2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

District Vision

As a community of learners, the Santa Monica-Malibu Unified School District works together in a nurturing environment to help students be visionary, versatile thinkers; resourceful, life-long learners; effective, multilingual communicators and global citizens. We are a rich, culturally diverse community that values the contributions of all its members and strives to promote social justice. We exist to assist all students in their pursuit of academic achievement, strength of character, and personal growth, and to support them in their exploration of the intellectual, artistic, technological, physical and social expression.

Principal's Message

Olympic is the continuation high school of the Santa Monica-Malibu Unified School District and has been accredited by the Western Association of Schools and Colleges for the past several years. We continue to serve students who are behind in academic credits, thrive in a smaller learning environment, and who benefit from a diverse curriculum and programs. Students have individualized educational programs with a strong emphasis on a standards-based curriculum, intensive guidance/counseling, and opportunities to strengthen their overall experiences. Olympic High School students reflect a richly diverse population visibly engaged in a personalized academic environment supported by a devoted staff of instructors and support personnel. Olympic builds on student strengths as we assist each student in achieving academic success through a respectful and supportive process. With the support and guidance of our fully-credentialed teachers and staff, Olympic High School's core instruction is currently being delivered through Imagine Learning's Imagine Edgenuity program. Edgenuity's flexible virtual instruction helps our students meet their personal academic goals, whether they need more rigorous coursework to accelerate learning or an opportunity to recover credits. Students can access Edgenuity's robust suite of core, electives, and honors courses for initial credit and credit recovery while moving toward the completion of their high school diploma.

Olympic High Schools' Mission Statement:

Olympic High School provides effective, alternative educational opportunities. We increase student potential by teaching the building blocks necessary for life-long learning and success.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Remodeling has occurred to improve the electrical, heating and alarm systems of the entire site. Handicapped access has been brought up to code. All classrooms and workspaces are equipped with telephone and data lines. All classrooms also have multiple computers for student learning with Internet access connected to our server. Custodial staff is on-site from 6 a.m. to 7:30 p.m. The administrator and security personnel routinely inspect school grounds. Potential problems or hazards are reported to the district maintenance department for repair. Olympic celebrated its 48th birthday this year. The facility is well maintained. We are proud that our school district takes great efforts to ensure our school is clean, safe and functional.

The Olympic High School site began renovations through Measure BB funding in the fall of 2014. The work includes upgrading access to technology in Rooms 1, 2, 3, 3C, 5, 15, 16 and 17, along with major renovations to Rooms 4, 6, 11, 12, 13, 14, the kitchen, the Olympic High office and the Adult Education Center office. In addition, the parking lot will be transformed into a recreational space with a new tennis court, a paddle tennis court and an outdoor eating/performance area. East-facing patios behind Rooms 12, 13, 14, 15, 16 and 17, will also be upgraded to encourage use by students and staff. With the approval of Measure GSH, the district will now be able to begin addressing the deferred maintenance funding that changed with the statewide implementation of LCFF.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	0	0	58	57	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Olympic is an open campus and parents and community members are welcome to visit our campus at any time. Since the beginning of this new 2022-2023 school year, our school has moved to the local community college. Parents continue to frequent our campus to visit and confer about student progress. While we invite active participation in the School Site Council, we encourage more informal participation in events such as Coffee and Conversation with the Principal. As a staff, we are cognizant of the fact that many of our families are unable to visit or join meetings due to work or other obligations. Therefore, we are ready and willing to meet our families where they are in order to build and cultivate the strong relationships necessary for our students to be successful. Meetings may be conducted in both Spanish and English to assist parents in support of their students.

2023-24 School Safety Plan

Olympic High School and the Off Campus Learning Center are temporarily located on the campus of Santa Monica College. The Santa Monica-Malibu Unified School District entered into a 2-year lease agreement with the college in the beginning of the 2022-2023 school year. Due to our new location, we work collaboratively with Santa Monica College and Santa Monica College Police Department (SMCPD) to build and adhere with our School Safety Plan for Olympic High School and the Off Campus Learning Center. The overall Site Plan, identifies Crisis and Disaster Team members and steps to be followed in the event of a crisis or disaster. The team has practiced movement and communication for campus sweeps, management of a control center, reunion locations, site security, first aid, and general emergency procedures. The strategies to be employed in the event of a lockdown, earthquake, fire or the presence of an unknown intruder are all covered in our Safety Plan, which again, are in collaboration with Santa Monica College and its Police Department. The campus is well managed and supervised by staff, security, and SMCPD making it safe for students before, during and after school.

The School Safety Plan was last reviewed, updated and discussed with the school faculty in January of 2023.

Professional Development (2022-2023)

Professional Development

All teachers and staff in SMMUSD participate in ongoing professional development through banked time, a total of 90 minutes of meeting and professional development time each week at each site. Areas of district wide focus for teacher and administrator professional development include implementation of curriculum guides and other areas that are determined by a review of summative and formative data from all school sites and the collection of input from teachers and administrators.

Among the primary focus areas for professional development in SMMUSD are the following:

- Using data to improve classroom instruction and determine school goals
- Culturally relevant and responsive pedagogy
- Supporting students with special needs
- Differentiated instruction for all students, including English learners
- Technology integration

Utilizing the Edgenuity online learning system to address the credit deficits of our students

A variety of methodologies are used to provide professional development, including coaching and mentoring. SMMUSD provides coaching through several programs such as BTSA, National Boards, literacy and ELD coaching, School Leadership Teams, and such specialized programs as Cotsen Fellows and EETT Mentor/Coaches. Additionally, professional development occurs through workshop series during banked time and/or after school opportunities. Each August, all teachers new to Santa Monica-Malibu are invited to participate in Teacher Academy, a professional development and orientation to district wide curriculum and instructional initiatives. All eligible new teachers are encouraged to participate in BTSA. Teachers interested in applying for National Board Certification may participate in the process and can elect to be supported by teachers who have already achieved National Board Certification.
