SANTA MONICA-MALIBU UNIFIED SCHOOL DISTRICT

SMMUSD welcomes you to the 2020-2021 School Year!

We begin the school year with a new format, following the coronavirus pandemic that forced us into distance learning in March, for the safety of our students and staff. This will be the most unusual fall start of school that any of us have ever experienced. We are excited to welcome new and returning students back to our excellent public schools, even though it will look a little different this year.

Regardless of where your student will be learning, from home, in school, or a combination of both, the Santa Monica-Malibu Unified School District is committed to ensuring an outstanding educational experience for all of our students. We do so with the support of parents and communities that care deeply about the success of our students and our schools. Our hardworking educators are working to enhance their expertise in our online platforms in case there is need to continue or incorporate the use of distance learning going forward.

Our mission statement is: Extraordinary achievement for all students while simultaneously closing the achievement gap. As a district, we remain committed to this mission and, in support, have affirmed our commitment to Excellence through Equity through social justice through our Local Control Accountability Plan (LCAP). We continue to be focused on three LCAP goals: All graduates are ready for college and careers; English Learners will become proficient in English while engaging in a rigorous, standards-aligned core curriculum and all students engage in schools that are safe, well-maintained and family friendly. As we transition to our new format, we understand the challenges many families are facing and we are here to support you with not only academic support, but socio-emotional and mental health support, as well. We are focused on the whole student and recognize that students must be healthy inside and out in order to reach their full potential academically.

Our work with the Santa Monica Education Foundation (Ed Foundation) and a group supporting Malibu schools, is essential in achieving our goals. These partnerships ensure that we have visual and performing arts programs in every elementary school (TK-5th grade); instructional assistants in all elementary schools to support student learning; and discretionary grants in all schools (TK-12 grade) to allow schools to bolster their programs based on their own community needs and interests. We are so grateful for the local support from parents, staff, community members and businesses that makes our district even better. For more information or to donate, please visit your school website and click on the organization button.

Please visit the district website and school websites for important information throughout the year. Please “like” us on Facebook, including our Visual and Performing Arts Facebook page, Malibu Schools Pathway page, and Special Education page, “follow us” on Twitter @smmusd and @MalibuPathway, and download our mobile app from your app store listed as Santa Monica-Malibu USD.

We are working hard to ensure student success during this challenging time. We are looking forward to a great school year!

Sincerely,

Dr. Ben Drati

As the parent of a student you have many rights and responsibilities. This booklet talks about many of those and laws, policies and statutes which cover them. We suggest you read it. We must get the signed form returned or your child may not be able to attend classes. This page talks about when your child is absent from school. Only in certain cases is it permissible for a student to miss school.

Teachers build your child’s education one day at a time, so every day is essential. In elementary, middle, junior, and high school, moving ahead, or even graduation, can be put in jeopardy if too many days are missed. Work with the teacher when a child must miss school. Get homework assignments and review work. There is only one chance to get a great education.
any of the following: placed in a foster home or licensed children’s institution within the boundaries of the school district pursuant to a commitment of placement under the Welfare and Institutions Code; a pupil who is a foster child who remains in his or her school of origin; an emancipated pupil who resides within the boundaries of the school district; a pupil who lives in the home of a caregiving adult that is located within the boundaries of the school district; or a pupil residing in a state hospital located within the boundaries of the school district. The governing board annually reviews attendance options including how students may attend a district school outside their attendance area (intra-district transfer). This district has non-arbitrary rules explaining how students may apply, be accepted or denied intra-district transfer. Students convicted of a violent felony or convicted of a misdemeanor firearms offense may be transferred to another school in the district. Many districts, by agreement, also allow the transfer of students from or to other districts (inter-district transfer). Victims of bullying or violence are given preference in inter-district transfers. In some cases, the district must provide transportation. Students attending “persistently dangerous” schools can transfer and enroll in a safe school. Districts cannot prevent children of active military from changing districts, as long as the district chosen agrees to accept them. Upon enrollment or transfer, principals are urged to check missing children information. Further information about residency, attendance options, special program options, etc. will be provided by the California Department of Education. [EC 46600, 48204, 48206.3, 48300, 48301, 48306, 48929, 48980, 49068, 51101; 20 USC 7912]

1. Intradistrict Open Enrollment

The Board of Education desires to provide enrollment options that meet the diverse needs and interests of district students, while maximizing the efficient use of district facilities. The Superintendent or designee shall establish procedures for the selection and transfer of students among district schools in accordance with law, Board policy, and administrative regulation.

The parents/guardians of any student who resides within district boundaries may apply to enroll their child in any district school, regardless of the location of residence within the district. The Board shall annually review this policy.

Enrollment Priorities

Priority for attendance outside a student’s attendance area shall be given as follows:

1. The Board believes it is the best interest of students that firm ties are established between families and schools. Therefore, once a family has received an Intradistrict permit, the receiving school shall be regarded as the home school of that family, and all siblings in the family may attend that school. Enrollment of Intradistrict siblings will be automatic, and shall not be subject to permit priorities or space availability.

2. If while on school grounds a student becomes the victim of a violent criminal offense, he/she shall be provided an option to transfer to another district school or charter school.

3. If a student attends a school designated by the California Department of Education as “persistently dangerous,” he/she shall be provided an option to transfer to another district school or charter school.

4. The Superintendent or designee may approve a student’s transfer to a district school that is at capacity and otherwise closed to transfers upon finding that special circumstances exist that might be harmful or dangerous to the student in the current attendance area, including, but not limited to, threats of bodily harm or threats to the emotional stability of the student.

   To grant priority under these circumstances, the Superintendent or designee must have received either:

   a. A written statement from a representative of an appropriate state or local agency, such as a law enforcement official, social worker, or a properly licensed or registered professional, such as a psychiatrist, psychologist, or marriage and family therapist

   b. A court order, including a temporary restraining order and injunction

5. Any student whose parent/guardian is assigned to that school as his/her primary place of employment.

Application Process

In order to ensure that priorities for enrollment in district schools are implemented in accordance with law, applications for Intradistrict open enrollment shall be submitted on or before the last Friday of April of the school year preceding the school year for which the transfer is requested.

For all other applications for enrollment from outside a school’s attendance area, the Superintendent or designee shall use a random, unbiased selection process to determine who shall be admitted whenever the school receives admission requests that are in excess of the school’s capacity. A school’s capacity shall be calculated in a nonarbitrary manner using student enrollment and available space.
Enrollment decisions shall not be based on a student’s academic or athletic performance, except that existing entrance criteria for specialized schools or programs may be used provided that the criteria are uniformly applied to all applicants. Academic performance may be used to determine eligibility for, or placement in, programs for advanced learners (gifted and talented students).

No student currently residing within a school’s attendance area shall be displaced by another student transferring from outside the attendance area.

Transportation

Except as required by 20 USC 6316 for transfers out of Title I program improvement schools, the district shall not be obligated to provide transportation for students who attend school outside their attendance area. [BP 5116.1 February 2019; EC 200, 35160.5, 35291, 35351, 46600-46611, 48200, 48204, 48300-48316, 48350-48361, 48980; 5 CCR 11992-11994; 20 USC 6311, 7912]

2. Interdistrict Attendance

Purpose

Students generally must attend school in the district and school where their residence has been established; however, the Santa Monica-Malibu School District Board of Education recognizes justifiable reasons for interdistrict permits. Such reasons include, but are not limited to, having a diverse student population; acknowledging families with community connection that include employment or prior residency within the District; and supporting educational programs. Upon request, the Superintendent or designee may accept students from other districts and may allow students who live within the district to transfer to another school within the district or out of the district.

