2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

District Vision

As a community of learners, the Santa Monica-Malibu Unified School District works together in a nurturing environment to help students be visionary, versatile thinkers; resourceful, life-long learners; effective, multilingual communicators and global citizens. We are a rich, culturally diverse community that values the contributions of all its members and strives to promote social justice. We exist to assist all students in their pursuit of academic achievement, strength of character, and personal growth, and to support them in their exploration of the intellectual, artistic, technological, physical and social expression.

Malibu Elementary Vision

Our school inspires a community of life-long learners to be global citizens and environmental stewards in an inclusive, rigorous, and innovative educational setting.

Welcome!

Welcome to the Malibu Elementary. Malibu Elementary is a K-5 public school in Malibu California. We are located near the beautiful Point Dume Bluffs on the northwest corner of the Santa Monica Bay. Here you will find the best air quality and beaches in Los Angeles County. We are part of the Santa Monica-Malibu Unified School District. We were founded in July of 2019 by merging former Juan Cabrillo Elementary and Point Dume Marine Science School. We have brought the best traditions and practices of both schools together including programs that build a sense of belonging, programs help students become more analytical, and thematic instruction that focuses on Marine Stewardship. Our mascot is the Sea Lion and our colors are blue and green.

Malibu Elementary is a school where each child is known, valued, challenged, and successful. We are a welcoming, safe, and inclusive community. Malibu Elementary is dedicated to the philosophy that families play an integral role in each child's achievement. Parents and other family members are encouraged to volunteer at school or at one of the many activities organized by our parent organization. Our dedicated and talented teachers and support staff are experienced and enthusiastic about helping children grow and achieve success. We thank our families for entrusting their children's education to us! Together with our families we will help our students feel and be successful!

2021-22 School Overview

Our website was designed to support students, staff, and parents. Please use this website to access staff email, voicemail numbers, and online programs. Parents are encouraged to use DreamBox to monitor progress and motivate their child. Don't forget to read the latest newsletter for important and current information about Malibu Elementary. Enjoy exploring the website and thanks for staying connected to Malibu Elementary.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	
Unknown	
Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All students at Malibu Elementary have access to state-approved and district-adopted textbooks and instructional materials in all core academic areas. The district follows the state guidelines and cycles for textbook adoptions with new science materials purchased and implemented in the 2007 school year. The district is currently in the process of refreshing science texts. All students, including English learners, have their own copy of textbooks, except in the case where “Big Books” are used for the entire classroom at the early primary level. Textbooks and instructional materials are recommended for school board approval through a comprehensive process by a districtwide committee of teachers and administrators. Members of the public are invited to review recommended materials and make comments prior to board approval. This section provides information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school, and information about the school’s use of any supplemental curriculum or nonadopted textbooks or instructional materials.

School Facility Conditions and Planned Improvements

Malibu Elementary is an exceptionally clean and attractive campus in excellent condition, overall, with beautifully decorated and well-maintained classrooms. The school opened in September 2020. The campus features impressive, professionally created murals, depicting the local Marine environment. We are located on more than 10 acres of land, with a large, grassy playground for grades 1-5 and a separate playground for the kindergarten children. Classrooms at Malibu are clean, comfortable, and are maintained on a daily basis by two full-time custodians on morning and afternoon shift and one part-time evening custodian. There is ample classroom space for students. In addition, our campus has state-of-the-art SMART Board technology, teacher laptop and document projectors in every classroom.

The campus features a library, multipurpose room, conference rooms, psychologist's office, vocal/instrumental music rooms, art studio, Marine Science Lab with 5 aquariums and one touch tank, before- and after-school Boys & Girls Club, computer lab, Specialized Academic Instruction (SAI) and Life Skills classrooms, nurse's office, community liaison office, PTA office, teacher workroom, staff lounge, outdoor and indoor cafeteria eating areas, track and field, two playground areas, outdoor reading/gathering areas, PE office, and principal's office. Our perimeter fencing provides security for the campus, and the outside gates are locked each morning following the final bell. Visitors are required to have their ID scanned at the office before entering the campus and must wear a visitor's badge or district I.D. while on campus. The staff is trained to challenge anyone not wearing a badge.

With the approval of Measure GSH, our school has improved its fencing, evening parking lot lighting, security entry system, replaced play area sand with artificial turf, added new sod to the kindergarten yard, added six new classrooms to accommodate our growing enrollment, and replaced our after-hours intrusion and fire monitoring systems. During the summer of 2020 the kindergarten and 1st-5th grade play structures will be completely replaced.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade 9	N/A	N/A	N/A

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

PARENT INVOLVEMENT COMES IN MANY FORMATS

Home-School Communication.

GOAL: To maintain consistent two-way communication through the use of such tools as: School Website, weekly school and PTA online updates, weekly Principal's Newsletter, weekly teacher newsletters, email, Parent-teacher conferences, informal meetings and Open House.

Home-School as Supporters.

GOAL: Parents and Teachers give support to each other: through such activities as Student Study Team meetings, Individualized Education Plans (IEP), parent-teacher conferences, student contracts, PTA, Specialist program volunteers, Field trips and classroom volunteers, etc.

Home-School as Teachers and Learners.

