## Financial Communication and Reporting Subcommittee End of Year Updates

The Financial Communications ad hoc subcommittee has worked collaboratively with the Community & Public Relations Office to identify specific ways that the District can both clarify its financial communications to the public and incorporate fiscal stewardship-related principles into the District's broader communication strategies. The Subcommittee commends the Measure R Subcommittee for its work to clarify the Measure R reporting process and has incorporated the District's updated approach into the formulation of the findings and recommendations listed below. The Subcommittee recommends the following steps, which it understands the Community & Public Relations Office already has begun to implement:

- The District's general goals statement should indicate that *fiscal stewardship* is a means to achieving a *strong community that supports the mission of the district to provide a comprehensive, rigorous and equitable education to all children in the district*.
- *Fiscal stewardship* should be added as one of the District's core communications principles.
- The fiscal reporting calendar should be included in the District-wide communications calendar.
- The ~~recently improved communications approach to updated~~ Measure R reporting ~~process~~ should ~~be adapted become a model~~ for other annual reporting, such as special education, pension obligations, and tax receipts, among others.
- The Financial Oversight Committee should serve as a resource to the Community & Public Relations Office with respect to the following types of fiscal events:
  - Regular events that can be calendared on a quarterly or annual basis (including, but not limited to budget revisions, audit reports, Measure R, pension obligations, special education, etc.)
  - One-time and/or episodic events that can be planned (including, but not limited to bond issues, property transactions, capital project updates, early retirement incentive programs, etc.)
  - Unplanned events (including, but not limited to ERAF funds being taken back abruptly, etc.)

The Subcommittee recommends that its charge be renewed for one more year in order to facilitate the implementation of these recommendations and that subsequently the Community & Public Relations Office remain in close coordination with the Business Office and consult as needed with the Financial Oversight Committee as a whole.

**End of Year Charge Updates  
for  
2021-22 Financial Oversight Committee Report**

The SMMUSD Financial Oversight Committee (FOC) serves as an independent oversight committee to review matters potentially having a significant impact on SMMUSD finances. The FOC also serves as the Measure R Independent Citizens Oversight Committee, provides monitoring and review of the District budget process, the City of Santa Monica Joint Use Agreement, the City of Malibu Joint Use Agreement, the District Audit, enrollment projections, revenue and expenditure forecasts, the capital program and public education regarding district finances.

## **Budget Recommendations Subcommittee End of Year Updates**

The Budget Recommendations Subcommittee charge is to review, evaluate, and assist the fiscal staff in evaluation and development of the SMMUSD annual budget and any budget related efforts. The Subcommittee also provides additional analysis and questions regarding any elements of the budgeting process.

To assist in this process, the Ad-Hoc Budget Subcommittee has worked with staff to design a calendar of reviews and evaluations that occur prior to the budget being submitted to the School Board. Working collaboratively with staff, we have put together a series of meetings from December (21) – May (22) that allowed the Subcommittee to review budgeting and provide insights prior to review by the full Financial Oversight Committee and the School Board. This has been efficient and effective for bringing to light important areas that may require greater analysis or review.

This past year, the Ad-Hoc Subcommittee identified a couple ongoing areas that members felt may require additional review and analysis in the coming year. They include:

- Continuing issues around COVID 19 funding and expenses for safety of students and staff, the Budget Subcommittee has provided insight, review and analysis and recommendations on how the staff can outline and provide clarity on this temporary funding and expenses.
- Continuing legal expenses and exposure. The Ad-Hoc Subcommittee, identified this area as one that should continue to be reviewed and analyzed in the coming year
- Unfunded liabilities. The Ad-Hoc Subcommittee has submitted a request to the Board Liaisons to consider the development of a new charge for the 2022-23 year that would include looking at the unfunded liabilities and GASB process for fiscal review and accounting.
- The Subcommittee is also working with staff on the efforts to provide the Superintendent any thoughts on budget stabilization as deficits loom, costs continue to rise with inflation, and enrollment rates continue to decline.

This Subcommittee recommends that its charge be renewed for another year and that the areas identified be included in that charge.

**RE: Draft for recommendation for new charge for 2022-23 school year**

Based on discussions at the January and March FOC meeting, around SMMUSD's fiscal analysis and GASB reporting and unfunded pension liabilities, the FOC Budget Ad-hoc Subcommittee recommends the SMMUSD Board of Education consider utilizing the FOC to serve as a financial analysis and research resource and work to develop a charge around the policy for collection and review and presentation of the district's GASB 45/75 compliance data and its unfunded liabilities. The FOC Ad-hoc committee could also recommend options for the Board to consider possible amendments to the current Board policy or priority to address its ongoing unfunded liabilities.

