

do. learn. thrive.

We are students fueled by curiosity who learn through interests and community based projects.

At Samohi's Personalized Project Based Learning (PPBL) pathway students create individualized learning plans through the lens of student interests, have professional industry internships to connect interests to fieldwork, and to build skills and a professional network. Students experience making prototypes and models to demonstrate learning. Students participate with Samohi friends in sports, clubs, social events, art and theater courses, languages and more! Students take SMC courses in high school and graduate with a Samohi diploma college and future ready.

Join a PPBL Pathway Information Session! Presented by Jessica Rische, PPBL Principal; and Nicole Nicodemus, PPBL Assistant Principal. Learn more from currently enrolled students & their parents.

Register in advance for this meeting:
<https://smmk12.zoom.us/join/zoom/register/tZAude-vq-DliE9awqpBKz2V7ukOLp-YkvMeR>

After registering, you will receive a confirmation email containing information about joining the meeting.

THURSDAY NOV. 18, 2021