Operating Principles

A. Permits of this type are to be initiated by the student’s parent or guardian who attests to the fact or shows evidence that the permit would be in the student’s best interests. Cancellation of the permit shall occur if certain provisions are not adhered to by the student or parent/guardian, or if overcrowding should occur at the school of acceptance.

B. The Board is committed to providing a quality education for all district students legally enrolled and will provide fair and consistent treatment for students and parent/guardians regardless of their residence or permit status. All applications for a permit will be treated in a fair and consistent manner.

C. The district will accept applications for interdistrict permits in grades TK through 11.

1. All students currently attending on an interdistrict permit will be allowed to remain in the district until they leave or graduate, assuming that they submit a verification of continuing enrollment annually and uphold appropriate standards of behavior, attendance, and academic effort. Interdistrict attendance permits for 11th and 12th graders may not be rescinded.

2. Guidelines applied to SMASH, Edison, and the immersion program through Grade 8, and our preschools remain in effect.

3. Involuntary loss of housing resulting from: (1) apartments being removed from the rental market (Ellis Act), (2) buildings being red-tagged, or (3) evictions, should not interfere with a child completing his/her education in the Santa Monica-Malibu Unified School District. The permit office will require the applicant to obtain verification from the Rent Control Department or other appropriate legal agency. These students will be allowed to remain in their schools for the remainder of the year in which their housing has been lost. In addition, they will be allowed to remain in SMMUSD as permit students in subsequent years provided they: (a) obtain the necessary release from their district of residence, (b) meet all the conditions of students attending SMMUSD on permit, and (c) submit a verification of continuing enrollment annually.

D. Students who interdistrict permits have been cancelled by the District are not eligible to submit a new interdistrict permit application.

Approval

A. Final approval of permits for all students, including students needing specialized programs, including, but not limited to, advanced learners, special education, and English learners, shall rest at the district and shall be contingent upon space, budget and staff availability. Additionally, approval is contingent on applicants demonstrating they meet requirements for retaining a permit including standards of behavior, attendance and academic effort. The district will not pay excess costs to provide specialized services to students on permit.

B. Requests for new permits will be granted in the following order: (Based on the timelines identified in Administrative Regulations 5117):

1. Intradistrict permits allowing children who are residents of the cities of Santa Monica and/or Malibu to attend a school other than their neighborhood school;

   It is the intention of the district to provide same-school placement for all siblings in a family once an intradistrict permit has been granted, except in cases...
where students need a specialized program which is only available on another campus.

2. Interdistrict permits for children of employees of the Santa Monica-Malibu Unified School District (certificated, classified, management, full and part-time (a minimum of 15 hours per week));

It is the intention of the district to provide a seat in a district school (K-12) to all children of district employees who have requested a new interdistrict permit, with the understanding that Section D will be considered. Staff will do its best to accommodate requests for a specific school but will not guarantee requested placement. On-going permit holders are not affected and will continue in the home school being currently attended.

3. If space, staffing and budget allow, interdistrict permits for:
   a. Students “in good standing” who have been attending schools within SMMUSD as a resident of the district for a minimum period of three complete school years, and subsequently relocate outside the boundaries of SMMUSD.
   b. Siblings of current interdistrict permit holders. If a permit is received (granted) there is no guarantee of same-school placement. On-going permit holders are not affected and will continue in the home school being currently attended.
   c. International High School students on a case-by-case basis.
   d. Children of employees of the cities of Malibu or Santa Monica.
   e. Children of full-time, permanent employees of Santa Monica College.
   f. Children of alumni of Santa Monica High School, Malibu High School, or Olympic High School. Parent must attach a copy of graduation diploma to the permit application.
   g. Grandchildren of individuals who have been living within the boundaries of SMMUSD for a minimum of five years.
   h. Children of individuals working within the boundaries of SMMUSD.
   i. Students requesting to be admitted who do not meet any criteria described in Section B1 – B3h.

[BP 5117 December 2018; EC 41020, 46600-46611, 48204, 48300-48316, 48350-48361, 48900, 48915, 48915.1, 48918, 48980, 52317]

The Board of Education has directed the “Other” interdistrict permit category be utilized for Malibu residents only.

Interdistrict Attendance Procedures (transfers between districts):

General Guidelines

1. The permit office is responsible for processing interdistrict permits.
2. The request for a permit is initiated by the parent at their child’s district of residence.
3. The parents/guardians of the child must be informed that the acceptance of their child is contingent upon the parent/guardian and the child assuming full responsibility for:
   a. Satisfactory attendance
   b. Satisfactory behavior
   c. Satisfactory academic effort
   d. Any necessary documentation requested regarding and including child care, employment, doctor’s recommendations and guardianship documentation.
   e. Understanding that the receiving school has the right to rescind any prior approved interdistrict permit if the parent/guardian or student does not fulfill the responsibilities listed in 3.a, b, and c above.

4. It is the responsibility of each school to ensure that nonresident students accepted and registered without a valid permit be returned to the school of residence.

Conditions for Accepting and Retaining Interdistrict Attendance Permits

The school site designee and the Superintendent or designee shall approve or deny applications for transfers. The acceptance of interdistrict permits for students from other school districts to attend classes within the district shall be subject to the following:

1. The student seeking an initial interdistrict permit in the district must submit an SMMUSD permit application and present a permit authorizing his/her release from the school district of residence.
2. A release from the school district of residence is required for the initial permit application only and not required for permit renewal.
3. The student must be eligible to attend elementary school, middle school, or senior high school classes maintained by the Santa Monica-Malibu Unified School District and there must be an existing opening in the class, grade level, education program and school to which the student seeking the interdistrict permit would be initially enrolled. Additionally, approval is contingent on applicants demonstrating they meet standards for retaining a permit, including standards of behavior, attendance or academic effort. The district will not pay excess costs to provide specialized services to students on permit.
4. All students currently attending on an interdistrict permit will be allowed to remain in the district until they leave or graduate, assuming that they: annually submit a verification of continuing enrollment to SMMUSD and comply with all the SMMUSD application requirements; uphold appropriate standards of behavior, attendance, and academic effort.

5. Interdistrict attendance permits for 11th and 12th graders may not be rescinded.

6. Students whose interdistrict permits have been cancelled by the District are not eligible to submit a new interdistrict permit application.

**Numbers of Permits by Grade Levels**

The district will accept applications for interdistrict permits in grades TK through 11. Permits will be granted per the language of BP 5117. **Conditions for Cancellation of Interdistrict Permits**

The receiving school or district has the right to revoke any previously approved interdistrict permit for the following reasons:

1. Falsification or misrepresentation of information
2. Enrollment fluctuation
3. Unsatisfactory behavior
4. Unsatisfactory attendance
5. Unsatisfactory academic effort/achievement
6. A change in childcare arrangements
7. Inappropriate guardianship documentation
8. Reason for the original issuance of the permit by the school district of residence is no longer valid
9. Student becomes eligible for a program or class other than the one to which he/she was admitted and there is no available space in the new program or class.
10. A parent requests a transfer to another district school instead of the school his/her child was admitted.

**Appeal Procedures**

1. Interdistrict transfer requests that are denied by the district at the school level may be appealed by the parent/guardian to the Superintendent or designee within two weeks from the day the request for acceptance of permit is denied.

2. The appeal is to be in writing and must provide all information and detail as to why the denial is being appealed.

3. The Superintendent or designee shall review the permit appeal based on Board policy and regulations, state law, and in consultation with school site(s), parents/guardians and the appropriate district staff as necessary.