GOAL: To provide parents the needed guidance and support on how to foster their child's formal learning. Activities and programs such as conferences, Parent Education mornings/evenings, and articles in the newsletters hopefully support parents' capacity to foster their child's formal learning.

Student Study Team, Back-to-School Night, PTA presentations, Middle School transition programs and the development of a Parent Resource Library.

Home-School as Advisors, Decision Makers and Advocates.

GOAL: School Staff and parents have opportunities to work together to problem solve and make decisions in the best interests of children by involvement on such committees as Town halls, School Site Council, District Advisory Committee, PTA and English Language Advisory Committee (ELAC).

It is the spirit of cooperation and mutual support that makes our school exceptional. We encourage and welcome parent involvement in all aspects of school life. We pride ourselves in our ability to provide a safe and supportive learning environment

2021-22 Opportunities for Parental Involvement

for our students. Malibu Elementary parents are encouraged to participate in the PTA, Site Council, ELAC, and volunteer in the classrooms and on the playground. Parents may also work in the office, art studio, marine science lab, computer lab, or help maintain our beautiful campus and library. Malibu Elementary welcomes and encourages parent at all levels. A major contributing factor to the success of our school is the active involvement of our parent community. Parents support the school with time, money, and enthusiasm. This is truly a family school where everyone is welcome.

For more information on how to become involved at the school, please contact Jennifer Pappas, MES PTA President

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21
Suspensions	0.00	0.44	1.98	0.20	3.47	0.20
Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

SARC Information:

School Safety

Malibu Elementary opened in August of 2019. The principal Chris Hertz has extensive background with school safety and Safe School Plans. Our campus has full security fencing and is locked during school hours. All visitors including parents must pass through our single entrance and have their ID scanned. We use Raptor screening to ensure that no offenders ever enter our campus and to document who has entered, when they entered and left and where they went on campus. We have also replaced our intrusion monitoring system to prevent after-hours theft and vandalism. The principal and the elected School Site Council has been reviewing and adapting the Safe School Plan template provided to us by our school district. This plan includes procedures for every conceivable crisis or disaster including earthquake, fire, bad air quality, wind storm, bomb threat, bus crash, and threat on or near campus. It also have procedures for staff on how to mobilize after a disaster or crisis to care of students and adults, and systematically reunite students with their families. (No student may be released to anyone not listed on the student's emergency card.) A public hearing of this plan was conducted on December 10, 2020 and will be forwarded to the Board of Education on January 29, 2020 for further review. The plan has been given to both the local Sheriff and City Hall. Additionally members of our nursing department were active in the development of the plan's pandemic goals and procedures. The Safe School Plan will be posted on the school website by March 2021 as required by California Code. All tactical and personal information is redacted prior to posted so as not to inform criminals. An abstract of the plan will be part of the School Handbook by March 2021 and all subsequent years for parent and community review. Staff training is ongoing and in the future will occur at the beginning of the school year. Here is the link to the SSP Abstract:

2020-21 Types of Services Funded

A combination of state and federal funding is used to cover all aspects of our instructional program.

Malibu Elementary has a special district-funded Marine Science teacher who works with K-5 students weekly. Through community fundraising we also have weekly arts instruction. We have twice-weekly instrumental music instruction in grades 3-5. Our library is staffed everyday with a dedicated library technician. We offer a complete special education program including occupational therapist, speech pathologist, psychologist, and teachers skilled in academic techniques (SAI and Life Skills).

SMMUSD uses Title II funds to support a Math and Secondary Support Coordinator to:

- work with teachers/administrators to support student learning around math content and practices for all students
- facilitate and review the guaranteed and viable curriculum that includes use of common formative assessments to gauge student achievement
- support ongoing intervention/enrichment opportunities to address student growth and needs

Title III funds are utilized to expand educational opportunities that increase language and academic proficiency of our English learners, and to expand parent engagement opportunities.

Professional Development

All teachers and staff in SMMUSD participate in ongoing professional development through banked time, a total of 90 minutes of meeting and professional development time each week at each site. Malibu Elementary School's major focus area was determined by a review of summative and formative data collected from our founding schools, Cabrillo and Pt. Dume and from data collected at the beginning of the 2019-2020 school year. Our analysis of data and best practices from our founding school lead us to select six focal areas that can be summarized as "Writing Across the Curriculum in a highly Positive Environment. The six focus areas for professional development are the following:

1. 1.Create Positive School Environment
2. 2.Improve Thinking and Writing
3. 3.Improve Math Achievement
4. Improve Early Foundational Literacy
5. Improve EL Math Achievement
6. Increase Student Engagement

Major Actions and Strategies Employed Are:

1. Create a Positive Discipline Plan, Create a Vision, Implement Responsive Classroom*, and Implement Olweus Bully Prevention Program
2. Implement Thinking Maps*
3. Implement Cognitively Guided Instruction (CGI)* and Use DreamBox Math*
4. Double dose ELA, use Lexia, and Use "Words Their Way"
5. Use key ELD Strategies*, CGI, and DreamBox
6. Implement Marine Science Deep Learning Plan* *Professional Development Required

To achieve our professional goals we have hired vendors to work with teachers while substitutes teach their students, we use our Friday Bank Time 90-minutes weekly to teach one another as some staff are already highly trained in most of the areas of focus. We also utilize district sponsored trainings that match our goals.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
