Current lower parking lot

Current Drop Off/Pick Up

## Construction Continues to Move Forward . . .

### *Scope of this summer's project includes:*

- Construction of a new paved parking lot in the dirt field along Civic Center Way.
- An improved drop off and pick up lane on Winter Canyon Rd. The new lane will run length of the upper playground and provide for better capacity and traffic circulation.
- Repaving of the upper and lower asphalt playgrounds.
- Replacement of the surface beneath the playground structure.
- Reconstruction and widening of the drive ramp between the upper and lower playgrounds.
- A reconstruction of the bus drop off area to improve access to the school site.
- Replacement of the asphalt in the kindergarten play yard.

### Please be advised:

- Access to the campus may be limited to the front entrance on Winter Canyon.
- Parking and Pick Up and Drop off routines may be impacted.
- Webster will be closed during summer months.

### *What to expect in the next few weeks:*

- Relocation of electrical utilities in the upper lawn area.
- Excavations related to new retaining walls between the upper lawn and Winter Canyon Rd and between the drive ramp and the play structure.
- Demolition of the bus drop off area at the south end of the campus.
- Grading for the new parking lot along Civic Center Way.

## **\*Safety Measures are in place during all construction activities\***

***We are working hard to accomplish the most invasive portions during the summer break. In order to accomplish this, we must begin certain portions of work before the end of the 2017/2018 school year.***

***Thank you parents, staff and students  
for your ongoing cooperation and patience  
while SMMUSD continues these important improvements!***
