Agenda Item 1: Call To Order at 3:36 pm

Agenda Item 2: Acceptance of minutes from September and October meeting

This item was moved the next meeting as the needed quorum of members was not met.

Agenda Item 3: Review Of SPSA Feedback

Discussion about adding the staff's use of academic language/ terms in the classroom to strategies used within Goal 1, and making an effort to convey those terms to parents to facilitate conversations and student learning at home.

Discussion about parent/ teacher conferences: time, assessments and acronyms.
Suggestion to perhaps send the data, and acronyms, to parents prior to conferences so that they can be more prepared to ask questions and understand what's needed for their student.

Discussion about moving the funding for Regenerative Farm to SEL goal rather than ELA goal as the staff builds the farm into their academic units.

Discussion about math intervention and staffing.
Possible idea: Parent run afterschool "math game fun for facts", however this has issues of certified staff supervision needed.

Ms. Gartrell spoke to the need for intervention to be within the school day as attendance and staffing are both issues for after school. Therefore, the staff needs to spend more time reflecting on teaching practices with a lens that focuses on three Core strategies: Inquiry, Interdisciplinary curriculum, parent engagement, and this takes time.

Agenda Item 4: Adoption of 2021-2022 SPSA

Item moved to next meeting as the needed quorum of members was not met.
