Reports and Announcements (regular agenda items)

Student Reports:

Core 4: Starting to launch independent projects. Finished inequalities unit in math and science unit in astronomy. Getting ready to start another novel. 7th graders for math are ending "moving straight ahead".

Community Organization Reports (to include but not limited to the following):

PTSA: Fundraising committee on Konstella, several volunteers looking to connect with restaurants for part of the proceeds to go to SMASH PTSA. Online SMASH Bashes are coming up and the deadline to sign up is this Friday. Jessica is hosting a Bananagrams themed event. Graciela is planning to host a Mercy Watson read aloud marathon.

Student Council: Appreciation shared for student council, Nadja, Coach Angel, and Keisha for hosting a whole school Halloween virtual carnival. SC Meeting today to plan ideas for Community Group plans. Will meet next week, Friday, November 13 for it's first CG meetings. Reps from all four Cores attended the meeting today.

## Old Business

We approved our site plan, yet may be getting feedback from the District. Approved as is, yet may have to revisit in December if Ed Services has revisions.

## New Business:

Discussed Hybrid reopening possibilities

November 12 will be the school board meeting to begin discussions and November 19 the board will make a decision about which model will be chosen.

Considerations for reopening that must be in place first:

- The Department of Health determines if cases are low enough for 14 days in order to move from purple to red.
- Even with input from parents, student, and teachers, an MOU must be established between SMMCTA and Classified Union
- Vulnerable staff are able to submit paperwork for eligibility to remain off campus

Must be:

½ size classes

Masked

6 ft apart

No shared materials/equipment

Models shown (see Instructional format handout Jessica sent to all families 11.2.2020)

- Asynchronous Hybrid
- Live stream Hybrid with SWIVL camera
- Distance Learning Plus Learning activities

Discussed advantages and disadvantages generated by SMASH teachers regarding each model. Answered parent questions related to Hybrid Model possibilities
