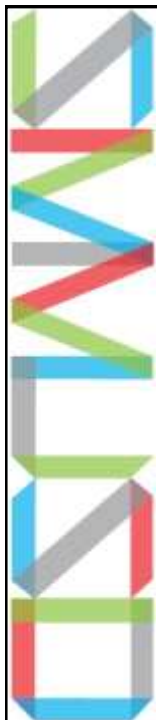

## Student Engagement and Motivation

- If students are not engaged in the learning process, all of the testing, data analysis, teacher meetings, and instructional minutes in the world will not motivate students to learn.

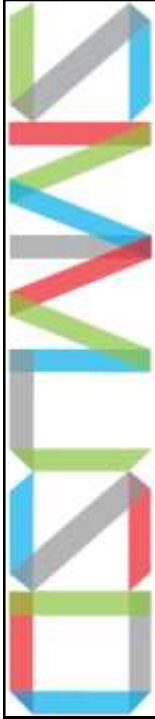

13

## What is Student Engagement?

- Williams, et al, have identified the three dimensions of student engagement as ***social engagement, academic engagement, and intellectual engagement.***
- *Student engagement is active learning.*
- Language is the mediator for social, academic, and intellectual engagement signifying the importance of academic discourse.

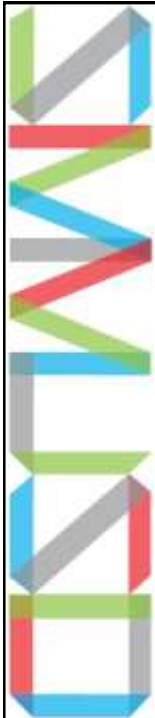

14

## Student Engagement: Academic Discourse

- Student engagement for the 2016 – 2017 school year will be defined as academic discourse as a means for increasing all students' access to equitable opportunities to learn.

15

## Integrating Priorities into a Coherent Systemic Approach for Achieving Excellence through Equity

- Through the efforts of **highly effective PLCs** at the school-site and district office, the SMMUSD will ensure that **all students in every classroom are engaged in equitable opportunities to learn through academic discourse around a rigorous, culturally responsive, and viable standards-aligned curriculum.**

## Analysis: Hispanic/Latino Students' Reading Performance by Language Groups

- **Above the Standard**
  - English Only – 28 % (Up 2 percentage points over 2015 at 26%)
  - RFEPs – 21 % (same as 2015 at 21%)
  - IFEPs – 41 % (up 8 points from 2015)
  - ELs – 3 % (up 1 percentage point since 2015)
- **Above the Standard & At/Near Standard Combined**
  - EOs – 74%
  - RFEPs – 75 % (high percent in *Meeting and Nearly Meeting Standard* category may indicate RFEPs are moving toward *Above the Standard* as a result of ELD instruction and support)
  - IFEPs – 88%
  - ELs – 47%
- **Need to distinguish between EOs and IFEPs early in schooling; IFEPs are a group to watch**
- **More movement needed among RFEPs before middle school**

## Analysis: Hispanic Students' Reading Performance by Language Groups

- EOs and RFEPs are at 74 % and 75 % respectively in the *Above Standard* and *Meeting/Nearly the Standard* scores combined
- IFEPs' combined *Above Standard and Meeting/Nearly Meeting the Standard* score is 88 percentage points
- ELs scored only 2 percentage points below EOs
- As might be expected ELs had the largest percent *Below the Standard*
- Hispanic/Latino EOs are scoring below IFEPs

27

## Hispanic/Latino Students' Writing Performance by Language Groups

- Above the Standard
  - RFEPs and EO are comparable at 31 % Above the Standard
  - IFEPs scored at 39 % Above the Standard
- Above the Standard & At/Near Standard Combined
  - EOs – 80%
  - RFEPs – 86%
  - IFEPs – 82%
  - ELs – 61%
- IFEPs have distinguishing attributes not seen in

28

## Comparing Latino Reading Performance with African Americans (classified as EOs)

- African Americans compare to RFEPs in percent scoring *Above Standard*.
- African Americans have a higher percent of students *Below Standard* than Latino/Hispanic EOs, RFEPs, and IFEPs.
- There are no mechanisms to test the spectrum of African American students' language groups.
- Likewise, Latino/Hispanic students determined to be EOs may represent a spectrum of Academic English Learners.

29

## Comparing African American, Hispanic, & White Students Reading Performance

- African American and Hispanic *EO* students have much larger *Below Standard* percentages in **reading** (30% and 29%, respectively) compared to 9% for White who are mainly classified as EOs)
- Hispanic and African American students have much larger *Below Standard* percentages in **writing** (23% for Hispanic; 26% for African Americans vs 6% for White EOs)
- Hispanic and African American students have larger *Below Standard* percentages in **listening** than White students (16% and 14% respectively for Hispanics and African Americans vs 4% for White students)

30

# Analysis

- *SED (economically disadvantaged IFEPs and RFEPs, outperform Not SED African Americans and Hispanic/Latino EOs.*
- *These students do not experience identification of their place on the Academic English spectrum.*
- *These students do not experience structured, research-based instruction to assist them in acquiring Academic English.*

## Analysis: Special Education & Language

- All language groups in Special Education programs show only slight growth over the year.
- These data need further disaggregation and analysis because of the multiple categories of identified special needs.
- It is always important not to conflate language with disabilities; much of that can be corrected through better testing and more exposure of students with special needs to general education classrooms.