4. If the permit continues to be denied, the parent/guardian may within 30 calendar days of the denial, appeal to the County Board of Education

5. There is no appeal process to the County Board for interdistrict permits that are revoked.

The Board will receive a report on permits by January 31 of each year. [AR 5117 January 2019; EC 41020, 46600-46611, 48204, 48300-48316, 48350-48361, 48900, 48915, 48915.1, 48918, 48980, 52317]

**Victim of a Violent Crime**

A student who becomes a victim of a violent criminal offense while in or on the grounds of a school that the student attends, has the right to transfer to another school within the district. The District has 14 calendar days to offer students the option to transfer. [20 USC 7912]

**Custody Issues**

Custody disputes must be handled by the courts. The school has no legal jurisdiction to refuse a biological parent access to his/her child and/or school records. The only exception is when signed restraining orders or proper divorce papers, specifically stating visitation limitations, are on file in the school office. Any student release situation which leaves the student’s welfare in question will be handled at the discretion of the site administrator or designee. Should any such situation
become a disruption to the school, law enforcement will be contacted and an officer requested to intervene. Parents are asked to make every attempt not to involve school sites in custody matters. The school will make every attempt to reach the custodial parent when a parent or any other person not listed on the emergency card attempts to pick up a child.

3. Attendance Where Caregiver Resides

If your child lives in the home of a caregiving adult, as defined by law, or a foster home your child may attend the school district in which that residence is located. Execution of an affidavit under penalty of perjury pursuant to the Family Code by the caregiving adult is required to determine that your child lives in the caregiver’s home. [EC 48204(a), 48980; FC 6550-6552]

4. Attendance in District in Which Parent / Guardian is Employed

The district may, but is not required to accept a transfer student whose parent/guardian resides outside the boundaries of the school district but is employed and lives with the student at the place of his/her employment within the boundaries of the school district for a minimum of three days during the school week; or a student whose parent/guardian physically works within the boundaries of the school district for a minimum of 10 hours during the school week. [EC 48204(a)(7), 48980]

5. Special Enrollment Allowances for Some Categories of Students

There are enrollment provisions for some students living in the district including foster, homeless, migratory, or military children: 1) they stay enrolled at their school of origin outside the district, 2) their Individual Education Plan (IEP) indicates attendance elsewhere, or 3) the parent or guardian, with knowledge of all options, declares in writing otherwise. In some cases, they also have rights to expedited enrollment in school, to attend classes and programs (pending proof of immunization), to after-school programs, and fee waivers. The school district and each school site have complete documentation of the rights of homeless, foster, migratory, military, and other special categories of students. [EC 48204, 48204.7, 48645.3, 48850-48859, 48853.5, 51225.1, 56055; 5 CCR 4622; WIC 361, 726; 42 USC 11301, 11431-11435, 11432]

Student Immigrant and Religious Rights

All school age children must be admitted to California Public Schools and be offered all programs accessible to other students. School districts cannot ask about a student’s immigrant (or migratory) or religious status. The state Attorney General has information about “know your rights”: https://oag.ca.gov/immigrant/rights. Immigrant students are still considered residents of their current school district even if parents are deported or are being held in custody. [EC 200, 220, 234.1]

General Absences

Children cannot learn if they are not in school. Children learn early about being on time and not missing school; teach your child to be on time and that school attendance is an important family value. Daily school attendance improves student achievement. Children ages 6 to 18 years must attend every school day.

It is also important that you know the state does not fund districts for the excused absences listed below. Always review the school calendar and plan activities and vacations during days off. No pupil whose attendance is excused shall have grades or academic credit lost if assignments and tests can be reasonably completed.

Other attendance reports, such as truancy, still rely on excused and unexcused absences. There are legal consequences if your child misses too much school. You must send a note and/or phone the school within 72 hours to clear any excusable absences. Parents/Guardians have the right to be notified on a timely basis if their child is absent from school without permission. Unexcused absences are recorded as a truancy.

A. Notwithstanding Section 48200, a pupil shall be excused from school when the absence is:

1. Due to the pupil’s illness.
2. Due to quarantine under the direction of a county or city health officer.
3. For the purpose of having medical, dental, optometrical, or chiropractic services rendered.
4. For the purpose of attending the funeral services of a member of the pupil’s immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.
5. For the purpose of jury duty in the manner provided for by law.
6. Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent, including absences to care for a sick child for which the school shall not require a note from a doctor.
7. For justifiable personal reasons, including, but not limited to, an appearance in court, attendance
at a funeral service, observance of a holiday or ceremony of the pupil’s religion, attendance at religious retreats, attendance at an employment conference, or attendance at an educational conference offered by a nonprofit organization when the pupil’s absence is requested in writing by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board.

8. For the purpose of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code.

9. For the purpose of spending time with a member of the pupil’s immediate family who is an active duty member of the uniformed services, as defined in Section 49701, and has been called to duty for, is on leave from, or has immediately returned from, deployment to a combat zone or combat support position. Absences granted pursuant to this paragraph shall be granted for a period of time to be determined at the discretion of the superintendent of the school district.

10. For the purpose of attending the pupil’s naturalization ceremony to become a United States citizen.

11. Authorized at the discretion of a school administrator, as described in subdivision (c) of Section 48260.

B. A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit therefor. The teacher of the class from which a pupil is absent shall determine which tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.

C. For purposes of this section, attendance at religious retreats shall not exceed four hours per semester.

D. Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments.

E. “Immediate family,” as used in this section, means the parent or guardian, brother or sister, grandparent, or any other relative living in the household of the pupil. [EC 48205, 48205.5, 48260]

Districts may allow students, with parental or guardian consent, to be excused to participate in moral or religious exercises or instruction. [EC 46014]

Emergency School Closure

Schools may close in the case of a natural disaster such as an earthquake, a fire, a flood, or an epidemic/pandemic like COVID-19. School officials rely on the expertise and advice of public health and safety officials in these decisions. Other means of delivering instruction will be used as possible.

Minimum Days / Pupil Free Staff Development Days

If your child will be affected by minimum days or staff development days, we will give you at least one month’s notice. The dates that were known at press time are printed in the calendar in this booklet. [EC 48980]

Leaving School at Lunch Time

“The governing board of the Santa Monica Malibu Unified School District, pursuant to Section 44808.5 of the Education Code, has decided to permit pupils enrolled at Malibu High School (grade 12) and Santa Monica High School (grades 10 through 12) to leave the school grounds during the lunch period. Neither the school district nor any officer or employee thereof shall be liable for the conduct or safety of any pupil during such time as the pupil has left the school grounds pursuant to this section.” [EC 44808.5]

Individualized Instruction

You must notify the school if your child has a temporary disability and cannot attend regular classrooms. If your temporarily disabled child is located outside your school district, notify both the district where your child resides and where the child is located. Within five (5) days of notice, the district(s) will determine if the student qualifies, and within five (5) days of the determination commence instruction in the home or in a hospital or other residential health facility. The district(s) will notify you if your child qualifies, when instruction will begin and for how long it will continue. Each hour of instruction at home or in a facility will count as a full day but cannot exceed 5 days per week nor the number of days in the school year. [EC 48206.3, 48207, 48207.5, 48208, 48980]

Pregnant or Parenting Students

Pregnant or parenting students who are 18 years old or who have permission from their parent/guardian may have excused leave for up to 8 weeks or more without
having to complete schoolwork or other requirements, or being subject to penalties. They may return to the same school and courses where they are provided time to make up work. They may choose to attend an alternative program with access to comparable courses, programs and activities. They may have a fifth year to complete high school graduation requirements unless administration determines they are capable of completing graduation requirements in four years. Complaints about these rights can be made using the Uniform Complaint Procedure. [EC 46015, 48200, 48980]

■ Truancy

The state defines three levels of truancy, each carrying more severe penalties for both the student and the parents or guardians. The three are truant, chronic truant and habitual truant.

Truant: The state says a student is truant after missing three days of school or three 30-minute periods without a valid excuse.

