Lincoln Book Club (LBC) is a monthly reading and discussion of middle level/young adult books around the theme “Teach hope to all, despair to none” as quoted by Abraham Lincoln and displayed in our auditorium. We begin the book together on the second Wednesday of the month and finish on our own in order to discuss for the last Wednesday of the month. Join each and every month or just attend when reading a California Young Reader Medal Nominee so you are qualified to cast your vote in April. Listen for PA announcements and/or visit Ms. McLaughlin’s website for more information.