This charge could be similar in scope to a charge the FOC took on in the mid-2000's where the committee reviewed the current policy and administrative regulations, looked at the manner in which SMMUSD was working in these areas and provided a detailed report and policy recommendations on ways the district could address its unfunded liabilities.

We are asking FOC board liaisons for direction and insight into the best way to approach this matter so we can ensure that it fits into the mandate of FOC responsibilities. Following your input, the subcommittee will develop a thorough scope of work that would be placed in front of the SMMUSD School Board in July/August 2022 for review and approval.

## Tax Revenue and Assessed Valuation Subcommittee End of Year Updates

### Executive Summary

The tax revenue & assessed valuation Subcommittee was tasked by the Board to review and report back relevant updated information regarding the City's redevelopment funds, assessed valuation report, and sales tax revenue impacting YY and GSH funds. Property tax (xx%) and YY & GSH (x%) comprise over xx% of the district's total revenue per the Estimated Actuals on [June 2022 budget update].

### Sales Tax Revenue

For the 3rd year in a row, the Subcommittee continued to assist with direct communication with the City of Santa Monica and bring any updates regarding anticipated sales tax revenue changes to the attention of the Board and the district's finance team. This included an update from the City of Santa Monica in February 2022 resulting in a (positive) Second Interim budget adjustment.

### Measure YY & GSH Context Context

#### *Measure YY*

Measure YY was a companion advisory measure to Measure Y, both of which were passed by voters in 2010. Measure Y raised the City of Santa Monica's sales tax from 9.75% to 10.25%, with an estimated annual increase in revenue of \$12M. Measure YY advised that approximately 50% of that revenue should be allocated to SMMUSD.

#### *Measure GSH*

Measure GSH, passed by voters in 2016, raised the City's transactions and use tax from 0.5% to 1%. An accompanying measure, also passed, stated that half of new revenues should be allocated to SMMUSD for:

- Attracting and retaining high-quality teachers
- Expanding access to pre-schools
- Assisting at-risk students
- Improving school technology, arts, music, math, and science instruction

### Redevelopment (RDA) Fund Calculations & Property Tax

- The Subcommittee met with the District's unification consultant in April 2022 and provided the contact at the City for discussion about future RDA impact
- [Reassessment and potential redevelopment consultant] Mike Kremer to follow-up with the City and help advise Gerardo and Melody on appropriate next steps

## **Bond Oversight Subcommittee End of Year Updates**

During the school year, the FOC Bond Oversight Subcommittee worked with staff and Board liaisons to prepare an updated draft of the District's Debt Issuance and Management Policy based on the FOC's suggestions presented to the Board in July 2021.

At its February 2022 meeting, the FOC recommended the updated policy be presented to the Board for adoption. The updated policy (BP 3470 - Debt Issuance and Management) was presented to the Board at the April 21 meeting and adopted at the May 5 meeting.

For the next school year, the Subcommittee will continue to evaluate contemplated debt financings contemplated by the District as well as assist with any analysis of OPEB funding strategies or policies.

## **Measure R Reporting and Process Review Subcommittee End of Year Updates**

The Measure R Subcommittee is chaired by Matt Crawford. The Subcommittee was established this year to assist the district with improving the clarity and transparency of the communications around the Measure R program, increase access by the public to the decision-making process on the use of Measure R funds, and advise on the distribution of Measure R funds.

The Subcommittee met with district education and financial staff to gather information about the existing decision-making process and public input opportunities, and considered this information in the context of public discussion on Measure R over the past few years and the various improvements to the process and reporting that had already been made. Importantly, the Subcommittee reviewed and confirmed the district's independent auditor's assessment that prior years' Measure R spending was in full compliance with the legal requirements established by the Measure.

Subsequently, the Subcommittee worked with the financial staff to develop a new reporting template that provides more information about the programs funded by Measure R, explanations of changes in that funding, and a clear timeline for public input on the plan that the Board of Education adopts each year. Through this process, other adjustments were made in the reporting to improve transparency and understandability for interested members of the public.

We request that Measure R be continued as an ongoing charge as part of next year's FOC directive. This will allow for continued collaboration between the committee and district staff around communications, reporting, and public input. It will also provide a clearly defined structure for the FOC in performing its duties as the Measure R Oversight Committee, as assigned by the Board of Education.