Habitual Truant: If a student is truant three or more times in a school year and an effort is made to meet with parents, then the student is a habitual truant.

Chronic Truant: A chronically truant student has missed 10 percent or more school days in a school year.

Interventions: Students who are habitually truant, miss a lot of school or are disorderly can be referred to a student attendance review board (SARB), a district attorney mediation program, or the county probation department. Through these programs the student can be given guidance to meet special needs for improving attendance or improving school behavior. The goal is to intervene before a student enters the juvenile justice system or drops out. ■ Notice of Alternative Schools

California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to: (a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy. (b) Recognize that the best learning takes place when the student learns because of his desire to learn. (c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may be conceived by him totally and independently or may result in whole or in part from a presentation by his teachers of choices of learning projects. (d) Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process. (e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal’s office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district. [EC 58501]

INSTRUCTION AND CURRICULUM

■ District Courses

Annually, the district refines its curriculum through the work of teacher teams. Course titles, aims, and descriptions are updated based on CA State Standards and Board of Education approval. Parents/Guardians have the right to review all course material. [EC 49091.14, 51101; PPRA; ne]

■ School Counselors

School counselors are trained educators possessing a valid teacher credential with a specialization in pupil personnel services. Counselors help students in grades 7-12 make decisions about their courses, extra-curricular activities, and preparation for college and/or careers. They guide students through all the steps including information about financial aid, academic requirements, and careers. Counseling related to academic and nonacademic courses, classes, electives, school-related activities, team sports, athletic competitions, and school facilities will be available to all students without regard to their gender or gender identity, the gender listed in their records, or any protected group as listed under “Complaints Regarding Discrimination, Harassment, Intimidation, Bullying, Exceptional Needs Students, Categorical Programs, Federally Funded Programs” on page 28. Most counselors are available by appointment and will meet with students and their families. The District Uniform Complaint Procedure may be used to file a complaint. [EC 221.5, 221.8, 48980, 49600, 49800, 51229; GC 11135; Title VI, Title IX; § 504; CIF 300D]
California State Academic Standards

Each district in California decides how they will teach and what resources they will use to reach adopted common-core academic standards. More information can be found at www.cde.ca.gov/re/cc/ or www.corestandards.org. California launched a computer-based student testing system that ties to the standards for English language arts, mathematics, and science called the California Assessment of Student Performance and Progress (CAASPP). The new tests include the Smarter Balanced Assessment Consortium Assessments, California Science Tests (CAST), California Alternate Assessments (CAA), and Standards-based Tests in Spanish (STS) for Reading/Language Arts. Parents can exempt their child(ren) from CAASPP testing by submitting a letter in writing annually. More information about the CAASPP can be found at www.cde.ca.gov/ta/tg/ca/. [EC 60119, 60604.5, 60615]

Per California Education Code section 60615, parents can opt their children out of the following 2020-21 CAASPP testing by submitting a written letter to their child’s school: Smarter Balanced Summative Assessments (including Interim Assessments) for English language arts/literacy (ELA) and mathematics in grades 3 through 8 and 11; Alternative Assessments for ELA and mathematics in grades 3 through 8 and 11; Science assessments in grades 5, 8, and 10 (i.e., California Standards Tests (CST), California Modified Assessments (CMA), and California Alternative Performance Assessment (CAPA). Parents who want to opt out their child from CAASPP testing must submit this letter annually. More information about the CAASPP can be found at www.cde.ca.gov/ta/tg/ca/. [EC 60119, 60604.5, 60615; ne]

LCFF and LCAP

The LCFF (Local Control Funding Formula) changed the way the State provides money to school districts. Under this system, school districts receive a uniform base grant for every student, adjusted by grade level. Plus they receive adjustments for the number of students living in poverty, English learners, and foster youth. Then there are further adjustments for concentration of these groups if they are above 55% of the district’s enrollment. More information about the LCFF is available at www.cde.ca.gov/fg/aa/lc/.

The LCAP (Local Control Accountability Plan) is a critical part of the LCFF. Each school district is required to engage parents, students, educators, employees, and the community to establish their plan. The LCAP must focus on eight areas identified as State priorities:

1. Basic Services
2. Implementation of State Standards
3. Parental Involvement
4. Pupil Achievement
5. Pupil Engagement
6. School Climate
7. Course Access
8. Other Pupil Outcomes

The plan must describe the overall vision for students, annual goals including language acquisition, and specific action to achieve these goals. The plan will demonstrate how the district’s budget will help achieve the goals, and annually assess how well the strategies improved outcomes. Anyone can comment about proposals or expenditures to the school board; at parent, student, community engagement meetings; at staff LCAP meetings; or to the district LCAP Advisory Committee. Complaints regarding LCAP may be filed anonymously or using the district Uniform Complaint Procedures. [EC 305, 47606.5, 47607.3, 52060-52076, 5 CCR 4600, 4622]

Language Acquisition Programs

SMMUSD is required to provide a Structured English Immersion (SEI) program option. If you choose this option your child will be placed in a classroom that uses mostly English for instruction. (See the description below.) SEI is offered at every school site with the exception of Edison Elementary which is a Dual-Language Immersion program.

We also offer a Dual-Language Immersion program at Edison Elementary, John Adams Middle School and Santa Monica High School (Samohi). If you are interested in this option, please contact the school site to learn about the admissions process. If accepted through the admissions process, your child will be placed in a classroom that uses English and Spanish for instruction.

Requesting a Language Acquisition Program

Language acquisition programs are educational programs designed to ensure English acquisition occurs as rapidly and effectively as possible, and provides instruction to English learners based on the state-adopted academic content standards, including English language development (ELD) standards.

Description of Program Options and Goals for English Learners

A description of the language acquisition programs provided in the Santa Monica-Malibu Unified School District are listed below.

1. Structured English Immersion (SEI) Program: A language acquisition program for English learners in which nearly all classroom instruction is provided in English, but with curriculum and a presentation designed for pupils who are learning English. At
minimum, students are offered ELD and access to grade level academic subject matter content.

2. Dual-Language Immersion (DLI) Program: Also referred to as Two-Way Immersion. A language acquisition program that provides language learning and academic instruction for native speakers of English and native speakers of another language, with the goals of high academic achievement, first and second language proficiency, and cross-cultural understanding. This program begins in Transitional Kindergarten and continues to twelfth grade.

Parents/Guardians may choose the Structured English Immersion (SEI) program or may apply for the Dual-language Immersion program. Schools in which the parents or legal guardians of 30 pupils or more per school or the parents or legal guardians of 20 pupils or more in any grade request a language acquisition program that is designed to provide language instruction shall be required to offer such a program to the extent possible.

