State law requires us to provide a public education free of charge. Subject to certain limited exceptions, the right to a free public education means we cannot require students or their families to purchase supplies or pay a security deposit for access to supplies. *Roosevelt Elementary School* will provide all necessary supplies for your child to have a quality educational experience. However, many parents/guardians choose the option of purchasing their own supplies, not only for use at home, but for their child to use in the classroom. These supplies are not required, and full participation in the course does not require the purchase of any of these materials. We encourage you to provide the following supplies should you prefer your child to have a set of personal supplies in the classroom. Additionally, we are often asked whether parents/guardians may donate supplies and other items for use in the classroom, and the answer is yes - We are always appreciative of donations, but donations are always voluntary, and no child will be denied the right to fully and meaningfully participate in any activity because he/she has not donated money or supplies. You may choose to assist the class by purchasing from among the following supplies for use in the classroom. Any donations are greatly appreciated.