## Analysis: Special Education & Language

- African American students with special need show a positive trend in the *At or Near Standard* category.
- However, African American students' language differences within the spectrum of Academic English learners go undetected because of there are no assessment tools or practices to identify the differences.
- It would be important to identify the equivalent of *IFEPs* compared to the general category of *English Only* where all African American students are now classified.

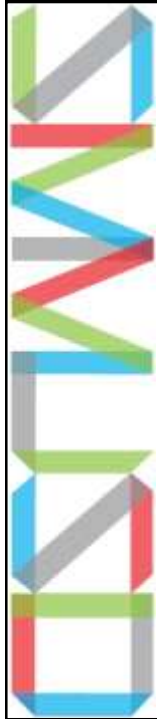

35

## Analysis: Special Education & Language

- RFEPs in special education programs show a notable decline in *Above Standard in Reading*.
- RFEPs show an increase in *Above the Standard* in writing.
- IFEPs show the greatest growth in *At Standard/Nearly Met Standard*.
- IFEPs in both general education and special education show higher growth trends than RFEPs, as well as African American and Hispanic English students classified as *English Only*.

36

## Academic English Learners

- When we put the word “academic” in front of English learner, it is clear that *all* students are Academic English learners functioning at various points on a spectrum of Academic English learners.

37

SANTA MONICA-MALIBU UNIFIED SCHOOL DISTRICT

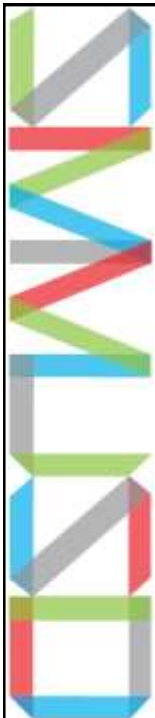

## Part III: Student Engagement in Academic Discourse

## Academic Discourse: The Role of Language in Learning

- The most significant moment in the course of intellectual development, which gives birth to the purely human forms of practical and abstract intelligence, occurs when speech and practical activity converge (Vygotsky, 1976).
- **Vygotsky: Speech (language) plays an essential role in the organization of higher psychological functions.**

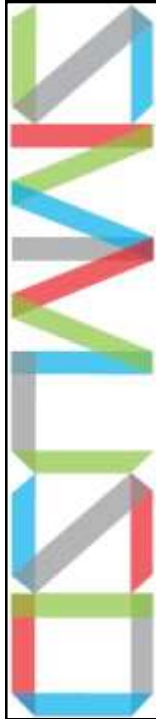

39

## The Role of Language in Learning

- Prior to mastering her/his own behavior, the child begins to master his surroundings with the help of speech (language).
- Language as a tool produces new relations with the environment in addition to the new organization of behavior itself.
- The creation of these uniquely human forms of behavior later produces the intellect and becomes the basis of productive work.

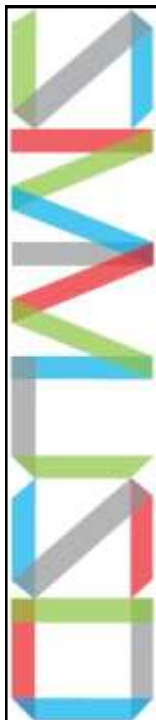

40

## Importance of Language and Academic Discourse

- Experiments have shown that children not only act in attempting to achieve goals, but they also speak (use language as a tool to complete tasks).
- The speech arises spontaneously as inner speech first learned in a social setting and continues throughout the activity.
- Reliance on inner speech increases and is more persistent every time the situation becomes more complicated and the goal more difficulty to attain.
- Academic discourse enables students to acquire the language they will convert to inner speech to guide them in completing high cognitive demand academic task, i.e., reading, writing, math, science.

41

## Language as Power

- However, languages are not treated equally in society (the influence of the Macrosystem in Bronfenbrenner's Ecological Systems Model).
- Being born into a situation where you acquire a powerful language (such as English and especially varieties or dialects of English that are viewed as high in status – Standardized English) as a first language gives you an advantage in society and in school.
- Students are sometimes considered unintelligent because they speak a language that is considered to have low status (example of how biases are played out in the school setting).
- The academic discourse is essential to help all students acquire Academic English for future successes.

42

## Language Vulnerable Students in SMMUSD

- Students who are classified as *English Only*, but whose home language is rooted grammatically, syntactically, and phonetically in their legacy language are highly vulnerable to inequitable opportunities to learn.
  - African Americans, who are classified as *English Only*, but whose home language is rooted grammatically, syntactically, and phonetically in their legacy West African and Congolese languages.
  - Students whose home language is Spanish, as well as Korean, Farsi, Chinese, etc.
  - Although many Asian American students do well in P-12 grades, they may struggle with the complex reading and writing demands of college.