Parents may provide input regarding language acquisition programs during the development of the Local Control Accountability Plan. If interested in a different program from those listed above, please contact your school site principal. [EC 306(c), 310(a), 310(b); 5 CCR 11310]

■ Curriculum and Personal Beliefs

Whenever any part of the instruction in comprehensive sexual health, sexual abuse, or human trafficking prevention education conflicts with your religious training and beliefs or personal moral conviction, or those of your child, your child shall be excused from such instruction if you request an excuse in writing. No student shall be penalized, sanctioned, or disciplined for such an excuse, and shall have an alternative education activity available. [EC 51240, 51938, 51950]

Family Life, Human Development, and Sexual Health Education

Your child will be taking classes in compliance with the California Healthy Youth Act (CHYA) which took effect in 2016. These will include comprehensive sexual health education, HIV education, and research findings regarding pupil health behaviors and risks. Students in grades 7-12 will gain a deeper understanding of HIV transmission, prevention, and treatment. They will gain the knowledge and skills for healthy attitudes on adolescent growth and development, body image, gender, sexual orientation, relationships, marriage and family. They will also be taught about the prevalence of human trafficking and the methods traffickers employ, including social media and mobile devices. You will be notified before such instruction. Any written and audio-visual educational materials planned for use are available for inspection prior to the start of classes. You may have copies of non-copyrighted material that will be presented by a consultant or guest speaker. You have a right to request, in writing, that your child not participate in lessons about comprehensive sexual health and HIV prevention education, as well as research on student health behaviors and risks. However, as stated in EC 51932(b), the CHYA opt-out does not apply to instruction or materials outside the content of comprehensive sexual health education, including those that reference gender, gender identity, sexual orientation, discrimination, bullying, relationships or family. You may withdraw this request at any time. School districts must ensure that all participating pupils receive sexual health instruction from personnel adequately trained in appropriate courses. In this District, consultants, guest speakers, credentialed teachers or nurses give such instruction. Parents will receive notice of the dates, name of organizations, and affiliation of speakers by mail or other commonly used method of notification at least 14 days prior to the dates of the class or assembly. During this class, students in grades 7-12 may be asked to anonymously, voluntarily, and confidentially fill out evaluation and research tools such as surveys, tests, or questionnaires measuring student attitudes toward health, sex, and risk behaviors. Copies of Education Code Sections 51933, 51934, and 51938 can be requested from the district or can be obtained online at www.leginfo.legislature.ca.gov. [EC 51932, 51933-51939; ne]

Parents or guardians may:

1. Inspect the written and audiovisual educational materials used in the comprehensive sexual health and HIV/AIDS prevention education
2. Request in writing that their child not receive comprehensive sexual health or HIV/AIDS prevention education except as noted in EC 51932 (b)
3. Request a copy of Education Codes 51930-51939
4. Be informed whether the comprehensive sexual health or HIV/AIDS prevention education will be taught by district personnel or outside consultants
5. When the district chooses to use outside consultants or to hold an assembly with guest speakers to teach comprehensive sexual health or HIV/AIDS prevention education, to be informed of:
   a. The date of the instruction
b. The name of the organization or affiliation of each guest speaker

Parents may opt their child(ren) out of all surveys, without penalty, including those seeking information to be used in marketing. Parents have the right to review any survey or educational materials related to the survey on any of the above items. The District has developed policies relating to surveys and personal information. Notice will be sent to parents prior to such test or survey. If you believe your rights have been violated, you may file a complaint with the Family Policy Compliance Office at U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202-5920. [EC 51513, 51938, 60614; 60615; PPRA; 34 CFR 98; ESEA]

**Dissection of Animals**

If your child chooses not to participate in the dissection of animals, and if the teacher believes that an adequate alternative education project is possible, the teacher may work with the student to develop and agree upon an alternative education project for the purpose of providing your child an alternate avenue for obtaining the information required by the class. The school will need a signed note from you indicating your child’s objection. [EC 32255]

**University of California / California State University Admissions**

**Pupil Records**

Parents, guardians, foster parents, certain caregivers, and students over 18 have the right to review, inspect, and get copies of school records within five business days of a written or oral request or before any meeting regarding an individualized education plan (IEP) or a hearing. Those records are confidential, and privacy will be maintained. Student records are provided to schools
where student transfers or wants to enroll. In some instances, information about your child may be released to District staff, foster agencies, short-term residential treatment programs, after school programs, summer camps, lawyers, law enforcement, state researchers, and nonprofit researchers. Sharing of pupil records must conform to federal laws and in some cases must be approved by the State Committee for Protection of Human Subjects. The records include transcripts, discipline letters, commendations, attendance, and health. The records are maintained at the school site by the principal. There is someone to help interpret the material. When more than one child is named in the records, parents may only see material related to their child. If requested, the district will provide a list of types and locations where materials are held. There is a log of who has viewed the records that is kept at the same location. District policy or administrative regulation 5125 sets forth the criteria by which school officials and employees can look and change or delete the files and why. Files may be reviewed to identify students eligible for public school choice or supplemental educational services. You may have copies made for twenty-five cents (25¢) per page. If you cannot afford the cost of copies, they will be provided free of charge. With the proper documentation, the records can be changed to reflect a legal change of name and/or gender of a student or a former. You also have the right to file a written request with the superintendent challenging the records if you think there is an inaccuracy, unsubstantiated conclusion or inference, a conclusion outside the observer’s expertise, a comment not based on personal observation with time and date noted, misleading information, or a violation of privacy rights. You can file a complaint about how your request was handled with the district or with United States Department of Education. You will get to meet with the superintendent or designee within 30 days. If your challenge is sustained, the changes will be made. If not, you can appeal to the school board, which has final authority. If you still have a different view, your view can be included in the student’s record. [EC 8484.1, 49067]

Students shall be informed that their use of district technology, including, but not limited to, computer files, email, text messages, instant messaging, and other electronic communications, is not private and may be accessed by the district for the purpose of ensuring proper use. Students have no reasonable expectation of privacy in use of the district technology. Students’ personally owned devices shall not be searched except in cases where there is a reasonable suspicion, based on specific and objective facts, that the search will uncover evidence of a violation of law, district policy, or school rules.

The Superintendent or designee may gather and maintain information pertaining directly to school safety or student safety from the social media activity of any district student in accordance with Education Code 49073.6 and BP/AR 5125 - Student Records.

Whenever a student is found to have violated Board policy or the district’s Acceptable Use Agreement, the principal or designee may cancel or limit a student’s user privileges or increase supervision of the student’s use of the district’s equipment and other technological resources, as appropriate. Inappropriate use also may result in disciplinary action and/or legal action in accordance with law and Board policy.

The Superintendent or designee, with input from students and appropriate staff, shall regularly review and update this policy, the accompanying administrative regulation, and other relevant procedures to enhance the safety and security of students using district’s technology and to help ensure that the district adapts to changing technologies and circumstances.

Immunizations

Documented proof that immunizations are up-to-date is required before attending school. In limited circumstances, a child may be admitted on condition if all vaccines are “currently up to date” per California School Immunization Law. If the vaccine becomes overdue, the child will be excluded from attendance until the state immunization requirements are met. Students may not enroll in grades TK/K-12 or participate in a classroom setting unless they have been fully immunized against diphtheria, tetanus, pertussis (whooping cough), Poliomyelitis, hepatitis b, Measles, mumps, rubella, and varicella. Students must be fully immunized for varicella (chickenpox) or provide proof from a doctor stating the date they had the disease. Pre-school students must also be fully vaccinated against Haemophilus influenza type b.

All new students in grades TK/12 must be fully immunized. All students entering grade 7 will not be admitted without the required booster against pertussis (Tdap) and a second varicella vaccine. The required immunizations are available through a usual source of medical care, County Health Department, a school health clinic, or may be administered by a health care practitioner acting under the direction of a physician. Immunizations may be given at school. There may be funds for those who cannot access services. Homeless, foster, migratory, and military youth can be enrolled without proof of immunization. Exemptions

These requirements do not apply if a form as outlined below from a licensed physician cites why they should not. Starting July 1, 2019 a parent or guardian must submit a signed, written statement from a physician (MD or DO) licensed in California which states: The specific nature of the physical condition or medical circumstance of the child for which a licensed physician does not recommend immunization, each specific required vaccine that is being exempted, whether the medical exemption is permanent or temporary, and if the exemption in temporary, an expiration date not more than 12 calendar months from the date of signing. Before January 1, 2021 a parent/guardian can submit this form; after January 1, 2021 the physician submits the standardized electronic form directly to the California Immunization Registry (CAIR) and to the school for exemption; this is the only form the school will accept. The form will include physician information, the child's name and their school, the parent’s/guardian’s name, and the specific basis for and duration of the exemption.

