

SANTA MONICA - MALIBU UNIFIED SCHOOL DISTRICT

## **Interdistrict Permit Information 2021 – 2022**

Although students generally must attend school in the district and school where their residence has been established, the Santa Monica-Malibu Unified School District (SMMUSD) Board of Education recognizes justifiable reasons for Interdistrict permits. Upon request, the Superintendent or designee may accept students from other districts who seek to enroll in SMMUSD.

### **What is an Interdistrict permit?**

Students who reside outside the boundaries of SMMUSD may apply to attend school in SMMUSD on an Interdistrict permit (Interdistrict transfer release) from their school of residence.

### **Who may apply for an Interdistrict permit?**

Interdistrict permits are subject to the terms and conditions stipulated in Board of Education Policy (BP) 5117. SMMUSD will accept new Interdistrict permit applications for schools in the City of Malibu - and grades TK through 11, and for schools in the City of Santa Monica - grades TK through 10.

Approval is subject to space, budget and staff availability. Additionally, the Board of Education has established the following priority order, based on permit type, for receiving and granting application approval.

1. **SMMUSD Employee** – Child of a Santa Monica – Malibu USD employee: certificated, classified, management, full and part-time (minimum of 15 hours per week).
2. **Sibling** – Sibling of a current Interdistrict permit holder(s).
3. **City Employee** – Child of a City of Malibu or City of Santa Monica employee.
4. **Santa Monica College Employee** – Child of a permanent Santa Monica College (SMC) employee.
5. **Employed within SMMUSD Boundaries** – Child of an individual(s) working within the boundaries of SMMUSD.
6. **Alumni** – Child of an alumnus of Santa Monica High School, Malibu High School or Olympic High School.
7. **Grandparent** – Grandchild of an individual(s) who lives within the boundaries of SMMUSD for a minimum of five years.
8. **Change of Residence** – Current student in “good standing” who has attended school(s) in SMMUSD for a minimum of three (3) complete school years.
9. **Other/Opportunity** – Student requesting admittance who does not meet the criteria for another type of permit. (*Applicable for Malibu area school locations only*)

**Please ensure that your child is enrolled in your home school of residence while you are waiting to hear whether or not your child has been approved for a permit with SMMUSD.** Permit approval is subject to space, budget and staff availability; and the terms and conditions stipulated in BP 5117. All applications will be treated in a fair and consistent manner. Student Services will notify applicants who are approved for an Interdistrict transfer and applicants whose applications are denied.

**Once approved, is it necessary to reapply each year?**

Students who enroll in SMMUSD on an Interdistrict permit do not need to reapply each year. All students currently attending on an Interdistrict permit will be allowed to remain in the District until they leave or graduate, assuming that they submit the Verification of Continuing Enrollment annually and uphold standards of behavior, attendance and academic effort. Interdistrict permits for 11<sup>th</sup> and 12<sup>th</sup> graders may not be rescinded.

**Is transportation provided?**

Parents/guardians are responsible for providing transportation to and from school for students who are approved for an Interdistrict transfer.

**Residency checks**

Board Policy 5111 states that if any district employee reasonably believes that the parent/guardian of a student has provided false or unreliable evidence of residency, the Superintendent or designee shall make reasonable efforts to determine that the student meets residency documentation establishing residence.

Residency checks are a last option and done when other attempts to resolve residency questions have been unsuccessful. The need to verify residency is prompted in various ways that include, but are not limited

to: Returned mail, high tardiness and absenteeism, reports from other parents and community members, reports from individuals who previously signed affidavits and student self-reports.

When residency is in question, parents are asked to verify residency by providing documentation that substantiates their residency. When parents are unable to provide the documentation required to verify residency, further questioning of the parent occurs. Campus Security Officers may be enlisted to do reference checks as a last resort. Typically steps include observing addresses at times when students would be likely home such as early in the morning, observing to see if they are coming and going. If inconclusive, they will attempt to contact the family by knocking on doors. Campus Security Officers identify themselves as employees of the District, state their purpose and provide a business card. If the Security Officer is successful at reaching parents at the residence, they will either ask to see the children or ask to see evidence that the child lives at the residence. Evidence may include checking sleeping quarters and seeing the presence of clothing appropriate for school-age children. Parents must give approval for this check and accompany the Security Officer every step.

Families have an obligation to inform the school when they change residence. This provides the best opportunity to explore options for maintaining enrollment.