## Financial Communication and Reporting Subcommittee End of Year Updates

The Financial Communications ad hoc subcommittee has worked collaboratively with the Community & Public Relations Office to identify specific ways that the District can both clarify its financial communications to the public and incorporate fiscal stewardship-related principles into the District's broader communication strategies. The Subcommittee commends the Measure R Subcommittee for its work to clarify the Measure R reporting process and has incorporated the District's updated approach into the formulation of the findings and recommendations listed below. The Subcommittee recommends the following steps, which it understands the Community & Public Relations Office already has begun to implement:

- The District's general goals statement should indicate that *fiscal stewardship* is a means to achieving a *strong community that supports the mission of the district to provide a comprehensive, rigorous and equitable education to all children in the district.*
- *Fiscal stewardship* should be added as one of the District's core communications principles.
- The fiscal reporting calendar should be included in the District-wide communications calendar.
- The updated Measure R reporting process should become a model for other annual reporting, such as special education, pension obligations, and tax receipts, among others.
- The Financial Oversight Committee should serve as a resource to the Community & Public Relations Office with respect to the following types of fiscal events:
  - Regular events that can be calendared on a quarterly or annual basis (including, but not limited to budget revisions, audit reports, Measure R, pension obligations, special education, etc.)
  - One-time and/or episodic events that can be planned (including, but not limited to bond issues, property transactions, capital project updates, early retirement incentive programs, etc.)
  - Unplanned events (including, but not limited to ERAF funds being taken back abruptly, etc.)

The Subcommittee recommends that its charge be renewed for one more year in order to facilitate the implementation of these recommendations and that subsequently the Community & Public Relations Office remain in close coordination with the Business Office and consult as needed with the Financial Oversight Committee as a whole.

## Nominations Subcommittee End of Year Report

### MEMORANDUM

To: Financial Oversight Committee  
From: Nominations Subcommittee (M. Covington, A. Farivar, M. Kremer, P. Maniar)  
Re: Nomination for Open Seat on Financial Oversight Committee  
Date: May 23, 2022

The Nominations Subcommittee (the "Subcommittee") recommends Dillon Christensen, Matthew Crawford and Seth Jacobson to fill the open seats on the Financial Oversight Committee ("FOC"). The Subcommittee conducted a thorough search process which included:

1. Three public announcements of the opportunity, on February 23, 2022; April 1, 2022; and April 18, 2022 distributed by SMMUSD administrative staff through the usual communication channels. The news release was sent to the District's community email list, all SMMUSD parents, and Santa Monica and Malibu media. The notice was also posted on the District and school websites.
2. A total of 11 applications were received.
3. All applications were thoroughly reviewed and the Subcommittee chair initiated direct conversations with all candidates who met the minimum application standards (e.g., a nexus to the district and some reasonably relevant experience). Among the candidates not contacted, one had no relevant experience and no connection to the district (although he was a resident of Santa Monica), another was a resident of Romania whose application was an enigma. A third candidate met the minimum application standards but was not responsive to outreach.
4. After completing initial screening discussions via Zoom, the chair made a recommendation to the Subcommittee to invite four candidates to interview in-person. These individuals demonstrated the competence, availability, and desire to participate meaningfully on the FOC. After discussion, the Subcommittee added another individual to the in-person interview slate in order to ensure extension of the opportunity to the most diverse array of candidates.
5. Prior to the in-person interviews, one candidate removed herself from the process, citing a potential job change and resulting schedule uncertainty.
6. In the in-person interviews, two candidates demonstrated overall capability to serve effectively on the FOC.
7. The Subcommittee then convened to evaluate the applications of these candidates on an equal basis with those of the incumbent candidates, Mr. Crawford and Mr. Jacobson.
8. After discussing at length the merits of all of the candidates and the different strengths they bring to the FOC, the Subcommittee voted unanimously to recommend Mr. Christensen, Mr. Crawford and Mr. Jacobson to the FOC for the 3-year term starting with the 2022-2023 school year. In particular, the Subcommittee appreciated Mr. Christensen's extensive experience with detailed financial analysis, as well as his role as a financial advisor and

counselor, where responsiveness and open-minded collaboration are essential. In support of Mr. Crawford and Mr. Jacobson, the Subcommittee took into account their deep wealth of FOC experience from their prior term(s), and their active and committed service.

9. The Subcommittee recommends that the FOC retain the applications of this year's applicants and have authority to contact the applicants who were invited for in-person interviews should another seat open mid-year, without the need for another general public announcement.
10. For reference, Mr. Christensen's application is attached.