If an outbreak of a communicable disease occurs, a non-immunized or under-immunized student will be excluded from school for their own safety until such a time as directed by the department of public health officials or district administration.

Parents or guardians may refuse to allow the sharing of personal information related to their child’s immunization records by notifying the County Health Department listed in this section. [HSC 120325, 120335, 120338, 120370, 120372, 120372.05; EC 48216; ne]

Physical Examinations

For each child enrolling in the district for the first time, including for kindergarten or first grade, the parent or guardian must present a certificate, signed by a physician, verifying that the child has received a physical examination within the last 18 months. If your child does not receive this exam, you must file a waiver with the school district stating the reasons you are unable to obtain such services. You may have your child immunized at the same time that the physical examination is conducted. [EC 49450; HSC 124085, 124100, 124105]

These services may be available to you at no cost through the Child Health and Disability Prevention Program (CHDP). For information, you may contact:

If you want your child to be exempt from physical examinations at school, file a written statement annually with the school refusing such an exam. However, when there is a good reason to believe that your child is suffering from a recognized contagious or infectious disease, he/she may be sent home and shall not be permitted to return to school until the contagious or infectious disease does not exist. [EC 49451; PPRA]

Kindergarten and / or First Grade Oral Health Assessment

Many things impact a child’s school progress and success, including health. Children must be healthy to learn, and children with cavities are not healthy. Baby teeth are not just teeth that will fall out. Children need their teeth to eat properly, talk, smile, and feel good about themselves. Children with cavities may have difficulty eating, stop smiling, and have problems paying attention and learning at school.

Parents or guardians must have their child’s oral health assessed and have proof of the assessment by May 31 of the student’s first school year (kindergarten or first grade). Assessments within the 12 months before the child enters school also meet this requirement. The assessment must be done by a licensed dentist or licensed or registered dental health professional. [EC 49452.8]
Vision and Hearing Screening
An authorized person will check your child’s vision and hearing upon enrollment (unless the student enters the district in grade 4 or 7) and in grades Kindergarten, 2, 5, and 8. A hearing screening will be completed in grade 10. These tests will/may be administered unless you annually present to the school a certificate from a physician or optometrist verifying prior testing, or submit a letter denying consent. [EC 44878, 49451, 49452, 49455; ne]

Administration of Prescribed Medication
The parent or legal guardian of any pupil requiring medication on a regular basis must inform the school nurse of the medication being taken. The school nurse may communicate with the physician and may counsel with the school personnel as needed regarding pupil medication.

Any pupil who is required to take, during the regular school day, medication prescribed by a physician or surgeon, may be assisted by the school nurse or other designated school personnel with medication administration. The pupil may carry and self-administer auto-injectable epinephrine or inhaled asthma medication. In order for the school to administer or assist with administration of any medication, parents must submit the following to the school district: 1) a written statement of instructions from the physician detailing the method, amount and time schedules by which such medication is to be taken, and 2) a written statement from the parent or guardian requesting the school district assist the pupil with prescribed medication as set forth in the physician statement. At secondary school sites, designated staff may administer pain relieving medication such as ibuprofen or acetaminophen or diphenhydramine (Benadryl®) for an allergy if the parent has submitted a written and signed statement that they would like such medication administered. [EC 32221.5, 49472]

Under state law, school districts are required to ensure that all members of school athletic teams have accidental injury insurance that covers medical and hospital expenses. This insurance requirement can be met by the school district offering insurance or other health benefits that cover medical and hospital expenses. Some pupils may qualify to enroll in no-cost or low-cost local, state, or federally sponsored health insurance programs. [EC 49471]

Notice of Emergency Treatment for Anaphylaxis
Anaphylaxis is a rapid, life-threatening severe allergic condition requiring immediate treatment. Therefore, SMMUSD has adopted a policy for giving life-saving epinephrine to students in need of such treatment. This policy states that credentialed, licensed school nurses or trained, unlicensed school staff under the direct or indirect supervision of the credentialed school nurse, may administer epinephrine in the form of an auto-injectable epinephrine during a severe, life-threatening, allergic reaction. [BP 5141.27 August 2009; EC 49414]

Sun Protection
Students when outdoors can wear sun protective clothing, including, but not limited to hats. [EC 35183.5] Students may also apply sunscreen during the day without a doctor’s note or prescription. [EC 35291, 35294.6]

Medical and Hospital Insurance for Students
The district DOES NOT provide insurance on individual students. However, you may purchase accident insurance through the district for medical and hospital services covering your child. The insurance provides coverage for your child while on school grounds or in school buildings during the time your child is required to be there because of attendance during a regular school day of the district; or while being transported by the district to and from school or other place of instruction; or while at any other place as an incident to school-sponsored activities. The school district assumes no liability for accidents to pupils at school. [EC 32221.5, 49472]

Enrollment in a Health Care Plan
All children enrolling in kindergarten, first grade, or transferring into the district and their families must be enrolled in a health care plan. There are several options for getting a health plan; through an insurance agent, or low cost provider such as Medi-Cal and Covered California at (800) 300-1506 or online at www.coveredca.com. [EC 49452.9; PPACA]

School-Sponsored Athletics
If a student participates in school-sponsored athletics other than physical education or athletic event during the school day, parents/guardians and the student athlete are required to annually; (1) complete a concussion awareness form, (2) complete a sudden cardiac arrest awareness form, and (3) sign a document acknowledging receipt of an Opioid Factsheet received either in print or electronic format. [EC 33479, 49475, 49476]

High school athletes must sign a pledge they are not using steroids illegally or they will not be allowed to
participate. Parents must sign a form notifying them of the restriction. [EC 49033, 60041; HSC 11032]

**Concussion**

A concussion is a brain injury that can be caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. Even though most concussions are mild, all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly. A school district, charter school, or private school that elects to offer an athletic program must immediately remove from a school-sponsored athletic activity for the remainder of the day an athlete who is suspected of sustaining a concussion or head injury during that activity. The athlete may not return to that activity until he or she is evaluated by, and receives written clearance from, a licensed health care provider. If the licensed health care provider determines the athlete has a concussion or head injury, the athlete shall also complete a graduated return-to-play protocol of no less than 7 days in duration under the supervision of a licensed health care provider. On a yearly basis, a concussion and head injury information sheet must be signed and returned by the athlete and the athlete’s parent or guardian before the athlete initiates practice or competition. This requirement does not apply to an athlete engaging in an athletic activity during the regular school day or as part of a physical education course. [EC 49475; ne]

**Casts, crutches, wheelchairs**

Students returning to school with ace wraps, braces, boots, slings, a cast, crutches or wheelchair must bring a doctor’s note.

**Access to Mental Health Services**

School-based mental health services help address barriers to learning and provide appropriate student and family support in a safe and supportive environment. Reaching out for mental health services is simple; contact your school counselor, nurse, health aide, principal, or the district office. In the community a good place to start may be to dial 211 for referrals in your area or call Los Angeles Co. Mental Health Services at (213) 738-4601. If you are in crisis contact this number or dial 911 immediately. [EC 49428]

**Suicide Prevention**

Suicide is a leading cause of death among youth and school personnel is often in a position to recognize warning signs. The District makes an effort to reduce suicidal behavior and its impact and has developed strategies to intervene. These may include staff development, student instruction in coping skills, informing parents/guardians, methods for promoting a positive school climate, crisis intervention, and counseling (including for bereavement). Information about district programs and services and links to community and statewide resources are available on the District’s website at [www.smmusd.org](http://www.smmusd.org). **Schools Free of Tobacco, Alcohol, and Drugs**

The Board has adopted Tobacco-Free, Drug-Free, and Alcohol-Free campus policies to promote student health and well-being. The District strives for a school environment free of these substances and has prevention and intervention programs. There may be programs through the district or in the community to support students’ cessation from use of tobacco, alcohol, or drugs. For more information please contact the school/district nurse or a school administrator. [EC 51202-51203, 51260-51269; HSC 104420, 11999-11999.3; PC 13864]

**Type-2 Diabetes Information**

Type-2 diabetes is the most common form of diabetes in adults; it is becoming more common in children, especially overweight teens. According to the US Centers for Disease Control and Prevention (CDC), one in three American children born after 2000 will develop type-2 diabetes. Researchers do not completely understand why some people develop type-2 diabetes and others do not.