43

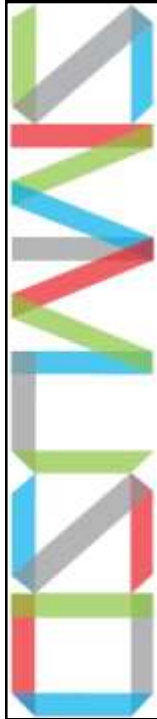

## Acquiring Academic English through Academic Discourse

- Vygotsky's social interaction theory: states to learn a second language, learners need direct and frequent opportunities to interact with people who are fluent in that language.
- Academic English learners benefit from working with English-proficient and academically capable peers in groups of different configuration.
- Working in groups Academic English learners are exposed to more language.
- Teachers must become familiar with the students' native-language ability and academic preparation.

44

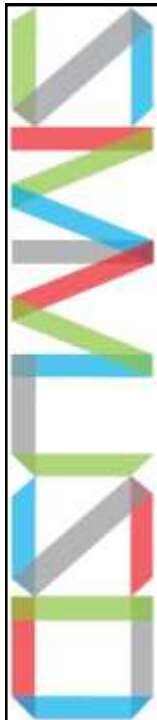

## All Students – Academic English Learners

- Teachers must adapt instruction to make the content of the school curriculum accessible to students from different language backgrounds, taking into account the wide variation in students' background knowledge, interests, abilities, and learners.
- Scaffolding is the instructional response to language differences – not remedial assistance that simplifies tasks and minimizes the challenge to the learner.

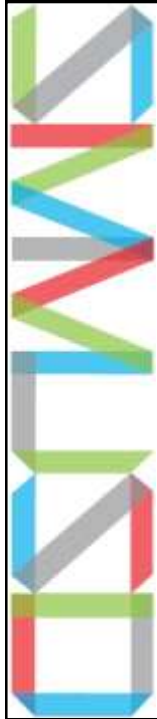

45

## Preparing Teachers to Teach Academic English

- Second language learners must have access to comprehensible input that is just beyond their current level of competence, and they must have opportunities to produce output for meaningful purposes.
- Pushing students beyond their current knowledge or skill in English is just as necessary as pushing them beyond their current knowledge of academic content.

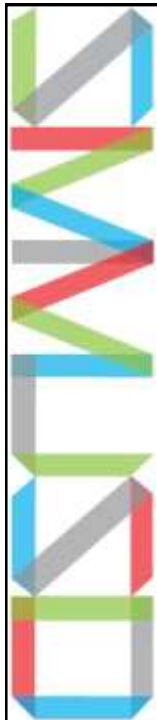

46

## California ELA and ELD Standards and Student Engagement

- The California ELA and ELD standards are a proxy for minimally high expectations of rigor and high levels of students cognitive engagement.
- While the California standards emphasize literacy (generally accepted to mean *reading* and *writing*), they also emphasize *speaking* and *listening*, which mirror or complement the cognitive demand of the *reading* and *writing* standards.
- Speaking and listening are keys to student acquiring Standard English and becoming literate.
- Academic discourse sets the stage for the kind of engagement students are expected to use in making meaning from text and in creating text (Rousseau)

47

## The ELD Standards and Learning

- The CA ELD Standards are aligned to the CA Standards for ELA/Literacy as they amplify (magnify and make clear) areas of English language development that are crucial for academic learning.
- The ELD standards emphasize language learning as a social process and language itself as a complex and dynamic meaning-making resource.
- Students' home languages and cultures are valuable resources in their own right and useful for building proficiency in English.

## SMMUSD Ethnic Studies

TASK	DUE DATE
Create an Ethnic Studies Working Committee with qualified Latino and African American educators/experts in ethnic studies, SMMUSD staff and school board members already on the committee to develop K-12 ethnic studies curriculum. Include recent ethnic studies research on curriculum and pedagogy to ensure community component exists within the curriculum and practices.	November 2016
Introduce for Board approval a complete K-12 ethnic studies curriculum.	K-12 Curriculum ready by Spring 2017
Ensure that Ethnic Studies Course offerings are listed on the Master Schedule with assigned teachers. Staff to inform and enlist students into the courses.	By April 2017 for implementation of a pilot in September 2017 and full implementation by 2018

## SMMUSD Ethnic Studies

TASK	DUE DATE
Conduct an audit of instructional materials district-wide to ensure that learning materials are sufficiently inclusive of Latino and African American people, as well as other cultures that are a part of American society.	By June 2017
Ensure that each classroom libraries throughout the school district are reflective of Latino, African American people, Native American, and Asian American cultures and experiences. Ensure every book fair, including "scholastic" is culturally diverse and reflective of the diversity within the SMMUSD.	
Recruiting and hiring teachers at all grade levels who represent the diversity among students in SMMUSD.	Staff make recommendations for three-year increments
