Postponed until May 10th meeting

**Agenda Item 3: Math Learning Walk Debrief
SPSA Development**

Review of purpose of Math Learning Walk, review of grade level team math inquiry, and norms for visiting rooms.

The team observed 5 classrooms, 2nd, 4th, 5th and kinder. In each room there was evidence of rigorous inquiry, student engagement and collaboration.

**Agenda Item 4: SPSA Development
SPSA Development**

There was brief review of last year's Math/ELA goal of 5% growth in achievement of on target level of 3 and exceeding level of 4, which CAASPP scores show that that WRLC did not meet the goal.

Then there was a discussion about creating the goals for 2023-2024, and revising the overall goal and percentages for achievement.

Questions discussed were:

What measurement of assessment do we want to use?

What is it that we want to measure or assess to show progress toward the goal?

Do we keep the goal limited to grades 3-5 or include schoolwide?
Must keep in mind that this goal must include ELA & Math, although our focus and PD work will be geared toward math development.

STAR Renaissance and CAASP are the mainstays of growth measurement, and possibly Dreambox.

Discussions also revolved around focusing on measuring student collaboration and constructing viable strategies and critique of others', but is that effective.

Discussions will continue on May10th.

Agenda Item 5: Adjournment