Normally, the body turns the carbohydrates in food into sugar (glucose) for energy, the basic fuel for the body’s cells. The pancreas makes insulin, which moves glucose from the blood to the cells. In type-2 diabetes, the body’s cells resist the effects of insulin, and blood glucose levels rise. Over time, glucose reaches dangerously high levels in the blood, which can lead to health problems like heart disease, blindness, and kidney failure.

**Risk Factors:**

It is recommended that students displaying or possibly experiencing the risk factors and warning signs below be screened for type-2 diabetes:

- **Being overweight:** The single greatest risk factor for is excess weight. In the US, almost one out of every five children...
is overweight. The chances are more than double that an overweight child will develop diabetes.

**Family history of diabetes:** Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.

**Inactivity:** Being inactive further reduces the body’s ability to respond to insulin.

**Specific racial/ethnic groups:** Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type-2 diabetes.

**Puberty:** Young people in puberty are more likely to develop type-2 diabetes than younger children, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

**Warning Signs and Symptoms:**

Not everyone with insulin resistance or type-2 diabetes develops these warning signs, and not everyone who has these symptoms necessarily has type-2 diabetes. Warning signs and symptoms develop slowly, and initially there may be no symptoms:

- Increased hunger, even after eating
- Unexplained weight loss
- Increased thirst, dry mouth, and frequent urination
- Feeling very tired
- Blurred vision
- Slow healing of sores or cuts
- Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms
- Irregular periods, no periods, and/or excess facial and body hair growth in girls
- High blood pressure or abnormal blood fats levels

**Prevention and Treatment:**

Healthy lifestyles can help prevent and treat type-2 diabetes. Eating healthy foods in the correct amounts and exercising regularly (at least 60 minutes every day) can help children achieve or maintain a normal weight and normal blood glucose levels.

The first step is to visit a doctor who can determine if your child is overweight. A doctor can prescribe medication if appropriate and can order tests of a child’s blood glucose to see if the child has diabetes or pre-diabetes (may lead to type-2 diabetes).

**Diabetes Screening Tests Available:**

- **Glycated hemoglobin (A1C) test:** A blood test measures the average blood sugar level over two to three months
- **Random (non-fasting) blood sugar test:** A blood sample is taken at a random time; this test must be confirmed with a fasting blood glucose test.
- **Fasting blood sugar test:** A blood sample is taken after an overnight fast; a high level on two separate tests indicates diabetes.
- **Oral glucose tolerance test:** A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid.

Type-2 diabetes in children is a preventable/treatable disease and the information provided in this booklet is intended to raise awareness about this disease. Contact your student’s school nurse, school administrator, or health care provider if you have questions. [EC 49452.7; HSC 104250]

SMMUSD is committed to providing school environments that promote the safety of students, employees, parents and visitors to our campuses. We recognize the importance of ensuring safety; and protecting district property, facilities and equipment from vandalism and theft. Wherever necessary, SMMUSD makes reasonable use of surveillance systems including cameras. Appropriate signage will be posted on campuses and on school buses notifying students, staff and the general public of the district’s use of surveillance systems. It is State and District policy to improve student safety, connections between students and supportive adults, and connections between schools and communities. These policies prohibit discrimination, harassment,
intimidation, and bullying at all school sites or at any school sponsored activity. School site staff trained in anti-bias shall be made known to students. When safe to do so, District employees must intervene immediately when they see discrimination, harassment, intimidation or bullying. Certificated staff in grades 7-12 get information about helping LGBTQ students. Information about district programs and services and links to community and statewide resources related to: suicide prevention; sex discrimination including Title IX information; hate violence; sexual harassment including the District’s Policy (also included in this booklet); harassment, intimidation, and bullying; and cyber-bullying including social-media bullying are available on the District’s website at www.smmusd.org and online at www.cde.ca.gov, www.smmusd.org and online at www.cde.ca.gov/ls/ss/se/bullyfaq.asp, www.cde.ca.gov/ls/ss/se/bullyres.asp, www.cde.ca.gov/ls/vp/ssresources.asp, www.californiahealthykids.org.

The school district may withhold the grades, diplomas, or transcripts of the student responsible until such damages are paid or the property returned or until completion of a voluntary work program in lieu of payment of money. If your child commits an obscene act or engages in habitual profanity or vulgarity, disrupts school activities, or otherwise willfully defies the authority of school personnel, and is suspended for such misconduct, you may be required to attend a portion of a school day in your child’s classroom. Civil penalties may also be enforced with fines up to $25,000. [EC 48900.1, 48904, 51101; CC 1714.1; GC 53069.5]

2. Possession of any knife, explosive, or other dangerous object of no reasonable use to the pupil.

3. Unlawful possession of any controlled substance listed in Chapter 2 (commencing with section 11053) of Division 10 of the Health and Safety Code, except for the first offense for the sale of not more than one avoirdupois ounce of marijuana, other than concentrated cannabis.

This subdivision does not apply to an act of possessing a firearm if the pupil had obtained prior or written permission to possess the firearm from a certificated school employee, which is concurred in by the principal or the designee of the principal. Searches may be announced or unannounced, and the district may use drug-sniffing dogs if available. Employees shall not conduct strip searches or body cavity searches of any student. [EC 48900-48927, 49050-49051, 49330-49334; PC 626.9, 626.10]

**Release of Student to Peace Officer**

If a school official releases your child from school to a peace officer for the purpose of removing him/her from the school premises, the school official shall take immediate steps to notify you or a responsible relative of your child, except when a student has been taken into custody as a victim of suspected child abuse. In those cases, the peace officer will notify the parent or guardian. [EC 48906; PC 11165.6]

**Discrimination, Protections, Complaints and Procedures**

All pupils have the right to participate fully in the educational process, free from discrimination and harassment. Schools have an obligation to combat racism, sexism, and other forms of bias, and a responsibility to provide equal educational opportunity and ensure safe school sites.

The District is primarily responsible for compliance with local, state and federal laws and regulations and has procedures to address allegations of unlawful discrimination, harassment, intimidation, or bullying against any protected individual or group including actual or perceived sex, sexual orientation, gender, gender identity, gender expression, ethnic group identification, race or ethnicity, ancestry, national origin, nationality, religion, mental or physical disability, age, or on the basis of a person’s association with a person or group with one or more of these actual or perceived characteristics in any district program, or activity that receives or benefits from local, state and federal financial assistance.

**Nondiscrimination in Education Programs and Activities**

The Board of Education desires to provide a safe school environment that allows all students equal access and opportunities in the district’s academic, extracurricular, and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying, targeted at any student by anyone, based on the student’s actual or perceived race, color, ancestry, nationality, national origin, immigration status, ethnic group identification, ethnicity, age, religion, marital status, pregnancy, parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or association with a person or group with one or more of these actual or perceived characteristics.

This policy shall apply to all acts related to school activity or to school attendance occurring within a district school, and to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also includes the creation of a hostile environment through prohibited conduct that is so severe, persistent, or pervasive that it affects a student’s ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student’s academic performance; or otherwise adversely affects a student’s educational opportunities.
Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint, or investigates or participates in the investigation of a complaint or report alleging unlawful discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students’ access to the educational program by publicizing the district’s nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. He/she shall provide training and information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community’s understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the district’s nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the district’s educational program.

Regardless of whether a complainant complies with the writing, timeline, and/or other formal filing requirements, all complaints alleging unlawful discrimination, including discriminatory harassment, intimidation, or bullying, shall be investigated and prompt action taken to stop the discrimination, prevent recurrence, and address any continuing effect on students.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include suspension or expulsion when the behavior is severe or pervasive as defined in Education Code 48900.4. Any employee who permits or engages in prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall be subject to disciplinary action, up to and including dismissal.

Record-Keeping

The Superintendent or designee shall maintain a record of all reported cases of unlawful discrimination, including discriminatory harassment, intimidation, or bullying, to enable the district to monitor, address, and prevent repetitive prohibited behavior in district schools. [BP 5145.3 October 2018; EC 200-262.4, 48900.3, 48900.4, 48904, 48907, 48950, 48985, 49020-49023, 51500, 51501, 60044; CC 1714.1; GC 11135; PC 422.55, 422.6; SCCR 432, 4600-4670, 4900-4965; 20 USC 1681-1688, 12101-12213; § 504; Title VI; Title VII; Title IX; 42 USC 6101-6107; 28 CFR 35.107; 34 CFR 99.31, 100.3, 104.7, 106.8, 106.9, 110.25]

Disability Harassment

The Board of Education is committed to maintaining an educational environment that is free from harassment. The Board prohibits disability harassment of students by other students, employees or other persons, at school or at school-sponsored or school-related activities. The Board also prohibits retaliatory behavior or action against any person who complains, testifies, assists, or otherwise participates in the complaint process established pursuant to this policy and the administrative regulation. [BP 5145.10]

Sexual Harassment

The Governing Board is committed to maintaining an educational environment that is free from harassment. The Board prohibits sexual harassment of students by other students, employees or other persons, at school or at school-sponsored or school-related activities. The Board also prohibits retaliatory behavior or action against persons who complain, testify, assist or otherwise participate in the complaint process established pursuant to this policy and the administrative regulation.

Instruction / Information

The Superintendent or designee shall ensure that all district students receive age-appropriate instruction and information on sexual harassment. Such instruction and information shall include:

1. What acts and behavior constitute sexual harassment, including the fact that sexual harassment could occur between people of the same gender
2. A clear message that students do not have to endure sexual harassment
3. Encouragement to report observed instances of sexual harassment, even where the victim of the harassment has not complained
4. Information about the person(s) to whom a report of sexual harassment should be made

Complaint Process

Any student who feels that he/she is being or has been subjected to sexual harassment shall immediately
contact his/her teacher, counselor, administrator, or any other school employee. A school employee to whom a complaint is made shall, within 24 hours of receiving the complaint, report it to the principal or designee.

Any school employee who observes any incident of sexual harassment involving a student shall report this observation to the principal or designee, whether or not the victim files a complaint.

In any case of sexual harassment involving the principal or any other district employee to whom the complaint would ordinarily be made, the employee who receives the student’s report or who observes the incident shall report to the nondiscrimination coordinator or the Superintendent or designee.

If the person alleged to be sexually harassing is an employee, the principal or designee to whom a complaint of sexual harassment is reported shall immediately file a report to the Superintendent with the Confidential Incident Report Form. The employee shall be placed on home assignment. Where the Assistant Superintendent of Human Resources or designee and/or independent investigator finds that sexual harassment occurred, he/she shall take prompt, appropriate action to end the harassment and address its effects on the victim. The principal or designee shall also advise the victim of any other remedies that may be available. The principal or designee shall refer the matter to law enforcement authorities, where required.

**Disciplinary Measures**

Any student who engages in sexual harassment of anyone at school or at a school-sponsored or school-related activity is in violation of this policy and shall be subject to disciplinary action. For students in grades 4 through 12, disciplinary action may include suspension, opportunity transfer, and/or expulsion, provided that in imposing such discipline the entire circumstances of the incident(s) shall be taken into account.

Any employee who engages in sexual harassment or misconduct is in violation of this policy and shall be subject to disciplinary measures and shall be reported to law enforcement agencies.

**Record-Keeping**

The Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable the district to monitor, address and prevent repetitive harassing behavior in its schools.

All complaints and allegations of sexual harassment shall be kept confidential except as necessary to carry out the investigation or take other subsequent necessary action.

By no later than October 31st of each year, the Superintendent shall inform the public via an Information Item in the Board of Education agenda regarding the number of reported student and employee sexual harassment complaints for the previous school year.

### SMMUSD Guide to Addressing Complaints

The Santa Monica-Malibu Unified School District (SMMUSD) Board of Education is devoted to providing the best possible education for all of our students. In particular, the SMMUSD:

- is dedicated to providing safe, secure, thriving school environments that promote respect for individuals, principles of fairness, and a sense of belonging;
- is committed to equal opportunity in education for all individuals regardless of race or ethnicity, color, ancestry, nationality, national origin, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, genetic information, or an individual’s association with a person or group with one or more of these actual or perceived characteristics;
- views the “Williams Settlement” (which grew out of a lawsuit to ensure access to textbooks and instructional materials, well-maintained school facilities, and students being taught by qualified teachers) and related state legislation as consistent with our mission to provide a quality education to all students;
- is committed to the best possible educational practices and materials to enable all of our students to succeed.

The SMMUSD places great emphasis on hiring well-qualified professional staff and places trust in its employees to advance the district’s educational mission. When a concern arises about a particular situation, it is desirable whenever possible to address the concern by approaching the responsible individual, discussing the concern, and trying to find a remedy without requiring formal administrative review. If that does not work, the Board of Education has adopted formal complaint procedures to address student, parent, and community concerns. Every effort will be made to resolve complaints in a manner that advances the educational mission of the SMMUSD.

Due to differences in regulations, there are different forms for different types of complaints. All of the
forms are available in the district/school offices and at [www.smmusd.org](http://www.smmusd.org) through the link to “Complaints” or “Forms.” All completed forms may be mailed, faxed or delivered by hand to the school or the district office.

- If the complaint is directed toward a District employee, and if that complaint regards alleged unlawful discrimination, the individual should file a Uniform Complaint Form. Before filing such a complaint, individuals are encouraged to speak to the employee and/or the immediate supervisor. If the concern is still not resolved, then it should be addressed in writing to the SMMUSD Assistant Superintendent of Human Resources.

- If the complaint is directed toward a District employee and does not involve potential unlawful discrimination, the person should file a Complaint Against an Employee Form. Before filing such a complaint, individuals are encouraged to speak to the employee and/or the immediate supervisor (the principal is the supervisor in all schools). If the concern is still not resolved, then the written complaint should be given to the immediate supervisor of the employee.

- If the complaint concerns inadequate textbooks or instructional materials, a teacher vacancy or an improperly credentialed teacher, or conditions of the facility, then the person should complete a Williams Complaint Procedure Form. The form should be addressed to the SMMUSD Assistant Superintendent of Human Resources.

- If the complaint concerns instructional materials to which a parent or community member objects, then the parent may file a Citizen’s Request for Reconsideration of Instructional Materials Form. The form should be addressed to the SMMUSD Superintendent.

- To file a complaint regarding a district employee or other person suspected of child abuse or neglect, parents/guardians may file a report by telephone, in person, or in writing with the police or sheriff’s department, or by calling the Los Angeles County Child Protection Hot Line at 800-540-4000. If a parent/guardian makes a complaint about an employee to any other employee, the employee receiving the information shall notify the parent/guardian of procedures for filing a complaint with the appropriate agency. The employee also is obligated to file a report himself/herself using the procedures described above.
